# The Municipal Gazette

Vol. XII. SHANGHAI, SATURDAY, DECEMBER 27, 1919. No. 667

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

## MUNICIPAL NOTIFICATION

*Secretary.*

Council Room,
Shanghai, December 18, 1919.

## MUNICIPAL NOTIFICATION
**No. 2667.**
**PUBLIC ENTERTAINMENTS.**

THE Council's attention has been drawn to the fact that certain public entertainments have recently been held without a licence: the attention of the Public is therefore directed to Bye-law XXXIV attached to the Land Regulations which prohibits the holding of any entertainment, to which the public are admitted, without a licence first obtained from the Council.

This regulation includes theatrical performances, concerts, exhibitions, dances, etc.; and the Police have directions to prevent the holding of any such entertainment unless licensed.

To obviate inconvenience application should be made at least five clear days before the entertainment is to be held, upon a form to be obtained on application from the Revenue Office.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room, Shanghai, December 25, 1919. By Order, N. O. LIDDELL, *Secretary*

**Bye-laws.**

Letter from the Senior Consul communicating the Diplomatic Body's assent to the new Bye-laws drawn up by the Consular Body, published in the Gazette of June 26, and passed at the Special Meeting of Ratepayers on July 10.

Shanghai, December 13, 1919.

SIR,—I have the honour to let you know that the Diplomatic Body in Peking have signified their assent to Bye-laws XXXIII, XXXIV, XXXV, XXXVI and XXXVII of the Shanghai Land Regulations.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Senior Consul.*

E. C. PEARCE, Esq.,
Chairman, Municipal Council.

**Municipal Salaries Commission.**

Messrs. E. C. Pearce, Chairman, Finance Committee.
W. L. Merriman, Chairman, Works Committee.
W. P. Lambe, Watch Committee.
A. W. Burkill, Chairman, Electricity Committee.

The following have also accepted membership of the Commission in accordance with the invitation extended to them in terms of the letter attached:—

Messrs. H. J. Everall, Standard Oil Co. of New York.
D. McColl, Shanghai Electric Construction Co., Ld.
C. G. Humphrys, Asiatic Petroleum Co. (North China) Ld.
L. A. Lyall, Commissioner of Customs.
J. McArthur, Hongkong & Shanghai Bank.
S. Trumper, British American Tobacco Co., Ld.

In view of his projected departure on leave, Mr. W. W. Ritchie, Postal Commissioner, was unable to accept the invitation extended to him.

Council Room,
Shanghai, Nov. 22, 1919.

SIR,—I am directed to inform you that the Council has decided to appoint a Commission to enquire into the pay and conditions of service of employes in the several Departments of the Municipal Service and to make such recommendations in regard thereto as may seem to the Commission to be desirable. This decision is due primarily to recognition of the fact that conditions of employment the world over have undergone very great change during the last few years, and in particular during the past twelve months, and to the desire of the Council to eliminate any possible ground for complaint that the employes in any one Department are treated upon a preferential as distinguished from a differential basis, due regard being paid to qualifications, ability, length of service, responsibility and other material considerations.

I am directed to enquire whether you will kindly consent to serve on this Commission, the membership of which will comprise the Chairmen of the Finance, Works and Electricity Committees, a member of the Watch Committee and, it is hoped, representatives of the Chinese Customs and Postal Services. The Hongkong and Shanghai Bank, the Shanghai Electric Construction Co., Ld., the Asiatic Petroleum Co., Ld., and the British-American Tobacco Co., Ld.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

H. J. EVERALL, Esq., and others.

**Special Vice Committee.**

The vacancy in the membership of the above Committee caused by the death of Mr. T. Ibukiyama has been filled by Mr. W. P. Lambe.

**Volunteer Corps.**

*Staff Sergt.-Major's Quarters.*—The lease from Messrs. Hanson, McNeill, Jones and Wright of No. 16 Burkill Road has been renewed for a further period of one year terminating on December 31, 1920.

**Sewage Disposal.**

Further reports by the Commissioner of Public Works, in continuation of that published in the Gazette of August 22. In accordance with the recommendation contained in the report of October 30, the appointment of a Bacteriologist to the Municipal Staff, independent of both the Health and Public Works Departments, has been approved. The report of November 22 with plans of the preliminary scheme to deal with the Central District, east of Honan Road, until such time as a comprehensive scheme for the whole Settlement has been drawn up, was submitted and considered in detail by the Works Committee on December 15, when the main features of the scheme were approved, minor details being left to be dealt with later as they may arise.

Shanghai, October 30, 1919.

In continuation of my report of July 30 (Municipal Gazette Vol. XII., pp. 291-296).

Experiments on the lines of the Activated Sludge Process have now been carried out on a small scale for nearly four months with a result that with quite a primitive plant we are able to deal with 4,000 gallons of watercloset sewage a day.

A clear effluent with a pale yellow tinge is generally obtainable and little or no smell is noticeable either at the works or from the effluent or sludge. At the same time we are groping in the dark for want of information with regard to analyses, both chemical and bacteriological. The present experimental plant will, in all probability, shortly be superseded by another experimental plant on a commercial scale, and it is highly desirable that we should be working in collaboration with a chemist who has had experience in matters such as sewage disposal and water supply.

Three points on which I would like information and which have already become noticeable are:—

I. The yellow tinge of the effluent.

II. The difficulty hitherto experienced in obtaining sufficient sludge.

III. The apparent killing of the process by the admission of stale sewage.

Points II. and III. have been noted as recently as last month in a plant near New York.

These are all matters on which the advice of a chemist is absolutely necessary.

The views of the Health Committee as recorded in the Minutes of the Meeting held on November 14, 1918 contain the following note:—

5. "That steps should be taken for the appointment of a Bacteriologist to the Municipal Staff to carry out investigations on sewage effluent and water supply."

I have to-day received a letter dated October 1, 1919, from Professor Fowler in which he says:

"I have the following communications:—

Letter of August 14, 1919, and accompanying plan.

Municipal Gazette, August 22.

Cuttings from the "North-China Daily News," August 28, and September 1.

Report on Drifting Sand Filter.

It is all of great interest and I quite agree with your report.

I should be glad if you would send me sketches or drawings of all experimental plant to enable me to follow the work.

I am clear that ultimately a responsible head will be required for organizing the whole of the chemical and bacteriological routine work and research connected with this question. The kind of man needed must have the status of an independent officer and report directly to the Council. It goes without saying that he would work in close collaboration both with the Health Officer and yourself but the work involved is much more than just making routine analyses, necessary and important as they are. They can no doubt be done by any qualified junior, but the situation really requires a specialist and the sooner the better so that policy may be shaped rightly from the first. He should be able to grasp the significance of the Whangpoo Conservancy work and generally take his place on the Council's staff."

Professor Fowler's letter goes on to suggest the names of five gentlemen who he considers suitable for the appointment.

I am fully in accordance with Professor Fowler's recommendations and would urge that an appointment be made forthwith.

CHAS. H. GODFREY,
*Commissioner of Public Works.*

Shanghai, November 22, 1919.

With a view to ascertaining what quantity of sewage will require to to dealt with from that portion of the Central District lying east of Honan Road, I have sent circulars to property owners asking what are the probabilities of rebuilding and the introduction of waterclosets and baths within the next three to five years.

The returns received so far indicate 1,382 waterclosets and 575 baths.

On the accompanying plans is shown the general scheme proposed for dealing with the sewage from the Central District properties east of Honan Road, to be operative until such time that the problem of dealing with the sewage from the whole Settlement has been dealt with.

On Plan No. 1 the sizes and directions of flow of the sewers are indicated, the sewage flowing by gravitation, assisted in three places by means of ejectors, to the collecting tank, that it is proposed to construct in the Reserve Garden. From there it would be forced by means of pumps through a pumping main to the Sewage Treatment Works.

The sewers in the Central District would be, generally speaking, laid along the centres of the roads, and their depths would vary from 4 feet to 10 feet below the road surface.

On Plan No. 2 is shown the route proposed for the main sewer.

For this, the alternative lies between taking the pumping main along North Szechuen Road, or along the Whangpoo Road, Nanzing Road and Dixwell Road. The only point in favour of the former route is that it is about 1,000 yards shorter in length. On the other hand, it would mean crossing the Soochow Creek at the Szechuen Road Bridge and this would cause a good deal of inconvenience when the time comes for the reconstruction of this bridge to be carried out. The chief objection to this route, however, lies in the fact that North Szechuen Road is already very much congested with underground pipes, mains and cables, and there is no doubt that it would be very difficult to arrange for the position of any large additional main, such as that now under consideration. Considerable expense would also, in any case, be incurred in altering the position of the existing underground work if this route were adopted.

The points in favour of the Dixwell Road route are that the pumping main could be carried over the Soochow Creek on the Garden Bridge girders, and that the roads traversed are comparatively free from obstruction.

After careful consideration, therefore, of the two routes I recommend that the latter be adopted.

The Collecting Tank, proposed for construction at the Reserve Garden, would be an underground concrete structure, its function being to act as a storage tank and so

Digitized by Google — Original from CORNELL UNIVERSITY

to even up, throughout the twenty-four hours, the amount of sewage that the pumps would be called upon to deal with.

It is calculated that the total amount of sewage to be allowed for daily, under this scheme, is 600,000 gallons. This amount, however, would not be evenly distributed over the whole period and it accordingly becomes necessary to devise some means whereby the call on the pumps shall not be more than they can respond to at any one time. The Collecting Tank with a capacity of 75,000 gallons is designed with a view to dealing with this factor.

From the Collecting Tank the sewage would be pumped by means of centrifugal pumps, the whole installed and working in an underground chamber. The sewage would be pumped by these means into the 9-in. diam. Pumping Main, with a head of 90 feet at the summit and with the pumps designed to allow for a 12 feet head on arrival at the Sewage Treatment Works.

The Treatment Works would be worked on the Activated Sludge principle.

The scheme as now submitted is only in outline, but I would ask for the Council's approval of it before proceeding with the preparation of details. These will take some considerable time to prepare but I think that, if approved, the actual constructional work could be commenced in the course of the next few months.

The depth to which excavations can be economically carried has also formed the subject of experiment and two cylinders have been sunk and the general impression gained is that 18 feet will be the maximum depth at which an ejector can be fixed.

The estimated cost of the whole work is between Tls. 160,000 and Tls. 200,000. Provision has been made for sewering all of the roads in the area affected and it is possible that some of this work may be omitted if development of the properties does not fully take place on the basis that is provided for in the larger figure.

As previously explained to the Works and Health Committees this is only a provisional scheme to relieve the very severe pressure which is already being experienced in emptying cesspools by pumps and carts.

The Activated Sludge experiments give very promising results and as the first consignment of 100 filtros plates has just arrived I am hoping to get better results still.

There remains the question of my visit to Singapore re High Pressure Water and to Rangoon re Pneumatic Ejectors.

There is also the question of improving the type of latrines in the Settlement by having them water-flushed.

I would suggest that I be allowed to go there as soon as the Annual Report and Estimates are completed—say early in January.

If the appointment of a Chemist is brought about it would be very advantageous if it could be arranged for him and me to meet Professor Fowler and discuss the details of the scheme.

CHAS. H. GODFREY,
*Commissioner of Public Works.*

*Revenue Office.*—Long leave is granted to Mr. E. L. Allen, Superintendent of Revenue, from May 1, 1920.

### Health Officer's Report for November.

The Public Health continued good throughout the month. Smallpox, which before the organization of general free vaccination among the Chinese was a regular annual visitor at the beginning of winter, did not make an appearance.

The expected recrudescence of Influenza in epidemic form has so far been mild and represented by sporadic cases among foreigners, mostly introduced from outside, and scarcely affecting the Chinese population.

Influenza is conveyed by the fresh infected secretions of the nose and throat. The following rules may be of use:—

1.—Avoid people who are coughing or sneezing.
2.—Do not attend crowds or large gatherings.
3.—Keep three feet away from people when talking.
4.—When you cough or sneeze, cover the mouth or nose with a handkerchief or turn the face downwards.
5.—If you get Influenza go to bed immediately to ward off pneumonia, call in a doctor, and stay in bed some days after the fever subsides or until the doctor permits.

In the same connexion it may be noted that a vast amount of chronic ill-health is produced by the 'common cold,' which is as much a specific infective disease as Measles, though as a rule it is neglected and no precautions whatever taken to prevent its spread. Were colds treated by seclusion in bed until at least the acute symptoms had subsided, the victim himself would be benefited and, perhaps more important still, the number of infections of other people would be diminished. This applies more to children than to adults as they are more susceptible to the ear inflammations and some other dangerous sequels than adults.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

ARTHUR STANLEY,

# The Municipal Gazette

Vol. XIII. SHANGHAI, SATURDAY, JANUARY 10, 1920. No. 669

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

The resignation of Mr. P. Peebles of his seat on the above Committee has been accepted with regret.

### Chinese Advisory Committee

Letter from the Chairmen of the Chinese General Chamber of Commerce and the League of Street Unions with the Council's reply, and letter to the Senior Consul:—

Shanghai, January 7, 1920.

SIR,—With a view to the peaceful and satisfactory settlement of outstanding questions, and for the purpose of securing justice and fair-play for the Chinese ratepayers in the International settlement, we, the undersigned, representing the General Chamber of Commerce, and the League of Street Unions (including over 10,000 shops on 40 roads), beg to recommend as a temporary measure to the Municipal Council for recognition a Chinese Committee of six who will be elected by the two Chinese organizations referred to and whose names will be communicated to the Council later. The functions of this Committee are to advise with the Council on all Municipal affairs, particularly those wherein Chinese interests are concerned. For the sake of effective and efficient co-operation on the part of the Chinese rate-payers, the counsel of the Chinese advisers should be respected. It is earnestly hoped that this proposal will meet with the hearty approval and support of the Council, and this Advisory Committee will start to function at an early date. In the meanwhile we shall continue to look for and work out some way whereby the fundamental principle of taxation with representation shall be fulfilled to the satisfaction of the Chinese ratepayers in the settlement.

Awaiting the Council's early and favourable reply,

We are,
Yours faithfully,
CHU PAO-SAN,
*Chairman,*
*The General Chamber of Commerce.*
CHEN TSEH-MIN,
*Chairman,*
*The League of Street Unions.*

The Chairman, Municipal Council.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter to the Chairman of Council of January 7, and to forward herein enclosed copy of a letter which the Council addressed to the Consular Body on October 24, 1919, expressing its views upon the subject matter dealt with in your letter under reply.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

MESSRS. CHU PAO-SAN,
Chairman, Chinese General Chamber of Commerce, and
CHEN TSEH-MIN,
Chairman, The League of Street Unions.

Council Room,
Shanghai October 24, 1919.

SIR,—Since so much attention has been focussed during the past few months on the demand made at the time of the Rate Agitation of July and August last, that Chinese should be admitted to membership of the Council, and since it is understood that official representations have recently been made to the Diplomatic Body and referred to the Consular Body for an expression of its views, I have the honour to advise you that the question of admitting Chinese to participation in the administration of the affairs of this Settlement, either through the medium of a Chinese Advisory Board or Committee or by amendment of the Land Regulations to permit of their election to the Council, was considered at a recent meeting of members and ex-members of Council. After full discussion a vote was unanimously recorded against Chinese representation on the Council on any consideration, but in favour of the creation of a Chinese Advisory Board or Committee, provided that its meetings be held in the Council's Offices, that it shall have a membership of five to be nominated annually by the Chinese, that the nominations be subject to the veto of the Consular Body, that the nominees shall have resided in the Settlement for the five years immediately preceding nomination, that they shall have paid General Municipal Rate during the whole of this period on an assessed rental of not less than Tls. 1,200 per annum, that they shall not, at the time of nomination nor whilst on the membership of the committee, hold any official appointment under the Chinese Government, and finally that the functions of the committee be limited to those set forth in Clause 4 of the Settlement Extension Draft Agreement of 1915 hereinafter referred to.

In recording this vote the meeting was unable to dissociate the demand for Chinese representation on the Council from the efforts of the past few years and particularly since the signing of the Armistice, to secure the abolition of Extra-territoriality Settlements, Concessions and Spheres of Influence, and general expression was given to the view that these efforts must be met and resisted until, by good government and by the adoption of a policy of progression and development in accord with the standards common to every enlightened Nation. China has shown that she is fitted to receive full retrocession of those rights which she contends have been wrongfully wrested from her, but which in fact the foreigner either had vested in him by treaty or has been forced to assume and exercise from motives of self-preservation and protection, or because of the hopeless inability of China to exercise them herself for the benefit of her own people and of those who seek a domicile in her lands.

As regards an Advisory Board or Committee, the considerations are different. The Council has always appreciated the value of the Chinese viewpoint and, at every critical time in Municipal affairs where Chinese interests have been concerned, has sought means of learning the opinions of prominent Chinese residents. True it is that its recognition of a so-called representative committee, in 1905-6 led to the passing of a resolution at the Meeting of Ratepayers held on March 1906, declining to confirm its action, but it is believed that the views of Ratepayers on this subject have since undergone considerable change. Indeed when the Draft Agreement for an Extension of the Settlement, with provision for the establishment of a Chinese Advisory Board, submitted to you by the Special Envoy for Foreign Affairs early in 1915, was laid before the Ratepayers in March of that year, their approval was readily accorded. Inasmuch however as approval was sought and given upon the basis that the Settlement area would be extended, and since ratification of the Agreement has remained in abeyance for reasons for which I need not deal, it will now be necessary for the Ratepayers' directions to be sought as to whether such a Board or Committee should be approved irrespective of Settlement Extension. I have the honour to inform you that the Council proposes to seek such directions at the Meeting of Ratepayers in March or April next and to state that there is every reason to believe that such approval will be duly accorded.

I have the honour to be,
Sir,
Your obedient servant,

### Chinese Government Stamp Tax.

Correspondence with the Chinese General Chamber of Commerce and the Senior Consul on the subject of the levy of Stamp Tax on residents of the Settlement:—

Digitized by Google Original from CORNELL UNIVERSITY

*Translation of letter from the Chinese General Chamber of Commerce to the Council, dated December 28, 1919.*

With regard to the Chinese Government's order requiring Chinese merchants in the Settlement to pay Stamp Duty, as the arrangements proposed for its collection present many difficulties, indeed, are unworkable, the Chinese merchants (in the Settlement) have sworn not to pay the Stamp Tax. At the same time this Chamber has wired to the Government pointing out the difficulties and asking it to rescind the order. Since the European war Chinese merchants have suffered to no small extent and the levy of a Stamp Duty would be a very heavy burden. The Council is aware of the circumstances and the writer points out that the attempt to collect a Stamp Duty from January 1 next cannot be enforced. Besides addressing the Commissioner for Foreign Affairs to give due notice, the Chamber asks the Council to take note and to act in accordance with the sentiments (of the Chinese businessmen of this Settlement.)

---

Council Room,
Shanghai, January 2, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of December 28, 1919, recording the protest of your Chamber against any levy of the Chinese Government Stamp Tax on residents of the Settlement, and in reply to inform you that there is not the slightest truth in the reports which have recently gained currency that the Council is about to enforce the payment of this Tax.

Ever since the establishment of the Settlement, the Council has consistently and successfully safeguarded the interests of Chinese residents and merchants by opposing every attempt on the part of outside authorities, in disregard of established agreements, to impose any restraint or restriction upon the trade of the Settlement or to impose any form of taxation upon Chinese resident therein, and I am to assure you that the Council has not approved and does not approve of any change in this policy. Apart from the Chinese Government Land Tax and Customs Duties which are levied under express sanction, no taxation within Settlement Limits is authorized, other than that which is levied by the Council to provide for the proper administration of the Settlement and for the protection of all foreigners and Chinese who reside therein: accordingly any attempt to enforce any other taxation should be promptly reported to the Council for the requisite action.

In thanking you for bringing this matter to the Council's notice, I am directed to inform you that, lest there should be any truth in the report that proposals are under consideration for the extension of the Stamp Tax to the Settlement, the Council's most emphatic protest against any such proposals has been addressed to the Consular Body.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

CHU PAO-SAN, Esq.,
Chairman, Chinese General Chamber of Commerce.

Council Room,
Shanghai, January 3, 1920.

SIR,—I have the honour to address you on the subject of certain reports which have recently appeared in the Chinese press in regard to the Chinese Government Stamp Tax and to forward herein for the consideration of the Consular Body copy of correspondence which has passed on this subject between the Council and the Chinese General Chamber of Commerce.

Having regard to the support which the Council has received in the past, both from the Consular and Diplomatic Bodies, against the many attempts made by Chinese Authorities to impose restraint or restriction upon the trade of the Settlement or to impose lekin or other forms of taxation upon Chinese resident therein, in deliberate violation of the agreements frequently recorded and enforced for the exemption of the Settlement from lekin and other forms of Chinese taxation, the Council is loath to believe the report that proposals to extend the levy of the Chinese Government Stamp Tax to the Settlement have been favourably received by the Diplomatic Body, but in view of the credence that this report has obtained amongst the Chinese Community, whose welfare and interests it is ever the Council's endeavour to safeguard, I have the honour to place on record the unanimous and emphatic protest of my colleagues and myself against any such proposals that may be under consideration and that may have this end in view, and, in doing so, to emphasize that the Council cannot assent to any form of Chinese taxation in the Settlement, other than the Chinese Government land tax and Customs duties, which are levied under express sanction, and to observe that the only taxation which is levied by the Council is so levied to provide for the proper administration of the Settlement and for the protection of those, whether Chinese or foreigners, who seek a domicile therein.

In registering this protest I have the honour to refer to the Council's Annual Reports for 1904 pages 47 to 52 inclusive, 1906 pages 192 and 193, 1909 pages 92 to 106 inclusive and 1916 page 54a, which record several typical instances in which Chinese authorities have sought to impose some restraint or restriction on the trade of the Settlement or to impose some form of taxation on Chinese resident therein, the action taken by the Council in connexion therewith and the support accorded by the Consular Body.

I have the honour to be,
Sir,
Your obedient servant,
E. C. PEARCE,
*Chairman.*

Consul-General for Belgium and Senior Consul.

## Electricity Department.

REPORT ON THE NINE MONTHS ENDING SEPTEMBER 30, 1919.

From the attached Comparative Table the Committee will note a general increase of the Department's activities over the corresponding period of 1918. The nett profit for the nine months is considerably higher than in the period of the previous year, but I would express the opinion that this would have been greater had the generating plant at Riverside not been run under such adverse conditions. It is the old story of not having sufficient plant to lay off other machines for overhaul. The largest machine installed at present is of 10,000 kilowatts capacity. This machine has been running almost continuously for two years with no opportunity of laying it off for a sufficient time to make a thorough overhaul. As a result of this difficulty a thorough overhaul of the condensing plant cannot be given, and as the vacuum is lower than it should be, there is a corresponding increased steam consumption, which in turn brings about a higher coal consumption than would be the case if a higher vacuum were maintained. With turbine machinery a higher vacuum is such a very necessary condition, that when this is impaired the coal costs must naturally increase. I consider that had we been in a position to give more attention to the running machinery the nett profit for the nine months would have been very much greater than it is.

It will be noted that the units sold for Private Lighting are still on the increase, whilst power units show a very large rise.

T. H. U. ALDRIDGE,
*Engineer-in-Chief & Manager.*

## Fire Brigade Report for November, 1919.

The total number of calls to fires, or supposed fires, during the month was 21, as against 11 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 16,150 (Foreign, Tls. 12,000; Chinese, Tls. 4,150), as against Tls. 45,450 (Foreign, Tls. Nil; Chinese, Tls. 45,450) during November, 1918. The property at risk is estimated at Tls. 506,700 (Foreign, Tls. 146,700; Chinese, Tls. 360,000), as against Tls. 216,000 (Foreign, Tls. 100,000; Chinese, Tls. 116,000) for the corresponding period last year.

The calls were received as follows:—Telephones 15, Watch Towers 3, Police 1, Street Alarm 1 and Messenger 1.

The district call was given on 8 occasions, the remaining 13 being station calls.

These calls proved to be 16 small fires, 1 chimney fire, 2 false alarms and 2 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Dropped match or cigarette end | 7 |
| Charcoal stove in contact with bales of tea | 1 |
| Candle upset | 1 |
| Stove upset | 1 |
| Sparks from chimney | 1 |
| Child playing with matches | 1 |
| Oil overboiling | 1 |
| Ignition of gasolene vapour | 1 |
| Back fire of gas | 1 |
| Unknown | 1 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 4 |
| Chinese buildings | 14 |

Of these, 14 houses were more or less damaged by smoke, fire and water.

The water used at fires during the month was 48,820 gallons.

The Brigade was occupied 98¾ hours at fires, or supposed fires.

The fires of note during the month were:—

*S.S. "Kobe Maru," November 14, at 10.45 a.m.*—Valuable assistance was rendered at a serious fire in the No. 2 hold of the above vessel. Hongkew Division with a section of Central working from the wharfside were in time to deal sufficiently with the fire to prevent it from involving the rest of the ship. The Brigade Float with that of the Customs arriving afterwards augmented the

Digitized by Google Original from CORNELL UNIVERSITY

water supply, and by noon the fire was practically extinguished. The operations of the Brigade were made rather dangerous by the ship heavily listing to starboard and then to port. An appreciative letter was received from the owners congratulating the Brigade on their work.

*8A Chengtu Road, November 18, at 12.40 a.m.*—The above premises, a fairly large three storey silk filature were well alight on the ground floor, the outbreak having started amongst a quantity of silk cocoons, and the fire had already obtained a hold on the first floor. The Sinza Division supported by a section of Central, although severely hampered by smoke got right above and prevented damage to the second floor and but very little on the first, the centre and back portion of the ground floor being damaged. It is very unusual for a building of this description, where the fire has obtained such a hold, for the premises to be saved. As it was the damage only amounted to a sixth of the value of the filature.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

**Illegal Detention.**

Further correspondence with the Senior Consul and Mr. M. L. Heen, in continuation of that published in the Gazette of November 20:—

Council Room,
Shanghai, December 17, 1919.

SIR,—I have the honour to refer to the correspondence which has passed between us on the subject of the illegal arrest and detention by the Chinese Authorities of one Yu Tshung-ling, a Chinese resident of this Settlement.

The Council's representations having, up to the present, failed to secure the release of the unfortunate man concerned, I have the honour to request that the matter be referred to the Diplomatic Body in Peking, in order that such steps as are considered requisite may be taken to attain this result; and also with a view to the preservation inviolate of that protection which it is the Council's duty to extend to all Chinese residents.

In this connexion, I have the honour to point out that the statements so far rendered by the Chinese Authorities are not such as could reasonably be accepted in disproof of the illegality of their action; and to state that, unless the Council's representations are complied with, it is highly probable that cases of this nature will become more frequent, with the inevitable result that the security of person and property, which residence in this Settlement confers, will gradually disappear.

I have the honour to be,
Sir,
Your obedient servant,

Shanghai, December 29, 1919.

DEAR SIR,—As a result of the strong measures taken by the Council, my client Yu Tshung-ling was last Saturday, December 27, 1919, released from the custody of the Shun Pan-ting where he had been unlawfully detained for some months. My client is naturally grateful for all that has been done in his behalf and he is desirous of calling on you personally with this letter for the purpose of giving thanks to the Council.

Yours faithfully,
M. L. HEEN.

Correspondence with Mr. Chu Pao-san, Chairman of the Chinese General Chamber of Commerce, and Mr. Chen Tseh-min, Chairman, League of Street Unions.

Shanghai, January 10, 1920.

SIR,—We beg to acknowledge receipt of your communication of January 7, with the enclosed copy of your Chairman's letter to the Senior Consul dated October 24 last.

In reply we would beg to lay the following suggestion before the members of Council, viz.:—

Digitized by Google Original from CORNELL UNIVERSITY

That a Provisional Advisory Committee of five Chinese gentlemen be elected to take office as soon as possible so as to solve the outstanding difficulties, on the terms expressed in your Chairman's letter to the Senior Consul with two exceptions, that their election be not subject to the veto of the Consular Body, and that their functions be not limited to those set forth in Clause 4 of the Settlement Extension Draft Agreement of 1915.

The functions of this Committee shall terminate upon the final confirmation of the amended land regulations and the election of the Chinese councillors.

**Road Extensions and Widenings.**

*Avenue Edward VII, Thibet and Yunnan Roads.*—The following correspondence with Messrs. Lester, Johnson & Morriss contains the terms upon which the scheduled area of Lot 695 has been acquired:—

Shanghai, October 21, 1919.

DEAR SIR,—We beg to thank you for plan of Cadastral Lot 695, Central, showing land required by the Municipal Council for widening of Avenue Edward VII, Thibet Road and Yunnan Road; we are instructed by the beneficial owners to surrender the land on payment at the rate of assessed value per mow plus 10 per cent. for compulsory surrender.

In order to save correspondence we are to inform you that no betterment is admitted and that no consideration will be given to any suggestion of deduction of claim under such plea.

Yours faithfully,
LESTER, JOHNSON & MORRISS.

CHAS. H. GODFREY, Esq.,
Commissioner of Public Works.

---

Council Room,
Shanghai, November 28, 1919.

GENTLEMEN,—In reply to your letter of October 21, addressed to the Commissioner of Public Works, on the subject of the surrender of the area of Lot 695 required for Avenue Edward VII, Thibet and Yunnan Roads, I am directed to inform you that the Council cannot agree with your contention regarding betterment, since it is considered that such unquestionably results from the fact that the widening from this property forms a part of the scheme for the Avenue Edward VII improvement, and when the present conditions are compared with those which obtained when the old Sungkiang Road and the insanitary Yangkingpang still remained in existence, the contrast is so obvious that in members' opinion it obviates the necessity of advancing further arguments in support of the view that vast improvement therein has since been effected. These remarks apply equally to the Defence Creek and Thibet Road frontages.

In view, however, of the proportionally large area required from your lot, the Council has decided in your case to claim one-sixth only for betterment in respect of the Avenue Edward VII, and Yunnan Road frontages, and one-third for betterment in respect of the Thibet Road frontage, as in the case of the former negotiations with your goodselves on the subject of Lot 1325, in which case the Land Commissioners awarded a deduction of one-third for betterment.

The maximum terms therefore which the Council is prepared to pay in respect of this improvement and without prejudice to the Council's contention that a full deduction of one-third for betterment would not be unreasonable if the matter goes before the Land Commission, are as follows:—

Avenue Edward VII and Yunnan Road.

| | Tls. | Tls. |
|---|---|---|
| Area Mow 2.098 at Tls. 14,000 | 29,372 | |
| Less 1/6th | 4,895 | |
| | 24,477 | |
| Plus 10% | 2,447 | 26,924 |

Thibet Road.

| | Tls. | |
|---|---|---|
| Area Mow 0.782 at Tls. 14,000 | 10,948 | |
| Less 1/3rd | 3,649 | |
| | 7,299 | |
| Plus 10% | 729 | 8,028 |
| | Tls. | 34,952 |

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Messrs. LESTER, JOHNSON & MORRISS.

---

Shanghai, December 3, 1919.

DEAR SIR,—We beg to acknowledge receipt of your letter of November 28, referring to land surrender Cadastral Lot 695, Central, and informing us that the Council consider that certain deductions should be made from the amount of compensation claimed on account of alleged betterments of various degrees.

We are instructed to draw your attention to the surrender of land lately made ex Cadastral Lot 700, in which case full compensation was paid by the Council, and no deduction whatever was suggested, or asked for, by the Council. We recognize that every case should be judged on its own merits, but we venture the opinion that as regards the south and east frontages of Cadastral Lot 695 the two cases are not dissimilar.

We are authorized to make the following offer in order to meet the Council; if the Council will give the same terms for the land to be surrendered from frontages on Avenue Edward VII and Yunnan Road as were given in the case of Cadastral Lot 700, we will accept the Council's terms for surrender of land on Thibet Road; the total amount of compensation would be Tls. 40,337.

This offer is made without prejudice to our previous claim should it not be accepted.

Yours faithfully,
LESTER, JOHNSON & MORRISS.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,
Shanghai, December 19, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of December 3 with further reference to the compensation payable in respect of the Avenue Edward VII and Thibet Road ex Lot 695.

Digitized by Google
Original from CORNELL UNIVERSITY

The Council notes that in submitting your revised claim, you suggest that this lot presents parallel features to that of Lot 700. Examination of the plan, however, will show that the cases are dissimilar inasmuch as the area remaining to Lot 700 after the road surrender was small and with irregular boundaries, whereas the remaining area of Lot 695 will be 6 mow of a uniform depth capable of extensive development and facing on two broad thoroughfares and the large circus formed by the junction of Thibet Road and Avenue Edward VII.

In these circumstances I am directed to inform you that the Council is unable to regard as reasonable any compensation in excess of that offered in my letter of November 28, Tls. 34,952.

Your obedient servant,
N. O. LIDDELL,

Messrs. LESTER, JOHNSON & MORRISS.

Shanghai, December 29, 1919.

DEAR SIR,—We beg to acknowledge receipt of your letter of the 19th instant, and in reply have to inform you that the beneficial owners of Cadastral Lot 695, Central, have instructed us to accept the Council's offer contained in your letter of November 28 last in order to settle the case without further dispute.

The amount payable for the land to be surrendered being Tls. 34,952.

Yours faithfully,
LESTER, JOHNSON & MORRISS.

*Nanking Road.*—The claim of Messrs. Hanson, McNeill, Jones & Wright has been accepted for the surrender of the scheduled area of Lot 240 at the assessed value, Tls. 50,000 per mow, plus 10 per cent. for compulsory surrender, or Tls. 1,925 for Mow 0.035.

*Gordon Road.*—At the request of the Naigai Wata Kaisha, Ld., arrangements have been made for a slight deviation in the scheduled line of this road whereby more land is taken from the lots on the west side of the road and Lot 4486 left intact. The lots on both sides of the road are in the ownership of this Company.

### Drainage.

*Tengyueh Road.*—The request of the Midland Packing Company has been sanctioned to lay a sewer in Tengyueh Road at a cost of Tls. 1,200, half of which will be defrayed by the applicants.

### Public Lighting.

*Yochow Road.*—It has been decided upon the recommendation of the Commissioner of Public Works to light this road beyond Kungping Road with three 60 c.p. metallic filament lamps at a cost of Tls. 84 per annum.

*Manila Road.*—The recommendation of the Commissioner of Public Works has been adopted to substitute four 100 c.p. metallic filament lamps for the five 60 c.p. lamps at present in this road, at an additional annual cost of Tls. 40.

### Public Works Department.

*Haulage.*—The Council has sanctioned the purchase from the China Garage Company of two 2-ton trucks with dump bodies and attachment complete for a sum of Tls. 3,300 each.

## Health Officer's Report for December, 1919.

The Public Health continued good throughout the month. Smallpox was practically absent, there were no deaths from this disease among the Chinese community. Influenza smouldered on as though its capacity for epidemicity had been knocked out of it. Nevertheless, it caused two deaths among foreigners and 23 among Chinese. Among foreigners also there was an excess of deaths from bronchitis, broncho-pneumonia and 'pneumonia', some at least of which are primarily attributable to Influenza. The precautions recommended in the reports for October and November should still be observed and people, especially the very old and very young, with any tendency towards coughs or 'weak chests' should be particularly careful.

In this connexion as regards the spread of disease it may be noted that man is his own worst enemy. Most infectious diseases are communicated directly from one person to another, and this is particularly the case in that big group of diseases communicated through the mouth, throat and nose, such as Influenza, Measles, Diphtheria, Scarlet fever, Whooping-cough, Cerebrospinal fever, the pneumonias and 'colds.' During recent years the position has been made more baffling by the discovery of human carriers of disease who may themselves be apparently quite well.

The Tuberculosis Hospital has been put into use, two cases having been received.

A Children's Section in connexion with the Victoria Nursing Home is practically ready and should prove a very useful addition.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

**Report of Commissioner of Public Works for December, 1919.**

The carrying out of concrete work has been considerably delayed on account of the frosty weather, work of this nature having been partially suspended on fourteen days during the month.

Good progress has been made on the culverting of Defence Creek from Peking Road to the Soochow Creek and the last of this evil-smelling creek will shortly have been dealt with. The filling in over the tubes is in hand and the making up of the resulting roadway will be proceeded with as soon as all settlement has taken place. This latter work will, it is anticipated, be carried out in the course of 1920.

The reclamation of the Bund Foreshore is making headway, work now being carried out in two sections simultaneously.

The original contract was for the supply of the necessary labour, plant and mud filling for the whole length of the work from Peking Road to Avenue Edward VII. It was found, however, that the contractor was unable to proceed with the work at a satisfactory rate of progress and it was accordingly decided to divide the work up into two sections, the original contractor to complete the section from Peking Road to Hankow Road, and another contractor being employed for the section from Hankow Road to Avenue Edward VII. Since this arrangement was made the progress has been decidedly more marked.

*Roads.*—The widening of Bubbling Well Road on the south side from Hart Road to east of Siccawei Road is practically complete and similar work on the north side opposite to the Country Club is well in hand.

The ballasting and metalling of Tsitsihar Road north of Ward Road is in progress.

The forming and raising of Kwenming Road from Alcock Road to Dalny Road is in hand.

A surfacing of asphaltum has been laid in Chinwangtao Road south of Yangtszepoo Road.

*Bundings.*—The construction of the concrete bunding in West Soochow Road east of Cadastral Lot 731 W. has been completed for about two-thirds of its height.

*Drainage.*—The construction of the 3-ft. diameter culvert in Gordon Road north of Macao Road and in Macao Road west of Gordon Road has been completed.

The construction of the 12-in. diam. sewer in Bubbling Well Road east of Ferry Road has been completed.

A 12-in. diam. sewer is being laid in Whashing Road from Yangtszepoo Road to north of Rangoon Road.

A 12-in. diam. sewer is being laid in Kirin Road east of Thorburn Road. The culverting of the Singkeipang from Singkeipang Road to Dent Road is completed with the exception of a length of 150-ft west of Chaoufoong Road.

MUNICIPAL PROPERTIES.

*General.*

*Central Offices.*—The construction of the external heating trenches has been commenced, and the internal plastering and electrical work are well in hand.

*Fire Brigade.*

*Yangtszepoo Fire Station.*—The foundations have been completed and the brick walls and concrete columns are in hand.

*New Workshops at Hongkew Fire Station.*—The falsework and reinforcing steel for the roof are being placed in position, and the tubing for the electrical work is being proceeded with.

*Hongkew Fire Station.*—The internal painting of this building is proceeding.

*Police Force.*

*Gaol—Deport Block.*—These extensions have been completed.

*Educational Department.*

*Thomas Hanbury School for Boys.*—The land recently acquired for extension is being raised to the level of the present site.

*Volunteer Corps.*

*Rifle Range.*—The repairs to the wooden shield on top of the Stop Butt have been completed.

*Electricity Department.*

*Woochang Road Substation.*—Concrete work has been completed to the level of the second floor and the centering is in place for the walls of the third storey.

*Tonquin Road Substation.*—All the concrete for the structural portion of the building has been completed, there only remaining a portion of the cubicles to be concreted. The brick curtain walls have been completed for the second storey.

*Riverside Power Station.*—The excavation for the foundation of the office building and switch house has been completed, and the driving of timber piles is in progress, about one-third of the total number required having been driven.

*Pingchiao Quarry.*—493 fong of material was despatched to the Public Works Department during the month.

# The Municipal Gazette

Vol. XIII. SHANGHAI, SATURDAY, JANUARY 24, 1920. No. 671

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

*Robberies.*—Four reports of armed robbery from premises were received during the month. In one of these cases two persons were wounded by bullets and subsequently died. A robber was shot dead by the Police and another

was arrested and handed over to the Chinese Authorities. Three cases of armed highway robbery and one case of attempted highway robbery from the person were reported. In connexion therewith five persons have been arrested and are at present under remand. One case of highway robbery in which acid was thrown on the victim was recorded.

Constable Allen and seven Chinese were arrested on December 30 in connexion with the robbery of a quantity of opium from a Chinese dwelling house in Tientsin Road, and are still under remand.

*Stolen Property.*—During the month 379 reports of stolen property were received by the Police. In 136 of these cases investigation was made with successful results.

*Executions.* — Three persons found guilty of being concerned in armed robberies in the Settlement were executed at Loongwha in the presence of a representative of the Municipal Police.

*Bribery.*—A case of bribery of certain Chinese Constables by several shopkeepers engaged in the secret sale of opium was concluded at the Mixed Court on December 24. Three Chinese Constables were convicted and sentenced to eighteen months' imprisonment each, whilst the shopkeepers were each fined $300.

*Strikes.*—There was very little labour unrest during the month. A strike of bamboo workers which lasted about a week was settled on December 1 when the employers granted a wage increase of 12 per cent. to piece workers and 15 per cent. to time workers. Threats to strike by silversmiths and shoe sole makers did not materialise.

*Crime Outside Limits.*—A case of murder and thirteen cases of piracy and robbery were reported during the month from beyond Settlement limits.

*Political.*—Local activities in connexion with the Anti-Japanese Movement were renewed on December 2, when a large public meeting, organized by the Shanghai Students' Union and the National Organizations' Union, was held on the Public Recreation Ground in the City. After the meeting a procession was formed which paraded round the Chinese City and suburbs and ended in disorder. On the plea that certain shopkeepers were selling Japanese goods the processionists commenced to wreck shops and destroy goods in various streets. Altogether some thirty stores were more or less damaged during the proceedings. Concurrently with the procession a meeting of students' representatives was held at the headquarters of the Students' Union, 14 Nyi Woo Lee, Rue Amiral Bayle, at which it was decided that all students in Shanghai should take three days' holiday commencing from Thursday, December 3. Accordingly on that day about 1,000 students from various schools assembled at the Public Recreation Ground and, separating into groups, proceeded to various parts of the Chinese City and Chapei and delivered speeches in support of the boycott of Japanese goods. They also searched shops and took possession of and burnt any goods which they considered to be of Japanese origin. This action was continued energetically until December 7 and then intermittently until December 9. Since that date only isolated cases of similar seizure and destruction of goods have occurred.

On December 1, thirty representatives of Street Unions called at the Bureau of Foreign Affairs and presented a petition praying for Chinese representation on the Municipal Council and a revision of the Land Regulations. From December 1 to December 7 the majority of shopkeepers in the Settlement displayed flags and posters on which appeared the characters (修改洋涇浜章程 華人要求市民權) the translation of which is "Revise the Yangkingpang Regulations. Chinese Demand Representation on the Municipal Council." On December 23 and 27 meetings of Street Union leaders were held at the Headquarters of the Amalgamated Association of Street Unions, 13 Avenue Edward VII, at which it was decided that as no answer to their petition had been received from the Consular Body they would advise shopkeepers not to pay Municipal taxes at the January collection and that if measures to enforce payment were taken by the Municipal Council a general strike would be declared by the Street Unions.

The Stamp Duty, which the Chinese Government proposed to extend to Foreign Concessions and Settlements from January 1, 1920, met with considerable opposition from various Chinese representative bodies, and its proposed levy in the Settlement was the subject of a vigorous protest by the Council to the Consular Body, published in the Municipal Gazette of January 8, 1920.

*Identification Office.*—During the month 384 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 128 were identified as having a previous conviction or convictions. In addition to the above 152 records were received from the French Police out of which number 72 were identified in the records of this office, making the total for the month:—

## Mixed Court Report for December 1919.

A Silk Filature situated to the North of the Mixed Court compound and separated from the Female Prison by a very narrow alleyway was gutted by fire on 5th of this month. Little damage was done to the prison owing to the fact that its windows on the north side are protected by metal hoppers and small mesh wire netting. It is to be hoped that when new buildings are erected on the site more space will be allowed between the new buildings and the prison.

The following foreigners who are not recognized by any Consulate in Shanghai were before the Court during the month on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Zolikha (female) | Persian | Begging | Discharged |
| Emmerick Norak | Hungarian | Travelling without a passport | To return uniform to British Authorities. |

Increasing laxity on the part of landlords in not sending their representative to assist the police in the sealing of premises after sealing orders have issued has led the Court to order cancellation where the landlords representative does not present himself at the police station within a period of three days from date of issue of a sealing order.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

A. HILTON-JOHNSON,

Vol. XIII. SHANGHAI, SATURDAY, JANUARY 31, 1920. No. 672

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

### Electricity Department.

The subjoined report by the Engineer-in-Chief and Manager will be submitted at the forthcoming Annual Meeting of Ratepayers:—

*Extension Scheme.*—On December 6, 1918, I presented a Report to the Committee on the suggested programme of generating plant extensions, estimated demand in kilowatts and safe load with due allowance for spare plant. I also outlined the probable expansion of the undertaking and drew up a schedule of the principal items of generating and distributing plant necessary to meet the requirements up to and including the year 1924.

The demands for electricity in Shanghai since that Report was written have outstepped to a remarkable extent the limitations which were then considered probable, and the question of taking steps to meet the demands of the immediate future has already become urgent. Members of the Committee are referred to the Report above mentioned, copies of which are attached to this Report. In the December 6 Report of last year the following figures are given as showing the plant capacity in kilowatts, estimated demand from 1919 to 1924. Side by side with these are shown the requirements as they are now revised in the light of the past twelve months' experience, carrying us up to 1923.

*Report of December 22, 1919.*

| | Plant Capacity in kilowatts. | Estimated demand in kilowatts. | Safe Load in K. W. with due allowance of spare plant. |
|---|---|---|---|
| 1919 | 38,000 | 29,000 | 27,000 |
| 1920 | 77,000 | 45,000 | 54,000 |
| 1921 | 106,000 | 64,000 | 78,000 |
| 1922 | 122,000 | 80,000 | 94,000 |

The estimated load of 29,000 kilowatts for 1919 will not probably be quite reached, 28,000 kilowatts is the probable maximum, but whereas in the original estimates 1920 allowed for a load of 34,000 kilowatts, it is practically certain that next year the maximum load will total 45,000 kilowatts, thus we are in 1920 placed in the position which we expected to be in in 1922.

From the business point of view this rapid growth may be regarded as exceedingly encouraging, not only from the point of view of electricity supply, but as indicating the actual growth of Shanghai as an industrial centre. The effect of this industrialism must re-act favourably upon the city generally. There is little doubt that Shanghai can maintain its industrial greatness. Industries breed industries, and the channels of supply opened for one purpose are conveniently available for others. Besides this the reciprocal interaction of an industry and its sources of supply should not be overlooked. For example, to begin with, Cotton supply bought the Cotton Mills, then the mills stimulated the supply, and in turn the stimulated supply attracted more mills. The same effect should eventually be secured in relation to quality. The mills demand better cotton. Better cotton will encourage finer spinning and finer spinning will demand more improvement in the cotton staple. This process is already at work in the silk industry and will doubtless spread to others dependent upon local agricultural produce.

In my Report of December last year the following passage occurred:—

"It will be seen from the foregoing remarks that the ultimate demands for electricity supply in Shanghai and its neighbourhood cannot be foreseen. It may, however, be seen with a very reasonable degree of accuracy what has to be met within the next five years. My personal opinion, which is also shared by the executive technical staff of the Department, is that these extensions which I have outlined do not by any means cover the ultimate possibilities of Shanghai's electrical requirements, therefore, whilst these proposals might seem to embody very large extensions indeed, they should not be looked upon as approaching the ultimate capacity of the undertaking. They should, on the other hand, indicate how very much greater will be the expansion in the not very distant future."

This passage, taken in conjunction with the actual position of affairs at the present time, shows very conclusively how difficult it is to forecast with any degree of accuracy the expansion of the undertaking, and therefore the recommendations which I am making in this Report now laid before the Committee, may again prove to be too conservative. I think it may safely be said that they do not err on the side of undue optimism or that the rate of expansion over the next four years is estimated at figures beyond which the expansion is likely to take place. Within the past twelve months the electrical development has been so great that I forecast the future demands upon the Electricity Department with a good deal of reserve. In recommending to the Committee schemes for meeting future demands, whilst it is a simple matter to draw up schemes which will provide an unlimited amount of electricity when required, yet from the engineering as well as well as the financial point of view such practice would be unsound and might be financially disastrous, because the line must be drawn where it is profitable to have a certain amount of plant more than what is actually required at the moment, or having a super-abundance of spare plant lying idle. It is in the endeavour to strike the line where development can be safely taken care of without an excessive capital expenditure that the present scheme is now submitted.

The following shows the proposals for meeting the anticipated loads of 1920, 1921 and 1922. In perusing these details the Committee's attention is recalled to my Report of December 6, already referred to, wherein the whole of the Fearon Road steam generating plant of 5,000 kilowatts is to be removed in the year 1920 and the A.E.G. plant of 14,000 kilowatts at Riverside was scheduled to be removed in 1921. In order to instal additional switchgear at Fearon Road, already provided for, it is absolutely necessary to remove 3,000 kilowatts out of the total 5,000 kilowatts next year, but in order to more safely meet the requirements of 1920 it is proposed to retain 2,000 kilowatts of steam driven generating plant at Fearon Road. This must be regarded as an expediency measure and not one which is preferred.

With regard to the A.E.G. plant at Riverside, this, as the Committee is aware, is not considered reliable and therefore cannot be taken as an 100 per cent. asset. The two 2,000 kilowatt generators, however, were completely rewound during the present year, and as far as can be judged these two machines may be considered fairly reliable for another two or three years. As regards the two 5,000 kilowatt sets, the same views are held as were expressed eighteen months ago, that they must not be considered as reliable. In my former scheme the 14,000 kilowatts of A.E.G. plant was scheduled to come out of Riverside in 1921 to be replaced by an 18,000 kilowatt turbine which was to have been in commission in 1922. Circumstances have so shaped themselves that this programme cannot with safety now be adhered to, and, whilst the A.E.G. plant is not reliable, it is considered safer to keep it and make the most of it until two more 18,000 kilowatt machines are installed and in commission at the North end of the present turbine room. Last year's scheme as approved left us in 1922 with a generating plant capacity at Riverside of 83,000 kilowatts made up of:

3—18,000 K. W. turbines
2—10,000 ,, ,,
1— 5,000 ,, ,,
2— 2,000 ,, ,,

This was to meet an anticipated maximum load of 45,000 kilowatts, but, as already explained, this load of 45,000 kilowatts is expected next year, or two years before the preconceived date.

The problem of meeting the load of 1920 can only be met be retaining the 2,000 kilowatts at Fearon Road and the A.E.G. plant at Riverside. With regard to this latter plant, it has been considered advisable to regard it as equal to only 10,000 kilowatts instead of its full rated value of 14,000; by rating it at this figure it takes more into account the factor of unreliability.

If the anticipated load in 1921 develops, it will be difficult to meet it unless a bold policy of extension is decided upon. We have for so long a time been running our plant without adequate spares, with consequent losses of efficiency, that I feel sure the Committee will agree that such conditions of operation should not and cannot be allowed to continue, and in order to get over the difficulty the schedule for meeting the 1921 demands has been drawn up as shown below. This schedule is drawn up on the presumption that we may be able to have two more 18,000 kilowatt machines in commission in the Autumn of 1921, but I regard this as a little doubtful in view of the time taken to build generators of this size and the experience usually encountered of manufacturers not living up to their contract deliveries. If the worst comes to the worst and these machines are not in commission in 1921, the estimated load of 64,000 kilowatts could be met by the plant running at its full output without any spare except a small amount of 5,000 kilowatts which could be obtained from one of the House turbines. It will be seen, therefore, that unless two more 18,000 kilowatt machines are ordered very soon the position in 1921 will be as critical as it is this present year; a position which is neither fair to the public, both domestic and industrial, which is dependent on the undertaking for its electrical needs, nor to the undertaking itself.

It will be noted that in 1921 the whole of the A.E.G. plant should be removed and the space formerly occupied by it in the 1912 section

of the turbine room be made ready for the accommodation of two 10,000 kilowatt machines, which it is proposed to instal in 1922. The Committee may wonder why it is proposed to instal two 10,000 kilowatt turbines in the space formerly occupied by 14,000 kilowatts of A.E.G. plant instead of installing an 18,000 kilowatt set there, according to the programme drawn up last year. The reason is this, that before we dare take out the A.E.G. plant it is absolutely necessary to have the third and fourth 18,000 kilowatt machines in commission. These two machines should be installed at the North end of the turbine room extension in which the first and second 18,000 kilowatt machines are now being erected. There is and always will be a considerable amount of distribution in the Eastern District at 6,600 volts through the existing underground cables which are laid for distribution at that pressure, and although a 10,000 kilowatt unit is not so economical in steam consumption as a larger machine, after careful consideration the recommendation to instal two units of 10,000 kilowatts has been arrived at because it best meets the needs of the situation. The 1912 boiler house contains eight boilers, all in excellent condition, and which there is no reason to doubt should be good for another ten to fifteen years' service, and unless generating plant is installed in the 1912 section of the turbine room these particular boilers would no longer be of practical use, as they would be too far away from the larger turbines to economically supply them with steam.

Adverting to my Report of December last year, it is there stated that with the installation of the second 18,000 kilowatt machine the present limit of the power station site would be reached, and that the time would then come to erect a second power house on the adjacent property acquired last year. This view must in the light of circumstances now be modified, for the simple reason that the demands for electricity have increased beyond all anticipations and have, assuming my estimates are correct, put us two years ahead of our former schedule. If time were of less moment I should strongly urge the construction of an entirely new power house in which the boilers and turbines would be designed to operate at a much higher steam pressure, thereby gaining increased economy. To design a new power house and to thoroughly study the conditions for coal handling, water supply for condensing purposes, and other subjects intimately connected with power house design would occupy several months. Had the development marched along the lines anticipated only twelve months ago, ample time would have been given for the full consideration and design of the second power house, whilst the new plant already ordered for the No. 1 power house was being installed. Circumstances, however, have changed all this, and if we are to meet the electrical demands of Shanghai the only safe method is to adopt the scheme outlined in this Report.

Below is shown the estimated plant capacity and load for the year 1922, from which it will be seen that if these demands actually take place, and there is little reason to see why they should not, then by the end of 1922 we should not have more than an adequate reserve of spare plant to meet our obligations. Long before 1922 the construction of the No. 2 power house will have to be considered but the scheme outlined above gives time to meet the pressing demands of the next three years and to allow time to draw up the best design for the No. 2 power house, which I expect will have to be in commission towards the end of the year 1923. At the present time a good deal of attention is being given in England to the operation of turbines at very much higher steam pressures than has been the usual practice, and there is very little doubt that when the time comes to plan the No. 2 power house, much higher steam pressure than in the No. 1 power house will be adopted. If time permitted I should incline to recommend taking in hand the No. 2 power house at once and instal the new turbines operating at a higher pressure therein, but, as already hinted, considerable delay would take place if this alternative were adopted. By enlarging our No. 1 power house to the extent suggested in this Report the best solution will, in my opinion, be found to meet what would appear to be the very pressing demands which have to be met.

In my Report of last December, which the Committee adopted, four 80,000 lb. boilers were to be ordered this present year and four more were to be ordered in 1920. The first four have been ordered, and it is now necessary to order the other four, but inasmuch as we propose increasing the plant capacity beyond the limits of the last year's programme, two more boilers will be required, i.e., a total of ten boilers in the No. 3 boiler house instead of eight originally scheduled. Tenders have already been received and hold good up till April next from both Messrs. Babcock & Wilcox and the Stirling Boiler Company, and my recommendation is to order three more boilers from Messrs. Babcock & Wilcox and three more from the Stirling Boiler Company. This arrangement will enable us to compare the relative merits of the two types of boiler side by side and under identical operating conditions. It is hoped that the experience gained by this selection will be of use when deciding upon the type of boiler to instal in the No. 2 power house.

With regard to the boiler house buildings, it is suggested that the first section to contain the first four boilers already on order should be constructed locally, as it is most important that the building should be erected before the arrival of the boilers next year. For that section of the boiler house to accommodate the other six boilers and also the extension of the turbine room to accommodate the third and fourth 18,000 kilowatt sets, I would suggest that tenders be called for these in London. At the same time competitive tenders might be asked for in Shanghai to see whether this would work out cheaper than getting fabricated steelwork from Europe or America.

In addition to the generation plant there is also the problem of distribution. To give the Committee an idea of how rapidly things are developing, I would instance the Tonquin Road Substation which is now nearing completion. This sub-station has been designed to contain switchgear equipment for handling about 24,000 kilowatts of load, i.e., for distributing this amount of energy in the immediate neighbourhood. Judging by the industrial development in the Western District, it now appears that this sub-station will be too small, and the conclusion has been reached that if it is possible to secure additional land this building should be doubled in size, so that ultimately the equipment which it will contain will be sufficient to deal with 45,000 to 50,000 kilowatts. In addition to the enlargement of this Tonquin Road Sub-station, it is planned to have a distributing switchhouse located between Tonquin Road and Jessfield, but nearer the latter place. This switchhouse will be designed primarily to provide large bulk supplies of electric power to various mills in the district, and it will also serve as a tie connexion between Tonquin Road super-substation and another super-substation which will shortly be required beyond Jessfield. In order to adequately meet the demands in the Western District additional trunk cables from Riverside will be required, and in this scheme of extensions provision has been made for these cables in the estimates which appear at the end. A large quantity of switchgear and transformers will also be necessary, and additional buildings for switchhouse and super-substations. To detail at length the technical requirements to meet the Department's expansion would not, in a Report of this nature, serve any useful purpose, but the question has been most carefully considered and the estimates drawn up as closely as possible with a view more to giving a general outline of the extension scheme than to giving the technical detail.

Whilst this Report outlines the salient features of the extensions, it must be remembered that beyond the items detailed there will always be required from time to time additional underground and overhead cable, switchgear, transformers, meters, sub-station buildings and the numerous minor accessories associated with the supply of a public utility such as electricity, and provision must be made for them as they become necessary.

The estimated cost of the scheme outlined herein is Tls. 4,304,000 exchange being taken at 6s. 0d.

In addition to this there are plant, cables, apparatus, etc. on order, and local expenditure on foundations, buildings etc. amounting to approximately Tls. 2,039,000, already authorized. The total capital expenditure during 1920 is estimated at Tls. 4,006,000, of which Tls. 1,967,333 is on the (1920) Extension scheme forming the subject of this report.

**Charity Organization Committee.**

Report and Statement of Accounts for 1919 and Budget for 1920:—

Shanghai, January 26, 1920.

SIR,—The Committee of the Charity Organization beg to hand you herewith a report on their work for the year 1919, together with a statement of their accounts and their budget for the year 1920.

Yours truly,
ADA. WHEEN,
*Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

*Report of the Charity Organization Committee for the year ending December 31, 1919.*

Seven members were appointed to serve on the Committee at the commencement of the year:

Mrs. Gorton.
Mrs. Chambers.
Mrs. Garner.
Mrs. Grant.
Miss Jansen.
Mrs. Lancaster.
Mrs. Macdonald.

In view of the near departure of several members on furlough it was decided to ask Mrs. Everall and Mrs. Henman to join the Committee in order that they might become cognisant of the present working.

Owing to the serious and lengthy illness of the Chairman, Mrs. Everall was elected to take her place. Mrs. Garner kindly consented to act as Hon. Treasurer, Mrs. Porter joined the Committee as Leader of The King's Daughters' Society to replace Miss Jansen, and Mrs. Algar was elected to take Mrs. Lancaster's seat.

The meetings have been held fortnightly, the total number being 21, and the average attendance has been 6.03.

The number of visitors during the year has been approximately 3,528; about 593 visits have been made by the Secretary, an increase of 300 visitors is interesting.

*Visiting Committee.*

A sub-committee was formed in April for the object of visiting with the Secretary and/or the District Nurse in order that the Committee should become more familiar with the cases under their notice and also to assist in the distribution of milk, butter and eggs.

Applications for relief have been more frequent at the rooms during the past few months, owing to the great influx of refugees from Siberia. The many generous donations received have greatly facilitated meeting these needs, and as the supply of warm underclothing was speedily exhausted it was decided to spend a portion of the money received for refugees in making good the shortage for the most deserving cases.

One or two cases may be of interest:—

(*a*) An English lady married o a Russian, refugees from Vladivostock, was earning a very small salary teaching English. By arrangement with The King's Daughters she was engaged as an interpreter to facilitate the work of investigating Russian cases. The Committee felt that money thus expended not only helped one family but was also beneficial to many others.

(*b*) Two young Russians who were trying to return to Odessa had tickets only as far as Port Said. To avoid giving them cash, arrangements were made through Messrs. Thos. Cook and passages paid for them to Odessa, leaving them a little nioney for use when they reach their destination.

The work during the year has been principally that of investigation, disbursements on behalf of different benevolent societies, and also private individuals, and the finding of employment.

There are still a number of old cases on the books, whilst the total number of new ones dealt with during the year aniount to 340, made up of the following nationalities:—

| | |
|---|---|
| British | 51 |
| Finns | 32 |
| Rumanian | 35 |
| Russians | 72 |
| Portuguese | 39 |
| Filipino | 14 |

Positions have been found for 64 cases, 21 have been assisted to leave Shanghai whilst 617 persons and/or families have been supplied with clothing and helped in other ways.

It is noticeable that the Charity Organization is being made use of more frequently as an employment bureau, both by employers and those seeking positions who are of other than the well-known "won't work" class.

The Committee would like once more to call attention to the undesirability of promiscuous giving of monetary assistance without investigation. As an example the case of "X" might here be quoted, who has for many years extracted considerable sums from charitable persons by writing begging letters, and calling on business men. Some of his letters are in the possession of the Committee and invariably run in this strain:—

"It is with a sorrowful heart I come to appeal to your kind and generous disposition towards a man who finds himself in the last dregs of life.

"I am without work, sick in bed, with a wife and two poor little innocent children, all suffering from the bare necessities of life, such as food, fire, medicines, and house rent and I unable even to leave my bed to look for work."

The Committee feels that it is most desirable to prevent money from being wasted on such people and reserved for genuine cases of distress.

*Tenement House.*

Regarded experimentally every justification is given not only for the existence of this house, but also for the suggestion that in the near future other flats should be added thereto. Thus would be given the means of tiding a family over a critical period until a situation is found and sufficient earnings saved to start afresh.

Among the many cases sheltered during the year the following may be of interest:—

(*a*) Application made by a Czech family for rooms. The husband is earning only $25 a month addressing envelopes and collecting accounts. When visited were found living in one room, which though small was very clean. The wife was expecting her first confinement and arrangements were made for this and clothes supplied for herself and child. In the interval they were given a "flat" and are being supplied with coal during the winter months.

(*b*) Russian officer and wife with one little girl. He had been a surgeon's assistant in the army. Is a specialist in the cure of rheumatism. They were given quarters and coal, and the wife, who is delicate, was supplied with butter, eggs and milk. One of the Circles of the King's Daughters' Society undertook the payment of the little girl's education for the time being. The man eventually obtained a good position and is now ever ready to help other unfortunates.

*Public Library and Reading Room.*

Acting on the suggestion made by the Committee of the Charity Organization in last year's report of the need for a Public Library and Reading Room on the north side of the Garden Bridge, The King's Daughters have opened a library and free reading room adjoining their rooms for women and girls only.

*Mental Deficients.*

The problem of dealing with this class of person continues to be a difficult one, owing firstly, to the lack of any proper institution to which they can be sent, and secondly to the lack of any power to keep them in any institution if such were available. The steamship companies are also unwilling to take them away from Shanghai.

The proportion of mental deficients amongst applicants for help is large. Many can never be self-supporting and fall easy victims to unscrupulous persons and temptations of all kinds. Such people are a burden and a danger to themselves and the community when standing alone, but in suitable surroundings often lead happy and cheerful lives.

In both Europe and America much attention has been and is being given to this question and it is hoped that ultimately it may be possible to have applied to Shanghai recent legislation in certain countries which would make it possible to deal with such deficients. But this would apply only to the nationals of these countries and the need for the institution would still remain.

It is encouraging that following upon an application made to H.B.M.'s Consul-General the support of one case which has been on the books since the commencement of the Organization, has been undertaken by the Consulate until arrangements can be made to send him to England or Australia.

The Committee again take this opportunity of thanking the various local benevolent societies, the Committee of the "Cottage" and private individuals for their ever ready help both monetary and otherwise in cases which have been referred to them; and also Mr. R. W. Davis for kindly auditing the accounts.

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

**Fire Brigade Report for December 1919.**

The total number of calls to fires, or supposed fires, during the month was 35, as against 17 for the corresponding month last year. The damage, on assessed property within the Settlement, is estimated at Tls. 80,700 (Foreign, Tls. 34,200; Chinese, Tls. 46,500), as against Tls. 8,125 (Foreign, Tls. 2,500; Chinese, Tls. 5,625) during December 1918. The property at risk is estimated at Tls. 2,680,500 (Foreign, Tls. 2,465,500; Chinese, Tls. 215,000), as against Tls. 546,000 (Foreign, Tls. 500,000; Chinese, Tls. 46,000) for the corresponding period last year.

The calls were received as follows: — Telephones 17, Watch Towers 8, Police 7 and Street Alarms 3.

The district call was given on 10 occasions, the remaining 25 being station calls.

These calls proved to be 24 small fires, 4 false alarms, 6 fires outside the Settlement and 1 not traced.

The supposed causes of the fires within the Settlement are as follows:—

| | |
|---|---|
| Sparks or embers from stove | 4 |
| Lamp upset | 3 |
| Defective flue or grate | 3 |
| Spontaneous combustion | 2 |
| Charcoal stove overheated or in contact with matting | 2 |
| Sparks from fire built to thaw water pipe | 1 |
| Wooden hood of stove overheated | 1 |
| Dropped match or cigarette end | 1 |
| Clothes too close to stove | 1 |
| Fat overboiling | 1 |
| Electric wires fusing | 1 |
| Herbs overheated | 1 |
| Foreign substance in machine | 1 |
| Unknown | 2 |

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 11 |
| Chinese buildings | 22 |

Of these 3 houses were destroyed by fire, and 15 others were more or less damaged by smoke, fire and water.

The water used at fires during the month was 192,320 gallons.

The Brigade was occupied 452¾ hours at fires, or supposed fires.

The month was rather conspicuous for the number of fires which were somewhat out of the ordinary. In the Settlement the more important were:—

*December 5, Dah Ching Silk Filature, 88 Kansuh Road at 8.58 p.m.*—

The south section of the filature was in flames when the Brigade arrived and although the fire spread with extraordinary rapidity, the north section was saved. Some of the windows of the Women's Cells of the Mixed Court on the other side were slightly damaged.

*December 29, V 163 off North Kiangse Road at 1.10 a.m.*—This was a fatal fire, one man was got down at the back of the premises by the Brigade, but the front portion was well alight, and it was impossible to penetrate until a number of jets were brought to bear on the fire, when the bodies of a woman, and two boys were found in the front room of No. 164, which connected with No. 163. From the upper floors of both houses, there was only one staircase, which was cut off, as the outbreak was against it.

*December 29, 8 Hankow Road at 12.26 p.m.*—On the same day a serious outbreak occurred in the godown at the back of No. 8 Hankow Road. This godown is surrounded by high buildings, and as it was fairly old and contained merchandise, mainly electrical goods, and paper on the ground floor, and a large quantity of strawbraid on the first floor, the fire naturally burnt stubbornly, and gravely endangered the valuable buildings around. The Central and Hongkew Divisions, however, soon covered it from every direction, and undoubtedly saved a large conflagration. Practically all the fire damage was confined to the half section of the godown upstairs, and a number of cases at the south-east corner on the ground floor.

It is interesting to note that the Brigade received 8 calls this day, all of which were genuine fires, and attended three within an hour. Apart from the Hankow Road fire, there was also an outbreak at a cotton mill; by no means an easy one to deal with, owing to the high wind.

*Outside Limits.* — The Brigade rendered assistance at a big conflagration in Chapei, and two ship fires, in addition to minor others. The one in Chapei was at the Pao Foong Cotton Mill, when the mill proper was gutted, but where the Sinza Division, assisted by a section of Central, working under great disadvantages, having to cross the creek, with a number of lines of hose, etc., saved two very valuable godowns, full of yarn, etc., a medium sized flour mill, and a large block of weaving sheds. All of which, either connected or were right against the main mill. This was the largest fire in and around Shanghai during the year, and but for the services of this Brigade, the fire would have swept through and devastated the whole block, which is a very large and congested one, and would have possibly crossed the creek to the mills on this side.

The Brigade also attended to fires on the s.s. Yusang and the s.s. Foochow on the same day, December 19, at 2.53 a.m. and 11.33 p.m. respectively. Both outbreaks were of a similar nature, being amongst jute, in the lower No. 1 holds of both vessels. The one on the former being the more serious, and harder to extinguish, as the hold was fully loaded, mainly with jute, and had to be very carefully extinguished, especially as regards water, owing to the liability of the expanding jute forcing the ship's side, and the possibility of the ship sinking in deep water. The Hongkew Division working from the shore side by getting men down in the between decks to cut the fire

off from working forward to the bunkers, and as soon as it was sufficiently held, the Brigade Float, with that of the Custom's standing by, kept at work whilst the ship was taken down river to shallow water, for the final extinction of the fire. Altogether the Department was working 20 hours. During the latter period the Floats were used for pumping out the lower hold, whilst the fire in the between decks was being dealt with.

The s.s. Foochow had little cargo, and the fire amongst the jute in the lower hold was put out in less than two hours. The outbreaks on these two ships were certainly peculiar, and of an extremely suspicious nature.

M. W. Pett,
*Chief Officer.*

### Paulun Hospital.

Report and Statement of Accounts for 1919:—

Shanghai, February 4, 1920.

SIR,—I have the honour to inform you that at the annual meeting of the Dong Chee Hospital committee (late Paulun Hospital), which was the first full meeting of the committee since May 13, last year, your letter dated May 28, 1919, was discussed at length.

As the committee has kept its promise during its tenure of charge for the year 1919 not to employ any German in any capacity in the Dong Chee Hospital, I have the honour to request you to kindly issue the grant-in-aid of Tls. 2,000 for 1919 towards the up-keep of the hospital.

Enclosed I beg to hand you the statement of accounts for 1919, together with the Medical Report.

I am, Sir,
Your obedient servant,
C. L. CHOW,
*Honorary Secretary.*

The SECRETARY, Municipal Council.

MEDICAL REPORT.

During the year 1919, 12,684 patients have been treated at the hospital's policlinic, of whom 1,380 were admitted to the hospital. The corresponding numbers for the preceding four years were:—

| | | |
|---|---|---|
| 1915 ... ... | 6,685 and | 981 |

*Burglaries—Warning to Householders.*—The following warning was issued in the press on January 24:—

"An unidentified burglar is active in the Western district just now. He enters houses through a verandah window. One method is to open the outer shutters by removing a slat so that an arm can be inserted and the bolts pulled, and then to cut a whole pane of glass out of the window. Another method, when the shutters cannot be opened because the space between them and the window is too small for the arm to be inserted, is to remove a shutter slat, cut out a piece of window glass, insert the arm, turn the knob and so open the window.

"In cases where entry has been effected in one of these ways it is almost always found by the Police that one of the bolts, either on the window or the door, has been left unfastened when the house was shut up for the night. This is due to the carelessness of the servant who has not shot the bolt into its socket, or of the householder who has not had the fastenings kept in proper repair.

"It is difficult to render the ordinary verandah window proof against a determined burglar, but the following measures, if adopted, will make entry more difficult:—

"1.—Window and shutter fastenings to be in good order. Bolts to be kept oiled and sockets well screwed in. Warped shutters, which prevent the bolts being shot home, to be repaired. Servants to be impressed with the importance of properly securing all fastenings at night.

"2.—Shutter slats to be closed and properly hooked up or wedged so as to render them immovable from the outside. This makes cutting them out much more difficult and noisy.

"3.—A screwed bolt-fastening between window and shutter makes it impossible to open either until the bolt is removed. The latter passes through a hole in the window frame and screws into a socket in the shutters. Its position should be such that a hand inserted from the outside to turn the window handle as described above, cannot reach the bolt head to unscrew it.

"4.—An additional bolt, top and bottom, on the window frame would usually frustrate an entry by the second of the two methods mentioned above."

*Robberies.*—During the month three cases of armed robbery from dwelling houses, two similar cases in which no arms were used and one case of highway robbery were reported to the Police.

*Stolen Property.*—There were 414 reports of stolen property during the month. These included 47 cases of burglary, 12 cases of housebreaking, 9 cases of shop or office breaking and 4 of godown breaking. Successful investigations were made in 127 cases.

*Bombs.*—A bomb explosion occurred on a verandah of the Wing On Building on Nanking Road on January 18. No one was injured and little damage was done to property.

*Executions.*—During the month two armed robbers were executed at Loongwha in the presence of a representative of the Municipal Police.

*Bicycle Thefts.*—Bicycle stealing is on the increase. Residents are warned of the risk they run in leaving machines in exposed places unprotected by some form of lock or chain.

*Crime Outside Limits.*—Two cases of murder and 15 cases of robbery and piracy in the district around the Settlement were reported to the Police during the month.

*Strikes.*—Although there were many reports of demands by workers in various industries for advances in wages during the month, only in one case did stoppage of work actually occur. This was on January 2, when 4,000 assistants employed in medicine shops in the Settlement and the City went on strike. The matter ended the following day after the strikers had been granted a flat rate increase of $1.50 each per month.

*Fingerprints.*—Fingerprint investigations are made wherever possible in connexion with all crime. In cases where good prints are obtainable a search is made immediately through the fingerprint records on file at C. I. D. Headquarters. These at present total over 90,000. If no identification is made at the time, the prints are reproduced, placed on file and compared daily with the prints of all persons arrested both in this Settlement and in Frenchtown.

*Opium.*—On January 23 four Chinese were convicted by the Mixed Court of the larceny of opium from 459 Tientsin Road on December 28, 1919. Sentences ranging from 1 to 4 years' imprisonment were passed. On January 27 ex-P. C. Allen, who accompanied the party which stole the opium, was acquitted in the British Court of the same offence.

Numerous raids on opium dens were made by the police during the month.

*Political.*—The passage through Shanghai *en route* for Peking of Mr. Lu Cheng-hsiang (陸徵祥), Chief of the Chinese Delegation to Versailles Peace Conference, on January 22 was made the occasion for rejoicing and demonstrations among local Bodies which support the stand taken by the delegates in refusing to sign the Peace Treaty. The arrival in Shanghai two days later of Dr. C. T. Wang, another member of the Peace Delegation, caused further rejoicing.

There was no development regarding the Internal Peace Conference during the month, but from reports received it appears likely that negotiations may be re-opened after Chinese New Year.

Anti-Japanese Boycott activities were continued during the month. A mass meeting was held under the auspices of the Amalgamated Association of Street Unions in the Public Recreation Ground near St. Catherine's Bridge on January 1. About 3,000 people representing over 50 different societies attended, and all present pledged themselves to refrain from dealing in Japanese goods. Visits of students in search of Japanese goods to shops situated in Chinese territory continued during the month. In one instance they seized 390 bundles of cotton yarn which they burned on the Public Recreation Ground.

The Shantung Question was again prominent. The offer made by Japan to open direct negotiations with the Chinese Government caused strong protests from several political groups in Shanghai. A mass meeting was held on the Public Recreation Ground on January 31. Owing to wet weather only about 1,200 people, representing some 70 societies and Street Unions, were present.

The agitation for Chinese representation on the Municipal Council assumed a serious aspect early in the month. From December 31 to January 6 an advertisement inserted by the Amalgamated Association of Street Unions, the headquarters of which is situated at 13 Avenue Edward VII in Frenchtown, appeared in several of the leading Chinese daily papers. This notice urged Chinese ratepayers not to pay Municipal rates for the first quarter of the new year unless their demand for Municipal representation was granted. A handbill emanating from the same source and worded in the same strain was widely distributed on January 3. At one of the meetings held at the headquarters of the Amalgamated Association of Street Unions between December 23 and 27 it was also decided that a general strike should be ordered in the event of the Municipal Authorities taking measures to enforce the payment of rates; and it is to be noted that had this threat been made effective the resulting strike would have embraced not only merchants and students but in all probability labour as well.

The effect of this anti-authority propaganda on the part of the Amalgamated Association of Street Unions was apparent when the collection of the first quarter's taxes commenced on January 9. Householders in Fokien and Honan Roads who were visited on that date with few exceptions refused to pay. Accordingly on the following day 19 defaulters were summonsed before the Mixed Court. None of them appeared. Mr. Linebarger, a lawyer engaged for their defence, was suspended in the course of the proceedings. Having heard the evidence the Court ordered the defendants to pay the taxes with costs forthwith; and as this was not done, distraint warrants were issued and executed the same afternoon. In five cases the police who undertook the execution of the warrants succeeded in getting cash from the defaulting shops: in the remaining cases goods to the equivalent value were seized. Some commotion resulted from the proceedings taken at Nos. 808/9 Fokien Road, a shop owned by the President of the Street Union, and in consequence a few of the adjoining shops began to close their doors. As crowds collected others followed suit, and the movement thereafter continued rapidly until it embraced nearly all the shops south of Nanking and east of Thibet Road. It also affected others in the North Fokien and Haining Roads on the north side of the Soochow Creek.

It appears that the summary action taken by the authorities to enforce their rights completely surprised the agitators. The Amalgamated Association of Street Unions immediately summoned a conference at their Headquarters in Frenchtown. This meeting lasted for many hours and gave rise to much heated discussion. Fortunately for themselves and their followers, instead of attempting to carry out their threat of a general strike the leaders eventually advised the shopkeepers who had closed their doors to resume business on the following day.

The collection of taxes was continued on January 13, but in Szechuen and Kiangse Roads, the two streets visited, the result was only about one-fourth normal. More summonses were accordingly applied for and distraint warrants executed, after which the people came to their senses and the collection proceeded satisfactorily.

On January 14 the committees of the various Street Unions and representatives of the Chinese Chamber of Commerce held a meeting in the Chamber of Commerce Building on North Honan Road and decided to abandon further anti-tax agitation.

During this period a good deal of semi-official negotiation was taking place between the leaders of the movement and certain foreigners, the former consisting of Chen Tseh-ming (陳則民), President of the Amalgamated Association of Street Unions; Sung Hang-chang (宋漢章), C. C. Nieh (聶雲台), David Zeh Tseng-yue (余日章), Secretary of the Y.M.C.A.; and Dr. F. C. Tong (湯節之), President of the Commercial Federation.

A point that was particularly noticeable during the agitation was the absence of a sense of responsibility among local Chinese journalists. As already stated, some of the leading Chinese daily papers began by publishing the advertisement of the Amalgamated Association of Street Unions urging residents to refuse to pay their rates. Later, 5 papers mischievously and maliciously accused the police, who executed the distraint

warrants, of assaulting employes of shops and wantonly damaging goods in some of the shops they visited. The "Min Kuo Pao" (民國報), one of the offending newspapers, was proceeded against in the Mixed Court and Yih Tsu-tsaung (葉楚傖), the editor, was fined $300. Four other newspapers, namely, "The National Herald" (神洲日報), "The China Times" (時事新報), "The Sin Wan Pao" (新聞報), and "The Da Sheng Jih Pao" (大生日報) were thereupon only too eager to publish apologies completely withdrawing their libellous statements; and similar proceedings against them were accordingly withdrawn.

In connexion with this agitation, it is a matter for great regret that the Headquarters of an organization which has openly and continually threatened the peace and good order of this Settlement for some time past should continue to function in the neighbouring Settlement.

*Identification Office.*—During the month 503 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 167 were identified as having a previous conviction or convictions. In addition to the above 179 records were received from the French Police out of which number 87 were identified in the records of this office, making the total for the month:—

**Health Officer's Report for January.**

There was a moderate prevalence of the Typhoid fevers, Influenza and Diphtheria during January. The Diphtheria was of the customary mild type. The incidence of Influenza resembled that of the two preceding months, namely, was of a smouldering rather than epidemic type. The indications are that it will not flare up into epidemic proportions in Shanghai as it is now being reported to be doing in Japan and parts of America. The death rate both among foreigners and Chinese showed no exceptional gravity for January.

Although the water supply has not been so pure as usual, due to the exceptional lowness and resulting concentration of the river water, yet it does not appear to have caused any exceptional incidence of disease. Cases of Typhoid and Paratyphoid fever were above the average for the year but this is customary during abnormally dry winter months. It is more probable that this is due to excessive watering of vegetables with nightsoil rather than to the concentration of typhoid organisms in the water supply; but the latter cannot be disregarded. The conditions certainly emphasize the importance of carefully following the constant recommendations of the Public Health Notice not to consume water which has not been boiled or filtered through a germ-proof filter. Only a very few of the domestic filters advertised as germ-proof are, when put to the test, genuinely germ-proof; and, even where such is the case, the candle of the filter wants weekly cleaning and boiling and the washers examined for soundness. Boiling the water is the safer method. The flat taste of boiled water can generally be removed by aeration when cold by thoroughly shaking the closed water bottle.

During the nineteenth century the importance of water in spreading Typhoid fevers, Bacillary Dysentery, Cholera and other diseases was exaggerated. The application of more scientific methods to the study of pathogenic organisms and water purification has shown that while the water supply is a factor of great importance, it is not as important as was once supposed. As a matter of fact most pathogenic organisms cannot long survive in water, and this emphasizes the importance, apart from filtration, of providing large storage reservoirs in waterworks. Water-borne outbreaks of disease are usually explosive in character and are frequently of short duration. Large storage reservoirs are a very important factor in restraining and preventing such outbreaks. It may also be pointed out that in China the universal use of nightsoil as a manure tends largely to maintain the pathogenic purity of the rivers but at the same time greatly increases the danger of conveyance of disease by market garden produce. Hence the special need of following the recommendations of the Public Health Notice as regards such foods.

## Report of the Commissioner of Public Works for January.

Frosty weather again caused some delay in outside work particularly in work entailing the use of concrete. Several of the larger drainage works have been hindered as the frost has interfered with the manufacture of concrete tubes at the Depôt. Low water in the creeks up country has interrupted the supply of road and building materials as the larger boats have been unable to come down.

The demolition of the concrete bridge at Peking Road is well advanced. This work has to proceed cautiously as there are a number of mains and cables to be dealt with. The removal of this bridge will make it possible to lower the road at this point and permit of the elimination of an awkward "hump" in the tramway track.

*Roads.*—The widening of Bubbling Well Road East of Siccawei Road is completed with the exception of a small area near the corner of Siccawei Road. This is held up on account of a shortage of spalls as also is the relaying of the tramway track along the centre of the road.

The widening of Bubbling Well Road west of Ferry Road is practically completed on the north side. The widening on the south side cannot be effected until the brick boundary wall has been set back to the new line.

The ballasting and metalling of a 12 ft. strip of Tsitsihar Road north of Ward Road has been completed.

*Bundings.*—The concrete bunding in West Soochow Road east of Cadastral Lot 731 W. has been

Digitized by Google Original from CORNELL UNIVERSITY

completed and the roadway is being made up.

*Drainage.*—The foundation of the Defence Creek culvert has been completed throughout. Pipes have been laid as far as Amoy Road and for a distance of 250 feet south of the Soochow Creek.

The construction of the 3-ft. diam. culvert in Ichang Road west of Gordon Road has been completed.

The culverting of the Singkeipang from Singkeipang Road to Dent Road has been completed with the exception of the section replacing Chaoufoong Road bridge.

12-in. diam. sewers have been laid as follows:—

Penang Road east of Gordon Road.
Kirin Road east of Thorburn Road.
Whashing Road north and south of Rangoon Road.

*Jetties and Pontoons.*—The P. & O. jetty has been reconstructed in connexion with the Bund reclamation scheme, and similar work is in hand on the Peking Road jetty and the jetty opposite the Telegraph building.

A reinforced concrete jetty has been constructed in Dixwell Road north of Broadway East.

MUNICIPAL PROPERTIES.

*General.*

*Administration Building.*—The external heating trench is about half finished. The floor battens and concrete filling on the second floor are completed. Another consignment of window casements for the third floor arrived during the month.

*Fire Brigade.*

*Yangtszepoo Fire Station.*—The walls are now nearly up to the level of the first floor and the erection of the falsework for this floor will shortly be commenced.

*Hongkew Fire Station Workshops.*—The concreting of the roof has been completed.

*Electricity Department.*

*Woochang Road Substation.*—All reinforced concrete work has been completed.

*Tonquin Road Substation.*—Work on the construction of this building is suspended awaiting a decision as to extension.

*Administration Building Substation.*—Reinforcement is in place for the first floor.

*Riverside Power Station.*—Progress with the pile driving and foundations has been rather slow owing to obstruction encountered in the nature of pipes, cables and old foundations. All piles are driven excepting for the footings on the west side.

*Pingchiao Quarry.*—551.75 fong of material was despatched to the Public Works Department during the month.

*Cleansing and Watering.*

Road sweepings collected 4,810 cartloads
Used for raising land 640 ,,
Water used for street watering 2,268,800 gallons.

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,170 |
| Artisans | 293 |
| Foremen | 211 |
| Mafoos | 155 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 3,566 pieces |

*Work Shelters.*—There were 48 admissions during the month and 120 bundles of wood chopped.

*Survey Work.*

## Mixed Court Report for January.

In connexion with the refusal to pay Municipal Taxes for the current quarter, thirty-three summonses were issued by the Court. In two cases payment of taxes was made before service of summons. Judgment was given against the remainder for the amounts claimed plus Court costs. In twenty-five cases it was necessary to issue warrants of execution. In only six cases was it necessary to seize goods and have the same sold by public auction.

There were twenty-nine persons charged with burglary during the month as against fifteen in December 1919.

Twenty-four foreign civil petitions were filed during the month.

With the approach of the Chinese New Year the number of Chinese Civil claims filed rose to ninety-five. The number of cases awaiting a first hearing at the end of the month rose from sixty-three to eighty-three.

Messrs. A. D. Blackburn, P. Grant Jones, J. E. Jacobs and R. P. Tenney have been appointed by the Consular Body as Assessors to sit in Chinese Civil Cases for the year 1920.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

M. O. SPRINGFIELD,
*Registrar.*

Countersigned,
A. HILTON-JOHNSON,
Acting Commissioner of Police.

## MUNICIPAL NOTIFICATION

**No. 2647.**

**7 PER CENT. LOAN, 1919.**

**Price of Issue until further notice 95 per cent.**

UNDER the authority of Resolution V passed at the Annual Meeting of Ratepayers on April 9, 1919, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1919.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 95 per cent. until further notice and will be redeemed on December 31, 1929.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

By order,

E. S. B. ROWE,
*Assistant Secretary.*

Council Room,
Shanghai, August 28, 1919.

## MUNICIPAL NOTIFICATION

**No. 2655.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

The first interest period will be from September 5, 1919, to March 5, 1920, during which interest at the rate of six per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 16, 1919.

**Fire Brigade Report for January.**

The total number of calls to fires, or supposed fires, during the month was 53, as against 18 for the corresponding month last year. This month constituted a record for the number of calls—53, the previous record being 50 in January, 1918. The damage on assessed property, within the Settlement, is estimated at Tls. 20,500 (Foreign Tls. 2,450: Chinese Tls. 18,050) as against Tls. 49,525 (Foreign Tls. 40,175: Chinese Tls. 9,350) during January, 1919. The property at risk is estimated at Tls. 643,000 (Foreign Tls. 380,000: Chinese Tls. 263,000) as against Tls. 196,500 (Foreign Tls. 134,000: Chinese Tls. 62,500) for the corresponding period last year.

The calls were received as follows: —Watch Towers 20: Telephones 19: Police 11: Street Alarms 2: and French Brigade 1.

The district call was given on 17 occasions, the remaining 36 being station calls. These calls proved to be 26 small fires, 1 chimney fire, 9 false alarms, and 17 fires outside the Settlement.

The supposed causes of the fires within the Settlement are as follows:—Dropped match or cigarette end 3: Sparks, or embers from stove, stove pipe or chimney 6: Candle or charcoal warmer in contact with bedding 3: Firecrackers 2: Fat falling into stove 1: Defective flue 2: Fusing of, or sparks from, electric light wires 2: Candle in contact with bunting 1: Lamp upset or in contact with curtain 1: Portable cooking stove too close to door 1: Stove overheated 1: Unknown 3:

The premises affected were:—

| | |
|---|---|
| Foreign buildings | 2 |
| Chinese buildings | 37 |

Of these one building was destroyed, and 38 more or less damaged by smoke, fire and water.

The water used at fires during the month was 243,650 gallons.

The Brigade was occupied 494 hours and 35 minutes at fires, or supposed fires.

The year opened with a very difficult month, as apart from the record number of calls, and the usual trouble of frozen hydrants, there was a shortage of water, which is stated to be due to the difficulty of filtration, caused by the lowness of water in the river. Also there was at times a

Digitized by Google Original from CORNELL UNIVERSITY

very high wind, and it is a matter of satisfaction that the fire loss was so low. The ratio with the property at risk was but 3 per cent. A large number of calls were received for fires outside the Settlement: assistance was rendered at six of these.

*January 3, XG726 North Chekiang Road.*—A number of shops were alight, and the fire was difficult to check owing to it having entered a terrace of two-storey buildings at the back, which contained a good deal of lath and plaster work

*January 7, Chinese City.*—The Brigade in conjunction with the French Concession Brigade, rendered valuable assistance at a fire on the City side of the Boulevard de la Republic, near the old North Gate.

*January 8, E234/5 Shanse Road.*—This outbreak was fortunately quickly checked, as it was right against the back premises of No. P128 Nanking Road, a very large Silk Hong.

*January 8, Woosung Road Extension, Chapei.*—Assistance was rendered to the Chapei Brigade when a large number of dwellings were in flames. This fire was practically extinguished by the Settlement Brigade.

*January 12, Lih Teh Oil Mills, Outside.*—The Brigade by quick response, although having to pump across the creek, and work along the back of the mill, just prevented the flames from reaching a quantity of burning grease. A very large matshed containing over 1,000 barrels of oil, grease, etc., was destroyed.

*January 12, Chapei.*—When the Cervis Brush Factory, just the other side of the Markham Road Bridge was in flames. There was a stiff northerly gale at the time; the building contained a very large quantity of celluloid, and at times the flames were blown right across the roadway, and beyond the banks of the creek. The premises, although possessing fairly solid walls, had wooden floors, light wood partitions, etc. This fire burnt with great fierceness, and the Brigade had the hardest task of the month to confine the fire to the factory, and prevent it from involving property this side of the creek.

A regrettable number of lives were lost, and the fire provides a useful lesson as to the design and supervision that is required to ensure the safety of the inmates of buildings of the factory type.

*January 14, O228/9 Kiukiang Road.*—This had the makings of a very serious fire, three corner shops being alight at the time of arrival of the Brigade. Hydrants were frozen, water was short, and high tension overhead wires were down, from which several of the men received serious shocks. Although working under these disadvantages, the fire, as soon as water was obtainable, was speedily surrounded and comparatively little damage was done.

*January 14, G602 Fokien Road.*—Whilst waiting for the hydrants to be thawed, the Brigade removed practically all the goods on the ground floor, consisting of valuable furs, etc., to a place of safety. The contents were insured for Tls. 15,000, but the actual loss was under Tls. 3,000.

*January 17, Urga Road, Chapei.*—The adjoining premises to those affected by fire on October 25, 1919, were well alight, and a number of small cotton godowns at the back. Although this building is in Chapei, the outbreak was practically extinguished by the Settlement Brigade.

*January 18, Pootung.*—A large number of shops, etc., on the centre street of the La Nee Duh Village were in flames. This fire was also practically extinguished by the Settlement Brigade.

*January 22, B318/9 Sinza Road.*—Again at this fire by salvage operations, practically the whole of the goods on the ground floor were saved almost undamaged.

*January 24, Hou Sung Cotton Mill.*—The fire was in the mixing bins, and a good deal of fire damage could have been prevented had the mill people carried out instructions to instal interior hydrants.

*January 27, Chapei.*—When the San Yah Silk Filature was destroyed. The fire was such a serious one that the Brigade again laid on across the creek, and were just in time to save the Tuck Sz Fook Filature, which was right against the burning building, and a portion had just caught on fire.

### Fire Brigade.

Paragraph 13 of the Fire Brigade Report for January, published in the Gazette of February 26, should read as follows:—

"*Lih Teh Oil Mills.*—The Brigade, by quick response, although having to pump across the creek and work along the back of the mill, prevented the flames from a mass of burning grease from reaching and destroying a large matshed containing over 1,000 barrels of oil."

### Fire Brigade Report for February.

The total number of calls to fires, or supposed fires, during the month was 29, as against 12 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 10,025 (Foreign Tls. 125: Chinese Tls. 9,900) as against Tls. 20,650 (Foreign Tls. 20,050: Chinese Tls. 600) during February 1919. The property at risk is estimated at Tls. 612,500 (Foreign Tls. 437,500: Chinese Tls. 175,000) as against Tls. 361,000 (Foreign Tls. 325,000: Chinese Tls. 36,000) for the corresponding period last year.

The calls were received as follows:—Telephones 15: Watch Towers 8: and Police 6. The District call was given on 4 occasions the remaining 25 being station calls. These calls proved to be 25 small fires, and 4 fires outside the Settlement.

The main supposed causes of fires within the Settlement are as follows:—Dropped match or cigarette end 2: Firecrackers 3: Unknown 2: Incendiarism 2. The premises affected were:—Foreign Buildings 3 and Chinese Buildings 10. Of these 1 matshed was destroyed, and 12 houses, etc., affected by fire, smoke and water.

The Brigade was occupied 197 hours and 5 minutes at fires, or supposed fires.

In reference to the losses Foreign and Chinese, such refer to fires that occur in buildings erected under the Building Rules with

respect to Foreign and Chinese buildings respectively, irrespective of occupancy.

Further difficulty was experienced with the water supply, in fact at times during the month the situation could only be described as serious.

Every precaution was taken as far as the Brigade was concerned, and fortunately nothing untoward occurred. Machines and men were kept specially on the alert, and other arrangements made. By effecting some remarkably good stops, fires were so quickly checked that the loss was exceedingly low.

One of the fires, a large silver shop, drew attention to the necessity of periodical inspection of the fire appliances by this Department, for although the hydrants were fitted with the standard instantaneous outlets, some of the hose had couplings of the screw type, thus not being interchangeable, and a good deal of confusion was caused when the inmates tried to use the appliances prior to the arrival of the Brigade.

In a large building a flue pipe from a closed stove had been run into the space at the back of the corble, bearing a large joist, evidently this space was taken for a flue, and the joist naturally caught fire.

In another building a flue opening had been covered by paper, and a residue of soot becoming ignited naturally set fire to the paper, and had the outbreak occurred at night, the consequences might have been serious.

These two outbreaks occurred in buildings of Chinese occupation, the former in large offices, and the latter in an educational store.

One of the outbreaks attended by the Brigade was of rather an unusual character, namely on board the Italian Submarine Chaser No. M.A.S. 226, lying alongside the Rowing Club pontoon. There was a small fire, and the crew fearing an explosion made a number of holes in the hull. The Brigade by salvage work with one motor pump, working from the road, and the Fire Float alongside, saved the Submarine Chaser from sinking, and after pumping out and plugging the holes, the Brigade Float towed it to the Old Dock.

**MOTOR FREIGHT VEHICLES AND FREIGHT TRAILERS.**

THE Public is hereby notified that on and after April 1, all owners of Motor Freight Vehicles and Freight Trailers will be required to take out a special licence under Bye-law XXXIV.

The licence conditions are as follows:—

MOTOR FREIGHT VEHICLES.

(Including Freight Vehicles propelled by steam or electricity or by internal combustion engines.)

CONDITIONS.

1. That unless with the consent of the Council this licence be not transferable to any other person and refers only to the vehicle in respect of which it is issued, which vehicle is described in the application made for this licence.
2. That the licensee and the man in charge of the vehicle conform to all Police regulations in force for the time being.

Digitized by Google Original from CORNELL UNIVERSITY

3. That each wheel of the vehicle be fitted with tyres made of rubber or other soft or elastic material to be approved by the Council.
4. That the chassis weight, the body weight allowance, the maximum freight capacity authorized by the makers and the gross weight of the vehicle be shown on a plate affixed in a conspicuous position on the vehicle and remain at all times legible and undefaced.
5. That the over-all length of the vehicle including the body or other structure be not more than 24 feet; and that the over-all width including the body or other structure be not more than 7 feet 6 inches.
6. That the over-hang of the vehicle be not more than one-fourth of its over-all length and be measured from the centre of the rear axle to the rear of the frame or body or other structure built upon the chassis.
7. That the number of the licence be exhibited in a conspicuous position at the back of the vehicle; that the figures be 3½ inches high and in all parts ⅝ of one inch broad; that the width of the space occupied by each figure, except the figure 1 be 2½ inches, that the space between adjoining figures be ½ of one inch; that such number be white on a black background and remain at all times legible and undefaced and that such number be used only on the vehicle in respect of which the licence is issued.
8. That between sunset and sunrise the vehicle carry two lighted lamps in front, one on each side, so constructed and placed as to exhibit a white light visible within a reasonable distance in front and a lighted tail lamp showing a red light behind and a white light to the left so placed as to render the number of the licence clearly visible within a reasonable distance, that such tail lamp be kept free from mud oil or other material which may tend to obscure the light therefrom; that where head-lights only are carried in front, they be provided with a suitable means of reducing the power of the light; that within the area east of Carter Road and west of Muirhead Road the use of head-lights be permitted only when their full power is suitably reduced; and that these and other lamps carried be subject to approval by the Council.
9. That no load be carried by the vehicle which will result in a greater wheel load than that indicated by the following table:—

| Diameter of Wheel | Maximum of load per inch width of tyre |
|---|---|
| 2′0″ | 600 lbs. |
| 2′6″ | 670 ,, |
| 2′9″ | 710 ,, |
| 3′0″ | 750 ,, |
| 3′3″ | 780 ,, |
| 3′6″ | 810 ,, |
| 3′9″ | 840 ,, |
| 4′0″ | 870 ,, |

10. That the vehicle carry an instrument, other than a bell or gong, capable of giving audible and sufficient warning of approach or position, and that such instrument be subject to approval by the Council.
11. That the vehicle be fitted with efficient splash guards.
12. That proper precautions be taken to prevent exhaust pipes discharging in such a manner as to cause annoyance to the public.
13. That the speed of the vehicle be adjusted to the traffic, more especially at street crossings or corners, at sharp curves and in narrow roads and that, when its gross weight exceeds 7,000 lbs., the speed be not in excess of 12 miles per hour or, if drawing a trailer, 9 miles per hour.
14. That the driver be provided with a permit to be given him after examination by a Board to be appointed by the Council.
15. That the driver produce the licence and his own permit when called upon to do so by the Police.
16. That the licensee be responsible for any damage done through the negligence of the man in charge of the vehicle.
17. That only one trailer be drawn by the vehicle at any one time, that its maximum freight capacity be not in excess of that of the vehicle, and that it be duly licensed.
18. That no gratuities of any kind be paid any employe of the Council.
19. That on a breach of any of its conditions the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

SECURITY.

At the discretion of the Council.

FEES.*

### Sewage Disposal.

Further report by the Commissioner of Public Works in continuation of that published in the Gazette of December 25, 1919.

Shanghai, February 24, 1920.

In continuation of my report of November 22, 1919 I recommend that the sewage of the eastern portion of the Central District be treated on the plot of land belonging to the Council at the north-east corner of the Rifle Range.

I now propose to comply with the Council's instructions to me to proceed to Singapore and Rangoon probably meeting Professor Fowler at Bangalore.

It will be remembered that I was to go into the question of high water pressure supply at Singapore; their main drainage and system of sewage disposal is also of importance.

Rangoon is probably the only other place in the world which is faced with the same problem as we have in Shanghai and the "Ejector System" in operation there is probably the best criterion as to what should or should not be adopted in Shanghai.

The question of converting native latrines from the pail system to the water flushed system, a point on which Professor Fowler laid great emphasis can only be investigated in India.

The urgency of the Sewage question and Water Supply is becoming more and more apparent as time goes on.

C. H. GODFREY,
*Commissioner of Public Works.*

The Commissioner of Public Works has left for Singapore and Rangoon.

*Burglaries.*—It is necessary again to call attention to the precautions advised in last month's police report and in the press in regard to the fastening of verandah windows and shutters. In almost all cases of burglary entry is effected in the manner described therein, and a recently captured burglar has impressed upon the police the fact that unless the windows and shutters are secured in some way in addition to the ordinary top and bottom bolts, entry presents little difficulty to an experienced man.

On the early morning of February 28 a burglar was caught in the British Consular Compound by Mr. A. D. Blackburn, British Assessor at the Mixed Court, and handed over to the Police. On being finger-printed he was found to be the person responsible for 6 recent cases of burglary in the Settlement.

*Stolen Property.*—During the month 315 reports of stolen property were received by the police. These included 41 cases of burglary, 19 of house-breaking, 1 of shop-breaking and 3 of godown breaking. In 104 of these cases investigation was made with successful results.

*Robberies.*—During the month the police received 4 reports of armed robbery from dwelling houses, 1 of attempted armed robbery from a dwelling house, 8 of armed highway robberies and 5 of highway robberies in which no arms were used.

*Executions.*—Nine persons convicted of armed robbery in the Settlement were executed at Loongwha in the presence of a representative of the Municipal Police during the month.

*Bomb Explosions.*—A bomb exploded on a balcony of the "New World" on the evening of February 20. Another bomb explosion took place outside a dwelling house in an alley off Nanking Road on February 22. In neither case was anyone injured or serious damage done.

*Counterfeit Money.*—During the month 2 men were arrested for uttering spurious 20-cent pieces and were sentenced to 1 year and 3 months' imprisonment respectively. Another man was arrested on a charge of uttering forged rupee notes and was sentenced to 18 months' imprisonment.

*Violent Deaths.*—A quarrel which terminated fatally took place on Manila Road on February 7, the victim dying from injuries inflicted with a chopper in the hands of a burglar from whom he was attempting to extort hush money.

Digitized by Google Original from CORNELL UNIVERSITY

On February 5, as the result of a trivial quarrel, a coolie was injured on the Old Ningpo Wharf and subsequently died in hospital. His assailant was arrested and sentenced to 10 years' imprisonment.

On February 13 a Chinese died in hospital from wounds inflicted on him the day before by a number of men outside a teashop in Taku Road. Three of the latter were arrested by the police.

On February 4 a burglar against whom there were 3 previous convictions was found in a house in East Yuhang Road by 2 of the inmates who handled him so severely that he died on the way to the police station. The persons responsible were formally charged before the Mixed Court and were released.

*Crime Outside Settlement Limits.*—Two cases of murder and 13 of robbery and piracy were reported during the month in the immediate neighbourhood of the Settlement.

*Strikes.*—500 workers employed in the Carding Room of the San Sing Cotton Mill, 87 Yangtszepoo Road, struck work on February 25 as a protest against the summary discharge of one of their number. 100 of the strikers resumed work on February 27 while the remainder were still out at the end of the month.

*German Prisoners of War.*—More than 800 German prisoners of War, who have been interned in Japan for some years, passed through Shanghai on February 2 en route for Germany.

*Political.*—An association called the People's Society was organized early in February to strengthen the Anti-Japanese boycott and the popular opposition to direct negotiations with Japan on the Shantung question. This society seems to be an offshoot of the National Organizations' Union of China and has its offices in the headquarters of that Union at Nos. 15 and 16 Yong Loh Lee (永樂里) off Rue Kraetzer, in the French Settlement. Following its formation it convened a series of meetings, the most important of which took place in the Public Recreation Ground, near St. Catherine's Bridge, on February 9, and was attended by over 6,000 people. The Chairman of the Students' Union presided. He and other speakers addressed the meeting concerning the arrest of students in Tientsin, the 21 demands of Japan, the Shantung question and the Foochow incident. They urged their hearers not to recognize the Peking government and to insist on the dismissal and punishment of the Civil Governor of Chihli and the Chief of the Tientsin Police. A petition embodying these demands was drawn up, and a small deputation followed by a large crowd proceeded to Loongwha for the purpose of presenting it to the Acting Military Governor. On the way the procession was stopped by a body of troops drawn up across the road, but the deputation was allowed to proceed. The Acting Military Governor being officially absent at Hangchow the petition was handed to one of his subordinates; and after considerable parley of a somewhat heated nature, the deputation eventually withdrew. Similar petitions were also presented to the Commissioner for Foreign Affairs and to the Shanghai Taoyin.

To further emphasise the demands of the meeting efforts were made to persuade the shopkeepers in the City to suspend business on February 10. For this purpose a large procession to start from the Public Recreation Ground was arranged for the afternoon of that day. The movement was not successful, however; and it was obvious, possibly owing to the imminence of the New Year, that the bulk of the people were not particularly interested.

The Amalgamated Association of Street Unions began during the month to foster an agitation against the licensing of tobacco and exchange shops in the Settlement, but a summons to these shop owners to meet at its headquarters on February 15 met with such a poor response that the idea was eventually abandoned. The Association is now apparently giving its attention to the compilation of a list of persons entitled to vote under a proposed revision of the bye-laws which it compiled and circulated last November.

Political events in Siberia have brought into prominence locally the activities of Russian Socialists. Meetings organized by leaders of this group were held in the Russian Employment Bureau on the premises of the American Naval Y. M. C. A. on Avenue Edward VII on February 8 and 15. About 150 persons were present on each occasion. Opposition to the present Diplomatic and Consular representatives of Russia in China was voiced at both meetings and the advisability of exercising supervision over the Russo-Asiatic Bank was also discussed. A Committee of seven to attend to these matters and to devise means to bring about friendly relations between Chinese democratic organizations and the new government in Siberia was selected. The 2 most prominent members of that Committee have since left Shanghai for Vladivostock. Articles appearing in the "Shanghai Life," a local Russian newspaper, indicate that these political agitators have its support.

Considerable activity was noticeable in labour circles during the month. The drafting of rules for the Chinese Labourers' Union, which will be an affiliation of the principal trade unions in Shanghai, was continued and two new societies were formed. One of the latter is called The Ship and Godown Workers' Union, and it is worthy of note that at a meeting of its members held in No. Y.1746 North Szechuen Road on February 29 the principal speaker was a Russian Communist.

*Identification Office.*—During the month 424 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 144 were identified as having a previous conviction or convictions. In addition to the above 162 records were received from the French Police out of which number 60 were identified in the records of this office, making the total for the month:—

## Health Officer's Report for February.

During February the sub-epidemic incidence of Influenza, which has been present since November, continued; and there was an increase in the number of deaths returned as Pneumonia.

Since the epidemic of Cerebrospinal fever in Hongkong early in 1918 cases have occurred in Shanghai in small numbers during the late winter months. Previous to 1918 cases were reported in the Yangtsze valley from time to time, but no such epidemic as occurred in Hongkong is known to have been previously described in China.

Smallpox continued absent, but this should not be a reason for neglecting vaccination. It is indeed due to past attention to vaccination that the present immunity is due. Free vaccination was stopped at the Branch Health Offices during the inclement weather; to be resumed after the Chinese New Year when the coming of spring always brings crowds of babies for vaccination.

The water supply continued turbid but towards the end of the month showed a return to its normal purity. The incidence of the Typhoid fevers, which is usually an index to the prevalence of water-borne disease, showed no sign of exceptional increase.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

Organisms of the coli group were present in quantities of 1.5 c.cs. and upwards of the water.

Report on Analysis.—The chlorine content, which during January had been marked owing to sea-water admixture due to lowness of the rivers, fell to normal on February 7 after 7 days rain. The water continued turbid during the month, the suspended matter being fine enough to pass through filter paper. The quantity of suspended matter is given in this report for the first time. The water is organically purer and the bacterial content very considerably reduced.

## MUNICIPAL NOTIFICATION

**No. 2685.**

**MOTOR FREIGHT VEHICLES AND FREIGHT TRAILERS.**

THE Public is hereby notified that on and after April 1, all owners of Motor Freight Vehicles and Freight Trailers will be required to take out a special licence under Bye-law XXXIV.

The licence conditions are as follows:—

MOTOR FREIGHT VEHICLES.
(Including Freight Vehicles propelled by steam or electricity or by internal combustion engines.)

CONDITIONS.

1. That unless with the consent of the Council this licence be not transferable to any other person and refers only to the vehicle in respect of which it is issued, which vehicle is described in the application made for this licence.
2. That the licensee and the man in charge of the vehicle conform to all Police regulations in force for the time being.
3. That each wheel of the vehicle be fitted with tyres made of rubber or other soft or elastic material to be approved by the Council.
4. That the chassis weight, the body weight allowance, the maximum freight capacity authorized by the makers and the gross weight of the vehicle be shown on a plate affixed in a conspicuous position on the vehicle and remain at all times legible and undefaced.
5. That the over-all length of the vehicle including the body or other structure be not more than 24 feet; and that the over-all width including the body or other structure be not more than 7 feet 6 inches.
6. That the over-hang of the vehicle be not more than one-fourth of its over-all length and be measured from the centre of the rear axle to the rear of the frame or body or other structure built upon the chassis.
7. That the number of the licence be exhibited in a conspicuous position at the back of the vehicle; that the figures be 3½ inches high and in all parts ⅝ of one inch broad; that the width of the space occupied by each figure, except the figure 1 be 2½ inches, that the space between adjoining figures be ½ of one inch; that such number be white on a black background and remain at all times legible and undefaced and that such number be used only on the vehicle in respect of which the licence is issued.
8. That between sunset and sunrise the vehicle carry two lighted lamps in front, one on each side, so constructed and placed as to exhibit a white light visible within a reasonable distance in front and a lighted tail lamp showing a red light behind and a white light to the left so placed as to render the number of the licence clearly visible within a reasonable distance, that such tail lamp be kept free from mud oil or other material which may tend to obscure the light therefrom; that where head-lights only are carried in front, they be provided with a suitable means of reducing the power of the light; that within the area east of Carter Road and west of Muirhead Road the use of head-lights be permitted only when their full power is suitably reduced: and that these and other lamps carried be subject to approval by the Council.
9. That no load be carried by the vehicle which will result in a greater wheel load than that indicated by the following table:—

| Diameter of Wheel | Maximum of load per inch width of tyre |
|---|---|
| 2′0″ | 600 lbs. |
| 2′6″ | 670 ,, |

10. That the vehicle carry an instrument, other than a bell or gong, capable of giving audible and sufficient warning of approach or position, and that such instrument be subject to approval by the Council.
11. That the vehicle be fitted with efficient splash guards.
12. That proper precautions be taken to prevent exhaust pipes discharging in such a manner as to cause annoyance to the public.
13. That the speed of the vehicle be adjusted to the traffic, more especially at street crossings or corners, at sharp curves and in narrow roads and that, when its gross weight exceeds 7,000 lbs., the speed be not in excess of 12 miles per hour or, if drawing a trailer, 9 miles per hour.
14. That the driver be provided with a permit to be given him after examination by a Board to be appointed by the Council.
15. That the driver produce the licence and his own permit when called upon to do so by the Police.
16. That the licensee be responsible for any damage done through the negligence of the man in charge of the vehicle.
17. That only one trailer be drawn by the vehicle at any one time, that its maximum freight capacity be not in excess of that of the vehicle, and that it be duly licensed.
18. That no gratuities of any kind be paid any employe of the Council.
19. That on a breach of any of its conditions the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

SECURITY.

At the discretion of the Council.

## FREIGHT TRAILERS.

CONDITIONS.

1. That unless with the consent of the Council this licence be not transferable to any other person and refers only to the trailer in respect of which it is issued, which trailer is described in the application made for this licence.
2. That the trailer shall at all times carry a man-in-charge who shall ride thereon.
3. That the licensee and the man in charge of the trailer conform to all Police regulations in force for the time being.
4. That each wheel of the trailer be fitted with tyres made of rubber or other soft or elastic material to be approved by the Council.
5. That, the chassis weight, the body weight allowance, the maximum freight capacity authorized by the makers and the gross weight of the trailer be shown on a plate affixed in a conspicuous position on the trailer and remain at all times legible and undefaced.
6. That the over-all length of the trailer including the body or other structure be not more than 20 feet; and that the over-all width including the body or other structure be not more than that of the vehicle by which it is drawn.
7. That the over-hang of the trailer be not more than one-fourth of its over-all length and be measured from the centre of the rear axle to the rear of the frame or body or other structure built upon the chassis.
8. That the number of the licence be exhibited in a conspicuous position at the back of the trailer, that the figures be 3½ inches high and in all parts ⅛ of one inch broad; that the width of the space occupied by each figure, except the figure 1, be 2½ inches; that the space between adjoining figures be ½ of one inch; that such number be white on a black background and remain at all times legible and undefaced; and that such number be used only on the trailer in respect of which the licence is issued.
9. That between sunset and sunrise the trailer carry two lighted tail lamps placed one above the other at the right-hand side of the trailer showing red lights behind and white lights to the left so placed as to render the number of the licence clearly visible within a reasonable distance, that such tail lamps be kept free from mud, oil or other material which may tend to obscure the light therefrom
10. That the maximum freight capacity of the trailer be not more than that of the vehicle by which it is drawn.
11. That no load be carried by the trailer which will result in a greater wheel load than that indicated by the following table:—

| Diameter of Wheel | Maximum of load per inch width of tyre |
|---|---|

### Motor Freight Vehicles and Freight Trailers.

Correspondence with the French Municipal Council on the subject of the proposed licence conditions for these vehicles:—

*Translation of letter from The Secretary of the French Municipal Council, dated November 28, 1919.*

SIR,—I am directed to inform you that at its last meeting, the French Council considered it a good opportunity to carry out certain changes in the taxes levied on various classes of vehicles.

1. *Vehicles for Hire.*—The French Council proposes that the tax levied upon hired automobiles should be raised from Tls. 8 to Tls. 10 per quarter.

2. *Vehicles for Commercial Use.*—Motor trucks and delivery wagons and motor delivery cycles circulate with only one licence valid for both Concessions.

The Municipal Council issues about 70 licenses per quarter for vehicles of this kind, but the French Council only issues two.

Considering that these vehicles daily use the public roads of the French Concession and that they are also employed solely for commercial uses, the French Council considers that it would be equitable to impose a licence for each of the two Concessions, following the rule adopted for vehicles for hire.

The Council proposes to apply the following tariff:

Motor Trucks of at least 1 ton, Tls. 20 per quarter
Motor Trucks of less than 1 ton, Tls. 10 per quarter
Motor Trucks for delivery, or removal of at least 1 ton, Tls. 20 per quarter
Motor Trucks of less than 1 ton, Tls. 10 per quarter
Delivery wagons or removal vans drawn by animals from Tls. 3 to Tls. 5 per month
Delivery cycles (pedals), Tls. 0.50 per month
Delivery cycles (motor), Tls. 5 per quarter.

The reason and the opportunity for such a measure are too evident for there to exist in the mind of the French Council the least doubt as to its acceptance by the Municipal Council.

I am, etc.,
P. LEGENDRE,
*Secretary.*

The SECRETARY, Municipal Council.

*Translation of letter from the Chairman of the French Municipal Council, dated December 29, 1919.*

SIR,—I have the honour to inform you that at its meeting on December 22, the French Council considered the new regulations that the Municipal Council proposes to apply to motor vehicles such as waggons, trucks, etc.

As regards the paragraph at the end of this regulation, which implies that the licences pertaining to these vehicles will be equally available for the French Concession, the French Council can only confirm the decisions on this subject expressed in its letter of November 28, last, and it feels obliged to protest, as was agreed unanimously by the members at the meeting, that a decision of such importance and which so vitally concerns the Municipal Administration, should have been taken by the Municipal Council without previous consultation.

Original from CORNELL UNIVERSITY

The Council is, therefore, firmly resolved to maintain the right of the French Municipal Administration to impose on the vehicles in question a separate licence for the French Concession, and to collect a tax, commencing from April 1, 1920, on the basis indicated in its letter of November 28, before mentioned.

I am, etc.,

P. LE BRIS,

*Chairman.*

The CHAIRMAN, Municipal Council.

---

Council Room,

Shanghai, January 28, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of December 29, 1919, on the subject of the special licence conditions recently approved by the Council for application to motor freight vehicles and freight trailers, a corrected copy of which was forwarded to the Secretary of your Council on December 24.

It appears to the Council that your letter is based upon a misapprehension of the facts of the case. By mutual arrangement between the Council and your Council of some years' standing, residence has been the determining factor in the issue of motorcar licences and licences issued in this Settlement or in the French Settlement have been valid in the other, except only in the case of public passenger-carrying cars. No alteration in this procedure has been or is contemplated by the Council: on the other hand with the growth in the number of motor freight vehicles it appeared to the Council that the licence conditions that were originally designed for the needs of passenger-carrying motorcars were scarcely suited to motor freight vehicles. Careful consideration was, therefore, given to the question of what special conditions were required to meet the needs of the case, and eventually the conditions above referred to were passed by the Council, subject to reference to your Council for its views.

At the same time and in the view that motor transport is peculiarly suited to the traffic of the Settlement, since it relieves congestion and causes less wear and tear of roads proportionately than that caused by wheelbarrow and hand cart traffic, the tariff of licence fees was fixed on such a basis as will in fact, generally speaking, result in some reduction in the fees hitherto in force except in the case of public freight services where it was considered that the far greater use made of the roads rendered it reasonable to impose a tariff 50 per cent. in excess of that for those employed in private freight service.

The Council had practically concluded its deliberations on the matters herein referred to when your Secretary's letter of November 28 was received, making certain suggestions in regard to the licence fees and licensing procedure for public motorcars and for motor freight vehicles, and upon a consideration of these suggestions it appeared to the Council desirable that its Secretary should in the first instance call upon your Secretary and explain the position to him, requesting him to inform your Council of the view held by this Council that the existing procedure, under which residence is the determining factor in the issue of licences, is on the whole satisfactory, for although your Council may for the present be the loser in so far as motor freight vehicle licence fees are concerned yet in my colleagues' opinion it is distinctly the gainer in respect of passenger motorcar licence fees, since it has the upkeep of approximately forty-five miles of road only as contrasted with the hundred and thirty miles in this Settlement for which this Council is responsible.

As to the licence fees for motor freight trailers, I do not think that there are any in operation in the Settlement at the present moment, but with the growth of motor freight vehicles it appeared to the Council that trailers would soon be introduced and that it was, therefore, desirable that the conditions under which they should be licensed should be drawn up, and following the line taken in the case of motor freight vehicles the same procedure was not unnaturally provided for, viz., that the licence should be available in both Settlements.

In conclusion I have the honour to emphasize that there was never any intention on the Council's part that the new conditions should be enforced without their prior communication to your Council and to suggest that if you are unable to agree with the Council's views as herein expressed you should kindly delegate certain representatives to meet representatives of this Council, when I have no doubt that we could come to a mutually satisfactory arrangement.

I have the honour to be,

Sir,

Your obedient servant,

E. C. PEARCE,

*Chairman.*

P. LE BRIS, Esq.,

Chairman, French Municipal Council.

*Translation of letter from the Chairman of the French Municipal Council dated February 9, 1920.*

SIR,—I have the honour to acknowledge the receipt of your letter of January 28, last, on the subject of the new regulations for motor lorries and various trucks.

The French Council considered the matter at its last meeting on February 2, and regrets that it is unable to agree with the view of the Municipal Council.

However, in order to arrive at a satisfactory solution of the question, it has decided, in accordance with the suggestion that you have been kind enough to make, to delegate two of its members, Mr. Dard and Mr. Dyer and its Secretary, to meet with the representatives of the International Settlement.

I should be much obliged if you will let me know if Thursday, February 12, at 5.30 p.m., will suit you for this conference, which could be held either at the Municipal Council's Office or at those of the French Municipal Council, whichever is most convenient to you.

Shanghai, March 8, 1920.

Sir,—I am directed to inform you that the correspondence which has passed between the two Councils on the subject of the licensing of motor freight vehicles and freight trailers was submitted for consideration at the last meeting of this Council when the Chairman reported that it had been tentatively agreed at the conference between representatives of the two Councils on Thursday, February 26, that each Council should issue separate licences for motor freight vehicles, freight trailers and motor delivery tricycles. This agreement was unanimously confirmed and at the same time members directed that the licence fees set out in the formal set of licence conditions previously forwarded to you under Classes A and C for motor freight vehicles should be reduced to Tls. 14 and Tls. 24 respectively and for freight trailers to Tls. 10 and Tls. 17 respectively, such fees to come into force as from April 1 next, subject to their approval at the forthcoming Meeting of Ratepayers. I am directed to request your kind con-

**Road Extensions and Widenings.**

*Yuyuen Road.* — Arrangements have been concluded with the Shanghai Land Investment Co., Ld. for the acquisition of Mow 1.022 of land required from B. C. Lots 3680, 6144 and 6298 for the widening of this road at Tls. 3,000 per mow or a total sum of Tls. 3,066 for the area involved. Of this area Mow 0.422 will be used for the road widening and the balance, Mow 0.584 remains as Surplus Land for resale hereafter.

*Gordon Road.*—The following correspondence with Mr. E. S. Little is published for general information. With a view to improving and adapting this road to the increasing amount of traffic, the section of the road between Haiphong and Ichang Roads will be ballasted and metalled as soon as practicable:—

Shanghai, February 14, 1920.

SIR,—I desire to draw your attention to the deplorable condition of the Gordon Road from the Riding School to the Robison Road.

The traffic along this section of the road is constantly increasing and has already reached such a volume that it is most difficult to drive along it. Matters are made much worse by the fact that a strip is still mud. If this were metalled there would be a considerable improvement.

The carts and barrows also the ricshas very generally disregard the rule of the road because they refuse to be forced on to the mud road: they stick to the metalled part refusing to budge even to allow others to pass. I have frequently to break the rule of the road and get myself off on to the mud road in order to be able to pass at all.

I have not seen for a long time any horseman using the mud road consequently there is no need to maintain this section for horsemen.

Conditions would perhaps be somewhat improved if the policy were to patrol the section so as to regulate the traffic and compel all users of the road to obey the traffic regulations.

I trust the Council will take steps to improve the state of the road at an early date.

Yours sincerely,

EDWARD S. LITTLE.

The SECRETARY, Municipal Council.

Council Room,

Shanghai, March 5, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of February 14, 1920, relating to the condition of Gordon Road from the Riding School to Bubbling Well Road and, in reply thereto, I am directed to inform you that the Council will ballast and metal the whole of this road so soon as is practicable, having regard to other necessary work and provision of a sufficient supply of road material.

I am, Sir,

Your obedient servant,

E. S. B. ROWE,

*Assistant Secretary.*

E. S. LITTLE, Esq.

## Report of the Acting Commissioner of Public Works for February.

Great difficulty is being experienced in obtaining a sufficient supply of road materials from contractors, and many works are held up in consequence. Although the terms of the contract specify that in event of non-delivery by the contractor the Council may obtain materials from other sources and debit any additional cost to the contractor, it is usually found that other contractors are reluctant to supply, which points to the existence of a somewhat powerful "ring" formed for the mutual protection of contractors.

When opportunity offers it is intended to accumulate a reserve supply of all materials in order to obviate interruption of public works.

On the nights of February 1 and 2, a slight fall of snow occurred. The main roads had been swept clear by about 9 a.m. but it was not possible to get all the heaps removed until later in the day as it was more than the Public Works Department transport could cope with.

*Roads.*—The temporary traffic islands in Nanking Road and Bubbling Well Road for the accommodation of tramway passengers have, with slight modifications, been approved by the Police and they are now being made permanent.

The ballasting and metalling of a 12 ft. strip of Wuting Road has been completed west of Medhurst Road. A 12 inch diam. sewer has also been laid. A commencement has been made with the widening of Hungjao Road to 60 feet. At present work is in hand through the village west of Warren Road.

*Bundings.*—Although there was the usual interruption of work at Chinese New Year better progress has been made with the Bund reclamation.

Sixty feet of bunding has been completed to finished level and most of the wooden piles have been driven for the toe of the stone slope. This work can only be carried on at low water and progress is necessarily slow.

*Drainage.*—The remaining pipes of the Defence Creek culvert are being laid and the construction of a wooden bunding abutting on the Soochow Creek is in hand.

The culverting of the Singkeipang with 4-ft. 6-in. diam. tubes has been completed between Singkeipang Road and Dent Road. In connexion with this work the wooden bridge in Singkeipang Road and the concrete bridge in Chaoufoong Road have both been demolished.

### MUNICIPAL PROPERTIES.

*Administration Building.*—Further progress has been made with the electrical work, laying of floors and construction of heating trenches. Preparatory work in connexion with the heating apparatus has been commenced, and the contract for the cold water supply and sanitary installation has been let.

### FIRE BRIGADE.

*Yangtszepoo Fire Station.*—The ground floor concrete walls of the tower have been completed. The walls generally are now up to the level of the first floor and the erection of the falsework for the first floors has been commenced.

*Hongkew Fire Station Workshops.*—The internal plastering and laying of floors are being proceeded with.

### ELECTRICITY DEPARTMENT.

*Woochang Road Substation.*—This building is nearing completion, all centres having been removed.

*Administrative Building Substation.*—The concrete work for the first floor has been completed.

*Riverside Power Station—Office Building.*—The reinforcement and concrete work for the foundations on the east side have been completed.

*Public Works Department.*—A workshop and store shed with an office for the District Inspector has been completed at the Lay Road Depot.

*Pingchiao Quarry.*—1,709½ fong of material was despatched to the Public Works Department during the month.

*Cleansing and Watering.*

Road sweepings collected 3,925 cartloads
Used for raising land 508 „
Water used for street watering 1,444,200 gallons.

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 1,908 |
| Artisans | 228 |
| Foremen | 245 |
| Mafoos | 154 |

**Mixed Court Report for February.**

The Mixed Court was closed from February 20 to February 24 inclusive on account of the Chinese New Year Holidays. Three courts sat on the morning of February 25 and tried all police cases which had accumulated during the holidays. The majority of these cases were of a trivial nature.

The following foreigners who are not recognized by any Consulate in Shanghai were before the Court during the month on criminal charges :—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| H. B. Johnson | British | Drunk & disorderly | 3 months' impt. |
| Hanjin Din alias | Persian | Larceny | 2 months' impt. |
| Sain Baker Hersh Derman | Turkish | Embezzlement | Dismissed. |

During the month the Court tried :—

18 cases of burglary, as against 29 in Jaunary.

23 cases of cruelty to animals, as against 10 in January.

165 cases of larceny, as against 240 in January.

53 cases of gambling, as against 8 in January.

Before the Chinese New Year litigants rushed to file civil claims, no less than 60 petitions being filed from February 1 to 18. From February 25 to the end of the month only twelve petitions were filed.

The number of Chinese Civil Cases awaiting a first hearing at the end of the month was 57 as against 83 at the end of January.

Here follow returns of offences, Summonses and Warrants dealt with, Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

# VICE CONDITIONS IN SHANGHAI

## REPORT OF

## The Special Vice Committee

Shanghai, March 9, 1920.

SIR,—I have the honour to hand you herewith the unanimous report of the Committee appointed by the Council to inquire into Vice conditions in the Settlement.

I have the honour to be,
Sir,
Your obedient servant,
SKINNER TURNER,
*Chairman.*

The CHAIRMAN, Municipal Council.

At the Ratepayers' Meeting held in 1919 the following resolution was passed:—

"That the Shanghai Municipal Council be authorized to appoint a Special Committee to investigate vice conditions in the International Settlement; and that such Committee be empowered to collect evidence from the Municipal Departments and other sources and report and make recommendations thereon to the next Ratepayers' Meeting. That the said Special Committee be composed of nine persons, three to be nominated by the Council, three by the Shanghai Moral Welfare Committee and three others by the six nominated as aforesaid."

In accordance therewith a Special Committee was appointed: Messrs. A. Brooke Smith, T. Ibukiyama and Skinner Turner on the nomination of the Council; Mrs. Remer, Rev. F. Rawlinson, D.D., and Mr. L. E. Canning on the nomination of the Moral Welfare Committee. Mrs. Henman, Mr. W. D. McCallum and Mr. S. C. Lin were nominated by the first named six members. Mr. Skinner Turner was elected Chairman. The Committee so formed was fortunate enough to secure the services of Mr. P. Campbell as its Secretary. In December 1919 Mr. Ibukiyama died, to the great regret of his colleagues: and the vacancy was filled by the addition of Mr. W. P. Lambe on the nomination of the Council. In all, the Committee held twenty-two meetings and examined twenty-five witnesses in addition to obtaining evidence from the records of Shanghai and elsewhere. The assistance of the public was asked through the medium of the Gazette for suggestions and several replies were received. The various departments of the Council gave all the assistance that was asked and the same may, with some few exceptions, be said of the public. The views of representative Chinese were obtained through the medium of the Chinese General Chamber of Commerce.

The inquiries of the Committee were directed to the question of public prostitution in the Settlement: its extent and situation: to the existence and number of brothels and their control and to the prevalence of venereal disease and the provision for its cure, with the object of endeavouring to ascertain and recommend remedies to control and check the vice known to exist here.

Before turning to the facts as we have ascertained them, it is necessary to relate shortly the past history of this matter, as far as we have been able to learn it.

### *History.*

It is noteworthy that the original Land Regulations and Bye-laws contain no reference to brothels: they were therefore left to the ordinary operation of law enforced in the various Courts exercising jurisdiction in the Settlement. In 1871 it was estimated that there were 463 native houses with 1,612 native prostitutes in the Foreign Settlement north of the Yangkingpang Creek; with 250 houses and 2,600 prostitutes in the French Concession. (See Dr. Henderson's report published in 1871). The question of prostitution at that time was put forward by Dr. Henderson as one that demanded the serious consideration of those whose duty it was to guard the interests and care for the health of the foreign community of Shanghai. He, while recognizing the difficulties of the position, stated:—

"The greater number of these brothels exist for the use of natives only, and such ought to find no place in the foreign Settlement."

The next step that has come to our notice is the amendment of the Bye-laws in 1898. This was the outcome of the report of an influential Committee appointed by the Ratepayers in 1896 and a new Bye-law XXXIV (the present one) was then recommended and adopted. This Bye-law added the "brothel" to the list of those places that should be licensed; and we do not doubt that that recommendation was made after due thought and deliberation. But at that time no fee for a brothel licence was put forward and no attempt was made to enforce the Bye-law. In 1905 a strong Committee composed of businessmen, clergy, and missionaries sat to consider this question of prostitution in the Settlement and unanimously reported in favour of the strict carrying out of Bye-law XXXIV and, therefore, of licensing brothels. This recommendation was, however, turned down by the then Watch Committee as being, from a Police point of view, impracticable and in some directions not wholly desirable. It is interesting to note that the Chinese property owners at that time were not averse to licensing or to the limiting of the areas in which these establishments should be allowed. The fact remains that brothels never have been licensed; and as far as we know, no prosecutions have ever been instituted for the keeping of such a house without a licence. Bye-law XXXIV in this respect has been a dead letter, and no control by this means has ever been exercised over brothels.

But there is carried on now a work by the Council which in effect is the exercise of control over certain houses and their occupants. In 1877 a Lock Hospital was opened by the Council at the urgent request of the then British Admiral, for the sake of the sailors frequenting the port. The women, known as the Cantonese women, were registered and were medically examined once a week. A small fee for registration was charged and fines were inflicted for non-attendance, etc. It would appear that there is no legal sanction for the imposition of any such fine, but both fines and fees are still collected and the revenue from this head is about Tls. 2,590: while the expenditure is estimated at about Tls. 7,380. The work is now carried out at the Isolation Hospital and there are some 195 women on the roll. The card supplied to each woman contains her photograph (for purposes of identification) and is initialled whenever she is examined; but no certificate is given that she is free from disease. We do not doubt that these cards are used by the

women as advertisements in their trade. This work of the Council has been considerably challenged in times past and in 1877, 1879, 1888 and 1890 was under discussion at Ratepayers' meetings: in every case the action of the Council was endorsed by the Ratepayers.

In the last few years the matter of public prostitution has been pressed upon the Council by various Missionary and other bodies in Shanghai: and your Committee is the outcome of their efforts.

*Facts.*

Our inquiries show that there are at least 633 brothels with 4,575 inmates in the International Settlement. Of these there are 15 houses with 53 foreign women and 618 houses with 4,522 Chinese women. This can under existing conditions only be an estimate; and it cannot be a complete one for it takes no account of the "sly" prostitute, and we do not doubt that there are many such here. But it is a sufficiently alarming figure when the population (Chinese) of the Settlement is remembered to be about 665,000. This gives the enormous proportion of one prostitute to 147 of the population. Even taking the population of the greater Shanghai as 1,500,000, it means one in 332; and adding the registered prostitutes in the French Concession it means one in 300.

It is a striking fact that brothels are in fact to be found in certain localities only; thus 4,429 of 4,522 prostitutes (about 97 per cent.) are in Central, Louza and Hongkew Police Districts: in three only out of eleven such districts, while 64 per cent. are in Louza district alone. The Foreign Prostitutes are to be found in Central and Hongkew Districts. And we draw the inference from this that the problem of commercialized vice is not spread all over the Settlement. We are satisfied that while the condition of some streets in the Settlement has improved, the state of things in certain parts of the town is extremely bad: the main thoroughfares are probably better than heretofore, but in certain parts the side streets are very bad and the women are to be seen in groups either in the street or on their doorsteps and make no disguise as to their calling. There is no reason to think that the law, if strictly enforced, is not strong enough to check and control the evil of soliciting. It is stated that this street nuisance is infrequent in the French Concession amongst the inhabitants of the licensed houses, because a conviction may endanger the licence. The penalties usually inflicted on the prostitute for this offence of street walking are probably too small to have much deterrent effect on her or on the brothel keeper who pays the fine, and efforts should be made to take proceedings against the keepers of the brothels whence these women come. We do not doubt (though we have no actual proof) that brothel properties are rented higher than similar properties let for ordinary purposes. And the owners of such properties, therefore, cannot escape criticism in a matter like this: they take the higher money for the use of their property for this trade. And as nearly all the land in the Settlement is registered in foreign names, it follows that foreigners here are, actively or passively, assisting in a degrading trade which in some countries at all events is criminal. In England, for example, it is a criminal offence, and one which carries other consequences as well, for a landlord or his agent to let premises or any part thereof with the knowledge they are to be used as a brothel: and we find no less than 633 houses known as brothels in this Settlement. It is not long since an action for the rent of a brothel was brought by a foreign landlord in the Mixed Court: it was dismissed on the ground that such a letting was an immoral contract and therefore unenforceable at law: and again it is known that an order made by the Mixed Court closing a brothel was cancelled on the application of the registered owner, a foreigner, partly on the ground that the Mixed Court had no jurisdiction over the property inasmuch as it was registered in a foreign Consulate. These two cases show that there are foreign owners of property in the Settlement who must be fully aware of the nature of the business carried on in their houses.

*Policy.*

In considering the policy that should underlie any recommendations of ours, it is to be remembered that (according to the preamble of the Land Regulations) we are dealing with a place set apart by the Chinese Authorities for the residence of foreigners: and it is up to the foreigner to set a high standard in matters of morality. We find that brothels are strictly forbidden in the last Land Regulations for a British Concession (Tientsin) and we learn that they do not exist as such in the native city. They are illegal under Chinese law until licensed: they are licensed in the French Concession to the number of about 114. And we are unanimously of opinion that the right policy for the Council to adopt is one of elimination of the brothel from the Settlement. We do not believe that the prosperity of Shanghai depends on the brothel: though it may well be that the prosperity of the brothel depends on the prosperity of Shanghai. In considering the methods to be adopted in carrying out such a policy we have to remember the very large number of women engaged in the business, many of them entirely against their will and many of them because they know no better. In addition Shanghai has a very mixed population with very varying ideas of morality. It would seem to be out of the question to proceed immediately for the total suppression of this business in Shanghai. But we are unanimously of opinion that, instead of endeavouring to obtain new powers it is advisable to use the powers that already exist and to rigorously enforce them. We are informed by the Council's officials that this can be done and we therefore recommend that Bye-law XXXIV be strictly enforced, and that brothels be licensed with a view to elimination. These licenses should be issued every six months and should be subject to annual drawings, whereby they would all cease in five years. The first drawing should be made in October next, so that the first reduction would come into force in April 1921. The licences should pay a nominal fee of $1 each, and they should be limited in number to the houses known to exist as brothels on December 31, 1919. No licence should allow more than ten women in any one brothel, with the further limitation that no brothel is to have in it more women than were there on December 31, 1919. In addition to other necessary particulars the licence must contain the names of the inmates of the house and every change of occupant must be notified and entered on the licence. There must be the full right of entry by the Police and Health Departments to the licensed premises: and no sale of opium or intoxicants must be allowed therein. The usual consequences for breach of a condition will follow.

The register of licences to be kept by the Council should contain also the name of the registered owner of the land on which the brothel is situated: this register to be open to the inspection of any ratepayer. And, in order to obtain the co-operation of these registered landowners in the policy thus outlined, a formal notice should be sent to them as soon as practicable stating the use to which their property is being put.

Under no circumstances should any licence be issued for premises near schools.

A special warning should be given to each licence holder that solicitation is an offence punishable by law and that the conviction of any occupant of a licensed house of this offence will endanger the licence.

Every licensed brothel must keep exhibited in a conspicuous place the address of the nearest police station and of any other place where help may be obtained by a prostitute if required: also a statement that no woman can be detained in the brothel against her will: also the address where free medical assistance can be obtained and a warning of the dangers of neglecting such assistance.

It is necessary to say that in its deliberations and recommendations your Committee has made no difference between the foreign brothel and the native brothel: the same conditions should apply to all.

*Lock Hospital.*

The matter of the Cantonese women and their examination by the Council's medical officers has caused us much anxiety. We were informed that some good is done by this work and that some good is better than none, but the medical examination possible is not conclusive as to the absence of disease and the value of this examination is not very marked. It is most undesirable that the cards when marked by the medical officer should be

Digitized by Google Original from CORNELL UNIVERSITY

available in the hands of the women to attract customers with a false sense of security; and we understand that the British Naval Authorities would not be averse to the cessation of this examination. We recommend that the practice cease. We learn that, though there is a licensing of brothels in the French Concession, there is no medical inspection of the women.

*Drink.*

It is hardly necessary to enlarge upon the known relationship which exists between the liquor traffic and the brothel. It is much to be feared that a considerable amount of drink is sold in the Settlement in places that are not licensed for its sale. We recommend that more efforts be made to check this and that more supervision be kept over those who already hold licences for the sale of drink. We see no reason why all tavern licences should not be granted annually after due announcement to the public, with full opportunity for them to prefer objections. This procedure is now only followed in the case of "Foreign" licences, and it is not applicable to Chinese licences. We think it should apply to all alike.

No liquor licence of any sort should be issued to a brothel, and the issue of what are now known as "brothel wine licences" should cease.

*Indecent Advertisements.*

The existence of indecent advertisements, especially in the form of quack remedies for venereal disease, is wide-spread. The difficulty of dealing with this matter is not the weakness of the law, but the fact that to the Chinese mind these advertisements are not indecent. The Courts have dealt with cases of this sort, and the law in this matter should be continually enforced, trusting at the same time to the influence of education on such a matter. It is greatly to be feared that advertisements offering to cure venereal disease in a few days, which are common here, can only have the effect of lessening one restraint against sexual indulgence.

All parks and other open spaces under the control of the Council should be well-lighted and policed in the summer months.

It follows from much that has already been stated that we are of opinion that the law wants no strengthening, but that much may be done in the matter of enforcement of the law. We recommend that the Council consider the formation of a special branch of the Police Force for work of this nature. It is naturally delicate work and requires special training. Your Committee while making this recommendation do not feel that their inquiries enable them to pronounce upon the employment of women police: the very peculiar conditions as to nationality, language, etc., make the position far different to that in the Western world, where we understand women have been usefully employed as police. This question is therefore one on which your Committee express no opinion one way or the other. At the same time, we asked the Commissioner of Police, before he went on leave, to pay special attention to this side of the matter.

*Prostitutes.*

While recommending the policy of the eradication of the brothel from the Settlement, with proceedings against the brothel keeper whenever possible, it must never be forgotten that steps must at the same time be taken to help the thousands of prostitutes at present in the business. Generous assistance should be given to institutions like the Door of Hope in order to provide a refuge for these women; and information should be given in all brothels of the existence of such institutions here. With the measure of control now recommended this ought to be entirely feasible. The establishment of trade schools for women and other schemes of that nature may be outside the scope of the Council's activities; but sympathetic co-operation in their establishment should, as far as possible, be given by the Council

*Hotels.*

We have great reason for thinking that much immorality takes place in certain Chinese hotels in the Settlement: rooms are let without precaution and only occupied for a short time. It has been stated that it is known that rooms are let to several couples during the same night: each paying for the night but only occupying the room for a short period. It is not easy to suggest any remedy for this evil: it is a matter in which the help of the public may be most valuable. It may also be to some extent remedied by the recommendation to place all tavern licences on the same basis and only grant them, after due notice to the public, at an annual licensing meeting. We note that one of the conditions of a licence for a Chinese lodging house is that no immoral conduct be permitted in any part of the premises. This condition might well be added to the tavern licence.

Speaking generally any conviction for an offence against morality should endanger any licence and the habitual using of any licensed place other than a brothel for the purposes of immorality should be a ground for refusing the renewal of the licence to the holder and should incapacitate him from holding any such licence again.

*Venereal Disease.*

We regret that owing to insufficient information we are unable to make any statement as to the prevalence of venereal disease in the Settlement. Our inquiries from certain hospitals met with no response and the answers we did receive do not enable us to make any finding on the subject. We recommend that the Health Department endeavour to obtain regular statistics on the matter; and we further recommend that all hospitals or such like institutions in receipt of moneys from the Council be required to treat these diseases and to keep returns in such form as may be approved by the Medical Officer of Health. Further provision, in the way of clinics or otherwise, should be made by the Council for the treatment of these diseases in various parts of the Settlement.

*Education.*

A question has been much discussed amongst us as to what education in sex matters should be imparted in schools to the rising generation of both sexes. We realize the difficulties attending this very delicate matter and recommend that the Council call a Conference of all Educational Authorities in Shanghai and the neighbourhood to consider what, if any, instruction in these matters be given in schools. We feel sure that such an invitation would be accepted and the result would be productive of much good.

At the same time we think that the Health Department might undertake propaganda, which we understand it is prepared to do, relating to the evils of sexual indulgence and the dangers arising therefrom.

Your Committee has made no heroic recommendations: they are fully alive to the limitations upon any Municipality in matters of this sort, which are far greater in a place like Shanghai than elsewhere. They did not set out on their investigations with any idea that their work would result in the ending of prostitution: they know full well that men and women are not made moral by Act of Parliament: education must always be the main factor in matters of this sort. But they have approached their task with the hope that they may be able to recommend something which will improve the conditions of things here and at the same time will check and lessen what has been well described as "commercialized vice": the business of the promotion of vice and the artificial stimulation of passion for profit. And much assistance can be given to the authorities by the public: for instance in bringing to their notice facts relating to any licensed premises which constitute an offence or a ground for cancelling or refusing a licence.

Your Committee has not been able to enter into any investigation of the causes, economic and other, which operate in China to create this business; but they have endeavoured to put forward recommendations which will tend to make for better morals and health in Shanghai.

In conclusion the Committee wish to place on record their full appreciation of the work done by Mr. P. Campbell, their Secretary, throughout the whole of their meetings and deliberations. He was of the greatest assistance.

A summary of the recommendations is attached hereto.

*Summary of Recommendations.*

1. That brothels be eliminated.
2. That brothels be licensed.
3. That special notification be given to all registered owners of brothel property in order to endeavour to get their co-operation.
4. That no brothel licence be granted in any event for premises near schools.
5. That as this course necessitates more extended work for prostitutes this should be done by means of increased grants to the Door of Hope and kindred institutions.
6. That the law against street soliciting be strictly enforced, including proceedings against the brothel keeper.
7. That the law prohibiting indecent advertisements by way of posters or in newspapers be strictly enforced.
8. That the law against the sale of intoxicating liquors in unlicensed premises be strictly enforced.
9. That convictions for offences relating to prostitution recorded against holders of any licences render the holder incapable of holding any licence again.
10. That no "brothel wine licence" be issued in future.
11. That parks and other open spaces be well-lighted and policed in the summer months.
12. That the examination of prostitutes by the Health Department cease.
13. That further provision for the treatment of venereal disease be undertaken by the Health Department.
14. That propaganda be undertaken by the Health Department relating to the evils of promiscuous intercourse and the dangers arising therefrom.
15. That the Health Department keep such returns as it can relating to venereal disease and hospitals receiving public moneys be compelled to treat venereal disease and keep returns in such form as the Health Department may require; failure to do this to form ground for refusing any further grant.
16. That a Conference of all Educational authorities in Shanghai and neighbourhood be called to investigate thoroughly the advisability and methods of teaching social hygiene in Schools.

## MUNICIPAL NOTIFICATION

### No. 2685.

### MOTOR FREIGHT VEHICLES AND FREIGHT TRAILERS.

THE Public is hereby notified that on and after April 1, all owners of Motor Freight Vehicles and Freight Trailers will be required to take out a special licence under Bye-law XXXIV.

The licence conditions are as follows:—

### MOTOR FREIGHT VEHICLES.

(Including Freight Vehicles propelled by steam or electricity or by internal combustion engines.)

CONDITIONS.

1. That unless with the consent of the Council this licence be not transferable to any other person and refers only to the vehicle in respect of which it is issued, which vehicle is described in the application made for this licence.
2. That the licensee and the man in charge of the vehicle conform to all Police regulations in force for the time being.
3. That each wheel of the vehicle be fitted with tyres made of rubber or other soft or elastic material to be approved by the Council.
4. That the chassis weight, the body weight allowance, the maximum freight capacity authorized by the makers and the gross weight of the vehicle be shown on a plate affixed in a conspicuous position on the vehicle and remain at all times legible and undefaced.
5. That the over-all length of the vehicle including the body or other structure be not more than 24 feet; and that the over-all width including the body or other structure be not more than 7 feet 6 inches.
6. That the over-hang of the vehicle be not more than one-fourth of its over-all length and be measured from the centre of the rear axle to the rear of the frame or body or other structure built upon the chassis.
7. That the number of the licence be exhibited in a conspicuous position at the back of the vehicle; that the figures be 3½ inches high and in all parts ⅝ of one inch broad; that the width of the space occupied by each figure, except the figure 1 be 2½ inches, that the space between adjoining figures be ½ of one inch; that such number be white on a black background and remain at all times legible and undefaced and that such number be used only on the vehicle in respect of which the licence is issued.
8. That between sunset and sunrise the vehicle carry two lighted lamps in front, one on each side, so constructed and placed as to exhibit a white light visible within a reasonable distance in front and a lighted tail lamp showing a red light behind and a white light to the left so placed as to render the number of the licence clearly visible within a reasonable distance, that such tail lamp be kept free from mud oil or other material which may tend to obscure the light therefrom; that where head-lights only are carried in front, they be provided with a suitable means of reducing the power of the light; that within the area east of Carter Road and west of Muirhead Road the use of head-lights be permitted only when their full power is suitably reduced; and that these and other lamps carried be subject to approval by the Council.
9. That no load be carried by the vehicle which will result in a greater wheel load than that indicated by the following table:—

| Diameter of Wheel | Maximum of load per inch width of tyre |
|---|---|
| 2′0″ | 600 lbs. |
| 2′6″ | 670 ,, |
| 2′9″ | 710 ,, |
| 3′0″ | 750 ,, |
| 3′3″ | 780 ,, |
| 3′6″ | 810 ,, |
| 3′9″ | 840 ,, |
| 4′0″ | 870 ,, |

10. That the vehicle carry an instrument, other than a bell or gong, capable of giving audible and sufficient warning of approach or position, and that such instrument be subject to approval by the Council.
11. That the vehicle be fitted with efficient splash guards.
12. That proper precautions be taken to prevent exhaust pipes discharging in such a manner as to cause annoyance to the public.
13. That the speed of the vehicle be adjusted to the traffic, more especially at street crossings or corners, at sharp curves and in narrow roads and that, when its gross weight exceeds 7,000 lbs., the speed be not in excess of 12 miles per hour or, if drawing a trailer, 9 miles per hour.
14. That the driver be provided with a permit to be given him after examination by a Board to be appointed by the Council.
15. That the driver produce the licence and his own permit when called upon to do so by the Police.
16. That the licensee be responsible for any damage done through the negligence of the man in charge of the vehicle.

Digitized by Google Original from CORNELL UNIVERSITY

17. That only one trailer be drawn by the vehicle at any one time, that its maximum freight capacity be not in excess of that of the vehicle, and that it be duly licensed.
18. That no gratuities of any kind be paid any employe of the Council.
19. That on a breach of any of its conditions the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

SECURITY.

At the discretion of the Council.

FEES.*

(a) Where gross weight does not exceed 4,000 lbs., Tls. 14 per quarter.
(b) Over 4,000 and up to 8,000 lbs., Tls. 20 per quarter.
(c) Over 8,000 and up to 12,000 lbs., Tls. 24 per quarter.
(d) Over 12,000 and up to 16,000 lbs., Tls. 30 per quarter.
(e) Over 16,000 and up to 20,000 lbs., Tls. 40 per quarter.
(f) Over 20,000 and up to 24,000 lbs., Tls. 50 per quarter.
(g) Over 24,000 lbs. by special arrangement.

For motor freight vehicles operating as vehicles for hire or as public freight carriers the fees are 50 per cent. in excess of those set out in the above scale.

The gross weight of a vehicle comprises the weight of the chassis, the body weight allowance and the maximum freight capacity authorized by the makers of the vehicle.

*Subject to approval at the forthcoming Annual Meeting of Ratepayers.

NOTE.

Standard number plates are obtainable gratis upon application to the Revenue Office.

This licence is not available for the French Settlement.

## FREIGHT TRAILERS.

CONDITIONS.

1. That unless with the consent of the Council this licence be not transferable to any other person and refers only to the trailer in respect of which it is issued, which trailer is described in the application made for this licence.
2. That the trailer shall at all times carry a man-in-charge who shall ride thereon.
3. That the licensee and the man in charge of the trailer conform to all Police regulations in force for the time being.
4. That each wheel of the trailer be fitted with tyres made of rubber or other soft or elastic material to be approved by the Council.
5. That the chassis weight, the body weight allowance, the maximum freight capacity authorized by the makers and the gross weight of the trailer be shown on a plate affixed in a conspicuous position on the trailer and remain at all times legible and undefaced.
6. That the over-all length of the trailer including the body or other structure be not more than 20 feet; and that the over-all width including the body or other structure be not more than that of the vehicle by which it is drawn.
7. That the over-hang of the trailer be not more than one-fourth of its over-all length and be measured from the centre of the rear axle to the rear of the frame or body or other structure built upon the chassis.
8. That the number of the licence be exhibited in a conspicuous position at the back of the trailer, that the figures be 3½ inches high and in all parts ⅝ of one inch broad; that the width of the space occupied by each figure, except the figure 1, be 2½ inches; that the space between adjoining figures be ½ of one inch; that such number be white on a black background and remain at all times legible and undefaced; and that such number be used only on the trailer in respect of which the licence is issued.
9. That between sunset and sunrise the trailer carry two lighted tail lamps placed one above the other at the right-hand side of the trailer showing red lights behind and white lights to the left so placed as to render the number of the licence clearly visible within a reasonable distance, that such tail lamps be kept free from mud, oil or other material which may tend to obscure the light therefrom.
10. That the maximum freight capacity of the trailer be not more than that of the vehicle by which it is drawn.
11. That no load be carried by the trailer which will result in a greater wheel load than that indicated by the following table:—

| Diameter of Wheel | Maximum of load per inch width of tyre |
|---|---|
| 2'0" | 600 lbs. |
| 2'6" | 670 ,, |
| 2'9" | 710 ,, |
| 3'0" | 750 ,, |
| 3'3" | 780 ,, |
| 3'6" | 810 ,, |
| 3'9" | 840 ,, |
| 4'0" | 870 ,, |

12. That the trailer be fitted with efficient splash guards.
13. That the trailer be equipped with a drawbar and steering device to be approved by the Council and such as will ensure its following the same course as the vehicle by which it is drawn.
14. That the man in charge of the trailer produce the licence when called upon to do so by the Police.
15. That the licensee be responsible for any damage done through the negligence of the man in charge of the trailer.
16. That no gratuities of any kind be paid any employe of the Council.
17. That on a breach of any of its conditions the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

SECURITY.

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should contain the following information:—

1.—Name of group, club or association.
2.—Name of Chairman or President.
3.—Name and address of Secretary.
4.—Number of members.
5.—Space applied for.
6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.
7.—Whether willing to share with another club or group, to play alternately, in case applications are found to exceed the space available.

Applications in writing should be made to Mr. R. Ross, c/o Shanghai Public School, on or before Thursday, April 15, 1920, after which date playing spaces will be allotted for the current season.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, March 25, 1920.

MUNICIPAL NOTIFICATION
**No. 2691.**

### Semaphore Service.

Correspondence with the French Municipal Council.—

Council Room,
Shanghai, February 19, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of February 14, in which you have been good enough to inform me of the total estimate for the Semaphore service for the year 1920, which it is noted will be Tls. 21,200.

In this connexion, I have to refer to the correspondence which took place between Mr. Laferriere and myself in December 1917 on the subject and to inform you that the Council notes with concern the ever increasing estimate for this service, which has grown from Tls. 2,500 in 1913 to more than fourfold that figure for the present year.

In requesting, therefore, that you will be so good as to provide me, as heretofore, with details of the anticipated expenses, I have to request that you will be good enough to inform me whether there is a probability of foreseeing finality in the matter of the cost of this service.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

The SECRETARY,
French Municipal Council.

*Translation of letter from the French Municipal Council, dated March 9, 1920.*

SIR,—I have the honour to acknowledge the receipt of your letter of February 19, last, on the subject of the expenses of the Semaphore service.

The increase in the working expenses of this service proceeds almost entirely from the fact that the pay of the European staff has been raised from January 1, 1920, by reason of the increased cost of living. No new employe has been engaged and the cost of the maintenance of the plant is very much the same as for the year 1919.

I send you herewith the statement of the contemplated Budget for 1920 and also that for 1919, to aid you in comparing the expenses of these two years.

I am, etc.,
P. LEGENDRE,
*Secretary.*

The SECRETARY,
Shanghai Municipal Council.

### Police Force.

*Foreign Branch Quarters.*—The leases from The Credit Foncier d'Extreme Orient of Nos. 37 and 38 Darroch Road, have been renewed for a further period of two years terminating on March 31, 1922.

### Official Plans for 1920.

The following is a schedule of the chief alterations and improvements in the plans for the five districts of the Settlement adopted upon the recommendation of the Works Committee.

*Central District.*—An improvement in the line of the Soochow Road between Honan and Shantung Roads, whereby it will be possible to land cargo west of Honan Road Bridge, has been approved.

The four road corners adjacent to the new Administration Buildings will be improved by rounding off the present acute angles.

*Northern District.*—Extension of the Fearon Road Electric Light Works is provided for by scheduling Lot 1075 and the unregistered land at the corner of Yuhang and Miller Roads which adjoin the works; Haining Road will be widened to 60 feet between the Settlement boundary on the west to Chapoo Road and thence eastward to Yalu Road, which road also will be widened to a similar width. The big curves in the North Szechuen Road between Range Road and the Rifle Range will be straightened.

*Eastern District.*—A new site for the Wayside Market at the corner of Ward and Chusan Roads has been acquired. Lot 5039 is scheduled for acquisition for an extension of the Yangtszepoo Police Station. Lot 2240 north of the Nieh Chih Kuei School and the unregistered land to the west thereof will be acquired. Lots 892, 5680, 3596 have been acquired as surplus land and Lot 6051 is incorporated in Lot 6054 (Riverside Power Station). Lot 2698 has been sold and is no longer shown as a Municipal property.

*Western District.*—Areas scheduled from the section of Bubbling Well Road between Medhurst and Gordon Roads will practically eliminate the present curves in this section of the road. The purchase of Lot 2945, about half of which is included in the new road line, will much assist this desired improvement. The scheduled area of Temple land adjacent to the Bubbling Well Cemetery has been removed from the plans.

The radii of the corners at Lots 655 and 895, Sinza Road, will be improved, and the scheduled area of the bend between Lots 1768 and 1783, Great Western Road, will be straightened. The Seymour Road is extended as far as Ichang Road, and the Shaoshing Road to Robison Road at an entire width of 50 feet. The West Soochow Road is scheduled to 50 feet through Lot 3553. Lot 3101, Medhurst Road, hitherto used for an Electricity Sub-station, has been sold, and Lot 3107, Sinza Road, has been purchased in substitution. Gordon Road is scheduled for widening ex Lots 4175 and 4180. The extension of the Mohawk Market, scheduled in 1919, is abandoned.

### Municipal Staff.

### Parks Report for February.

On account of the heavy rains the soil was so saturated that any work thereon was impossible and only pruning, repairs to paths, and similar work could be carried on.

*Dogs in Parks.*—Now the warmer weather is approaching, it is desirable that the regulations that all dogs in the parks must be muzzled and led on leash should be strictly observed. This order applies to lap dogs and puppies also, as the former are frequently vicious, and the latter always destructive.

THE following Resolutions will be brought forward by the Council at the Annual Meeting of Ratepayers to be held in the Town Hall on April 7, 1920, at 2 o'clock p.m., and are published for general information:—

*Resolutions I, II and III.—Formal business and adoption of Rules of Procedure.*

*Resolution IV.*—That the Report and Accounts for the year ending December 31, 1919, be passed.

*Resolution V.*—That this Meeting extends its appreciative thanks to Major T. E. Trueman for the invaluable services he has rendered as Commandant of the Shanghai Volunteer Corps during the past five years.

*Resolution VI.*—That the programme of Electricity Department plant extensions recommended in the Engineer-in-Chief and Manager's report published in the Municipal Gazette of January 29, 1920, be approved and that the Council be authorized in its discretion to enter into such contracts as may be requisite to give effect thereto.

*Resolution VII.*—That the estimated expenditure for 1920, contained in the Budget proposed by the retiring Council, together with the recommendations attached thereto, be approved and adopted, and that the Council be and it is hereby authorized to impose, collect and recover the rates, taxes, dues and fees recommended therein, and to raise, should it be considered expedient to do so, upon such terms and in such manner as the Council may in its discretion think fit, a sum not exceeding Tls. 4,800,000 or the equivalent of this sum, for the purposes defined in the estimate of Extraordinary Expenditure.

*Resolution VIII.*—That this Meeting approves of the creation of a Chinese Advisory Committee and that the constitution and powers of such committee be those set forth in the letter from the Chairman of Council to the Senior Consul dated October 24, 1919, and published in the Municipal Gazette of January 8, 1920.

*Resolution IX.—Election of Land Commissioner for the ensuing year.*

*Resolution X.—Election of four Governors of the General Hospital for the ensuing year.*

*Resolution XI.—Election of two members of the Permanent Education Committee.*

Ratepayers intending to ask questions in regard to the Accounts or other matters connected with the foregoing Resolutions, are requested to give notice of such intention before the Meeting, so that a full answer or other explanation may be given.

Ratepayers desirous of bringing forward additional motions, or of nominating duly qualified persons willing to serve under Resolutions IX, X and XI, are required to give notice thereof to the undersigned before 4 p.m. on April 1, for due publication.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, March 27, 1920.

## MUNICIPAL NOTIFICATION

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should contain the following information:—

1.—Name of group, club or association.

2.—Name of Chairman or President.

3.—Name and address of Secretary.

4.—Number of members.

5.—Space applied for.

6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.

7.—Whether willing to share with another club or group, to play alternately, in case applications are found to exceed the space available.

Applications in writing should be made to Mr. R. Ross, c/o Shanghai Public School, on or before Thursday, April 15, 1920, after which date playing spaces will be allotted for the current season.

**Volunteer Corps.**

*Light Horse.*—The resignation of Captain H. S. Lindsay, forwarded by the Commandant, has been accepted by the Council with regret.

Upon the recommendation of the Commandant, a commission as Captain is authorized for issue to Mr. E. H. McMichael.

**Report of the Volunteer Corps Commission.**

The scope of the Commission's enquiry is contained in the resolution of the Ratepayers passed at the Annual Meeting on April 9, 1919, as follows:—

"To enquire into and report publicly upon the condition of 'B' Company, British, Shanghai Volunteer Corps, and into the Regulations governing the Shanghai Volunteer Corps generally."

There was considerable delay in selecting and securing the members of the Commission, so that an inaugural meeting of the incomplete membership was not held until August 1, 1919. Finally the following were appointed and consented to serve:—

Messrs. R. E. S. Gregson,
S. J. Halse,
Dr. J. R. Hykes,
Lt. Col. M. H. Logan and
Mr. C. C. S. Mackie.

Dr. John R. Hykes was elected chairman and Mr. S. Hammond was appointed secretary.

The first meeting of the full Commission could not be held until November 18, 1919.

The Commission held in all seven sittings.

Two applications were made to the Municipal Council for a copy of the proceedings and findings of the Court of Enquiry held on November 1, 1918. These applications were refused. The Commission was unanimous that these findings were most material towards throwing further light on its investigations and that they should have been produced. Whilst the Commission regrets that the documents asked for were not forthcoming, it considers that the evidence placed before it is sufficient to enable it to arrive at a definite conclusion as to the conditions existing in "B" Company during the years 1915-1919, and the causes which were responsible for them.

From an examination of the muster rolls of "B" Company it appears that between the dates January 15, 1918, and November 19, 1919, 75 members of the Company resigned. On November 21, 1919, the strength of "B" Company was 35 members only, a few of whom were members who had resigned and subsequently rejoined. In consequence of the large number of resignations the utility and efficiency of the Company was greatly decreased.

The Commission is of opinion that the condition of "B" Company is attributable principally, if not altogether, to dissatisfaction in the Company at the method of appointment of its officers. The method of appointment and promotion of officers is provided for by Article VIII of the Regulations for the Shanghai Volunteer Corps:

"The sole power of granting commissions is vested in the Council who will appoint and promote officers on the recommendation of the Commandant who shall satisfy himself that such officers are acceptable to their unit as a whole."

This rule is sufficiently clearly expressed and the principle that members of a unit are entitled to have a voice in the appointment of its officers cannot be doubted.

It is clear that until comparatively recently the procedure in "B" Company, in common with other Companies of the S.V.C., was that prior to the appointment of an officer to the Company, a meeting was convened and the opinion of the Company as a whole was taken as to whether or not such appointment was acceptable to the Company.

The Commission finds that during the War, officers have been appointed to "B" Company contrary to Regulation VIII, and to the spirit of that Regulation, in that the opinion of the Company as a whole was not in fact invoked prior to such appointments.

An instance occurred in the case of the appointment of an officer in October 1918, when the approval of the Company Officer and the assurance of one member of "B" Company that he was willing to forego promotion in favour of such officer was stated to be a compliance with Article VIII.

It is recognized that occasions might arise where the summary appointment of an officer to a unit would be justified by expediency, or by urgent reasons of public safety; but as no such conditions did exist, the consideration of this aspect of the matter is irrelevant to the present enquiry.

In a body such as the S.V.C., as at present constituted, there are no real means of enforcing discipline except by the good-will of the members of the Corps and the weight of public opinion; and if on this account alone the spirit and letter of the Regulations should be strictly observed.

The Commission finds that there was a legitimate grievance in "B" Company because of the failure to observe the requirements of Article VIII, and that the condition of the Company is due to this cause.

It also finds that the proceedings subsequent to the Court of Enquiry held on November 1, 1918, were irregular and that no justification existed for the publication of Corps Order No. 101 in the Public Press.

With regard to the second part of the Ratepayers' resolution it was understood that a draft of proposed new regulations would be laid before the Commission for consideration and comparison.

This has been done, but at so late a date that the Commission finds there is insufficient time before the Ratepayers' meeting for it to undertake adequately this portion of

the enquiry. It, therefore, confines itself to indicating the proposed amendment to Article VIII of the present regulations, contained in Article X of the new draft, in which the Commandant is to satisfy himself as to the fitness and "acceptability" of officers; but no reference is made to the acceptability of officers "to their units as a whole."

The Commission regards this omission as of significance especially in the light of the interpretation sought to be put upon Article VIII and referred to earlier in this report: namely, that there has been a compliance with the Article, as it now stands, when the Company officers approve an appointment and the Senior N.C.O. does not object.

JOHN R. HYKES,
*Chairman.*

**Foreign Women's Home.**

Correspondence on the subject of an application for an increased grant to this Institution from the public funds:—

Shanghai, February 18, 1920.

DEAR SIR,—On behalf of the Committee of the Foreign Women's Home, I have to ask you to bring before the Members of the Shanghai Municipal Council, the following facts and request:—

Last November, the Foreign Women's Home moved into a large house in Baikal Road. The Home has been full ever since they moved in. At present it is too full, owing to the somewhat abnormal conditions now existing in the city.

But with the ever growing foreign population, the Committee are unanimously convinced that the accommodation they have will always be needed. Since the middle of November, they have given shelter and care to 34 women of English, Scotch, American and Russian Nationality.

Some of these women needed nursing and special care. Two were sent to the hospital for operations. The operations were performed gratis by a member of our Committee, Dr. Margaret Polk. In both cases, the hospital expenses were also procured by the Home.

I wish to emphasise the fact that we give shelter to any destitute or friendless foreign women. We know and recognize the great value of other organizations, working for the relief of the needy, but we are the only permanent organization that has a roof to offer to those who need one.

On the other side of our work, viz., to give a home and to help any unfortunate woman who wishes to try and reclaim her character and her womanhood, we feel, that while others have been making valuable and necessary investigations, we have been doing *real work* along these lines.

Because we wish to do this work in a still more efficient manner, and to be a real help to the Community, we asked our Vice-President, Mrs. Billinghurst, to try and secure for us a lady worker in England. We have received a cablegram to the effect that she is sailing next month.

We are very grateful to the Municipal Council for the yearly grant made to the Home, and the Committee wish to express their gratitude. Owing, however, to the large number of women who have come under our care, we find ourselves in somewhat financial difficulties, and I am requested to petition the Council to increase the yearly grant Taels One Thousand per year.

Hoping that the Council will favourably consider this request, and assuring them of our very real desire to supply a need in the Community, I beg to remain,

Yours sincerely,
LIZZIE MACGILLIVRAY,
*Hon. Secretary,*
*Foreign Women's Home.*

MADAM,—I am directed to acknowledge the receipt of your letter of February 18 applying for an increase of the grant-in-aid of the Foreign Women's Home in Baikal Road, and in reply thereto I am directed to inform you that while fully sympathetic in the aims and objects of this institution, the Council regrets its inability to increase the amount of the authorised grant.

**Report of the Special Vice Committee.**

Letter containing the Council's views upon the recommendations summarised in the Report of the Special Vice Committee published in the Municipal Gazette of March 19, 1920:—

Council Room,
Shanghai, March 30, 1920.

SIR,—I am directed to acknowledge the receipt of and to thank you for your letter of March 9, forwarding the unanimous report of the Committee appointed by the Council, in pursuance of Resolution X passed at the Annual Meeting of Ratepayers in 1919, to investigate vice conditions in the Settlement.

In conveying to you and to your colleagues on the Committee an expression of the Council's sincere appreciation of the exhaustive investigations undertaken, as indicated by the comprehensive and instructive manner in which the several aspects of the problem of the betterment of existing vice conditions have been dealt with, I am directed to express in as few words as possible the Council's views (excepting the members who sat on your Committee) regarding the recommendations contained in the summary appended to your Committee's Report.

1.—The Council adheres to the view that the total elimination of brothels is inadvisable and that this recommendation, if adopted, will in fact result (*a*) in the removal of a large number of brothels to a short distance beyond the limits of the Settlement where, in the absence of all control and regulation by the Council, they would flourish under conditions infinitively worse than those which exist at present, (*b*) in the establishment of "sly" brothels in different areas of the Settlement, the suppression of which would have no other results than those which have attended their attempted suppression in other countries. In addition their suppression would involve a substantial increase in the strength of the Police Force such as would constitute no inconsiderable burden on the taxpayers, apart from the demoralizing influences to which the Force would undoubtedly be exposed and (c) in a very large increase in street and public resort soliciting, the suppression of which, by legal process, presents no little difficulty by reason of the reluctance of those who are solicited in coming forward and giving evidence. So long as brothels are licensed this evil could undoubtedly be kept very largely in check by proceedings against the keepers of the brothels under a condition imposed in the licence, but so soon as licences are withdrawn this means of checking this evil will automatically disappear.

2, 3, 4, 11, 13, 14 and 15. The Council has expressed its endorsement of these recommendations, though there are practical difficulties which would prevent the Council from compelling the treatment of venereal disease by certain of the hospitals which receive grants-in-aid.

5.—Effect to this recommendation would be given by the specific approval of the Ratepayers from time to time.

6, 7 and 8.—The Council has endorsed these recommendations subject to the comments under No. 1 above, but, in members' opinion, the whole-hearted co-operation of the public with the Police would be essential to success.

9.—Convictions would naturally weigh with the Council in considering the fitness of an applicant for the issue or renewal of a licence.

10.—This recommendation, if adopted, would, in the members' opinion, prove abortive in its object, through lack of co-operation on the part of the public with the Police.

12.—The Council adheres to the view that examination has its value, even if the percentage of possible prevention effected in the case of gonorrhœa is but 10 per cent., of syphilis 50 per cent., and of chancroid 75 per cent.

Digitized by Google Original from CORNELL UNIVERSITY

16.—The Council will ascertain the views of the local educational institutions on this recommendation.

In conclusion, I am directed to express the hope that, as a result of discussion of the subject at the forthcoming meeting of Ratepayers, a satisfactory *modus operandi* may be found whereby commercialised vice and its kindred evils may be reduced to a minimum in and around the Settlement.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

GENTLEMEN,—I am directed to acknowledge the receipt of your letter to the Municipal Engineer of August 13, on the subject of the compensation payable for the strip of Cadastral Lot 896 required for the widening of Muirhead Road.

In reply I am directed to state that the Council considers your claim at the rate of Tls. 3,000 per mow altogether too excessive, and to inform you that compensation based on the assessed value of the land, plus 10 per cent. for compulsory surrender, as follows, is considered equitable in the circumstances:—

| Plus 10 per cent. | 12.72 | |

Council Room,
Shanghai, October 1, 1919.

GENTLEMEN,—In reply to your letter of September 19, relative to the surrender from Lot 896 of the area required from the Muirhead Road, I am directed to inform you that the Council is quite unable to comply with the owner's suggestion. In his first claim this owner demanded Tls. 3,000 per mow, he now demands Tls. 2,000 per mow. The Council has offered him the assessed value, upon which he has paid taxes. This valuation was based upon that of adjacent lots, assessed by independent experts in accordance with the usual procedure.

I have to add that the Council if obliged to refer this case for compulsory surrender with award of compensation by the Land Commissioners, may feel under the necessity, in pointing out to the Commissioners the advantage which will be derived by the property by fronting as a corner lot upon the new thoroughfare, to press for a deduction for betterment.

In these circumstances I am to suggest that you will be good enough to use your good offices with your client for settlement of this matter upon the full and adequate terms offered, i.e., the assessed value plus 10 per cent. without deduction of any kind whatsoever.

Your obedient servant,

**Wharfage Dues.**

Interchange of correspondence with the French Municipal Council, the General Chamber of Commerce and the Commissioner of Customs:—

Council Room,
Shanghai, July 28, 1919.

SIR,—Under the agreement concluded between the Council, the French Council and the Commissioner of Customs in 1899, set forth on page 178 of the Council's Annual Report for that year, it was agreed that the collection of wharfage dues should be carried out by the Commissioner of Customs on behalf of the two Councils, in accordance with the tariff therein set forth, which has since remained unchanged but for the fact that opium no longer figures therein, and that a modification has been made in the case of dues on cocoons.

Under Article IX of the Land Regulations, the Council is authorized to collect dues "on all goods passed through the Chinese Custom House. . . provided the said. . . dues shall in no case exceed the amount of one-tenth of 1 per cent. of the value of the goods. . . ." On reference to the tariff, it will be seen that the only classes of goods on which the maximum rate is not at present collected, are silk, tea, treasure and such goods as pay Customs Duty at a lower rate than 5 per cent. Recently, however, the Council has given consideration to the desirability of raising the dues on these goods to the maximum amount and subject to the concurrence of your Council, it proposes to approach the General Chamber of Commerce, for an expression of its views on the desirability of this action, and subject to their consideration, to address the Commissioner of Customs thereafter, so that provision for the collection of dues at the maximum rate on all goods passing through the Chinese Custom House may be included in the Council's Budget of Ordinary Income for 1920.

I am directed to request that you may kindly bring this proposal to the attention of your Council for its consideration, thereafter communicating its views to me for submission to the Council and for such further action as may be requisite.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The SECRETARY,

*Translation of letter from the Secretary of the French Municipal Council, dated August 30, 1919.*

SIR,—I have the honour to acknowledge the receipt of your letter of July 28, last, respecting wharfage dues.

The Municipal Council considered this matter at its meeting of August 18, and directed me to inform you that it entirely approves the Municipal Council's scheme relative to raising to the maximum the rates for wharfage dues, to be collected on all merchandise passing through the Chinese Custom House.

I am requested further to inform you that it is prepared to support the Council in any representations to be made on this subject.

Council Room,
Shanghai, October 6, 1919.

SIR,—Under the agreement concluded between the Council, the French Council and the Commissioner of Customs in 1899, set forth on page 178 of the Council's Annual Report for that year, it was agreed that the collection of wharfage dues should be carried out by the Commissioner of Customs on behalf of the two Councils, in accordance with the tariff therein set forth, which has since remained unchanged but for the fact that opium no longer figures therein, and that a modification has been made in the case of dues on cocoons.

Under Article IX of the Land Regulations, the Council is authorized to collect dues "on all goods passed through the Chinese Custom House. . . provided the said. . . dues shall in no case exceed the amount of one-tenth of 1 per cent. of the value of the goods. . . ." On reference to the tariff, it will be seen that the only classes of goods on which the maximum rate is not at present collected, are silk, tea, treasure and such goods as pay Customs Duty at a lower rate than 5 per cent. Recently, however, the Council has given consideration to the desirability of raising the dues on these goods to the maximum amount in view of the need for increasing the revenue of the Settlement and, with the concurrence of the French Council, as indicated in the enclosed copy of a letter from that Body dated August 30, 1919, it was decided to approach your Chamber for an expression of its views on the desirability of this action, and, subject to consideration thereof, to address the Commissioner of Customs thereafter, so that provision for the collection of dues at the maximum rate on all goods passing through the Chinese Custom House may be included in the Council's Budget of Ordinary Income for 1920.

I am, accordingly, directed to request that you will kindly bring this proposal to the attention of your Chamber for its consideration, thereafter communicating its views to me for submission to the Council and for such further action as may be requisite.

Shanghai, November 4, 1919.

DEAR SIR,—The Wharfage Dues Agreement which was signed in March 1899, by representatives of the International Settlement, the French Concession, and by the Commissioner of Customs, provided, as you know, for the collection of wharfage dues on all dutiable cargo landed and shipped at this port at the rate of 2 per cent. of the duty paid; and, in the case of duty-free articles, at the rate of 2 per cent. of 5 per cent. of their value. A specific tariff was, however, fixed for opium, silk, tea, table waters and treasure. Of these articles, opium no longer appears on our tables.

The levy of wharfage dues on silk, tea and table waters at specific rates instead of at a fixed percentage of the duty paid is an arrangement which entails considerable inconvenience to the Customs, owing to the fact that special records for these commodities have to be kept; and I now venture to request that this matter be laid before your Council with a view to arranging that wharfage dues be levied on silk, tea and table waters from April 1 next at the rate of 2 per cent. of the duty paid instead of at the specific rates now in force.

The articles affected by the change now proposed are as follows:—

| Article | per | Customs Duty, Hk. Tls. | Present rate of Wh. Dues. | Proposed rates for Wh. dues. |
|---|---|---|---|---|
| Silk, Steam Filature | Picul | 10.000 | 0.320 | 0.200 |
| ,, Raw and White | ,, | 10.000 | 0.160 | 0.200 |
| ,, Yellow, Native | ,, | 7.000 | 0.135 | 0.140 |
| ,, Wild, Raw | ,, | 2.500 | 0.100 | 0.050 |
| ,, Wild, Filature | ,, | 2.500 | 0.120 | 0.050 |
| ,, Re-reeled, Native | ,, | 10.000 | 0.250 | 0.200 |
| ,, Re-reeled from Dupion | ,, | 5.000 | 0.250 | 0.100 |
| ,, Re-reeled, Filature | ,, | 10.000 | 0.300 | 0.200 |
| ,, Refuse | ,, | 1.000 | 0.020 | 0.020 |
| ,, Cocoons | ,, | 3.000 | 0.600 | 0.600 |
| Tea, Black and Green, fired | ,, | 1.250 | 0.015 | 0.025 |
| ,, Brick | ,, | 0.600 | 0.010 | 0.012 |
| ,, Dust | ,, | 1.250 | 0.015 | 0.025 |
| ,, Dust | ,, | 0.600 | 0.003 | 0.012 |
| ,, Unfired | ,, | 1.000 | 0.015 | 0.200 |
| Table Waters, Native or Foreign | Dozen | 0.070 foreign, Free. native. | 0.0025 | 0.0014 |

It will be noticed that the proposed uniform rates of 2 per cent. of the duty paid represent, in the case of certain of the above articles, an increase over the present rates; in others, a decrease; while in the case of silk refuse and silk cocoons there would be no change.

The effect of the proposed unification of rates on the total wharfage dues collection would be negligible,—one year would show a slight increase, another a decrease as compared with the present collection, depending on the relative quantities of these commodities landed and shipped.

I append a table showing the difference between the actual wharfage dues collection on the above commodities during the last five years at the present specific rates, and the wharfage dues collection on the same articles worked out on the basis of the proposed uniform rate of 2 per cent. of the duty for the same period. Had 2 per cent. of the duty been collected during this period, it would have meant a slight increase in the wharfage dues collection in 1914 and 1915, and a decrease in 1916, 1917 and 1918. Over the whole of this 5-year period there would have been a total net decrease in the wharfage dues collection of Hk. Tls. 8,319, which represents slightly over half of 1 per cent. of the total wharfage dues collection for the 5-year period.

In view of the fact that the proposed change would simplify considerably the recording of the wharfage dues collection, and at the same time make no appreciable difference in the amount collected, I should be gratified if your Council could see its way to sanction the new procedure. I would further ask you kindly to inform me whether your Council is prepared to adopt the change now proposed, so that I may likewise approach the Chinese authorities interested in the question.

I am, Dear Sir,

Yours faithfully,

L. A. LYALL,

*Commissioner of Customs.*

The SECRETARY, Municipal Council.

Shanghai, November 26, 1919.

SIR,—With reference to your letter of October 6 and the Acting Secretary's acknowledgement dated October 24, I now beg to enclose copies of letters received from the Bankers', Silk, and Tea Associations dealing with above subject, and would commend them to the Council's consideration.

I am, Sir,

Your obedient servant,

M. G. BECK,

*Secretary,*

*Shanghai General Chamber of Commerce.*

The SECRETARY, Municipal Council.

(*Enclosure No. 1.*)

Shanghai, October 29, 1919.

DEAR SIR,—I beg to acknowledge receipt of your letter of October 24 with enclosure regarding the proposed increase in the charge at this port for wharfage dues from 30 tael cents per Tls. 1,000 to Tael 1 per Tls. 1,000.

At present all imports of bullion are subject to a tax of 75 cents per Tls. 1,000 made up as follows:—

| | |
|---|---|
| Wharfage Dues | ... 30 cents |
| Conservancy Tax | ... 45 ,, |
| | 75 cents |

The present charge for wharfage dues appears to be a sufficient tax for the services rendered, especially as no such charge is made in other countries on imports and/or exports of bullion and currency.

The Banks are of opinion that any increased tax on bullion will only tend to create a further charge on the currency of this country and the inland exchanges, and on these grounds are of the unanimous opinion that a strong protest must be made against the proposed increase in the charge for wharfage dues at this port.

Yours faithfully,

C. J. SCOTT,

*Chairman,*

*Shanghai Foreign Exchange Bankers' Association.*

The SECRETARY,

Shanghai General Chamber of Commerce.

(*Enclosure No. 2.*)

Shanghai, November 5, 1919.

DEAR SIR,—I have to thank you for your letter of October 24 requesting the views of our Association on the proposed increase of wharfage dues as set forth in copy of letter from the Secretary of the Shanghai Municipal Council dated October 6. The views of my Committee are as follows:—

If dues are to be collected at the maximum rate of one-tenth of 1 per cent. of the value, this will represent an increase of some three times the present dues, say

| | Tls. | Present Dues per picul. Hk. Tls. | Proposed Dues per picul. Hk. Tls. |
|---|---|---|---|
| Steam Filatures | 1.000 | 0.320 | 1.00 |
| Rereeled White | 700 | 0.250 | 0.70 |
| Wild Filature | 400 | 0.120 | 0.40 |

While eventually exporters pay an increase, this is a point which from previous experience my Committee has found very difficult to impress on the Chinese dealers, who will have to pay such an increase first. The majority of silk-men have lost money (the Steam Filatures having suffered most are studying ways how to relieve the situation) and to enforce such a increase in a bad season will cause general dissatisfaction and might interfere with business. My Committee consequently suggest that any proposed increase be gradual after due notice and if possible to commence at the beginning of the season, say June 1.

Digitized by Google Original from CORNELL UNIVERSITY

With regard to the proposal to levy dues on a value basis, my Committee consider this entirely impracticable on an article which fluctuates Tls. 200 in a couple of months and which is frequently contracted for three to five months ahead. The only practicable way is the one at present in use, a charge per picul.

I am, Dear Sir,
Yours faithfully,
A. JOST,
*Hon. Secretary,*
*Foreign Silk Association of Shanghai.*

The CHAIRMAN,
Shanghai General Chamber of Commerce.

*(Enclosure No. 3.)*

Shanghai, October 30, 1919.

DEAR SIR,—I have circulated your letter (together with the copy of the letter from the Shanghai Municipal Council) among Members of the China Tea Association.

The general opinion is that the tax is so small anyway, that it is of little importance if there is a slight increase.

The present rate of wharfage dues on tea is Tls. 0.015 per picul. The present average value of tea is about Tls. 25 per picul.

If Tls. 25 per picul is taken as a basis and the maximum rate of 1/10th of 1 per cent. is charged, the rate for wharfage dues would be Tls. 0.025.

As the tea trade is suffering from the absence of a Russian demand, and the export largely diminished in consequence, the trade in certain kinds of tea is threatened with extinction, and hundreds of thousands of workers have to look for other employment.

The Customs to help the trade have removed the export duty for two years and reduced the likin by a half. It will therefore give a bad impression to the native authorities if the foreign community at this time make any advance in taxation of tea even though it may not be appreciable to individual dealers.

I suggest under the circumstances that the wharfage dues on tea remain unchanged.

I am,
Yours faithfully,
H. A. J. MACRAY,
*Chairman, China Tea Association.*

SIR,—I am directed to refer to your letter of August 30 last on the subject of wharfage dues and to enclose herein copy of correspondence which has passed between the Council and the General Chamber of Commerce, copy of a letter from the Commissioner of Customs and extract from the minutes of the meeting of the Finance Committee held on January 22 and subsequently confirmed by the Council at its meeting on January 28. This minute records the Council's present views on the subject, but before communicating these views to the Commissioner of Customs I am to request you kindly to favour me with the views of your Council as it seems to the Council most desirable that the two Councils should be agreed as to the action to be taken.

SIR,—I have the honour to acknowledge the receipt of your letter dated January 29 last, in reference to wharfage dues and the correspondence enclosed therewith.

Council Room,
Shanghai, February 28, 1920.

SIR,—I am directed to refer to your letter of November 4, 1919, on the subject of the collection of wharfage dues.

Towards the end of June last the Council reached the view that it was desirable that the dues on silk, tea, treasure and goods upon which Customs duties are paid at a lower rate than 5 per cent. should be increased so as to bring them into line with other goods, upon which dues are already collected at the maximum rate laid down in Article IX of the Land Regulations, viz., one-tenth of 1 per cent. on their value. This view was communicated to the French Council with a request for its views on the subject and on August 30 reply was received expressing its agreement with the Council. The General Chamber of Commerce was next addressed and on October 24 the Council was informed that the matter had been considered at a meeting of the Committee of the Chamber held on October 14 and that a reply would be sent to the Council in due course. On November 4 your letter now under reply was received. On November 26 the Chamber of Commerce replied enclosing copies of letters on the subject from the Bankers, Silk and Tea Associations, copies of which are enclosed herein for your information.

The whole of the above correspondence was considered in detail at a meeting of the Finance Committee on January 22 when the following minute was recorded and subsequently confirmed by the Council:—

*Wharfage Dues.*—A letter from the French Council is submitted expressing concurrence with the Council's views on the subject of wharfage dues as recorded in the Committee's minute of June 26, and signifying their willingness to support representations in this connexion. There is also submitted the ensuing correspondence with the General Chamber of Commerce, wherefrom members note that the Shanghai Foreign Exchange Bankers Association is opposed to any increase in the dues on bullion, in the view that it will tend to create a further charge on the currency of the country and on inland exchanges, whilst no such charge is made in other countries: that the Foreign Silk Association is somewhat diffident in regard to an increase in the dues on silk, expressing the view that any increase should be gradual after due notice, and that a levy on a value basis is impracticable since silk values are liable to violent fluctuations; and that, whilst of the opinion that the dues are so small that a slight increase would be of little importance, the China Tea Association nevertheless suggests that the dues should remain unchanged, a suggestion which the Association supports by alluding to the fact that the Customs duty has been remitted for two years and likin reduced by one-half, with a view to helping the tea trade. Finally a letter from the Commissioner of Customs is submitted suggesting alteration of the basis upon which wharfage dues are collected in the case of silk, tea and native and foreign table waters. He points out that the levy of dues on the commodities mentioned at specific rates as at present instead of at a fixed percentage of the Customs duty, entails considerable inconvenience, and he suggests that from April 1 next, the dues be levied at the rate of 2 per cent. of the duty paid.

Whilst members have no objection to the principle involved in the Commissioner's suggestion, it is recalled that the object in addressing the French Council and the General Chamber of Commerce was to secure a larger revenue from wharfage dues, whereas consideration of the statistics, which the Commissioner quotes, in regard to the dues collected during the last five years, shows that the collection on the basis which he proposes would have meant a net decrease in the dues of Hk. Tls. 8,319. Accordingly, subject to ascertainment of the view of the French Council, members recommend that reply be made to the Commissioner approving his proposals provisionally and in principle, but pointing out that the increased cost of the administration of the Settlement necessitates collection of 3 instead of 2 per cent. of the duty paid, but so that such percentage

Digitized by Google Original from CORNELL UNIVERSITY

shall not in any case exceed one-tenth of one per cent. of the value of the goods concerned. With regard to bullion it seems to members that an increase in the wharfage dues from 30 to 45 cents per Tls. 1,000 which is the amount levied for the Conservancy tax, would not appreciably affect the currency of the country or the inland exchanges, and a recommendation that the dues be increased accordingly is recorded.

The French Council was again approached on the matter and the Council has since been informed that it is in complete accord with the views expressed in the above minute.

I am accordingly directed to inform you that, subject to their confirmation by the Ratepayers at the forthcoming Annual Meeting, which will probably be held in the second week of April, the proposals outlined in your letter of November 4 have been provisionally approved on the basis that the collection of dues shall be at the rate of 3 instead of 2 per cent. of the duty paid, but so that such percentage shall not in any case exceed one tenth of 1 per cent. of the value of the goods concerned. With regard to treasure the Council proposes an increase in the dues to 45 cents per Tls. 1,000.

Shanghai, March 5, 1920.

SIR,—I beg to acknowledge receipt of your letter of February 28 concerning my proposal to simplify the collection of wharfage dues.

As I understand the proposal now made by you, it is to collect as wharfage dues 3 per cent. of the amount of Customs duty collected on all goods imported or exported, provided that this amount shall in no case exceed one-tenth of one per cent. on their value.

I may mention that this proviso *re* the amount not exceeding one per mille of the value, though found in the Land Regulations, is not found in the agreement concerning the collection of wharfage dues made in March 1899, between the Councils of the Foreign Settlements and the Commissioner of Customs.

As the Customs duty on nearly all articles paying a specific duty rate is less than 5 per cent. it was probably thought unnecessary to complicate the collection of wharfage dues by incorporating this proviso in the memorandum of agreement concerning their collection, but now that you propose that the rate of wharfage dues shall be increased from 2 per cent. to 3 per cent. of the amount of Customs duty collected on goods, this proviso will become of great importance for on goods paying *an ad valorem* duty of 5 per cent. on their value, 3 per cent. of 5 per cent. will amount to 1.5 per mille. It will, therefore, be necessary to collect 3 per cent. of the Customs duty on all goods paying a specific tariff duty, and 2 per cent. of the Customs duty on all goods paying an *ad valorem* rate. This will very greatly complicate the collection of wharfage dues and will not only defeat the object I had in view when writing my letter of November 4 last, but will make the situation far worse from the Customs point of view than it now is.

The only interest that the Customs have in the collection of wharfage dues is that their collection shall be as simple as possible, and shall, therefore, delay as little as possible the passing of goods through the Custom House. As the proposal now made by you will not help towards this end, you will readily understand that it would not be becoming for me to lay it before the Chinese Authorities and endeavour to enlist their support for it.

I am, Sir,
Your obedient servant,
L. A. LYALL,
*Commissioner of Customs.*

The SECRETARY, Municipal Council.

Council Room,
Shanghai March 30, 1920.

SIR,—I am directed to refer to the correspondence already exchanged on the subject of Wharfage Dues and to forward herein copy of a further letter addressed to the Council by the Commissioner of Customs on March 5.

It would seem to the Council that the only practical means of avoiding the difficulties to which the Commissioner refers and, at the same time, of increasing the possibilities of revenue from Wharfage Dues, apart from the results of increased trade and the operation of the 5 per cent. effective Customs Import Tariff, would be by alteration of Regulation IX of the Land Regulations governing this Settlement so as to provide that Wharfage Dues shall in no case exceed " per cent. of the Customs duty on the goods so passed, landed, shipped or trans-shipped" instead of "the amount of one-tenth of 1 per cent on the value of the goods so passed, landed, shipped or trans-shipped."

The incoming Council will give consideration to this matter at an early date, and with this end in view I am directed to request that you may kindly favour the Council with an expression of the views of the French Council.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should contain the following information:—

1.—Name of group, club or association.

2.—Name of Chairman or President.

3.—Name and address of Secretary.

4.—Number of members.

5.—Space applied for.

6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.

7.—Whether willing to share with another club or group, to play alternately, in case applications are found to exceed the space available.

Applications in writing should be made to Mr. R. Ross, c/o Shanghai Public School, on or before Thursday, April 15, 1920, after which date playing spaces will be allotted for the current season.

By order,

Before retirement of the outgoing Council Mr. Merriman addressed the meeting as follows:—

"Gentlemen, this is the last occasion upon which the retiring members of the Council for the past year will be present in this room and since I have been a Councillor for a longer period than any of you excepting Mr. Pearce, I desire to say a few words on the subject of our retiring Chairman. Mr. Pearce has served on the Council for 9 years, and for the past seven as our Chairman. I have served on the Council during the entire period of his Chairmanship and I can personally testify to the great service which he has done for Shanghai. I am sure I am voicing the view of all of you when I express our very great appreciation of his work as Chairman. I feel it a privilege to be your spokesman on this occasion and to propose a very hearty vote of thanks to Mr. Pearce not only for what he has done for Shanghai but for the constant and unfailing courtesy and assistance which he has always shown to us in the course of our deliberations in this room."

Responding to this vote of thanks, which is passed with acclamation, Mr. Pearce expresses his great appreciation and thanks for Mr. Merriman's kind words and for the loyalty and co-operation, which his colleagues have shown him throughout his period of office. He states that his association with Mr. Merriman during the past seven years had been such as closely to cement their personal friendship, and he requests that his name be coupled with his own in members' vote of thanks, referring to the fact that Mr. Merriman had missed only one meeting of Council since his election to its membership. Members heartily endorse Mr. Pearce's remarks.

Messrs. Howard, Macray, Merriman and Pearce then withdrew.

The meeting adjourned at 5.15 p.m.

### Police Force.

*Foreign Branch, Quarters.*—The lease from Messrs. The Shanghai Land Investment Co., Ld. of No. 132 Dixwell Road has been renewed for a further period of three years terminating on April 30, 1923.

### Annual Municipal Report.

Ratepayers who require the Report complete with Table of Contents and Index, are requested to return the four separate Parts to the Council's Offices, No. 24 Kiangse Road, whereupon the single volume will be forwarded in exchange.

### Wooden Houses.

Letter from Messrs. O. Thoresen on the above subject, with Council's reply:—

Shanghai, March 1, 1920.

DEAR SIR,—With reference to the public discussion which has lately been going on in respect of the possible introduction into Shanghai of wooden houses, we should feel obliged if you would kindly inform us what view is taken by the Municipal Council regarding the matter, and whether it may be anticipated that permission to erect wooden houses in the Settlement will be given.

Yours faithfully,

*p. pro.* O. THORESEN,

E. O. APENES.

The SECRETARY, Municipal Council.

---

Council Room,

Shanghai, March 18, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 1, and in reply thereto to state that whilst the erection of houses with wooden walls is contrary to the provisions of the Building Rules, the Council would not prohibit the erection of wooden houses in certain localities, provided that the person desiring to erect such a structure gave a satisfactory undertaking in writing that an unobstructed open space of at least 50 feet would be permanently left on all sides of the house.

Apart from the walls, such a structure would have to comply in other respects with the Building Rules.

I am, Gentlemen,

Your obedient servant,

E. S. B. ROWE,

*Assistant Secretary.*

Messrs. O. THORESEN.

### Easement.

The application of the Fei Lung Garage Co., has been approved to install a Gasolene pump outside their premises, No. F 1787-9 Bubbling Well Road, on the following conditions:—

(1) That the position of the gasolene tank be approved by the Commissioner of Public Works.

(2) That the tank installation be approved by the Chief Officer of the Fire Brigade.

(3) That the tank be removed or its position changed at the expense of the owners whenever the Council may direct.

(4) That an annual fee of Tls. 5 be paid for the privilege.

### Road Extensions and Widenings.

*Bubbling Well Road.*—Compensation for the land surrendered for the widening of this road ex Lot 2820, and for the reinstatement work involved has been settled in terms of the appended correspondence, which follows upon that published on pp. 55/56c of the Report for 1918.

There remains, therefore, the question of the payment of compensation, if any, in respect of the alleged depreciation of the remainder of the lot by reason of the severance of a portion of the gardens, and in accordance with the request of Messrs. Palmer and Turner, this matter will be referred for settlement by the Land Commissioners.

Shanghai, May 30, 1919.

SIR,—We are instructed by our clients the Hongkong and Shanghai Banking Corporation to again register a protest against the proposed widening in the immediate future of the Bubbling Well Road which would necessitate surrender of the scheduled portion of Cadastral Lot 2820 as shown by plan No. 8353.

They express the hope that the new Council will adhere to the decision of the last as given in your letter dated July 31, 1918 which was "that they have no intention of requiring surrender of the scheduled area until the lot is put to some other use than at present or until rebuilding takes place."

The loss of 21 ft. off the gardens of the two houses occupied by the Sub-Managers would seriously affect their desirability as residences and the amenity generally.

We are, Sir,

Your obedient servants,

PALMER & TURNER.

The SECRETARY, Municipal Council.

---

Council Room,

Shanghai, July 15, 1919.

GENTLEMEN,—In reply to your letter of May 30 on the subject of your protest against the proposed widening of Bubbling Well Road, ex Lot 2820, I am directed to inform you that the present Council has felt itself obliged, in the public interest, definitely to overrule any suggestion as to abandonment of the scheduled widening, and while it is desirous of causing the least disturbance possible to your tenants, it is considered necessary to carry out the scheduled improvement at the earliest date possible.

Arrangements have already been concluded for the surrender of the necessary road land, to the west of your property, and I am directed to state that with a view to affording you every convenience in the matter of setting back the walls, trees and shrubs, etc., the Council

Digitized by Google Original from CORNELL UNIVERSITY

would be willing to defer the work until the autumn of the present year when the requisite reinstatement work could be effected to the best advantage, either by yourselves or in your option, by the Public Works Department.

The Municipal Engineer has accordingly been directed to arrange with you details as to the reinstatement work involved.

I am, Gentlemen,

Your obedient servant,

N. O. LIDDELL,

*Secretary.*

MESSRS. PALMER & TURNER.

---

Shanghai, July 23, 1919.

SIR,—We have to acknowledge the receipt of your letter of July 15 on the subject of the proposed widening of Bubbling Well Road ex Cadastral Lot 2820, and we are instructed to state that whilst our clients are not desirous of opposing any measure conceived to be in the public interest, they still consider that some more cogent reason as to the urgency of the proposed widening should be given than that advanced in your letter under notice, and also for the complete abandonment of the policy announced in your letter of July 31, 1918.

We are, Sir,

Your obedient servants,

PALMER & TURNER.

The SECRETARY, Municipal Council.

---

Council Room,

Shanghai, September 11, 1919.

GENTLEMEN,—In reply to your letter of July 23, with further reference to the projected widening of the Bubbling Well Road ex Lot 2820, I am directed to state that it has been apparent for some years, that the Bubbling Well Road, which is the chief arterial thoroughfare in the Settlement leading west, would have to be widened if it were to continue effectively to serve its purpose. To this end, therefore, an increased width for the road to 70 ft. throughout its length was scheduled in 1918 and in those parts in which it was particularly narrow, and properties were undeveloped, no time was lost in proceeding to expropriate such land as was requisite for the improvement. As regards your lot, however, and other properties similarly affected, where, by reason of recently completed development, immediate excision of garden land might constitute avoidable hardship, the Council hesitated to press the matter and gave special instructions that the owners' convenience should be studied in every way; hence the letter of July 31, 1918.

In the meantime the volume of traffic along this important thoroughfare has increased far more rapidly than was expected, the number of motor vehicles on the Revenue Office register for the quarter ending June 1916 was 709, for the quarter ending June 1919 it was 1,425, exclusive of 535 registered by the French Council. Comparative figures of traffic on Bubbling Well Road west of Mohawk Road, taken in July last year and this year, show that the maximum number of motor vehicles passing along the road in one hour was 188 in 1918; in 1919 it was 264. The traffic figure on one average day in July each year are as follows:—

| | 1918. | 1919. |
|---|---|---|
| Pedestrians | 4,851 | 4,363 |
| Motor Vehicles | 2,070 | 3,061 |
| Carriages | 402 | 442 |
| Ricshas | 1,878 | 2,110 |

In these circumstances the Council, charged with the public duty of making adequate provision for traffic requirements, has found itself obliged to press forward with the widening earlier than was intended and work has accordingly proceeded steadily from the Bubbling Well, till at length, it has reached your property. The Council is indeed reluctant to approach once again, at so early a date, those owners who considered that the widening would be detrimental to their properties and to whom the Council had given an assurance of every consideration. Lot 2437 opposite is perhaps one of the lots which suffers most in this respect; the owner has, however, consented to surrender from his garden a strip measuring 22 feet at its widest by 562 feet in length. Lot 2820 is also a fully developed residential property adversely affected but the Council has no option but to express the hope that you will be so good as to surrender the requisite strip of land, and in making this suggestion I am to observe that the Council hopes that it may be considered not disadvantageous to set back the numerous trees and shrubs now rather than be confronted later with increased growth and progressively greater difficulty in reinstatement.

At the same time I am to renew the Council's assurance that it fully realizes the inconvenience caused you in this matter and desires to alleviate that inconvenience as much as possible.

I am, Gentlemen,

Your obedient servant,

E. S. B. ROWE,

*Assistant Secretary.*

MESSRS. PALMER & TURNER.

---

Shanghai, December 12, 1919.

SIR,—On May 25, 1918, we were instructed to address to you a letter in which were stated the terms and conditions under which our clients the Hongkong and Shanghai Banking Corporation were prepared to surrender that portion of B. C. Lot 2152, which was required for the widening of the corner of Ferry Road.

At that time it was not considered necessary to deal with B. C. Lots 1251 and 2151, as it was not anticipated that the question of widening Bubbling Well Road ex these lots, would assume a definite form for a number of years; and this view was fully confirmed by your letter dated July 31, 1918, in which it was stated that it was not the Council's intention to require the surrender of the land until the lots "were put to some other use or rebuilding took place." The widening of Bubbling Well Road having been decided upon in face of the protests contained in our letters of May 28, 1918, and May 30, 1919, and the work now being in progress, we have been instructed to put forward our client's claim in regard to the land compulsorily acquired out of their property.

Council Room,

Shanghai, January 20, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of December 12, containing your claim for widening the Bubbling Well Road ex Cadastral Lot 2820.

In reply thereto I am directed to state that the Council accepts your claim in its entirety for the land, at the assessed value, Tls. 4,000 per mow, with 10 per cent. added, and without deduction for betterment, as under:

| | | | | Tls. |
|---|---|---|---|---|
| B. C. Lot | 2152 | Mow | 0.151 | 664 |
| ,, ,, | 2151 | ,, | 0.341 | 1,500 |
| ,, ,, | 1251 | ,, | 0.432 | 1,900 |
| ,, ,, | 6105 | ,, | 0.115 | 506 |
| | | | Tls. | 4,570 |

It will be noted that the last named item was not included in your claim, but the amount is added, since it is presumed that you would wish the corner lot dealt with at the same time.

Digitized by Google Original from CORNELL UNIVERSITY

With respect to the two items for depreciation of the property, estimated at Tls. 15 and Tls. 25 per mensem respectively, capitalized at 6 per cent. I am directed to point out that were the Council to pay compensation on the basis of capitalized loss of rental, a claim for the land as well would be equivalent to paying the value of the land twice over.

The Council recognizes, however, that you are entitled to some further compensation in respect of the loss of privacy and the fact that the gardens may be rendered too small for the purpose for which they were designed, and to this end would be willing to make payment of a sum of Tls. 1,000 in the case of each house, in accordance with the principle underlying the award of the Land Commissioners in the case of the adjoining property on the west.

I am directed, therefore, to suggest that you will be so good as to indicate your acceptance of these terms.

I am, Gentlemen,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

MESSRS. PALMER & TURNER.

Shanghai, March 8, 1920.

SIR,—We have to acknowledge the receipt of your letter dated January 20, 1920 on the subject of compensation for the surrender of land ex Cadastral Lot 2820 for the widening of Bubbling Well Road.

We have referred the matter to our clients, the Hongkong and Shanghai Banking Corporation, and are instructed to state, that whilst they accept the offer for the land to be surrendered, Mow 1.039, at the rate of Tls. 4,000 per mow plus 10 per cent. added for compulsory surrender, they are not prepared to accept the offer of compensation at the rate of Tls. 1,000 per house for the two smaller houses, for the depreciation effected to their property by reason of the severance of a considerable portion of the gardens.

Under the circumstances, therefore, we are instructed to request that the matter be referred to the decision of the Land Commissioners.

Yours faithfully,
PALMER & TURNER.

The SECRETARY, Municipal Council.

Council Room,
Shanghai, March 15, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 8, on the subject of the widening of the Bubbling Well Road ex Lot 2820.

In reply thereto I am directed to state that the Council notes that while your clients, the Hongkong and Shanghai Banking Corporation, accept the Council's offer as regards compensation for the land, they desire that "the question of the additional compensation, if any, to be paid in respect of the depreciation effected to the property by reason of the severance of a considerable portion of the gardens," be referred for decision by the Land Commissioners.

I am directed, therefore, to inform you that the matter will be placed before the Land Commissioners in due course, and that notice of the date set for the hearing will in due course be conveyed to you.

I am, Gentlemen,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

MESSRS. PALMER & TURNER.

*Armed Robberies.*—During the month 18 persons (including 2 Foreigners) were arrested in connexion with 6 cases of armed robbery in the Settlement. The most serious case was one in which the Russian proprietor of a jeweller's shop in North Szechuen Road was attacked and seriously injured by his house-boy and others. Seven reports of armed highway robbery were received and 3 persons were arrested. In one case the victim raised the alarm and was shot dead by the robbers. In one case of unarmed highway robbery, in which the victims were 2 foreigners, 5 foreign sailors were arrested and 4 of them have since been sentenced to 2 years' imprisonment each. Ten persons arrested for armed robbery before March 1 were handed over to the Chinese Authorities to be dealt with, and several were sentenced to 20 years' imprisonment each by the Mixed Court.

*Stolen Property.*—Successful investigations were made in 150 out of the 382 cases reported to the police during the month. These cases included 43 of burglary, 22 of house-breaking, 1 of office breaking and 4 of godown breaking.

Between January 1 and March 31 the cases of burglary in the Settlement totalled 131, of house breaking, 53 and of office, shop and godown breaking, 24.

Special mention must be made of the arrest in the West Hongkew District on March 12 of a gang of 4 youths against whom 30 cases of larceny can be proved, and on March 21 of another gang of 6 men who were responsible for 35 cases of larceny and burglary.

*Shoplifting.* — Three Russians were arrested on March 10 and a large quantity of stolen property was recovered from their lodgings. These men had recently arrived from Siberia and were responsible for a number of cases of theft from shops in the Settlement. They were sentenced respectively to 2, 3 and 9 months' imprisonment by the local Russian Consular Court.

*Counterfeit Money.*—On March 3, a Chinese was arrested on a charge of uttering counterfeit twenty-cent pieces and was sentenced to 3 months' imprisonment.

*Bombs.*—Following the receipt of a number of threatening letters, a bomb was exploded on the roof of the New World about 10 p.m. on March 5. No one was injured and no material damage was done.

*Strikes.* — From March 16 to March 19, 300 women workers in the No. 2 Shanghai Cotton Mill were on strike owing to a new rule obliging them to take their meals on the mill premises.

In consequence of the engagement of local workmen, about 70 Cantonese plumbers in the employ of the Waterworks Company struck work on March 18 and were still out at the end of the month.

Between March 9 and March 17 a number of painters employed by the Horse Bazaar went on strike owing to pressure put upon them by the Guild leaders. Two of the latter were charged at the Mixed Court with intimidation; and in passing sentences of 2 and 4 months respectively, the Assessor said in part as follows:—

"No combination or union, whether it be a Street union, a "Student union or a Trade "union, can be allowed to "employ such methods amongst a "population that is peculiarly "susceptible to intimidation; and "any attempt to do so will be "punished with the utmost rigour "of the law."

It is important in these days for all employers of labour to note that striking and causing strikes are punishable offences under the Chinese Provisional Criminal Code.

*Gaol Breaking.*—On March 21 a big gaol break occurred from the Zau Oo Ching prison near Lunghwa. Of the 174 prisoners who escaped, most are still at large.

*Bars Outside Limits.*—Following repeated representations made by the S. M. Police, the Chapei Police have at last undertaken to introduce effective control, by means of stringent licence conditions, of the low-class bars bordering on North Szechuen Road Extension which have so long been a source of trouble to the Settlement Authorities.

*Gambling Outside Limits.*—The seals on the gambling resort at No. 28 Paoshan Road (North Honan Road Extension), which was closed by the local Chinese Authorities on November 14, 1919, were removed on March 30, and the building was handed over to the Tsi Sung Charitable Institution for use as a hospital.

*Motor Traffic Offences.*—During the quarter ended March 31 proceedings have been taken in 153 cases against drivers or owners of motor vehicles for breach of licence conditions. In all, 13 convictions have been recorded against foreigners and 133 against Chinese chauffeurs. The chief offences committed are causing street obstruction and driving to the public danger. In respect of the former, there seems to be a marked disinclination on the part of some owners to comply with perfectly reasonable requests made by the Police as to the ranking of cars in the streets. In regard to the latter, the same selfish lack of consideration for the public convenience is also prevalent to an undue

extent. It is the intention of the police to ameliorate this condition as far as it is possible to do so, and they will continue to prosecute 'road-hogs,' whether Foreign or Chinese, in all cases where evidence sufficient to prove the offence is forthcoming. It may be repeated that the police always welcome and appreciate any assistance that may be given to them in bringing offenders to book because they realize that without public co-operation and support their own efforts can never be entirely effective.

*Exchange and Tobacco Shop Licences.*—Some 300 proprietors of Exchange and Tobacco Shops held a meeting in the Native Tobacco Dealers' Guild outside the East Gate on March 16 to protest against the new taxes which the Council proposed to levy. This was followed by certain representations to the Council, and the shops were subsequently advised by their leaders to pay the tax.

*Japanese Boycott.*—Efforts to keep this movement alive are still being made by various local societies. In general, however, they appear to lack vigour and there are indications that public interest in the matter continues to decline. The principal meetings held in March were at the Chinese Y.M.C.A. in Szechuen Road on the 7th and at the National Organizations' Union Headquarters in Frenchtown on the 10th. The National Perseverance Society and the Boycott Bad Goods Society appear to be taking prominent parts in the agitation.

*Amalgamated Association of Street Unions.*—Since the return of its president, Chen Tse-ming, from Canton on March 1, this Association has made renewed efforts to restore itself to popular favour. During the month, according to the native press, it petitioned the Commissioner for Foreign Affairs for the restoration of the Mixed Court; and it also took a leading part in the preparation of a petition for representation on the Municipal Council to be presented at the Annual Ratepayers Meeeting in April.

*Inquest.*—The inquest on the body of Mr. F. E. Weiss, who was found dead in the country off Pingliang Road on August 22, 1919, was resumed at the American Court on March 20, the jury returning a verdict that "deceased came to his death by a bullet wound in the head and a razor cut in his throat, both either self-inflicted or by a person or persons unknown."

***Identification Office.*—During the month 596 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 163 were identified as having a previous conviction or convictions. In addition to the above 126 records were received from the French Police out of which number 68 were identified in the records of this office, making the total for the month:—**

Vol. XIII. SHANGHAI, SATURDAY, APRIL 24, 1920 No. 690

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the annual meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2710.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

With effect from March 6, 1920 and until further notice, interest at the rate of 7 per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 22, 1920.

### Municipal Salaries Commission.

The resignations of Messrs. S. Trumper and L. A. Lyall of their seats on the above Commission owing to pressure of work have been accepted by the Council with regret.

Mr. F. A. Butcher has accepted the Council's invitation to serve on the above Commission.

### Volunteer Corps.

*Annual Inspection.*—A letter from H. E. Major-General Sir Francis Ventris, Commanding the troops in South China, informs the Council that he will be unable to accept the Council's invitation to inspect the Corps, but that he has delegated Lieut.-Col. J. R. Wyndham to carry out the inspection on his behalf.

This function will take place at the Public Recreation Ground on Saturday, April 24, at 3.30 p.m.

The resignation of the Rev. A. J. Walker, M.A., Chaplain to the Corps, has been forwarded by the Commandant and accepted by the Council with regret.

Upon the recommendation of the Commandant, commissions are authorized for issue to the following:

*Chaplain to the Corps.*—The Rev. C. J. F. Symons, M.A.

*"A" Company British.*—Col.-Sergeant N. Mathieson as 2nd Lieutenant.

### Annual Municipal Report.

Ratepayers who require the Report complete with Table of Contents and Index, are requested to return the three separate Parts to the Council's Offices, No. 24 Kiangse Road, whereupon the single volume will be forwarded in exchange.

### Chinese Advisory Committee.

Letter to the Chinese General Chamber of Commerce:—

Council Room,
Shanghai, April 17, 1920.

SIR,—I am directed to inform you that by Resolution VIII proposed by the Council and passed at the recent Annual Meeting of Ratepayers, approval was given to the creation of a Chinese Advisory Committee with the constitution and powers set forth in the letter from the Chairman of Council to the Senior Consul, dated October 24, 1919, of which a copy with extract from the Settlement Extension Draft Agreement of 1915, was published in the Municipal Gazette of April 7, 1920, copy herewith.

As the Council desires to give effect to the Resolution above referred to at an early date, and as it is desirable that the names to be submitted for nomination to membership of the Chinese Advisory Committee should be as representative as possible of the whole of the Chinese Community resident in this Settlement, I am directed to seek the good offices of your Chamber in taking the initiative in calling together the guilds and associations established in this Settlement representing the several sections of the Chinese Community, with a view to the selection of at least 5 Chinese residents who are considered suitable for nomination to membership of the Chinese Advisory Committee and who have the qualifications laid down in the Chairman of Council's letter to the Senior Consul, contained in the enclosure herewith, and with a view also to the submission of their names to the Council for the approval of the Consular Body.

I am, Sir,
Your obedient servant,

N. O. LIDDELL,
*Secretary.*

The CHAIRMAN,
Chinese General Chamber of Commerce.

Four applications for new licences with Police Reports have been submitted to us and considered. There were no protests by the public, although against two of them objection was lodged by the Police. Plans of the Central and Northern Districts were submitted and were inspected showing the positions of the various premises already licensed, and in giving consideration to the applications now put forward, we have had special regard to the number and position of the existing establishments. The applications were taken in detail as under, it being noted that all of them are for third class tavern licences:—

1. *Cafe Paulista S. Uyeda, Manager, P448, Nanking Road.* Recommended for approval.

2. *M. Y. San & Co., Ld., 37 Nanking Road.*—Recommended for approval.

3. *U. Kawai, Japanese, K257 Boone Road.*—This application was for premises within the prohibited area, as per decision of the Council in the year 1913, but exception has heretofore been made in favour of Japanese restaurants in the view that while the district was, generally speaking, well served with such establishments, the Japanese community was a growing one and that for *bona fide* restaurants some increase in the number should reasonably be permitted. Members hear the views of the Police and Revenue representatives on this matter, in the course of which they endorse the view that the time has come when even Japanese restaurants in this neighbourhood will have to be restricted. The applicant is already in possession of a billiard saloon licence for these premises and having regard to the whole circumstances, the Committee regrets that they must recommend refusal of the application.

4. *The widow Lydia Rogowenko, Russian, 1105/6 Broadway.*—This application was also in respect of the area in the Northern District already congested with taverns and the premises proposed to be licensed are almost opposite the Savoy Hotel, a fully licensed house. The Committee regrets that they are obliged to recommend refusal of the application.

P. A. COX,
S. FESSENDEN,
*Members of the Watch Committee for 1920.*

## Road Extensions and Widenings.

*Bubbling Well Road.*—Arrangements have been concluded with the Committee of the Country Club for improving the line of this road by the surrender of Mow 0.136 of land ex Cadastral Lots 2019 and 2020, in exchange for an equivalent area of road land, which will no longer be required on the improved line, the necessary reinstatement work being undertaken by the Council.

*Jessfield and Connaught Roads.*—Arrangements have been concluded with Messrs. Lester, Johnson and Morriss for the surrender of the land required from B.C. Lot 3877 for widening the corner of Jessfield and Connaught Roads, an area of Mow 0.233 for Tls. 466.

## Public Lighting.

*Pingliang and Pingyang Roads.*—The recommendation of the Commissioner of Public Works has been adopted to light these roads between Lay Road and the Yangtszepoo Road with twenty-one, 60 c.p., metallic filament lamps at a cost of Tls. 602.50 per annum.

### Health Officer's Report for March.

During March the sub-epidemic prevalence of Influenza, which has been present since last November, continued in mild form. Measles has been prevalent. Cases of mild Smallpox have been observed and upwards of 2,000 free vaccinations have been done at the Branch Health Offices during the month, large numbers coming on the "Flower Birthday," which is considered by the Chinese an auspicious occasion for vaccination.

Cerebrospinal fever has made itself conspicuous in Shanghai and many parts of the Yangtze valley, highly coloured reports of its prevalence have been received from many towns and especially from country districts, children and young adults being most susceptible. The disease is not highly contagious. Cerebrospinal fever occurs in all civilized countries. The disease lingers indefinitely after an outbreak and in all large cities a moderate number of cases occur every year in the winter and spring. Meningitis carriers, persons who have the germ in their throats or noses, but who are themselves unaffected, play an important part in transmitting the disease. This makes preventive measures very difficult to carry out. On the other hand few persons are susceptible to infection. When contracted the fatality is high but considerably reduced by the early use of the specific curative serum. Four deaths occurred among foreign residents and 26 among the Chinese. It is probable that the latter figure was exceeded as the disease is not easy to recognize.

The nursing staff was augmented by ten new nurses during the month—a welcome addition.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Report of the Acting Commissioner of Public Works for March.

The failure of the Contractor to supply the requisite quantities of road and building materials, has culminated in the cancellation of his Contract to supply during 1920, and the forfeiture of his cash deposit.

At the present time it is impossible to obtain supplies in sufficient quantity to carry out the various public works with anything approaching a reasonable speed. There is also a shortage of some classes of labour, and there is every indication that this will be more acutely felt during the summer months. Recent constructional development in Shanghai has been on a scale that the time-honoured and rather primitive internal organization and methods of the Chinese Contractors are unable to satisfactorily cope with. Local stocks of imported material have always been liable to fluctuation, and a complete absence of necessary material, cement for example, has occasionally occurred for short periods, but until a year or two ago, the supply of domestic material has been fairly adequate and of a uniform quality. The shortage of bulk material such as sand, gravel, and broken stone, for which there is a very large demand, is in a large measure due to the inadequacy of the boating facilities, a state of affairs which could in a large measure be overcome by quickening the movements of the cargo boats and junks by the installation of crude oil engines or other power, so that more journeys in a given time could be made.

This course would involve radical improvements in the methods of handling material on shore, or congestion would soon result, as landing facilities are already inadequate.

Foreign enterprise has mitigated the conditions to some extent, by the introduction of motor trucks. Well organized motor transport can compete with hand cart haulage, but here again quick loading and unloading is one of the most important factors for financial success. At the present time, however, few if any godowns or wharves are equipped with labour aiding devices.

If a careful economic study of the port transport and industrial conditions could be made it would probably be shown that the introduction of mechanical aids would increase the capacity of all yards, godowns, and wharves, and at the same time release men for operations in which manual labour cannot be substituted.

The outstanding features, in all constructional work at the present time, from the supply and delivery of material onward are the need for a "speeding up" and careful planning of all processes, better coordination of various forms of labour, and the intelligent introduction of labour aiding appliances with a view to increased efficiency and ultimate economiy.

*Roads.*—The widening of Bubbling Well Road opposite the Country Club has been completed.

A spall foundation is being laid in East Seward Road between Chaoufoong Road and Kungping Road, the original broken brick foundation having become disintegrated.

A useful widening has been effected at the corner of Chapoo Road and Tiendong Road.

*Drainage.*—1-ft. 6in. by 1-ft. sewers have been laid in Yu Yuen Road West of Tifeng Road and in Mokanshan Road West of West Soochow Road.

The sewer in Hankow Road has been relaid between Fokien Road and Hoopeh Road.

A 12-in. sewer has been laid in Tengyueh Road South of Yangtszepoo Road.

### MUNICIPAL PROPERTIES.

*Administration Building.*—The electric work is proceeding satisfactorily. Practically the whole of the flooring to the second floor has now been laid. A large consignment of piping for the heating installation has arrived from England, and the work in that connexion is being pushed forward as quickly as possible.

### FIRE BRIGADE.

*Yangtszepoo Fire Station.*—The falsework for the First Floor is now completed and the steel reinforcement laid. A start has also been made with the pouring of the concrete, to beams and slabs.

ELECTRICITY DEPARTMENT.

*Woochang Road Substation.*—The construction of this building has been completed.

*Administration Building Substation.*—A portion of the centering in the second storey has been put in place. Progress on the construction of this building has been slow, due to the more urgent requirements of the Administration Building.

*Riverside Power Station, Office Building.*—A portion of the centering for the first storey is in place.

*Tonquin Road Substation.*—An expanded metal screen supported on iron framework is being placed around the first storey.

*Pingchiao Quarry.*—2,067 fong of material was despatched to the Public Works Department during the month.

Vol. XIII. SHANGHAI, SATURDAY, MAY 1, 1920. No. 691

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the annual meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2710.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

With effect from March 6, 1920 and until further notice, interest at the rate of 7 per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, April 22, 1920.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par. or in silver (local currency) at the Hongkong and Shanghai Banking Corporation Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong and Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong and Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong and Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong and Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all enquiries should be addressed.

### Volunteer Corps.

*Reserve of Officers.*—Five months leave is granted to 2nd Lieut. J. W. Baldwin from April 2.

Letter from Major T. E. Trueman, expressing appreciation of the vote of thanks passed at the recent Meeting of Ratepayers:—

Shanghai, April 16, 1920.

SIR,—I have the honour to express my deep appreciation of the reference made by the late Chairman of Council at the Ratepayers' Meeting held on April 7, to my service as Commandant of the Shanghai Volunteer Corps, and for the endorsement of the Council's recommendation by the Meeting of Ratepayers in presenting me with a motor car.

The work done by myself is not worthy of special notice any more than the service given by every loyal Volunteer who has served the Council and the Community during the past five years. Each one has had his own special duty to perform, and it happened that I was senior, and the whole-hearted co-operation of the other officers has made it possible for me to carry on the duties of Commandant entrusted to me by the Council.

I have the honour to be,
Sir,
Your obedient servant,
T. E. TRUEMAN,
*Major,*
*Commandant S.V.C.*

### Unburied Coffins.

Letter from residents in the Western District on the subject of an accumulation of unburied coffins just beyond the Settlement Boundary, with resultant correspondence with the Chinese authorities, and reply:—

Shanghai, February 28, 1920.

DEAR SIR,—The undersigned residents in the Foreign Settlement beg to call the earnest attention of the Council to the accumulation of unburied coffins, in various stages of decay, in a small space just outside the western boundary of the Settlement and close to the Kiaochow and Jessfield Roads.

These coffins—the majority of flimsy construction and evidently brought from long distances—lie rotting and exposed in a higgledy-piggledy heap—an offence to all the senses, a scandal in the eyes of all respectable Chinese such as would not be suffered elsewhere, and an intolerable nuisance, if not a danger, to the residents in the neighbourhood.

The explanation given is that land in the vicinity of Shanghai is now so valuable that the poorer classes cannot afford to purchase burying space. But it is not conceivable that the Chinese officials concerned, or our Chinese fellow citizens generally, will permit such a consideration to cause the maintenance of an abominable state of things which time will only aggravate; and we feel sure that the Council has only to move in the matter to have it properly dealt with.

We would, therefore, request the Council to address the Chinese official immediately responsible with a view to the decent burial or removal of the coffins as quickly as possible. The heap is constantly being added to and prompt action is necessary.

We remain,
Dear Sir,
Your obedient servants,

Original from CORNELL UNIVERSITY

The Health Officer refers to this coffin dump, which consists of about 500 exposed coffins, as offensive and dangerous to the health of those living in the vicinity.

In view of these facts, I have the honour to request that you will kindly arrange with the Chinese Authorities to remove or bury these coffins, in order to improve the present unsatisfactory state of affairs.

I have the honour to be,
Sir,
Your obedient servant,

*Siccawei Road.*—Letter received from the French Council notifying proposed improvements to the Siccawei Road (French side) with reply, for general information.

*Translation of letter from French Municipal Council, dated March 25, 1920.*

SIR,—In the course of its recent meetings, the French Council has renewed the examination of the question of the widening of the Siccawei Road (French side) between the Route Say Zoong and Siccawei.

On this subject, the Council has come to the following decision which I now communicate to you:—

"*Siccawei Road.*—After examination of the plan of the whole and of the tracing of the Siccawei Road between Siccawei and the Route Say Zoong and considering the sum necessary for the widening of this road, which was set aside for this purpose by decision of July 9, 1917,

"considering that in its present state, it is, however, indispensable that the Council retains a strip of land sufficient for the placing thereon of electric light poles and various pipes,

"the Council decides upon a widening of 10 feet (French side) and with a view to safeguarding future requirements to reserve a zone *non edificandi* of 10 feet as well (French side).

"The Council adopts the new plan of the widening of Siccawei Road (French side) submitted by the Acting Municipal Engineer. (Decision of March 15, 1920)."

### Public School for Boys.

PHYSICAL REPORT TO END OF SPRING TERM, 1920

By the Physical Diagnosis of the boys in the Public School for Boys which has just been completed, one hundred and four of the two hundred and sixty-two boys of the school were found to be suffering from bad teeth, defective vision or other ailment. These one hundred and four together have one hundred and forty-seven physical defects.

The figures are as follows:

| | |
|---|---|
| Total number enrolled: | 262 boys |
| Number examined: | 247 — |
| Number having defects: | 104 — |
| Number of cases: | 147 — |

| Ailment | Number of cases | Left School | Attended to | Remarks |
|---|---|---|---|---|
| Teeth | 50 | 4 | 14 | |
| Eyes | 34 | 1 | 13 | Only those needing glasses were included in the 34. 13 have already procured glasses. |
| Adenoids | 13 | | 4 | |
| Tonsils | 10 | | 2 | Only those who have enlarged tonsils with habitual sore throat, colds, etc., are included. |
| Scoliosis (Lateral Curvature of the Spine) | 2 | | | These are taking exercise daily under the supervision of the Physical Director. |
| Other Postural Defects (such as round shoulders, etc.) | 18 | | | Individual exercises have been prescribed. |
| Waistcoat too high in back | 4 | | 4 | In these four cases the waistcoat was found to be too high in the back causing the head to be thrown forward with a consequent poor posture. |
| Deafness (slightly or totally, in one or both ears) | 16 | | | Boys suffering from deafness have been seated near the front of the class room. (Some of these cases may be cleared up with the removal of adenoids). |

It will be seen that many have taken measures to correct their defects. Some others are waiting for the Easter or Summer holidays to have their adenoids or tonsils removed, etc.

Many of those who have had defects remedied have reported marked physical improvement. There is no doubt that more serious difficulties have been avoided in some cases by prompt action. The doctor who examined one boy's eyes for glasses, told him that he would have been blind in a short time if he had continued without them.

The testing of sight and hearing and of the general physical condition of the scholars is now done under the direction of the School Director of Physical Training Beyond the necessary allowance made in the school work of a child who shows abnormality or physical defect, no remedial or corrective treatment is attempted by those responsible for the examination of the children. Where it is considered desirable, however, the Headmaster communicates privately to parents the result of the examination.

**Fire Brigade Report for March.**

The total number of calls to fires, or supposed fires, during the month was 17, as against 16 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 8,500 (Foreign, Tls. 450; Chinese, Tls. 8,050), as against Tls. 1,075 (Foreign, Tls. Nil; Chinese, Tls. 1,075) during March 1919. The property at risk is estimated at Tls. 97,000 (Foreign, Tls. 42,000; Chinese, Tls. 55,000), as against Tls. 83,000 (Foreign, Tls. 7,000; Chinese, Tls. 76,000) for the corresponding period last year.

The calls were received as follows:—Telephones 10, Watch Towers 4, Police 1, and Street Alarm 1. The district call was given on 4 occasions, the remaining 13 being station calls. These calls proved to be 12 small fires, 4 false alarms (one of which was malicious) and 1 fire outside the Settlement.

The main supposed causes of fires within the Settlement are as follows:—Sparks, ashes or embers from stoves 2, dropped match or cigarette end 2, defective flue 2, paper rubbish on fire 1, back fire 1, joss paper 1, negligence 1, smoking in bed 1, and unknown 1, The premises affected were:—Foreign building 1 and Chinese buildings 10. Of these, 11 buildings were more or less damaged by fire, smoke and water.

The Brigade was ocupied 58 hours and 47 minutes at fires or supposed fires.

There were no fires of note during the month.

From March 10 to 27, the writer was absent from Shanghai on a professional visit to Manila, Hongkong and Canton, etc., to inspect the various methods of fire protection, etc., particularly in relation to street alarm service, hydrants, water supply as appertaining to fire extinction, fire equipment, building construction and other important details.

The visit was extremely interesting, and allowed me to compare the fire protection of these cities with that here, also useful information was gathered. Several fires were seen, one actually taking place just as I was arriving in Manila Harbour, when an explosion occurred on the schooner Alfonso which had on board a large quantity of gasolene, and shipping at the mouth of the Harbour was endangered. This fire was attended with serious loss of life.

There was a marked comparison between cities under Western rule and that of Canton, under Chinese rule. In the former there are Fire Departments, whereas in the latter, there is not the semblance of one, devoid of fire appliances, with the exception of obsolete hand-pumps. In this respect it is, however, satisfactory to state that the Chinese City here is far more progressive, and has recently received a 300 gallon motor fire engine, which is one of six to be delivered in the near future. These machines are the same types as used by this Department.

*Chief Officer.*

Vol. XIII. SHANGHAI, SATURDAY, MAY 15, 1920. No. 692

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the annual meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2710.**

**Municipal Investment Bank.**

DEPOSITS will be accepted by the Bank during the first five days of each month and will be converted twice yearly into Municipal Debentures. Pending their conversion interest will be allowed at the rate from time to time advertised.

The rules governing deposits are as follows:—

1.—Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2.—Deposits will be received at the Finance Department of the Council, 24B Kiangse Road, from the first to the fifth day inclusive of each month.

3.—Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4.—Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5.—On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balance remaining at credit of accounts will be carried forward.

6.—The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention, a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made, and the balance remaining at his credit will be refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

With effect from March 6, 1920 and until further notice, interest at the rate of 7 per cent. per annum (calculated as provided for under Rule 4) will be allowed on deposits.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 22, 1920.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,

3.—That the licensee shall not sublet nor part with the possession of the brothel without the written permission of the Council.

4.—That the licence number plate be fixed in a conspicuous position at the main outside entrance to the brothel and remain at all times legible and undefaced, and that the licence be kept exhibited in a conspicuous place inside the brothel.

5.—That free access be given to the Police on duty and to Officers of the Health Department and of the Revenue Office charged with the inspection of licensed premises.

6.—That the names, ages and nationality of all female inmates of the brothel be kept properly recorded in the space provided at the foot of the licence, and that any changes be immediately notified in writing to the Commissioner of Police, Central Police Station, Honan Road.

7.—That no intoxicating liquor be sold in or upon any part of the brothel.

8.—That no disorderly conduct or gambling be permitted in or upon any part of the brothel.

9.—That no opium smoking be permitted in or upon any part of the brothel, and that the licensee notify the Police of the presence of any person found to be smoking opium.

10.—That the use of morphia, cocaine or other noxious drugs be not permitted in or upon any part of the brothel.

11.—That no solicitation by any female inmate of the brothel be permitted either on the streets, or in places of public resort, or from the doors or windows of the brothel.

12.—That the notice issued by the Council with this licence stating that no female inmate can be detained in the brothel against her will and giving particulars of the nearest Police Station and of any institution where help or free medical assistance can be obtained and warning against the danger of neglecting such assistance, be kept exhibited in a conspicuous place inside the brothel, and remain at all times legible and undefaced.

13.—That the brothel be maintained in an approved sanitary condition and be conducted in accordance with the requirements of public health and to the satisfaction of the Health Officer or his accredited representative.

14.—That no gratuities of any kind be paid any employe of the Council.

15.—That on a breach of any of its conditions, the licence be subject to withdrawal or suspension by the Council, and the whole or any part of the money deposited as security be liable to forfeiture at the option of the Council, and the licensee be liable to prosecution.

**Resignation of Member.**

The resignation of Lieut.-Col. P. A. Cox, O.B.E., as a member of the Council has been accepted with regret, upon his transfer to Hongkong.

**Municipal Loans 1920.**

Subscriptions for the Council's 7 per cent. silver and 6 per cent. sterling debenture issues are invited on the terms set forth in Municipal Notifications Nos. 2702 and 2715, published in this issue of the Municipal Gazette and in the public press.

The simultaneous offer for subscription of silver and sterling debentures affords an excellent opportunity to the investing public

to make their investments half in silver and half in gold, and thus neutralise the exchange factor. To those who desire silver investments only, the silver debenture issue at 92½ per cent. shows the attractive return of slightly over 8 per cent. per annum, whilst to those who desire a gold investment only, the sterling debentures issue at par should appeal strongly, in view of the high rate of exchange now ruling, and having regard to the nature of the security offered.

It is with the greatest confidence that the Council appeals to the community in general and to those industrial and commercial undertakings in particular, whose interests are so inseparably connected with those of the Settlement, to support both debenture issues and thus enable the Council to proceed with, and to carry to a completion, the programme of public development and improvement outlined in the Budget for 1920 which was presented and approved at the recent Annual Meeting of Ratepayers.

**Municipal Salaries Commission.**

The vacancies in the membership of the Municipal Salaries Commission, caused by the resignations of Messrs. L. A. Lyall and S. Trumper, have been filled by Lieut. Col. Hayley Bell, D.S.O., and Mr F. C. Butcher.

**Postal Commissioner.**

A letter from Mr. F. L. Smith, Acting Deputy Postal Commissioner, informs the Council that he has assumed charge of the Postal District of Shanghai from Mr. W. W. Ritchie, with effect from May 7.

**Saltpetre and Sulphur.**

Letter from the Foo Lee Company requesting the Council to enforce a monopoly in the sale of saltpetre and sulphur in the Settlement, with reply pointing out that, as upon numerous occasions in the past, the Council refuses to recognize any form of native official monopoly within the Settlement, in which the sale of all goods is and must remain free:—

*Translation of letter from the Foo Lee Company (monopolists) of the Saltpetre/Sulphur Bureau of the Kiangsu Province, to the Council; dated March 20, 1920.*

The writer states that saltpetre and sulphur are essential materials in the manufacture of gunpowder and concerns the maintenance of peace and good order. A bureau has been established to have sole charge of the sale of these materials and measures have been adopted to provide against smuggling of these materials, in the interests of the general peace and good order. On April 30, 1915, the writer made an application, and obtained, from the Provincial authorities, through the above mentioned bureau, a monopoly for the sale of saltpetre and sulphur. In consideration of the payment of a certain amount, for the sole right of dealing in these materials in the whole of the Kiangsu province, merchants of other provinces being debarred from engaging in the trade (in this Province). Regulations have been promulgated for the apprehension of smugglers, together with the appointment of an examining staff, the various offices concerned having been notified and asked to render assistance and co-operation in this matter. Subsequently as Tsao Ye (曹紀), chief inspector, refused to hand over the remaining quantity of saltpetre and sulphur left by the former contractor, with a view to their illicit sale in the Settlement, the writer asked the late Tuchun Feng, of Nanking, to issue instructions to the Shanghai Taoyin requesting the Mixed Court to communicate with the Commissioner of the S. M. P. to co-operate in the matter of guarding against smuggling. Dealers in such materials must indicate the use and destination of these materials and must furnish *bonâ fide* security before being granted a pass, this is in the interests of public peace. The writer says that the International Settlement of Shanghai is a part of the Kiangsu province. However, illicit sale of saltpetre and sulphur is being extensively carried on within this area and if no action is taken to check it the loss to his interests though small, yet if these materials pass into the hands of desperadoes the menace to the good order and peace of the district will be very serious.

For these reasons the writer proposes to appoint several inspectors of his own to ferret out the smugglers of saltpetre and sulphur in the Settlement. When anyone, not belonging to the Kiangsu province, is found trading in these materials in the Settlement their business is illegal and the writer's inspectors shall be expected to report the smugglers to the Police who shall assist in making arrests, after which they will be handed over to the Police or to the Mixed Court to be dealt with according to law.

The writer will address the Mixed Court, asking the Magistrate to communicate with the Council on the subject, and in the meantime he asks the Council kindly to sanction his request according to precedent (?) with a view to avoid menace to the peace and good order of the Settlement.

At the same time he asks the Council to request the Police Commissioner to give directions to the Police, and to render such assistance and co-operation as may be applied for by him from time to time.

When a smuggler is caught his cargo must be handed over to the Bureau for which $14 per picul will be paid for saltpetre and half this price for sulphur, half of the proceeds to be confiscated and the remaining half to be given as rewards to those who catch the smugglers. There are many detectives and constables of great ability in the S.M.P. They will be entitled to similar rewards for their co-operation and assistance rendered to the (writer's) Company. If the Council will be so good as to comply with the writer's request he will submit a list of his inspectors, their names, number, age, and native places for your information, so that forgeries may be avoided.

Enclosed please find copy of the Mixed Court's letter and proclamation and a Hu-Chiao (licence form) for retailers in connexion with this subject.

Council Room,
Shanghai, May 11, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 20, on the subject of the sale of saltpetre and sulphur in Kiangsu Province, to which the Council has given its consideration.

The Council has taken due note of your statement that on April 30, 1915, you made application to and duly obtained from the Provincial Authorities a monopoly for the sale of these commodities in consideration of the payment of a certain sum, which entitles you to the sole right of dealing in them in the whole of the Kiangsu Province, merchants of other provinces being debarred from engaging in this trade.

The Council notes that accordingly you propose to appoint several inspectors of your own to apprehend such as may be found in the Settlement engaged in this trade, and that you propose a payment of $14 per picul for saltpetre and half this price for sulphur, a moiety of which to be handed over to the detectives and constables of the Shanghai Municipal Police if they will co-operate and assist.

In this connexion I am directed to inform you of the fact that all trade within the limits of the Settlement is free and unrestricted, and that no form of monopoly, whether granted by the Chinese Government or others, can be permitted to operate in the Settlement. If, as you state, you have been granted such monopoly for the Province of Kiangsu, such must necessarily and in accordance with local custom exclude the limits of the Foreign Settlement, within which trade is free.

So recently as the year 1913, your predecessors in the Saltpetre Bureau represented that as saltpetre is a valuable commodity essential for the making of fireworks, ham and other salt meats, leather, silvermelting and for the purpose of making ammunition, the trade was of considerable value, and therefore it was desirable to take measures for providing means for limiting its circulation. I may observe that saltpetre is used in numerous other trades as well. On that occasion, the applicants were informed that no question could be considered of restricting the sale of saltpetre within the limits of the Settlement, and in this connexion I am directed to allude to the fact that in January 1916, July 1915 and November 1913, similar applications were met with the same reply, i.e., that within the Settlement, no monopoly in the sale of this or other commodities could be tolerated, nor would any suggested interference with the operations of any rival establishment be permitted.

Digitized by Google Original from CORNELL UNIVERSITY

In conclusion I am directed to remind you that the question of provincial monopolies in this and other trades has been before the Council upon many occasions in the past, and that upon every such occasion, the applicants have been prevented from exercising monopolies in the Foreign Settlement.

Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

**Case of Illegal Detention.**

Correspondence with Chev. G. D. Musso and letter to the Senior Consul relative to the illegal detention of a resident of the Settlement:—

Shanghai, April 13, 1920.

DEAR SIR,—I have the honour to bring the following facts to your notice requesting you to transmit same to the Senior Consul with the request to take the necessary steps in this matter.

My client Mr. Ning Ang-ngi (任行義) who has been a resident of this International Settlement for the last 25 years and is carrying on his business as a dispensary in No. 89 Hankow Road (三馬路曲江里八十九號), was invited on March 24 of this year by a certain Sung Chien-dan (沈秋濤) who was accompanied by 2 others whose names are unknown to him, to go with them to see one of his friends, Mr. Yang. The said Mr. Yang is living in the native city and he was told by them that he was seriously ill and desired to see him.

Being without any suspicion he went with them to the native city and was taken by them to the Native Police, where he was taken into custody and then transferred to the cells of the Native City Court of Justice near the Kiangnan Arsenal.

He was informed later on that he was wanted by the Shanse Authorities with reference to a certain civil case and that he had to remain in custody pending the arrival of a despatch warrant to be issued by the Shanse Authorities.

My client having been a resident of the International Settlement for a number of years, has been as you can see from the above stated facts, kidnapped on basis of vague allegations made by some Chinese Authorities hundreds of miles away from Shanghai, whereas the proper course to be taken was to make the necessary steps in the International Mixed Court to whose jurisdiction alone my client is amenable.

It seems to me that this is a case which deserves prompt and determined action on the part of our Authorities as the high-handed manner in which my client was enticed away from the Settlement is contrary to the principles of justice and particularly to the protection Chinese residents are entitled to in this Settlement.

Thanking you in advance for your kind assistance in this matter.

I am, Dear Sir,
Your obedient servant,
G. D. MUSSO.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Shanghai, April 21, 1920.

DEAR SIR,—Referring to my letter dated the 13th instant, with reference to the kidnapping of my client Ning Ang-ngi from the settlement to the Chinese City where he has been kept in unlawful custody since March 24, I shall feel obliged if you would let me know what steps have been taken to obtain his release.

Yours faithfully,
G. D. MUSSO.

Secretary, Municipal Council.

SIR,—I am directed to acknowledge the receipt of your letter of April 13, on the subject of the detention in the Shun Pan Ting in the Chinese City of your client Ning Ang-ngi (任行義), a resident of this Settlement, and in reply to inform you that the Consular Body has been addressed in terms of the letter of which a copy is enclosed herein, with the request that it may make the necessary representations to the Chinese Authorities for his immediate release and rendition.

I am, Sir,
Your obedient servant,

(*Enclosure*)

Council Room,
Shanghai, April 27, 1920.

SIR,—In August 1919, my predecessor had the honour to address you on the subject of the illegal arrest and detention by the Shanghai Native City Authorities of a resident of this Settlement named Yu Tshung-ling. As a result of his representations and of your kind cooperation and assistance, the unfortunate man concerned was ultimately released from custody in December of that year. It is with extreme regret that I now have the honour to bring to your notice a further instance of the illegal arrest and detention of a resident of this Settlement for the past 30 years, one Ning Ang-ngi, with respect to whom complaint has been made by Chev. G. D. Musso, in terms of the copy letter enclosed herewith.

From Police enquiries into the circumstances of the case it appears that the account given by Chev. G. D. Musso is correct. On March 24, Ning was visited by one Sung Chien-dau, who told him that his friend, one Yang, was very ill and desired to see him. On Sung's invitation Ning visited Yang's house in the Chinese City, where he found Yang perfectly well and at work. An adjournment to a teashop was suggested, but as soon as Ning had set foot on the road, he was arrested by the Police of the Native City, and transferred to the Shun Pan Ting, where he is held pending the receipt of despatches from Shanse.

There is no doubt that Ning is a *bonâ fide* resident of this Settlement. He has been proprietor of the Tai I Dispensary at 89 Hankow Road for the past 4 years, prior to that he was employed for many years by the Anglo-Chinese Great Eastern and International Dispensaries and his son testifies that he has been a resident of this Settlement for 30 years.

I have the honour to protest against this further instance of illegal arrest and detention in breach of the established principle, that no Chinese resident of this Settlement shall be removed without a *primâ facie* hearing in the Mixed Court, and to request that you will be so good as to make the necessary representations to the local Chinese Authorities, with a view to the immediate release and rendition of this resident to the Settlement, whereafter any *bonâ fide* charge against him can be laid in the Mixed Court.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium and Senior Consul.

Council Room,
Shanghai, August 12, 1919.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of July 28 addressed to the Municipal Engineer, on the subject of the compensation payable for the strips of Cadastral Lot 190 required for the widening of the Soochow and Peking Roads. In reply thereto, I am directed to state that the Council considers that this case is similar to that of Cadastral Lot 194, Peking and Soochow Roads, settled in 1910, in accordance with the correspondence set forth on pages 206-210 of the Annual Report for that year.

On these terms the amount of compensation payable in respect to your claim will be as follows:—

Soochow Road.

| | Tls. | Tls. |
|---|---|---|
| The outer 10-ft. strip measuring 0.018 mow to be surrendered free | | |
| The middle 10-ft. strip 0.139 mow at half the assessed value, Tls. 10,000 per mow | 1,390 | |
| The inner 10-ft. strip 0.167 mow at the assessed value, Tls. 20,000 per mow | 3,340 | |
| Plus 10% | 473 | |
| | | 5,203 |

Peking Road.

Council Room,
Shanghai, August 12, 1919.

GENTLEMEN,—In reply to your letter of July 28, on the subject of the compensation payable for the scheduled area of Lot 211, Peking and Honan Roads, I am directed to accept your claim subject to deduction of one-third for betterment.

The amount payable will thus be as follows:—

| | Tls. |
|---|---|
| Mow 0.175 at Tls. 24,000 per mow | 4,200 |
| *Less* one-third for betterment | 1,400 |
| | 2,800 |
| Plus 10 per cent. | 280 |
| | 3,080 |

---

Shanghai, October 23, 1919.

DEAR SIR,—We have to acknowledge receipt of your two letters of August 12, re surrenders ex Cadastral Lots 190 and 211 Central.

Cadastral Lot 190.—With regard to the surrenders from this lot we note from your letter in connexion with it that the Council considers these surrenders to be similar to that of Cadastral Lot 194 "set forth on pages 206-210 of the Annual Report for 1910," and so far as the fact that land has been surrendered for the construction of the Soochow Road and the widening of the Peking Road from both Cadastral Lots 190 and 194, we are in accord with the statement of the Council.

In the correspondence on pages 206-210 above alluded to and dealing with the method of payment for the land required for the construction of the Soochow Road, the then Secretary to the Council—Mr. Leveson—writes in his letter of April 12, 1910 as follows:—

"The outer strip of 10 feet is considered to be surrenderable free in accordance with Article VI of the Land Regulations and the decision of the Court of Consuls in the case of Lot 571 wherein it was ruled that 10 feet was sufficient for public requirements vide Annual Municipal Report for 1900, page 345."

We have no objection whatever to Messrs. Scott, Christie & Johnson accepting that statement but with it we cannot agree, for upon turning to page 345 of the Municipal Report for 1900 we find the following:—

"This case arose on the application of the Company to build upon Cadastral Lot 571, a portion of which was held to be foreshore within the meaning of Article VI of the Land Regulations and therefore subject to public use," and further Clause 1 of the Council's petition was:—

"That it may be declared that the site of the buildings proposed to be erected by the defendant Company as shown by the said plan includes beach ground or foreshore now dedicated to public use by virtue of the Land Regulations."

From the fore-going it appears perfectly clear that not only did the defendant Company propose to build on land covered by the title deed, but that it intended to erect a building or buildings upon the foreshore or accretions to the Soochow Creek which under Article VI of the Land Regulations the Company was not entitled to do.

That feature is, however, entirely absent in the case of Lot 190, for whereas the title deed area of the lot is 3 mow 5 fun 4 li 3 haou the Council's Assessment Schedule gives the area of the lot as 2 mow 9 fun 0 li 4 haou thereby plainly showing there are no accretions or foreshore to this lot as defined by Article VI of the Land Regulations.

This we think effectually disposes of the Council's claim to similarity with Cadastral Lot 571, so far as relates to the claim for free surrender of the outer 10 feet strip.

With regard to the central strip of 10 feet, in the Council's letter of April 12, 1910 it says:—

"I am to remind you that the Harbour Authorities will not permit any buildings except outhouses to be erected thereon," and in reply to this we would respectfully ask from whom the Harbour Authorities obtained the right to say what should or should not be erected on land clearly covered by a British Consular deed, and until it can be proved conclusively to us that those Authorities have such a right, we deny their powers to say what shall not be erected on land, the full use of which has been acquired with the issue of the title deed.

With regard to the surrender for the Peking Road widening we deny that a strip 4 ft. 3 in. in width at the Eastern boundary of the lot running to a point at the Western boundary in any way improves the lot, and we cannot therefore agree to the Council's request for a reduction of 1/3rd in our claim for betterment, and that our claim as a whole must stand.

Cadastral Lot 211.—In the case of this lot we also cannot agree to the proposed reduction in our claim. In fact the very large piece taken from the North-East corner of the lot constitutes a worsement, the public only being the ones to benefit from such a surrender, and our claim in respect to this lot must also stand.

We are, Dear Sir,
Yours faithfully,
E. D. SASSOON & Co.

Council Room,
Shanghai, March 4, 1920.

GENTLEMEN,—With reference to your letter of October 23, 1919, on the subject of the surrender of the land required from Lots 190 and 211 for the Peking, Honan and Soochow Roads, dealing first with the

Digitized by Google Original from CORNELL UNIVERSITY

question of Cadastral Lot 190, I am directed to inform you that as regards your contention that there is no foreshore land in the deed for this property, the Council is of opinion that due weight should be given to the following circumstances, i.e., that in the case of Lot 571, which you cite, the full width of the road was excised from the lot and it was in respect of the outer 10ft. only that free surrender was claimed, while in the case of the lot under discussion an average width of 20ft. only is required, the remaining 10ft. being beyond the lot boundaries and at present under water. Thus when the road is completed the lot will be fronted with a 30ft. road to which it will have contributed land to a width of 20ft. only. This section of road will prove an exceedingly expensive one to construct and its construction cannot fail materially to benefit your property, and in the circumstances I am directed to inform you that the Council considers that in view of the betterment to be derived by the property by the construction of this road, it is justified in requesting you to make a free surrender of that portion of the lot which lies in the outer 10ft. strip, a comparatively small area measuring Mow 0.018.

As regards those portions of Lots 190 and 211 which are required for widening the Peking Road, I am directed to state that the terms upon which the widening of this road has been carried out are contained in the Municipal Gazette of June 4, 1909, extract from which is enclosed herewith. You will, of course, recognize that while the details of every case vary to a greater or less extent, the practice of a standard deduction for betterment is the only one that can reasonably be applied and is that which the Land Commission itself, having regard to the circumstances, has concurred in as being a reasonable manner of assessing the betterment derived by property in the case of this and other roads similarly situated. It is obvious, of course, that in the case of some lots, from which a large area is required to be surrendered, with consequent heavy payment of compensation, the betterment is obvious; so also however where a very small fraction of a lot is required, though the betterment is not so obvious, as perhaps in your own case, it is none the less reflected in the smaller deduction for betterment.

I am directed, therefore, to reaffirm the terms contained in the Council's letter of August 12, relative to these proposals, and to request that you may be so good as to express your acceptance thereof.

I am, Gentlemen,

Your obedient servant,

E. S. B. ROWE,

*Assistant Secretary.*

Messrs. E. D. SASSOON & Co.

(*Enclosure.*)

*Extract from the Municipal Gazette of June 4, 1909.*

"The Engineer reports to the effect "that all the unregistered land required for the widening of this "road is purchased or in a fair way "towards arrangement, and the first "of the claims for registered properties are submitted as follows:—

Hanson, McNeill & Jones, Lot 189.

E. D. Sassoon & Co., Lots 190, 209 and 211.

J. P. Bisset & Co., Lots 301 and 307.

J. Ambrose, Lot 311.

"With regard to these and future "claims, it appears to the Council "necessary to arrive at some definite "understanding as to the policy "which shall be adopted in respect "to the compensation payable. The "Council's proposed treatment of "the Peking Road is unusual, inasmuch as it has been decided that "owners shall be required to set back "to the scheduled line, without waiting for rebuilding under normal "conditions or as the result of a fire. "Thus the project to constitute the "Peking Road a serviceable carriage "traffic outlet westward will be "carried to a conclusion with as "little delay as possible. The road "will be metalled and provided with "cement paved footways.

"It has, speaking generally, been "the practice of the Council wherever possible to compensate owners "in districts, such as the Peking "Road, which are closely built over "with Chinese houses, at the assessed "value of the land, with 10 per cent. "added for compulsory surrender, "and to call for a reduction of the "claim by one-third where the "scheduled roadway is 30 feet in "width. For 40 foot roads it has "been held that no additional "advantage accrues to the owner "from the extra 10 feet, which has "therefore been paid for in full "from the public funds.

"The proposed treatment of the "Peking Road, however, is calculated, in the Council's opinion, to "ensure immediate enhancement of "values, and higher rentals for the "frontage shops, throughout its "whole length, inasmuch as what is "at present a somewhat squalid bye-"street will be converted into a main "thoroughfare of some importance, "wherein a better class of house "may be expected to be built. For "this reason the Council considers "that the principle of betterment "may justly be applied in each case "of expropriation up to the full "width of 40 feet.

Reasonable claims for the reinstatement of premises, and for loss "of rental during such reinstatement, will be paid in each case.

"It is apparent that a public improvement of this magnitude will "involve no little inconvenience to "landowners and agents, and the "Council relies upon the co-operation of those concerned in bringing the work to a satisfactory conclusion."

Shanghai, March 9, 1920.

DEAR SIR,—We are in receipt of your letter of the 4th instant relative to the surrenders required from Cadastral Lots 190 and 211 Central for the construction of the Soochow Road from the former, and the widening of the Peking Road by the excision of strips from both the lots.

Soochow Road.—In reply we are unable to agree with your contention relating to the construction of this road viz: "its construction cannot fail to materially benefit your property."

You are, of course, aware that the surrender from Cadastral Lot 190 was occasioned by the remodelling of the buildings on this lot, that in consequence they will not require rebuilding (except in the event of a fire) for many years, and that the *backs* of those houses are on the Soochow Road, so that for the purpose of access to the rear of those houses a passage not more than 5 feet in width would be ample.

The construction of the road has, therefore, reduced the number of houses which could have been erected on the lot, but apart from that, had no road been scheduled along the Soochow Creek, and had we decided to erect the buildings just as they are at present, the occupants of those houses would have had a strip of land capable of being used in their business free from all Police or Public interference.

The benefits (if any) derived from the construction of this road are therefore purely public ones, and its effect upon the lot, in our opinion, is a "worsement," from both the owners' and occupiers' points of view, there being many who would willingly pay and pay well for the strip of which the Council has dispossessed us and them.

We will, however, admit that in the claim contained in our letter of July 28, 1919 we failed to take note of the fact that the outer strip (averaging 10 feet in width) required for the road was to be taken from the Soochow Creek, and we, therefore, abandon our claim for it.

The amended claim will, therefore, be as follows:—

| | Tls. |
|---|---|
| Mow 0.306 at Tls. 20,000.00 per mow = | 6,120.00 |
| Plus 10 per cent. for compulsory surrender | 612.00 |
| or a total of | Tls. 6,732.00 |

Peking Road.—With regard to the widening of this road the Council some years ago placed it on record that in purely Chinese localities betterment should be imposed only on surrenders necessary to make the road 30 feet in width, and beyond that width that no betterment should be imposed, and we think no one will deny that West of the Honan Road the Peking Road is purely Chinese, hence it should be treated as such in paying compensation for surrenders, and also think most persons would admit that the widening of the Peking Road at a very large expense to the

Ratepayers has not brought about the improvement which the Council anticipated either to the owners or occupiers of the shops fronting it.

In our opinion any benefit by the wider road has been only to the Tramway Company and to the Public using the Trams.

Had the Trams not been running on this road it is more than probable that those using them would have walked over this section of the road and in all probability patronised the shops fronting it, but being carried over it in the Trams they have no opportunity of doing so.

This in our opinion also constitutes a worsement owing to the shop-keepers being unable to do the amount of business they might reasonably have expected though we make no such claim.

Our claim, therefore, for the widening of this road is:—

| | Tls. |
|---|---|
| Surrender ex Cadastral Lot 190 Mow 0.035 at Tls. 20,000.00 per mow= | 700.00 |
| Surrender ex Cadastral Lot 211 Mow 0.175 at Tls. 24,000.00 per mow= | 4,200.00 |
| | Tls. 4,900.00 |
| Plus 10 per cent. compulsory surrender | 490.00 |
| Total amount of c'aim | Tls. 5,390.00 |

Council Room,
Shanghai, March 25, 1920.

GENTLEMEN,—In reply to your letter of March 9 with further reference to the question of compensation payable for the areas required from Lots 190 and 211 for the Peking and Soochow Roads, I am directed to state as follows:—

*Soochow Road.*—Lot 190; The Council notes that you were unaware of the fact that the outer strip (averaging 10-ft. in width) required was to be taken chiefly from the Soochow Creek and that accordingly you abandon your claim to it.

With respect to the amended claim, Tls. 6,732, for the remaining twenty feet, measuring Mow 0.306, I am directed to observe with respect to your contention that the construction of the road has reduced the number of houses which could have been erected on the lot, that, were it possible to construct the same number of houses, each to be the same size as before, there would be no question of compensation at all. You have perhaps overlooked the fact that if indeed you surrender a small strip of your lot, the Council in point of fact is not asking you to do so without monetary compensation. The same argument applies to your further contention that had you erected the houses, set back from the creek bank, as at present, the occupants would have enjoyed a strip of land capable of being utilized in their business free from police or public interference. The Council quite admits this contention, but it follows therefrom that in such case, the Council would not have offered to pay you Tls. 5,203 for sharing the use of this land with the public.

I am directed, therefore, to reiterate the view that for the loss of the privileges which you enumerate and which you value at Tls. 6,732 the Council's offer of Tls. 5,203, as aforesaid, is ample compensation.

*Peking Road.*—Lots 190 and 211:—Dealing now with the question of the areas required for the Peking Road, I have only to express the view that, having regard to the rates of compensation paid to owners for the land required to widen this road throughout its length during the past few years, and which have resulted in a most marked improvement to the whole of the properties abutting thereon, the Council's offer of the assessed value, plus ten per cent. addition, and less one-third for betterment, is only fair.

In the circumstances, I am directed to state that unless you are willing to accept the terms contained in the Council's two letters of August 12 last, i.e., a total amount of compensation of Tls. 8,797 for the land required for road purposes from these lots, the Council will have no option but to have recourse to the Land Commissioners for settlement of this matter.

I am, Gentlemen,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

Shanghai, April 28, 1920.

DEAR SIR,—We are in receipt of your letter of March 25 *re* surrenders for Soochow and Peking Roads ex Cadastral Lots 190 and 211 Central.

Soochow Road, Cadastral Lot 190. We note all you say in respect to this road, and though in your letter under reply you have not repeated the statement contained in yours of March 4, viz.:—"Its construction cannot fail materially to benefit your property" it was the chief argument used in that letter why we should accept a reduction in our claim for compensation.

We, however, most emphatically deny that the construction of the road will in any way benefit this lot, as the road, even when completed throughout its entire length, will be of no use for shops, and we assert that the public only will reap any benefit from it as an additional thoroughfare, in which respect it might possibly prove to be a detriment to the lot by diverting from the Peking Road pedestrians who might be customers of the shops fronting it.

We, therefore, cannot see our way to accepting the Council's offer for the surrender of the land required for the construction of this road.

Peking Road, Cadastral Lots 190 and 211. We cannot agree to a reduction in our claim of one-third for betterment for the surrender of the strips required from these lots for the widening of the Peking Road which was 30 feet and more in width prior to those surrenders.

The Council has on numerous occasions stated that in purely Chinese localities a reduction of one-third for betterment should apply only to widening roads to a width of 30 feet, and that for any increase in the width of such beyond 30 feet, compensation would be paid in full.

In support of this we refer you to the following taken from the Municipal Gazette:—

Of August 14, 1913 *re* Cadastral Lot 1019 Northern. "It is true that the Council customarily makes no reference to betterment in the case of purely Chinese streets of 30 feet or more."

Of November 18, 1915 *re* Cadastral Lot 270 Central. "But from properties developed with Chinese houses and shops for widening to a width of 30 feet only."

There are many other instances of a similar nature in the "Gazette," but the above two are sufficient to show that the Council has adopted the practice of deducting one-third for betterment on surrenders required to widen roads in native localities up to a width of 30 feet and beyond that width that compensation has been paid in full, and as we contend that the Peking Road west of the Honan Road must be considered as a purely native locality, we cannot consent to any reduction in our claim for compensation for the surrenders required from these lots.

We are, Dear Sir,
Yours faithfully,
E. D. SASSOON & Co.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of April 28, with further reference to the question of the compensation payable in respect of the surrender of the scheduled areas of Lots 190 and 211 required for the Peking and Soochow Roads.

In reply I am directed to state, that in view of the fact that settlement by consent does not seem to be feasible, the Council is obliged to refer this question for settlement to the Land Commissioners, in accordance with the terms of my letter of March 25 last. Notice of the sitting of the Commissioners to consider this matter will in due course be conveyed to you.

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

**LICENSING OF BROTHELS.**

NOTICE is hereby given that all keepers of brothels, Foreign or Chinese, are required to take out a brothel licence under Bye-law XXXIV in pursuance of the recommendations contained in the Report of the Special Vice Committee, published in the Municipal Gazette of March 19, 1920, and adopted by Resolution XV passed at the Annual Meeting of Ratepayers held on April 7, 1920.

The licence conditions are as follows:—

CONDITIONS.

1.—That the licence be not transferable and refers only to the particular brothel in respect of which it is issued.

2.—That the licensee be the keeper of the brothel, and responsible for its proper conduct.

3.—That the licensee shall not sublet nor part with the possession of the brothel without the written permission of the Council.

4.—That the licence number plate be fixed in a conspicuous position at the main outside entrance to the brothel and remain at all times legible and undefaced, and that the licence be kept exhibited in a conspicuous place inside the brothel.

5.—That free access be given to the Police on duty and to Officers of the Health Department and of the Revenue Office charged with the inspection of licensed premises.

6.—That the names, ages and nationality of all female inmates of the brothel be kept properly recorded in the space provided at the foot of the licence, and that any changes be immediately notified in writing to the Commissioner of Police, Central Police Station, Honan Road.

7.—That no intoxicating liquor be sold in or upon any part of the brothel.

8.—That no disorderly conduct or gambling be permitted in or upon any part of the brothel.

9.—That no opium smoking be permitted in or upon any part of the brothel, and that the licensee notify the Police of the presence of any person found to be smoking opium.

Letter from the Senior Consul forwarding a communication from the Commissioner for Foreign Affairs and Council reply:—

Shanghai, April 26, 1920.

SIR,—I beg to enclose herewith for your consideration and reply a copy of Chinese text and free translation of letter received from the Commissioner for Foreign Affairs in Shanghai regarding the Woosung and Shanghai Towing Boats' Guild.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Consul-General for Belgium and Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul dated April 22, 1920.*

The Commissioner has received a letter from Kiang Sung (江 聲) representing the Chinese Cargo Boat Guild stating that trade has flourished greatly in Shanghai while the facilities afforded by the Whangpoo for transport of goods by boats are the most convenient in this country. Cargo and tow boats are used extensively for the conveyance of goods by water but there is yet no guild formed of those engaged in this business. Of late there have been many cases of robbery and the business (of those engaged in the transport of cargo) has suffered greatly. Representatives (of this business) have had interviews and discussions in regard to the matter of organizing a guild of their own so that regulations, may be drawn up for the guidance of those engaged in this business. They have submitted their proposed regulations to the City Magistrate who has approved them and has issued a proclamation for the protection of their interests: this is on record. But their boats not only ply in inland waters, they also have to pass through waterways within Settlement limits; hence trouble from robbers and thieves is unavoidable. According to regulations 5 and 9 of their guild all cargo boats should be registered and numbered, and certificates given. Any boatman meeting with robbers or thieves when passing through the Settlement waterways must report the matter to the River and Municipal Police for the necessary protection. A copy of the guild regulations for the information of the Commissioner is submitted asking him to communicate with the Senior Consul with a view to obtaining such Municipal Police protection, as may be necessary as occasion arises.

Council Room,
Shanghai, May 11, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of April 26 transmitting for the Council's information a copy of a communication from the Commissioner of Foreign Affairs, requesting Police protection for a native cargo boat guild.

In reply thereto I have the honour to inform you that the members of this guild will receive the ordinary Police protection to which all residents and persons conducting business in the Settlement are considered to be entitled. At the same time I have the honour to request that you will be so good as to warn the Guild in question that, in accordance with the standing practice, no form of compulsion can be exercised so far as the Settlement is concerned, to compel boatmen to become members of the Guild, nor to arrest alleged members of the guild for infringement of its regulations. The Council considers this warning necessary since a case has already been dealt with in which a so-called agent of the Guild endeavoured to effect an illegal arrest within the Settlement.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

*Murder.*—On April 1 a woman was murdered under particularly dastardly circumstances in an empty house at 561 Medhurst Road. The crime came to the notice of the Police on April 4 and on the following day the murderer was arrested in Chinese territory.

*Robbery.*—No armed robberies were reported to the Police during the month. In one case of attempted armed robbery 4 persons were arrested. Three reports of unarmed highway robbery were received. Seven persons charged with armed robbery, who were in custody at the end of March, were handed over to the Chinese authorities to be dealt with and three charged with armed highway robbery were sentenced to 15 years' imprisonment each at the Mixed Court.

*Stolen Property.*—322 reports of stolen property were made to the Police during the month. These included 34 of burglary, 20 of housebreaking, 5 of shop or office breaking and 3 of godown-breaking. In 122 cases enquiries were made with successful results. In this connexion I have to cite the detectives attached to the West Hongkew District as having an exceptionally fine record of work during the past month.

*Bicycle and Ricsha Thefts.*—The theft of bicycles and private ricshas is still a fairly frequent occurrence. Owners are again warned of the risk they run of leaving these vehicles unattended and unsecured in the roadway or in the hallways of office or public buildings.

*Opium.*—The smuggling of opium continues to a considerable extent Numerous raids and seizures are made and convictions are constantly obtained by the Police, but these have but little effect on the illicit importation of the drug.

*Bombs and Threatening Letters.*—It is satisfactory to record that since the arrest by the Police in March and the sentencing on April 22 of one Zang San-leu to 10 years' imprisonment and expulsion, the threatening letter and bomb nuisance has ceased.

*Strikes.*—No strikes of workers occurred in the Settlement during April and endeavours on the part of agitators to bring about a monster demonstration on Labour Day (May 1) ended in complete failure.

*Southern Government.*—Dr. Wu Ting-fang, who had for several years held a ministerial appointment in the Southern Government at Canton, returned to Shanghai on April 16, having with several other members of the Administrative Council apparently broken off relations with his military colleagues. There are about 200 members of the old Parliament from Canton now in Shanghai.

*Soviet Peace Offer.*—Towards the end of March the Soviet Government in Siberia made a bid for Chinese friendship by offering through the press to conclude a peace treaty which would restore to China all concessions, rights and privileges, including extraterritoriality, railway and mining rights, to which past treaties had entitled Russia in this country. Although no official notice was taken by the Chinese Government of this offer a considerable number of Chinese societies replied saying that they considered its terms to be not only acceptable but generous. These replies, which generally contained denunciations of militarism and capitalism, confirm previous reports as to the existence of communist sentiments among societies of recent growth. The best known of the local bodies which replied to the Soviet peace offer are, according to the press, the Amalgamated Association of Street Unions, The Shanghai Students' Union, The National Organizations Union of China and several of the oldest established guilds in Shanghai.

*The Students' Strike.*—On April 11 the National Students' Union of Shanghai transmitted certain demands of a political nature to the Government in Peking. No notice being taken of their communication they declared a so-called strike on April 14. On the afternoon of that day several thousand boys and girls from 53 different schools held a meeting at the Public Recreation Ground outside the West Gate. After the usual speeches had been made the meeting marched in procession through the City and handbills denouncing the Chinese Government were distributed. During the next few days strenuous endeavours were made by the students to induce the merchants and labourers to join their movement by means of street lecture parties and a canvass of shops in Chinese territory. None of the Municipal schools struck work nor was there any attempt by the students to pursue their activities in the Settlement. On April 22 a party of students who were attempting to undermine the loyalty of the workmen at the Arsenal came into collision with the military with the result that a few of them received minor injuries. This was made the excuse for further demonstrations in favour of a general strike. The same evening between 9 p.m. and midnight a procession of some 500 students marched through the City entreating the merchants and labourers to join them. They succeeded in preventing the City trams from running the following day and also induced most of the shopkeepers in the City and Chapei to put up their shutters. Early next morning, April 24, martial law was declared by the Military Governor and all meetings, demonstrations, speeches and other propaganda forbidden. In spite of this the students attempted to proceed with a mass meeting they had decided to hold in the afternoon near the West Gate with the result that a fight occurred with the soldiers and police and a few of the demonstrators were injured. The shops in the City and Chapei remained closed on April 25 and about 500 shops in the Settlement and Frenchtown put up their shutters. Next day, however, most of them reopened and about 1,000 labourers who had been on strike for two days returned to their work. Following the incident of April 24 the students tried to start a campaign of revolutionary propaganda in which the overthrow of all authority was freely advocated. A daily paper published by the Students' Union was specially violent and various organs of the native press contained grossly exaggerated and wholly untruthful accounts of the fracas which were intended to inflame the country at large. But their efforts met with little success. It was clear from the outset that the movement lacked public support. The merchant and labour organizations displayed no active enthusiasm whatever, confining themselves to sympathetic assurances and the dispatch of numerous telegrams to Peking. Yet, so easily are the masses swayed, that the situation might have become serious but for the timely declaration of martial law by the Military Governor as soon as it was seen that the students, having failed to accomplish their aim by other means, intended to incite the populace to open rebellion against constituted authority.

***Identification Office.*—During the month 613 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 168 were identified as having a previous conviction or convictions. In addition to the above 187 records were received from the French Police out of which number 100 were identified in the records of this office, making the total for the month:—**

## Mixed Court Report for April.

The undermentioned foreigners who are not recognized by any Consulate in Shanghai were before the Court on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| A. Mislea | British | Larceny | To leave Shanghai |
| M. Pakkanen | Finn | Assault | Dismissed |
| K. Cinkeewich | Pole | Drunk and Disorderly | Released |
| B. Biatu | Roumanian | Drunk and Disorderly, Wilful damage and Wounding | 6 months |

Fourteen persons were before the Court for failing to pay the cost of laying new drains on their premises. The case was originally brought as a civil one but the Court held that criminal proceedings should be taken; this was done and the defendants were ordered to pay within 14 days.

During the month the Court tried:—

21 cases of burglary as against 35 in March.

227 cases of larceny as against 215 in March.

12 cases of cruelty to animals as against 4 in March.

65 cases of breach of motor car regulations as against 43 in March.

Eighty Chinese civil cases were concluded during the month while thirty-eight are awaiting a first hearing, being a decrease of 11 as compared with the previous month.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

## Health Officer's Report for April.

The condition of the Public Health throughout the month was good. No deaths were recorded from Smallpox and the 3,660 free vaccinations, mostly infants, done during the month at the Branch Health Offices represents a satisfactory insurance against the future.

Cases of cerebrospinal fever continued to occur both among foreigners and Chinese in lesser number, and should soon cease with the onset of warmer weather.

There was an outbreak of Scarlet fever among the boarders of a large school, introduced from outside. It was quickly controlled by the excellent management of the school concerned.

The tentative arrangements for a school for Chinese sanitary employees has so far not met with much success. The object is to attract better educated Chinese capable of grasping the sanitary idea, that is to say, to train the employee to understand the object of what he is doing, as in disinfection, mosquito reduction work, etc. Apart from work requiring a high degree of manual dexterity, the pupils who have at present passed through the school show either insufficient aptitude to benefit by the instruction or, if otherwise qualified, object to the necessary manual or coolie work.

In view of the strawberry season it may be noted that strawberries can be safely eaten fresh if dipped for a few seconds in boiling sugar syrup as recommended in the Public Health Notice obtainable from the Health Officer or District Health Inspectors. This sterilises the fruit sufficiently to make it absolutely safe and in no way spoils the flavour or appearance. Otherwise strawberries are often the cause of dysentery and other serious troubles, watered as strawberries so often are with nightsoil and passing through so many coolies' dirty hands. Washing in water, even if permanganate of iodine is added, is not enough. Although people may eat unsterilised strawberries many times and nothing untoward occur, they inevitably become the prey of serious intestinal trouble, and this can be easily avoided with a little supervision by the lady of the house.

It is well now to direct special attention to the prevention of the summer diseases due to infected food. Choleraic trouble, which made such havoc last year, is to be expected this year when heat and moisture wake up the germs from their winter sleep. Careful and special attention is directed towards the intelligent following out of the few requirements for health given in the Public Health Notice. It is little or no use posting this notice in the kitchen in the pious hope that the cook or boy will follow the Chinese translation. Few cooks and boys can read Chinese. It is up to the lady of the house to impart instruction and to see that the rules are intelligently and constantly observed.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Report of the Acting Commissioner of Public Works for April.

Asphaltic road work was commenced early in the month. Asphaltic concrete is being laid in Soochow Road between The Bund and Honan Road and it is intended to continue with the other roads in this section of the Central District.

Although the initial cost is much higher than for waterbound macadam the annual cost and ultimate renewal is no more than the cost of waterbound macadam for those streets where the latter require renewal or patching more than twice a year, as is the case in most of the main roads in the Central and Northern Districts where waterbound macadam still exists.

In the case of the Bund the maintenance cost of the asphaltic concrete laid in 1918 only amounted to Tls. 40 during 1919.

Surface treatment of waterbound macadam roads by asphaltum is being extended, although this is merely a palliative in the case of roads subject to heavy traffic.

Owing to the limited capacity of the plant at Sinza Depôt progress on new work is necessarily slow, and the extension of asphaltic road treatment will entail the erection of further plant in the near future, as the repair work alone will make considerable demands upon the plant.

The tramway track in Bubbling Well Road between Siccawei Road and Hart Road has been relaid along the new centre line of the road and the completion of the road surface is in hand.

Consequent upon the demolition of the wall on the south side of Bubbling Well Road west of Ferry Road, widening operations have been resumed.

A modification of the line of road has been effected along the Country Club frontage but the footpath cannot be constructed in its ultimate position until the tramway track has been relaid, which work cannot be proceeded with until the various widenings further east have been carried out.

Resulting upon the widening of Hungjao Road west of Warren Road a marked improvement in the line and appearance of the road is evident. This work is not yet completed.

A commencement has been made with the widening of the Bund south of Peking Road. The work is being delayed on account of the shortage of road materials, although better progress is anticipated now that a new materials contract has been arranged. The new footpath along the Bund foreshore has been completed between Peking Road and the P. & O. Jetty, and the turfing of this section of the Bund is in hand.

Tanyang Road and Funing Road have been raised and ashed between Chemulpo Road and Lay Road.

Hailar Road has been raised for a distance of 400 feet east of Urga Road.

*Drainage.*—A commencement has been made with the laying of a 3 feet diameter sewer in Avenue Road west of Gordon Road. This will be continued through to Hart Road.

A detritus chamber has been constructed at the outlet of the Defence Creek culvert, which work completes the culverting of the Defence Creek.

*Bundings and Jetties.*—The stone slope on the Bund Foreshore has been completed from Peking Road to Nanking Road, and between the Custom House and Canton Road.

The Pontoons are being renewed and overhauled in turn and refixed in their new positions.

About 2,000 fong of mud has been dredged from the Wayside Dock giving a depth of 8 feet at low water. There is rapid accretion in the Dock, particularly at the entrance where a bar forms. Constant dredging will be necessary to maintain a sufficient depth of water at low tide.

MUNICIPAL PROPERTIES.

*Administration Building.*—The work generally is proceeding satisfactorily, good progress having been made with the Electrical Work and Heating Installation. At the same time the joinery for internal lights, doors, etc., is well in hand.

FIRE BRIGADE.

*Yangtszepoo Fire Station.*—Good progress is being made with the brickwork of the first floor, which will shortly be ready to receive the falsework for the floor above.

*Hongkew Fire Station Workshops.*—This building is now complete, except for the necessary internal fittings.

ELECTRICITY DEPARTMENT.

*Administration Building Substation.*—Work has been commenced on the staircase, which has been placed on the outside of the building instead of the inside as originally contemplated. This will provide more space for equipment in the building.

*Tonquin Road Substation.*—The expanded metal screen around the first storey is practically completed. On account of the proposed extension, minor changes are being made to the cubicles and staircases in the building.

*Riverside Power Station, Office Building, and Switch House.*—Concrete work of the first floor of the Office Building has been completed.

*Pingchiao Quarry.*—1,541 fong of material was despatched to the Public Works Department during the month. It has been found necessary to suspend the supply of rubble stone to the Whangpoo Conservancy Board, as there is very little of this material available.

Certain inferior metalling stone is being supplied to contractors in Hangchow.

All three crushers are now in full operation.

The average number of labourers employed daily was 165.

| | |
|---|---|
| Hand made | 8,287 pieces |
| Machine made | 3,440 ,, |
| Total | 11,727 pieces |

*Work Shelters.*—There were 130 admissions during the month and 189 bundles of wood chopped, and 192 cubic feet of stone broken.

C. HARPUR,
*Acting Commissioner of Public Works.*

**Public Health Notice.**

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infections disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

Digitized by Google Original from CORNELL UNIVERSITY

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

**Trade Exhibition.**

Correspondence with H. M. Commercial Counsellor on the subject of a proposed Exhibition of British Manufactures:—

Shanghai, February 10, 1920.

MY DEAR PEARCE,—I have received a telegram from our Foreign Office in London informing me that the British Government propose to send an exhibition of British manufactures on a tour of the world, and that if suitable accommodation can be obtained the exhibition will visit Shanghai and other ports in China in the spring of 1921. It is estimated that the exhibits will weigh 300 tons and that the floor space required will be 30,000 square feet. The exhibition will remain open a fortnight and will take two weeks for setting out and two weeks for packing up —that is, six weeks in all.

I have made inquiries regarding possible accommodation for this exhibition in Shanghai and I find that the only place at all suitable is the new Municipal Drill Hall. The area of this hall is, I am aware, less than 30,000 square feet but I have no doubt that arrangements can be made to reduce the bulk of the exhibits accordingly.

I write to ask if you will be good enough to consult your Colleagues and let me know whether you think the Council would be willing to place the Drill Hall at the disposal of the British Government for this purpose. I am aware that the final decision in this matter must rest with the incoming Council, but as I am directed to reply by telegraph as to the possibility of holding the exhibition in Shanghai, I shall be grateful to you for an expression of opinion as to whether an application of this kind would be favourably considered by the Council when the time comes for a definite request for the use of the Hall to be made. I should mention that the date of the exhibition will be fixed so that it will not interfere with the annual training of the Volunteers, that we shall be prepared to pay for the hire of the hall, and to accept such conditions as regards precautions against fire, etc., as the Council may see fit to lay down.

Yours sincerely,

H. H. FOX,

*Commercial Counsellor of Legation.*

E. C. PEARCE, Esq.,

Chairman, Municipal Council.

---

Council Room,

Shanghai, February 25, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of February 10 inquiring whether the Council would place the new Municipal Drill Hall at the disposal of H.M. Government for a trade exhibition to be held in the Spring of 1921, and in reply, and in confirmation of the information already conveyed to you verbally, to state that although the Drill Hall would not as a general rule be available for such purposes as those mentioned, the Council gladly gives provisional sanction to its being let to H.M. Government in view of the very great measure of support that H.M. War Office has accorded the Council in the matter of the supply of armament and ammunition for the use of the Shanghai Volunteer Corps.

The Hall which measures 180 feet by 102 feet would only be available subsequent to April 30 and before the commencement of the Volunteer Corps Autumn training, and the charge for its use would be the more or less nominal one of Tls. 100 per diem for the fortnight during which the proposed exhibition is open. The actual cost of lighting during this period and during the time occupied in the preparation and removal of exhibits would also have to be met by H. M. Government.

I am, Sir,

Your obedient servant,

N. O. LIDDELL,

*Secretary.*

H. H. Fox, Esq., C.M.G.,

H. M. Commercial Counsellor.

Shanghai, February 27, 1920.

DEAR SIR,—I beg to acknowledge, with thanks, receipt of your letter dated 25th instant informing me that the Council have been good enough to give provisional sanction, under certain conditions, to the new Drill Hall being placed at the disposal of H. M. Government for the purpose of holding an Exhibition of British Manufactures in Shanghai in the spring of 1921.

Yours faithfully,

H. H. FOX,

*Commercial Counsellor of Legation.*

N. O. LIDDELL, Esq.,

Secretary, Municipal Council.

Shanghai, May 18, 1920.

SIR,—With reference to your letter of February 25 last in which you were good enough to inform me that the Council would place the new Municipal Drill Hall at the disposal of His Majesty's Government for an Exhibition of British Manufactures which it was proposed to send to China early in 1921, I beg to inform you that I am now in receipt of a telegram from His Majesty's Secretary of State informing me that the Exhibition has been postponed for the time being owing to the present commitments of British manufacturers, and that further advices will be sent when the organization has been resumed.

I am, Sir,

Your obedient servant,

H. P. BRETT,

*Acting Commercial Counsellor of Legation.*

The SECRETARY, Municipal Council.

Council Room,

Shanghai, May 22, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of May 18, wherefrom the Council notes with regret that you have now been advised by His Majesty's Secretary of State that the proposal to hold an exhibition of British Manufactures in Shanghai has been unavoidably postponed.

I am directed to thank you for this communication and to state that the Council notes that further advice will be given if and when it is decided to proceed with this project.

I am, Sir,

Your obedient servant,

*Revenue Department.* — During the absence on leave of Mr. E. L. Allen, Commissioner of Revenue, Mr. F. A. Sampson, Assistant Commissioner, will be in charge of the Revenue Department.

### Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infections disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.
Food on which flies have settled.
*Milk or cream which has not been boiled or sterilised.
*Water which has not been boiled or filtered through a Brownlow filter.
Aerated water and other drinks unless of best quality.
Alcoholic drinks during the hot weather.
Bread which has not been sterilised by re-heating in an oven.

Digitized by Google Original from CORNELL UNIVERSITY

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Fire Brigade Report for April.

The total number of calls to fires, or supposed fires, during the month was 27, as against 31 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 2,850 (Foreign, Tls. 500: Chinese, Tls. 2,350), as against Tls. 26,675 (Foreign, Tls. 100: Chinese, Tls. 26,575) during April 1919. The property at risk is estimated at Tls. 121,000 (Foreign, Tls. 25,000: Chinese, Tls. 96,000), as against Tls. 1,147,200 (Foreign, Tls. 1,000,000: Chinese, Tls. 147,200) for the corresponding period last year.

The calls were received as follows:—Telephones 15, Watch Towers 6, Street Alarms 4, and Police 2. The district call was given on 6 occasions, the remaining 21 being station calls. These calls proved to be 16 small fires, 7 false alarms (1 of which was malicious) and 4 fires outside the Settlement.

The main supposed causes of fires within the Settlement are as follows:—Incendiarism 4, Overheated stove pipe 2, Drug overheated 2, Dropped match or cigarette end 2, Sparks from chimney 2, Timber in Chimney 1, Fusing of electric wires 1, Lamp in contact with curtain 1, and Unknown 1. The premises affected were:—Foreign Buildings 2, and Chinese Buildings 9.

The Brigade was occupied 388 hours and 54 minutes at fires, or supposed fires.

An outbreak which might have had serious results occurred on April 6 at 5.37 p.m. when the temporary carpenter's shop at the east of the Great Northern Telegraph Co.'s new building under construction was found to be well alight, and the fire was spreading rapidly to the scaffolding and bamboo screens around the building and a number of sunblinds on McBain's building were in flames. It was only by exceedingly quick work of the Central Division that the fire was quickly extinguished with only little damage.

The Brigade rendered valuable assistance at a fire at Pootung on April 9, when godowns A, B, C, D at Lee Nee Du Wharf, occupied by Chinese, were found in flames. It was a most difficult fire to tackle owing to the fumes and smoke from a very large quantity of pepper and sugar respectively stored in the buildings involved. Landing parties from warships in the Harbour and the River Police with the Custom's Float and Butterfield & Swire's Fire Float also gave valuable assistance. The fire was confined to the buildings already in flames on arrival of Brigade.

Three calls were received to No. Uu 48 Ching Yuen Lee, a Chinese cotton yarn hong, during the month. Two outbreaks were dealt with by buckets of water, but the last one on April 28 was more serious, the roof of the kitchen was well alight and the fire had obtained a grip on the front building.

The Brigade also dealt with a cotton fire in the Jessfield village. A long line of hose was used, with a pump working from the creek.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

### Chinese Soldiers or Police in the Settlement.

Letter to the Senior Consul:—

Council Room,
Shanghai, May 25, 1920.

SIR,—I have the honour to bring to your attention a case of illegal functioning by persons supposed to be native troops or police on the premises of the New Engineering and Shipbuilding Works on the afternoon of May 14. It appears that on that afternoon, an officer and certain soldiers or police proceeded in a launch from the Kiangnan Dock Yard to the New Engineering and Shipbuilding Company's premises in the Settlement in search of an employe alleged to have committed a breach of his contract. The officer and four men landed at the jetty and after making enquiries were accompanied back to the launch, apparently voluntarily, by a man named Loh Sieu-chung, who at the time of this visit was in the employ of the New Engineering and Shipbuilding Works, Ld.

In drawing your attention to this matter, I have the honour to state, for the information of the Commissioner of Foreign Affairs, that the Council merely desires to record a formal protest at this disregard of the standing practice respecting entry of Chinese troops or police into the Settlement, since a satisfactory explanation and apology has already been received from the responsible officials concerned, who were unaware of the fact that their subordinates had taken unauthorized action.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,

### Szechuen Road Bridge.

Reports and recommendations by the Commissioner of Public Works have been considered relative to the proposed re-construction of the bridge over the Soochow creek at Szechuen Road, and details of the plans approved are as follows:—

The bridge will be a three span bridge, constructed of reinforced concrete and steel, and will be a deck span of cantilever type, the suspended span being of steel plate girder construction, and the cantilevers of reinforced concrete. The central span will be 120 feet, and the side spans approximately 56 feet each. As the suspended portion of the central span is 52 feet, the cantilever arms will be 34 feet each.

A clearance of 12 feet at tide is provided in the mid the centre span, which is but little reduced for a width of 4 on either side of the centre. obtain this clearance it has necessary to use a grade of 1 for the roadway. The carriag will be 36 feet wide, and the ways 10 feet each, giving a width of 56 feet compared a total width of 30 feet in old bridge. The bridge is desi to carry a 14-ton steam roller gether with street cars an uniform live load of 100 pound square foot. The general ap ance of the bridge will be th three elliptical arch spans.

This type of bridge has adopted for the reason that slightly more economical th wholly steel structure; it will less in maintenance: and is inf ly superior in appearance. work of construction, also, wi more rapid and will involve interference to the waterway, ing construction than other considered.

In order that the centre li piers shall conform with the tion of the current the centre of the bridge has an angle of of 14 degrees.

The total cost of the brid estimated at Tls. 121,980 incl of work required to be don piers, cofferdams, abutments approaches.

*Translation of letter from the missioner for Foreign Affai the Senior Consul, dated 29, 1920.*

The Commissioner is in re of a note from the Shantung and 18 other unions, complai that the wharves of Tai Koo, Merchants, Hung On, Hwa S Ewo and Shuntai, also the wh and godowns at Pootung, recently been infested by vagab generally known as "The thirt Vagabonds" who have many lowers and who steal and rob from the wharves on land and cargo boats in the water; they even taken away whole packag cargo from merchants in places, and so the merchants suffered very considerably in sequence. This gang of ruffia

a serious danger to the local community, especially as Shanghai is a principal port of trade where large quantities of cargo are handled on the wharves. The Commissioner is requested to communicate with the military and police authorities asking them to take the necessary steps to investigate and/or arrest and prosecute these bad characters, in the interests of public peace and local trade: he is also asked to address the Consular Body to ask the S.M.P. to take similar action, for the benefit of all concerned.

As these vagabonds steal and rob goods from merchants both on land and water they are really a menace to local merchants and steps should therefore be taken to arrest and severely deal with them from time to time. The Commissioner asks the Senior Consul to take note and to request the S.M.P. to take the necessary steps in this matter.

With compliments of the season.

Council Room,

Shanghai, May 28, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of May 10, on the subject of representations made by various Guilds complaining that certain wharves have recently been infested by dissolute characters known as "The Thirty-six Vagabonds."

In reply thereto I have the honour to inform you that in so far as the wharves within the Settlement are concerned, these have always received and will continue to receive every possible Police protection.

As a result of your despatch, however, enquiries have been made among the compradores of shipping firms and, except for petty larcenies, none of them has been able to cite any instance of cargo having been stolen from places under the jurisdiction of the Council. The records of the Police show that larcenies from wharves are few; Messrs. Jardine, Matheson & Co.'s compradore states that during the last two years the number of thefts committed on the Hongkew Wharf has decreased considerably; Mr. Chun Bing-him, compradore of Messrs. Burkill & Sons, who wrote the letter to the Commissioner of Foreign Affairs, admits that there is not much cargo stolen from the wharves in the Settlement, but that there is an enormous amount stolen from those outside.

As regards Pootung, the Chinese City and elsewhere, the Council must, in accordance with established practice, rely upon the native authorities for the apprehension and suppression of thieves and other evil-disposed persons.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,

**Road Extensions and Widenings.**

*Lungmen Road.*—The following correspondence details the negotiations with Messrs. Brandt & Rodgers leading up to acceptance of the Council's terms of compensation for the area of Lot 1869 required for the construction of this road:—

Shanghai, March 11, 1920.

SIR,—In accordance with your request of the 9th instant, I beg to hand you herewith a plan showing in red the area, required from Cadastral Lot 1869 for road purposes.

Yours faithfully,
C. HARPUR,
*Acting Commissioner of Public Works.*

W. BRANDT, Esq.

---

Shanghai, March 19, 1920.

DEAR SIR,—In reply to your letter of the 11th instant I beg to inform you that the area required for the Lungmen Road Extension splits the land into two portions which will be useless for building purposes, I therefore propose that the Council purchases the entire lot together with all the buildings thereon, for the sum of Tls. 3,500.

Yours faithfully,
W. BRANDT.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,

Shanghai, March 30, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 19, 1920, relative to Lungmen Road Extension, Cadastral Lot 1869, and in reply thereto to state that the Council is informed that the buildings on this land are bungalows which are at present in an uninhabitable condition, and were in fact about to be pulled down, and that as this factor must have a very material effect on the compensation payable, the Council is unable to agree to the terms proposed by you.

The Council is, however, prepared to purchase this lot, on the following terms:—

| | Tls. |
|---|---|
| For area required for road land Mow 0.247 at Tls. 3,500 plus 10 per cent. | 951 |
| Surplus land Mow 0.188 at Tls. 3,500 | 658 |
| Compensation for buildings | 500 |
| A total for land and buildings of | 2,109 |

I shall be glad to hear that this offer is acceptable to you.

I am, Gentlemen,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

MESSRS. BRANDT & RODGERS.

---

Shanghai, April 13, 1920.

DEAR SIR,—In reply to your letter of the 30th ultimo I beg to inform you that the sum of Tls. 2,109 proposed by you for the purchase of Cadastral Lot 1869 is less than the actual amount paid for it sometime ago. In view of this fact your offer is not accepted. The land contiguous to it to wit Cadastral Lot 1870 is assessed at Tls. 5,500 per mow which I take it to be on account of the frontage of it on the Chengtu Road. And as the remaining two portions will have frontages on the Lungmen Road at a short distance from the Chengtu Road I am of opinion that it is quite reasonable to price them at Tls. 5,500 per mow. I therefore suggest the following:—

| | Tls. |
|---|---|
| For area required for road land Mow 0.2.4.7 at Tls. 3,500, plus 10 per cent. | 951 |
| Surplus land Mow 0.1.8.8 at Tls. 5,500 | 1,034 |
| Compensation for buildings and loss of rental | 750 |
| Tls. | 2,735 |

Yours faithfully,
W. BRANDT.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,

Shanghai, April 28, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of April 13, with further reference to the surrender of land ex Lot 1869 for the Lungmen Road.

In reply thereto, I am directed to observe, with respect to your statement that the sum offered for the lot is less than the actual amount paid for it, that it is not at all unusual, especially in the case of Chinese, uninstructed in the value of land or desiring special lots for special purposes, or aware of the fact that a road is scheduled, but ignorant of the Council's powers in connexion with its acquisition, to purchase land situated upon the line of public roads at prices far in excess of their value. The amount paid for the land therefore, has not always a direct connexion with its actual value, while the sum that the Council can pay therefor, having regard to the fact that it is the Trustee of the public funds, is necessarily based upon its value.

I am directed further to refer to your statement that the Lot 1870 adjoining is assessed at Tls. 5,500 per mow, which you attribute to its frontage on the Chengtu Road. This is a fact, but you have overlooked the correlative fact that the enhanced value of the lot is directly due to the circumstance that Mow 0.535 of it has already been surrendered without compensation to provide the road in question. You then contend that the remaining two portions of your lot, by having similar frontage on a public road, will become enhanced in value, from which of course it follows, if your contention is correct, that in this case, the Council in accordance with the usual practice, should deduct from the compensation due for the roadland such sum as represents the betterment accruing to the remainder. I may state, however, that the Council has not claimed from you any betterment in regard to this transaction, because it considers that the view put forward in your

Digitized by Google Original from CORNELL UNIVERSITY

letter of March 19 was correct, that the road, while constituting an undoubted benefit to other properties, would affect this small property in such manner as to render the remaining portions useless for development.

In the circumstances, therefore, the Council has offered to pay you for the whole of the property at the rate of Tls. 3,500 per mow, or in the alternative, should you desire to retain the surplus land, the Council will require a deduction from the sum payable, of the equivalent to the betterment which you admit will be conferred upon the remainder of the lot by the said road.

With respect to the item of compensation for buildings and loss of rentals, I am to state that in view of the fact that you had already applied for a permit to rebuild this property, there can be no claim for loss of rental whatever, and I may add that the sum of Tls. 500 offered you as the value of the buildings, was specially made upon a very liberal basis.

I am directed, therefore, to inform you that the Council is unable to pay for this property more than the sum set forth in my letter of March 30, i.e., Tls. 2,109 for Mow 0.435.

I am, Gentlemen,
Your obedient servant,
E. S. B. Rowe,
*Assistant Secretary.*

Messrs. Brandt & Rodgers.

---

Shanghai, May 25, 1920.

Dear Sir,—With reference to your letter of the 25th ultimo we beg to inform you that the majority of Chinese purchasing land in the settlements are fully aware of the Council's power in connexion with acquisition of land for public roads but the facilities and the publicity given by the Council are, in our opinion, not sufficient to acquaint the Chinese public of scheduled roads. We agree that the proposed road represents a betterment to the remaining portions but at the same time this advantage is nullified as the remaining lots will be useless for development. The mere fact that application for a permit has been made to rebuild this property only proves that the owner did not know of the proposed road and will not be equitable as a basis to refuse compensation for buildings and loss of rentals. If the Council is willing to waive its claim of betterment we will do likewise as regards loss of rentals. Our amended claim, therefore, is as follows:—

| | Tls. |
|---|---|
| For area required for road land Mow 0.2.4.7 at Tls. 3,500 per mow plus 10 per cent. | 951 |
| Compensation for buildings | 500 |
| Tls. | 1,451 |

You will note that these figures are the same as quoted by you in your letter of March 30 last—which we hope will be acceptable to you.

Yours faithfully,
Brandt & Rodgers.

N. O. Liddell, Esq.,
Secretary, Municipal Council.

Council Room,

Gentlemen,—I am directed to acknowledge the receipt of your letter of May 25, wherefrom the Council notes that you now accept the terms of compensation contained in my letter of March 30, in so far as they relate to the scheduled area of Lot 1869, required for the Lungmen Road. The amount payable is thus Tls. 1,451 in respect of Mow 0.247.

Letter from various residents, with reply on the subject of the culverting of the Creek in Darroch Road off North Szechuen Road at a cost of Tls. 400.

Shanghai, May 13, 1920.

Dear Sir,—We, the residents of Darroch Road, off North Szechuen Road Extension, beg leave to report to you the fact that the small creek at the end of this road, which runs between our houses, is always filled with dirty water and refuse. That being the case, we are in constant danger of contracting serious diseases, besides, the stench is most annoying.

Now that a portion of this useless creek has been culverted, we understand, by the Chinese Authority, we shall appreciate if you will kindly bring this matter to the notice of the Council with a view to their doing the same with the other portion inside the Foreign Settlement.

Trusting our request will meet with your kind consideration and thanking you in anticipation.

*Translation of a letter from th[illegible] Commissioner for Foreign Affai[illegible] to the Senior Consul, dated Ma[illegible] 1, 1920.*

The Commissioner for Foreig[illegible] Affairs is in receipt of a letter fro[illegible] the Shanghai Taoyin who has r[illegible]ceived a note from the Bureau [illegible] Saltpetre and Sulphur of th[illegible] Kiangsu province stating that th[illegible] Tuchun has approved grantin[illegible] the right for the sole sale o[illegible] saltpetre and sulphur in thi[illegible] province to the Foo Lee Co[illegible] in consideration of its payments fo[illegible]rationing the army, and that th[illegible] sale of such commodities belongin[illegible] to other provinces or by other per[illegible]sons in this province is illegitimat[illegible] and must be prohibited. As salt[illegible]petre and sulphur are necessary i[illegible] the manufacture of ammunition fo[illegible] army use, care should be exercise[illegible] to prevent same entering into th[illegible] hands of desperadoes or the peac[illegible] and good order of the district woul[illegible] be disturbed. The said Compan[illegible] has reported that smuggling or il[illegible]licit sale of these goods is still goin[illegible] on in certain districts, adding tha[illegible] if steps were not taken to chec[illegible] same, not only its interests woul[illegible] suffer but public peace would als[illegible] be disturbed. It, therefore, asks hin[illegible] (Taoyin) to report and request th[illegible] Tuchun to take steps to prohibi[illegible] smuggling operations. In this con[illegible]nexion it may be noted that whe[illegible] the Company took over the busines[illegible] at first the former monopolist[illegible] Tang Chin-kee, had some saltpetr[illegible] and sulphur left in hand, which wa[illegible] offered for illicit sale in the Settle[illegible]ment, then the Bureau made repre[illegible]sentations to the Taoyin who i[illegible] turn wrote to the Mixed Court fo[illegible] the issue of a prohibitory proclama[illegible]tion on the subject; the Court subse[illegible]quently replying and notifying th[illegible] Foo Lee of the issue of the procla[illegible]mation as requested. The Compan[illegible] now makes application for simila[illegible] action according to precedent, ask[illegible]ing the Taoyin to communicate wit[illegible] the Mixed Court, at the same tim[illegible] requesting the Court to consult th[illegible] Municipal Council to bring th[illegible] question of the prohibition of smug[illegible]gling and/or illicit sale of thes[illegible] commodities for approval at the an[illegible]nual meeting (of Ratepayers) o[illegible]

April 7. Enquiry was also made whether it was possible to ask the Commissioner of Police to instruct his detectives, Foreign and Chinese, to investigate and search smuggled goods, handing over any quantity of saltpetre and sulphur seized without bearing a sealed permit of the Tuchun, to the Bureau for appraisement of its value, half of which will be forfeited and the remaining half issued as a reward to those who caught the smugglers; this is of benefit to the Company's interests as well as the peace of the place. The Taoyin has accordingly addressed the Mixed Court on the subject. The Senior Magistrate of the Court has, however, replied to the effect that when the Foo Lee Co. first took over the business he received notes from the Taoyin and Commissioner for Foreign Affairs whereafter he consulted the Senior Consul and the Commissioner of Police as to action against smuggling in these commodities but the Senior Consul subsequently replied expressing disapproval while the Secretary to the Municipal Council and the Commissioner of Police have also replied to the effect that the sale of saltpetre and sulphur is a free trade in the Settlement and that if one company or one man were allowed the right for the sole sale of these goods a monopoly would thereby be created and this could not be entertained. The Magistrate has duly reported these circumstances for the information of the Taoyin and the Commissioner for Foreign Affairs, as also the Bureau of Saltpetre and Sulphur of the Kiangsu Province, with the suggestion submitted that the matter be negotiated (by them or Commissioner for Foreign Affairs) with the Consular Body direct. Having received further directions on the same subject the Magistrate has pointed out in reply that as the point concerns local administration it had better be discussed by the Commissioner for Foreign Affairs with the Consular Body direct. The Taoyin, therefore, asks the Commissioner to take note and act accordingly.

The Commissioner finds that saltpetre and sulphur are materials essential in the manufacture of ammunition and that if their free sale is allowed they will very likely pass into the hands of bad characters thereby seriously affecting the public peace. He adds that the business of the said Company is of quite a different character from that of any other trade monopolies and under the circumstances he asks the Senior Consul to take note and to request the S.M.P. to cooperate accordingly.

Awaiting the favour of a reply.

YANGTCHENG.

Council Room,
Shanghai, May 23, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of May 10 enclosing a copy and free translation of a communication from the Commissioner for Foreign Affairs on the subject of the Sulphur and Saltpetre Monopoly of Kiangsu.

In reply, I have the honour to enclose a copy of the correspondence with the Foo Lee Company on this subject, which was published in the Municipal Gazette of May 13 last. From this you will note that the provincial monopolists have also approached the Council direct with regard to this matter and that in reply the Council reaffirmed its previous decision that no form of monopoly in the sale of these or any other commodities can be countenanced in the Settlement.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

**Public Health Notice.**

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever,

Digitized by Google Original from CORNELL UNIVERSITY

Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer*

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

The meeting adjourned at 5.55 p.m.

**Foreign Educational Committee.**

The Rev. C. J. F. Symons, M.A., has accepted the Council's invitation to fill the vacancy in the membership of the Committee caused by the resignation of Dr. R. S. Ivy.

**Library Committee.**

The resignation of Mr. F. C. Kendall of his seat on the Committee has been accepted with regret.

**Rabies or Hydrophobia.**

Owing to the prevalence in the Settlement of this form of disease, the special attention of the public is drawn to the Health Notice on this subject, set forth elsewhere in this issue.

**Road Extensions and Widenings.**

*Honan Road.*—Arrangements have been concluded with Messrs. E. D. Sassoon and Company for the surrender of Mow 0.315 of land ex Cadastral Lot 128 required in connexion with this road. Compensation has been arranged on the following terms:—Mow 0.087, at the assessed value of Tls. 24,000 per mow plus 10 per cent. for compulsory surrender, or Tls. 2,296.80 for the required area. Mow 0.228, let on building lease prior to being scheduled for road widening, at the assessed value, Tls. 24,000 per mow plus 10 per cent. for compulsory surrender, deferred 20 years at 8 per cent., or a sum of Tls. 1,291.42.

The lessee's claim for compensation has been approved on the basis of a gross loss of rental of Tls. 9,366.51, less Tls. 2,400 saving on building contract, or a net sum of Tls. 6,966.51.

**Szechuen Road Bridge.**

Arrangements have been concluded with Messrs. Arnhold Bros. & Co., Ld., for the supply of 125 tons of Reinforcing Steel Bars at a total cost of G.$17,720.

**Wharfage Dues.**

Correspondence with the French Municipal Council and the Commissioner of Customs on the subject of the levy of wharfage dues on transhipment cargo.

Shanghai, April 27, 1920.

SIR,—As you know, wharfage dues are paid on all goods imported into Shanghai, but not on goods transhipped at Shanghai. Cargo which is landed into bond and sent as bonded cargo to a second port is treated as transhipment cargo. Under ordinary Customs rules only foreign cargo can be bonded.

The ordinary Customs rule is that when a steamer arrives at Shanghai all her import cargo must be applied for within 15 days of the date of the vessel's clearance. During these 15 days the cargo can be either imported or transhipped. This period of 15 days may be extended for periods of 5 days on payment of Tls. 20 for each extension.

During the late war, in order to meet the difficulties arising in connexion with the shortage of shipping, the Customs in Shanghai allowed native cargo arriving from an outport intended for a foreign country to be placed in special bond and transhipped without any time limit or payment of extension fees. By granting this privilege the Customs did, in effect, remit the wharfage dues due on all cargo arriving from outports en route to a foreign country.

On October 9 I issued a notification withdrawing this special bond privilege, and substituting, up to March 31, 1920, the following procedure :—

*Customs Notification No. 928.*

"*Bonâ fide* traushipment cargo from outports destined for Europe or America may remain at the importing vessel's wharf without having to be passed through the Customs, for a period of 30 days over and above the already prescribed 15 days. A further extension up to another 30 days may be granted on payment of an extension fee of Hk. Tls. 20 for every five days over and above the 45 days now granted free of charge. After this last period the cargo, if not transhipped, must be imported.

This privilege is granted only to cargo which has been declared to be "For transhipment abroad" at the original port of shipment.

On expiry of the six months period above mentioned, i.e., on April 1, 1920, transhipment cargo will be treated in accordance with normal regulations: if not transhipped within 15 days, it must be imported."

The British Chamber of Commerce has now written to me asking that these privileges should be extended for another period. As far as the Customs is concerned, I have no objection to this being done, but, as you see, if these privileges are extended the wharfage dues will suffer since a large amount of cargo that ought, under ordinary Customs rules, to be imported and pay wharfage dues, will be transhipped without payment of such dues.

It is the duty of the Customs to collect wharfage dues on your behalf, but I have no authority to remit these dues. Therefore, before replying to the letter of the Chamber of Commerce, I wish to be informed whether you have any objection to my acceding to the request of the Chamber. For were I to do so without your consent I should in effect be remitting wharfage dues on my own authority.

It is doubtful, whether the long standing practice of remitting wharfage and conservancy dues

Digitized by Google — Original from CORNELL UNIVERSITY

on transhipment cargo should not be changed. I do not think that cargo is ever transhipped direct from one ship to another. If it is ever done, the quantity thus transhipped is negligible. Practically all transhipment cargo is landed at a wharf and then reshipped from it. There seems no reason therefore why it should not pay wharfage dues and since all transhipment has the benefit of the harbour improvements carried out by the Conservancy Board there is certainly no reason why it should not pay conservancy dues.

I am, Sir,
Your obedient servant,
L. A. LYALL,
*Commissioner of Customs.*

Secretary, Municipal Council.

*Translation of letter from the French Municipal Council dated May 17, 1920.*

SIR,—I have the honour to enclose herewith copy of a letter addressed to us from the Chinese Customs Administration on the subject of Wharfage Dues.

The Council, having considered this communication at its meeting of May 10, 1920, has directed me to inform you that it agrees in advance to the proposals which the Municipal Council desires to make in reply to this letter.

I am, Sir,
Your obedient servant,
P. LEGENDRE,

Council Room,
Shanghai, May 25, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of May 17, on the subject of a communication made by the Customs Authorities relative to wharfage dues on transhipment cargo.

In reply thereto, I am directed to inform you that the Council, having regard to the fact that cargo transhipped is not destined for Shanghai, and to the fact that it is considered undesirable in the best interests of the Port, that Shanghai should be made an expensive place for transhipment, with the consequent tendency, were such to occur, for shippers to eliminate Shanghai from ports of call, considers it desirable to continue the practice whereunder wharfage dues are not levied on transhipment cargo, provided that on its part, the Customs will discontinue the levy of fees for extension permits on such cargo.

The Council is pleased to learn that the French Council will support the Municipal Council in its attitude with regard to this question.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

P. LEGENDRE, Esq.,
Secretary, French Municipal Council.

Council Room,
Shanghai, May 29, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of April 27, on the subject of the levy of wharfage dues on cargo in course of transhipment at Shanghai.

In reply thereto, I am directed to inform you that the Council notes that the ordinary period within which import cargo must be applied for is fifteen days; that in former times transhipment cargo was required to be transhipped within that time, with extensions for periods of five days on payment of certain fees; that during the late war, the time limit was abolished; that between October 9, 1919 and March 31, 1920, the time limit was considered to be forty-five days with extensions up to thirty days additional, the fee being reimposed; and that it was proposed to revert to the fifteen days period.

The Council learns with interest that the British Chamber of Commerce has made application to you for an extension of these privileges; it is not, however, clear to the Council whether this application is for reversion to the arrangements obtaining during the late war, or for continuance of those put in force during the past half year.

The Council further notes that this proposal involves the question of collection of its wharfage dues, since cargo that under ordinary Customs rules would be considered to be imported, if privileged in the manner suggested, would remain classified as transhipment cargo, without liability to payment of dues.

I am directed to inform you that the Council has given careful consideration to this matter, and to the correlative question as to whether the existing practice should be continued under which wharfage dues are remitted on transhipment cargo.

In the first place, I may observe that under Land Regulation IX, authority is given for the collection of wharfage dues on all goods passed through the Chinese Customs house or landed, shipped or transhipped at any place within the limits of the Settlement. The agreement between the Council, the French Council, and the Customs of 1899 relative to this matter stipulates that such dues shall be levied on all goods as aforesaid, but in practice the Council, recognizing the importance of shipping in the economic development of Shanghai, does not require collection of wharfage dues on transhipment cargo.

This question having now been further considered, with special regard to changes which have taken place in the conditions heretofore obtaining, I am directed to state that the Council reaffirms its attitude with regard thereto, since in its opinion, in the best interests of Shanghai, it is in the highest degree undesirable that measures should be adopted, having a tendency to render the port expensive for the handling of cargo. To that end, and wishing to continue in a broad view of the subject, the Council has decided that in the future, as in the past, it will refrain from exercising its right to the collection of wharfage dues on transhipment cargo, if on your part, the Customs will co-operate, in the end sought, to the extent of waiving the fee for extension permits.

I may add that the French Council have addressed the Council on this subject and that it concurs in the views herein expressed.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

L. A. LYALL, Esq.,
Commissioner of Customs.

Shanghai, June 1, 1920.

SIR,—I beg to acknowledge receipt of your letter of May 29, concerning the levy of wharfage dues on transhipment cargo. I am glad to learn that the Council is willing to refrain from collecting wharfage dues on transhipment cargo if the Customs will co-operate to the extent of waiving the fee for extension permits.

I am informing the British Chamber of Commerce that from June 1 till the end of August 45 days will be allowed by this office, free of charge, for the transhipment of Chinese cargo, which has been declared "for transhipment abroad" at the original port of shipment, subject to the approval of the Inspector General.

This will meet the difficulty for the time being, and before the end of August, I shall consider whether I can recommend to the Inspector General that the 15 days limit ordinarily allowed the agents of a vessel, after she has left the port, to apply for all her inward cargo, be permanently extended in the case of transhipment cargo.

I am, Sir,
Your obedient servant,
L. A. LYALL,
*Commissioner of Customs.*

## Rabies or Hydrophobia.

THE DISEASE.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

SYMPTOMS.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and utterly changed. During the time of "running mad" he may have bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or handed over to the charge of a veterinary surgeon.

WHAT TO DO WHEN BITTEN.—The bite of any animal should be cleaned throughout its depth and cauterized as soon as possible by a doctor.

The person bitten should come to the Health Officer to see if Pasteur Treatment is necessary.

It is absolutely necessary for persons bitten by rabid animals or animals suspected of rabies to have the Pasteur Treatment. This is given at the Municipal Health Office and takes about three weeks. The fee for Pasteur Treatment is Tls. 50 reducible in cases of necessity.

ARTHUR STANLEY,
*Health Officer.*

## Health Officer's Report for May.

The month of May showed the low death rate which is characteristic of this month. May usually comes as a period of rest when the dangers of the winter from Smallpox and respiratory diseases are over and when the special dangers of the summer from infected food are not yet begun.

Cases of Cerebrospinal fever, however, continued to occur, especially among the Chinese community.

Digitized by Google Original from CORNELL UNIVERSITY

Over 2,500 free vaccinations were done at the Branch Health Offices during the month. Considerable assistance was given by some of the boys of the Chinese Y.M.C.A. who organized a Health Champaign, including the whipping in of the unvaccinated.

There was a small outbreak of Typhus fever among Municipal prisoners which was nipped in the bud by delousing operations.

There has been an exceptional incidence of Rabies among dogs in Shanghai, as has previously been recorded in May and June. Twenty persons had to undergo the Pasteur treatment during the month as a preventive. Those who have not seen the notice giving information regarding Rabies and telling people what to do may obtain a copy on application to the Health Officer or from their District Health Inspectors. Persons keeping dogs should recognize the special danger in Shanghai where the Settlement is surrounded by a perennial source of Rabies infection. Further steps may become necessary to very considerably reduce the number of dogs as a measure for the protection of the public. That there is a marked indifference to the Muzzling Order must be apparent to anyone who is on the lookout for unmuzzled dogs. Like so many other Public Health measures the remedy lies with the public themselves, under expert direction. Shanghai is no proper place for keeping pet dogs.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a Special Summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Parks Report for April.

*Jessfield Park:—*

Despite the dilatoriness of the contractors in delivering materials, good progress in laying out was effected. Planting of trees and shrubs is completed for this season.

*Hongkew Recreation Ground:—*

To facilitate the development of the section on the Western side, when it becomes available, various groups of trees and shrubs were planted, together with a hedge along the future Boundary Road and a drive way connecting the present Kiangwan Road with the future Boundary Road, was marked out.

The planting of the children's playground is completed. To ensure shade, as rapidly as possible, trees and shrubs of a fair size and such as grow rapidly were employed. This section is ample, and there is now no reason for children of tender years entering the main section of the ground, where they are in danger, especially as their amahs neglect them and allow them to cross playing areas.

Parents, who do not accompany their children, are strongly advised to instruct their amahs to keep the children in their own section. The Avenue leading to the main entrance, which was increased in width, and suitably laid out last year, is much admired. This avenue demonstrates to what an extent the beauty and health of the Settlement would appreciate were it found possible to prolong it, so that it would link up the main parks. The idea of a Park Way merits consideration, for within the last decade, roads which by reason of the private gardens abutting thereon were pleasant to traverse are now devoid of gardens. Given continued progress, it is safe to prophecy that another decade will see the extinction of the gardens with their health-giving vegetation and attractive appearance in the main parts of the Settlement.

*General:—*

Band stands, chairs and seats were painted and repaired, and Summer houses were re-thatched.

The playing spaces in Hongkew Recreation Ground and Wayside Park were ready for use on May 1.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

*Murder.*—On the night of May 21 a Chinese hawker was stabbed and killed by a companion on Sing Kee Pang Road. The murderer turned the knife on himself inflicting a serious wound which necessitated his removal to hospital where he is detained.

*Armed Robberies.*—Two reports of armed robberies from dwelling houses were received during the month, one in Hongkew and the other in Sinza District, and a highway robbery, in which no arms were used, took place in Hongkew District.

One person was arrested on a charge of attempted murder and armed robbery committed prior to May 1 and sentenced to imprisonment in the Municipal Gaol.

The two persons referred to in my report for April as being under remand on charges of robbery have been dealt with, one receiving a sentence of imprisonment and the charge against the other being dismissed.

*Execution for Offences committed in the Settlement.* — During the month three persons, who were tried and found guilty of being concerned in an attempted murder and robbery in the Settlement, were executed at Lunghua in the presence of a representative of the Municipal Police.

*Stolen Property.*—324 reports of property stolen were made during the month to the Police. In 128 cases investigations were made with successful results. The return shows an increase of 2 on the previous month and an increase of 42 on the corresponding month of last year.

*Bicycle and Ricsha Thefts.*—The theft of bicycles and private ricshas continues to be a frequent occurrence, the Police warnings in previous months having apparently failed to attract the necessary attention. Owners are warned not to leave these vehicles unattended and unsecured in the roadway or in the hallways of offices or public buildings.

The time may soon arrive when the Police will have to be empowered to bring to the Station any vehicles seen on the streets unprotected and in view of the number of bicycles now being used in the Settlement, it may be necessary, in the interests of the owners and the public, to license them and compel the fixing of an identification number plate.

*Strikes.*—Contrary to expectations, the month of May was remarkable for an absence of political agitation. Attempts to hold a monster demonstration on Labour Day (May 1) were unsuccessful as a result of precautionary measures taken by the Chinese and Settlement Authorities. The anniversary, May 4, of the attack on the house of the alleged pro-Japanese Official Tsao Jui-ling, as well as "National Disgrace Day" (May 9) passed off quietly, except that on the latter day shops dealing in school requisites were closed and several Chinese residents flew the national flag at half mast. The quietness experienced during May was doubtless due to the existence of Martial Law proclaimed on April 24 and still continued in a modified form. The closing on May 6 of the National Organizations' Union of China, No. 15/16 Yong Loh Lee, Rue Amiral Bayle, which deprived the agitators of their meeting places, also contributed to the general tranquillity.

Considerable discontent arose among the industrial classes during the month as a result of a 20 per cent. increase in the price of rice. No less than three strikes occurred. 200 tailors ceased work on May 16 but resumed on May 20 after being granted a 20 per cent. advance in wages. 200 girls employed in the knitting trade struck work on May 23 as a protest against a retention of a portion of their wages as "Guarantee Money" but the majority have since resumed. 80 Japanese shoemakers struck work for an increase of 30 per cent. on May 14, but the strikers, with a few exceptions, resumed unconditionally on May 22. Demands made by pigskin box makers, makers of soles for Chinese shoes, masons and carpenters for increase in wages were partially acceded to and strikes were thus avoided.

*Bolshevik Propaganda.*—There is no longer any room for doubt that General Chen Chin-ming of Changchowfu, Fokien, has openly declared his adherence to Bolshevism, and thereby given an unexpected fillip to communist propaganda in this country. Leaflets prepared for distribution in Shanghai on May Day and sentiments expressed at various gatherings during the month indicate the activity of local Bolshevik agitators. The collapse of the May Day celebration was without doubt a serious set back to their plans.

*Anti - Japanese Boycott.* — The "Boycott Bad Goods" Society, which remained quiet for a time, probably in consequence of the proclamation of Martial Law, has again become active. At meetings held in the Society's headquarters, No. 15 Sah Ts Loong, inside the new North Gate, on May 23 and 30, it was decided to canvass the Street Unions and certain shopkeepers with a view to the continuation of the boycott.

*Price of Rice.*—The present price of rice is complicating the local situation and gives cause for anxiety. The highest price reached was $10.20 and the lowest $9 per picul, that is to say $3 per picul over the normal price, and as long as the high price of rice continues, further strikes among artisans and labourers and robbery amongst the rougher classes may be expected. It is to be hoped that every effort will be made to relieve the present somewhat critical situation and that any profiteering that may be discovered will be punished with a heavy hand.

*Identification Office.*—During the month 541 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 178 were identified as having a previous conviction or convictions. In addition to the above 126 records were received from the French Police out of which number 68 were identified in the records of this office, making the total for the month:—

## Report of the Acting Commissioner of Public Works for May.

The labour situation became acute during the month, and it was found necessary to suspend several public works. The nature of the work upon which the majority of the men are employed does not attract a very high type of labourer, and with the increased demand for all classes of labour in Shanghai, it is extremely difficult to obtain sufficient unskilled men physically able to do 9 hours work a day, when the work is of a particularly arduous nature, such, for example, as sewer trench work. These remarks apply particularly to the Central District, where work is for various reasons, extremely unpopular.

All daily rates of pay are on a copper coinage basis. The debasement and depreciation of copper 10-cash pieces has doubtless inflicted some hardship on the men, nevertheless a comparison of the silver value of wages drawn in 1906 and 1918 (when increased rates of pay were issued) with the value to-day, rather points to the fact that for a poor class of labourer living a hand-to-mouth existence, payment in copper has its advantages; he has for one thing, no exchange losses to suffer.

The lowest daily rate is that paid to street sweepers, who in 1906 received 25 ten-cash pieces per day, then equal to about $7.83 per month. In 1918 the rate was increased to 28 ten-cash pieces per day, then equal to $6.74 per month. Under the increased rates authorised for June, he will receive 32 ten-cash pieces per day, which upon May 31, was equivalent to about $6.92 per month.

There is invariably a shortage of available labour during the summer months, owing to an exodus to agricultural districts for better pay and more congenial work, and this exodus occurs when the demand for public works labour reaches a maximum. The high demand at this period is due to the commencement of works authorized by the passing of the Municipal Budget in April, and to various forms of asphalt work which cannot be carried out in cold weather.

It is confidently hoped that the revised rates of pay will bring about a material improvement, but whether the rates are sufficient to attract labour from distant centres is a point which will take some months to decide.

*Roads.*—Asphaltic concrete has been laid in Soochow Road between the Bund and Honan Road, with the exception of a section of the road adjoining Szechuen Road Bridge, which will need raising when the bridge is reconstructed.

Yuen-Ming-Yuen Road has been similarly treated, and work is now in progress in Kiangse Road, North of Nanking Road.

The widening of the Bund is in hand between Peking Road and Nanking Road, where a new surface drain is being laid, and the ground excavated for the purpose of laying spall foundations.

The stone pitching has been completed from Peking Road to Hankow Road and South of the Custom House so far as Canton Road. The rate of progress on this work is limited by the output of stone pitching at the Quarry. The statue of Sir Harry Parkes is being moved nearer the river front and the statute of Sir Robert Hart will be moved East. These two statues have to be moved as they come within the line of the proposed carriageway on the East side of the Bund.

An important widening is being effected in Bubbling Well Road, West of Myburgh Road.

A commencement has been made with the making up of Thibet Road between Peking Road and Soochow Road over the old Defence Creek.

Gordon Road is being ballasted and metalled for the full width of the carriageway between Ichang Road and Haiphong Road.

Penang Road is being raised and culverted between Kiaochow Road and Robison Road.

The following roads are being raised and formed:—

Linching Road between Pingliang Road and Yangtszepoo Road, Holung Road East of Yangtszepoo Road, Kueiyang Road between Pingliang Road and Yangtszepoo Road.

*Drainage.*—The creek in Yu Yuen Road is being culverted between Kiaochow Road and Hart Road.

The side ditch on Avenue Road has been culverted, between Gordon Road and Hardoon Road.

The sewer in Kwanghsin Road has been extended to the new Bund line.

A 12-in. drain sewer is being laid in Hailar Road, East of Urga Road.

*Creeks and Rivers.*—The passenger pontoons have been repaired and painted.

A concrete bunding is being constructed in West Soochow Road, East of Tatung Road, with the co-operation of the frontager concerned.

Extensive dredging is being done at the mouth of the Soochow Creek, and the channel is being partially diverted to the Northern side. So far, 2,000 fong of mud has been excavated, and is being largely used for raising roads in the Eastern District.

MUNICIPAL PROPERTIES.

*Administration Buildings.*—Very satisfactory progress is being made with the work generally, and no effort is being spared to complete a part of the building so that the Finance Department can take possession of their rooms in September. A large part of the mosaic paving has been laid.

FIRE BRIGADE.

*Yangtszepoo Fire Station.*—The laying of the concrete to the second floor has been completed, and progress made with the brick and stonework of the top storey and of the tower.

ELECTRICITY DEPARTMENT.

*Administration Building Substation.*—Concretework for the second storey has been completed, and a portion of the centering for the top storey has been put in place.

*Tonquin Road Substation.*—The expanded metal screen round the first storey has been completed. The minor changes necessitated by the proposed extension, including the external staircase on the East side of the building, have also been completed.

*Pingchiao Quarry.*—1,490 fong of material was despatched to the Public Works Department during the month. Efforts are being concentrated upon the production of stone pitching for the Bund reclamation.

C. HARPUR,
*Acting Commissioner of Public Works.*

**Public Health Notice.**

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.
Food on which flies have settled.
*Milk or cream which has not been boiled or sterilised.
*Water which has not been boiled or filtered through a Brownlow filter.
Aerated water and other drinks unless of best quality.
Alcoholic drinks during the hot weather.
Bread which has not been sterilised by re-heating in an oven.
Ice-cream unless made of boiled materials.
Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

**Rabies or Hydrophobia.**

THE DISEASE.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

SYMPTOMS.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and

Digitized by Google Original from CORNELL UNIVERSITY

utterly changed. During the time of "running mad" he may have bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or [illegible] over to the charge of a ve[illegible] surgeon.

WHAT TO DO WHEN BITTEN. [illegible] bite of any animal should be [illegible] ed throughout its depth and [illegible] terized as soon as possible [illegible] doctor.

The person bitten should co[illegible] the Health Officer to see if Pa[illegible] Treatment is necessary.

It is absolutely necessary [illegible] persons bitten by rabid animal[illegible] animals suspected of rabies to [illegible] the Pasteur Treatment. Thi[illegible] given at the Municipal He[illegible] Office and takes about three we[illegible] The fee for Pasteur Treatment [illegible] Tls. 50 reducible in cases [illegible] necessity.

## MUNICIPAL NOTIFICATION
**No. 2702.**
**7 PER CENT. LOAN, 1920.**
**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the annual meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary*

*Engineers.*—Eight months' leave is granted to Captain J. T. W. Brooke from June 24.

### Pootung Cemetery.

Request by the Rev. A. Haovisee for permission to use the Pootung Cemetery as a burial ground, with reply:—

Loh Ka-tse, May 29, 1920.

SIR,—The small burial ground of the Loh Ka-tse parish church (Pootung) has become utterly inadequate to answer the wants of the Christian population.

The whole extent is almost filled up, sometimes with four layers of coffins deep. If the death rate is the same as last year, the purchase of a new piece of ground is urgently needed.

Besides the point of view of the respect due to the dead, the public salubrity has its claim here too, as the coffins unavoidably kept in the open air are a constant threat of infection for the whole neighbourhood.

Now the total amount required for the purchase of the necessary ground would be rather high and the pecuniary resources of our people are quite inadequate for the purpose.

But near the Loh Ka-tse parish church is a cemetery (Pootung cemetery) with a good part till now unoccupied. Consequently, would it be permitted to suggest some intention about this part of Pootung cemetery. If you could kindly allow us only this part quite unoccupied for the burial-place of our Christians, we could according to the regulations of the cemetery clean it and keep it in good condition and so it would not be necessary to disaffect it what is, no doubt much more suitable to the respect due to the dead.

Well aware of the kind interest you show to the working classes, I take the liberty to beg you and the Municipal Council kindly to grant the execution of that charitable plan.

I have the honour to be,
Sir,
Your obedient servant,
A. HAOVISEE, S.J.,
*Missionary now in charge Loh Ka-tse parish church, Pootung.*

Council Room,
Shanghai, June 22, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of May 29, requesting permission to use the Pootung Cemetery as a burial ground for your parishioners.

In reply thereto, I am directed to inform you that this Cemetery was officially closed in 1904. It contained 1,783 bodies but a few were exhumed and reinterred in the Bubbling Well Cemetery. It may be that you have gained the impression that in some cases absence of head-stones and recession of ground means vacant land, but except for isolated spaces resulting from exhumation, no vacant ground exists.

I am directed therefore to inform you with regret that the Council cannot entertain your request.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

Rev. A. HAOVISEE,
Missionary in Charge,
Loh Ka-tse Parish Church,
Pootung.

### Road Extensions and Widenings.

*Liaoyang Road.*—Messrs. J. P. Bisset & Company have agreed to surrender without compensation Mow 0.151 of land ex Cadastral Lot 3612, required in connexion with this road widening.

*Siccawei Road, Surplus Land.*—With reference to the note contained in the Gazette of April 17, 1919, on the subject of the purchase of a piece of unregistered land for the Siccawei Road, the owner has now consented to sell the remainder of his small property measuring Mow 0.052, South of Cadastral Lot 2585, for a sum of Tls. 300.

*Siccawei Road.*—Arrangements have been concluded with the native owner concerned for the acquisition of Mow 0.514 of unregistered land required in connexion with this road widening for a lump sum of Tls. 4,009. Of the total area Mow 0.226 is required as road land, the balance of Mow 0.288 remaining as surplus land.

*Yuyuen Road.*—Acquisition has been completed of Mow 0.103 of land ex B.C. Lot 8045, required in connexion with this road, from the owners Messrs. Algar & Co., Ld., for the sum of Tls. 124.

## Mixed Court Report for May.

The undermentioned foreigners who are not recognized by any Consulate in Shanghai were before the Court on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Edward Wahlstrom | Finn | Drunk and Incapable | 8 month' impt. |
| Adolf Laze alias Victor Zamaraiff | Lett | Misappropriation | Withdrawn |

The outstanding feature in connexion with Criminal Cases was the number of persons sentenced to imprisonment, a total of 235 which is the highest for any one month since July, 1918.

During the month the Court tried:—

232 cases of larceny as against 227 in April.
15 cases of gambling as against 147 in April.

There were only two cases of robbery, which is the lowest on record since August, 1915.

The number of charges against chauffeurs remains up to the general average. Of the 59 cases this month, all the accused were found guilty and punished by the infliction of a fine of $10 or under, except ten persons whose fines ranged from $15 to $50.

Twenty-two foreign civil cases were filed during the month. There are thirty cases on the hearing list of which thirteen are awaiting a first hearing.

Thirty-two Chinese civil cases are awaiting a first hearing as against 38 at the end of April.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat- and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Rabies or Hydrophobia.

THE DISEASE.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

SYMPTOMS.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and utterly changed. During the time of "running mad" he may leave

Digitized by Google Original from CORNELL UNIVERSITY

bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or handed over to the charge of a veterinary surgeon.

WHAT TO DO WHEN BITTEN.—The bite of any animal should be cleaned throughout its depth and cauterized as soon as possible by a doctor.

The person bitten should come to the Health Officer to see if Pasteur Treatment is necessary.

It is absolutely necessary for persons bitten by rabid animals or animals suspected of rabies to have the Pasteur Treatment. This is given at the Municipal Health Office and takes about three weeks. The fee for Pasteur Treatment is Tls. 50 reducible in cases of necessity.

ARTHUR STANLEY,
*Health Officer*

## Public Band.

TARIFF.

The charge for the services of the Band is Tls. 40, and of a Half-Band, consisting of not less than three European and twelve Manila musicians, Tls. 25 per hour or part of an hour.

The services of a smaller number of musicians may be engaged at the rate per hour or part thereof of Tls. 3 for European, and Tls. 1.50 for Manila musicians. In a group numbering less than a Half-Band, the following charge is made for the services of the piano player:—

| per hour or part thereof | |
|---|---|
| European | Manilaman |
| Tls. 1.50 | Tls. 1.00 |

Where not less than a Half-Band is engaged, one rehearsal is permitted without fee, all other rehearsals are charged for at one-third of the above rates.

For the services of a soloist an additional fee of Tls. 25 is charged, inclusive of such rehearsals as are necessary.

Discounts during a season shall be allowed on Full and Half-Bands as follows:—

after 3 performances 20%
,, 8 ,, 40%

Discounts are not allowed on groups of less than a Half-Band or on rehearsals.

The cost of conveyance of musicians for distances beyond a radius of 1 mile from the Municipal Offices, Kiangse Road, must be defrayed by the persons engaging them.

The European musicians are allowed to give private music lessons, with the Conductor's permission obtained in each case.

Applications for engagements and cancellations should be addressed to the Assistant Secretary of Council, Municipal Offices, not less than 24 hours notice should be given in each case. Inquiries concerning details as to performances, music required, etc., may be made of the Conductor direct (Telephone Central 1191).

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Station, Foochow Road, and give as full particulars as possi so as to facilitate prosecu against the concerned.

(*Enclosure No. 1.*)

Hongkong, June 14, 1920.

SIR,—With reference to War Office letter No. 083/5198 (S.D. 4) dated August 1, 1919, I have the honour to forward for the information of the Army Council the reports of an Inspection of the Shanghai Volunteer Corps made by Lieut.-Colonel J. R. Wyndham, 2nd Bn. The Wiltshire Regiment, who was deputed for that purpose by Major-General F. Ventris, C.B.

2.—The Corps is about 50 stronger than it was a year ago, and this in spite of the fact that a number of men who returned from war service preferred to form themselves into another unit, which is called the "Expeditionary Forces Emergency Unit," and is under the control of the Municipal Police.

3.—I understand unofficially that a beginning has been made to fulfil the promise to supply more modern weapons, contained in the above quoted letter and would urge that the further provision necessary may be expedited.

4.—Finally I beg leave to call your attention to Colonel Wyndham's remarks on the very valuable work done by the Commandant, Major T. E. Trueman, during the past six years. My own knowledge enables me to say that Colonel Wyndham has not at all exaggerated the difficulties of the task undertaken by this officer nor the admirable way in which it has been performed.

I have the honour to be,
Sir,
Your obedient servant,
J. R. YOUNG, *Colonel,*
*Commanding the Forces in China.*

*P.S.*—I take this opportunity to recommend for consideration that the names of the British Officers of this Corps should be printed in the Army List, as already approved in the case of the North China British Volunteer Corps (W.O. letter 083/5141 (C. 3. A.L. dated October 25, 1918).

J. R. YOUNG.

The SECRETARY,
War Office, London, S.W. 1.

(*Enclosure No. 2.*)

Hongkong, May 25, 1920.

SIR,—I have the honour to forward herewith a report on my inspection of the Shanghai Volunteer Corps last month, together with the following documents enclosed:—

1.—Programme of inspection. (This had to be altered owing to the bad weather, which rendered the inspection Parade on April 24 impossible to hold. It was accordingly held on April 28 following.)

2.—List of Officers of the Corps by units.

3.—Rules for the "Barnes Cup" Competition, which takes place annually.

4.—Inspection Parade State.

5.—Regulations for the Corps.

6.—Mobilization Manual and Map showing Mobilisation Posts of various units, and Scheme of Chinese Company, etc.

7.—Description and Equipment card kept for each member of Corps.

8.—Report on Artillery Target Practice at Woosung on May 2, 1920.

In Major T. E. Trueman, the Corps possesses a very able, energetic and tactful Commandant, to whom has fallen the extremely difficult task of keeping the Corps efficient and up to strength during nearly 5 years of war, during a large portion of which there were Companies belonging to enemy nationalities forming part of the Corps. That he has done so successfully and that the Corps is in its present efficient condition speaks very highly for this Officer's capacity and I should like to draw particular attention to the services he has rendered. He has been most ably seconded by Capt. Canning, the Corps Staff Officer.

The armament and equipment of the Corps is not up to date. I have devoted a special para. to this in the Report.

In other respects, I consider the Corps to be an invaluable and efficient little Force well trained for and admirably adapted to the purpose for which it exists.

I have the honour to be,
Sir,
Your obedient servant,
R. WYNDHAM, *Lieut.-Colonel,*
*2nd Bn. The Duke of Edinburgh's (Wiltshire) Regiment.*

REPORT OF INSPECTION 1920.

1.—On the day after my arrival at Shanghai, viz., on April 22, 1920, I saw "A" Company (British) team in the Barnes' Cup Competition. This is an inter-Company marching and firing contest arranged, not only to test the average merit of the Companies in these two points, but also the local knowledge of the settlement by the O. C. Team, the route being kept secret till the day each team competes. "A" Company, which subsequently proved to be the winning team, marched 4¼ miles in 54½ minutes, and the men arrived at the firing point in good condition. The fire control and application was very fair. This team subsequently were found to have scored the biggest percentage of hits to rounds fired. The whole performance was quite satisfactory.

I subsequently inspected the range and the 30 yards range in rear. Both are in excellent condition and well cared for. The landscape targets in the latter are hand painted representing the country round, and are therefore practical.

2.—At 2.30 p.m. I inspected Headquarters which are centrally situated in the Town Hall. A new H.Q. is in process of completion close by, but the building is not quite finished. It possesses a very fine drill hall capable of holding the whole corps on parade if required; the various offices and stores will be in the same building and are very fine ones, as also stables for the Artillery ponies which will then be close to their guns, thereby doing away with the present undesirable system under which the ponies are stabled some distance away, which hinders a quick turn out.

I saw all books, documents, records, spare arms and equipment. The 3 former are well kept and the 2 latter well looked after and in serviceable condition. Both the Corps Sgt.-Major and Qr.-Mr.-Sgt. are Regulars, are efficient and know their work.

I also saw the Mobilisation Scheme, as to which see para 6 below.

3.—At 6 p.m. I saw "A" and "B" Companies (British), the American Company, Shanghai Scottish, Maritime, Machine Gun and Customs Companies at work. They gave me a very favourable impression. The drill was quite good. All ranks appeared very keen. Officers and N.C.O.'s appeared efficient, could detect mistakes and correct them.

4.—At 5.45 p.m. on April 23, I inspected the Shanghai Light Horse, Artillery Company, Italian, Portuguese, Japanese, Chinese and Reserve Companies at work. Some of these were drilling, others skirmishing. The Light Horse and Artillery struck me as particularly good. The mounted work was smart, average horsemanship very fair indeed, ponies in good condition, fit and well cared for. The dismounted work of the

Digitized by Google Original from CORNELL UNIVERSITY

Light Horse satisfactory. The work of the Infantry Units was up to the standard of those I had seen the previous day, and the extended order work of the Japanese Company was good.

At 6.30 p.m. I saw the Engineer Co. building a bridge. This Company now has the Weldon trestles recommended last year by the Inspecting Officer and were using them. In addition they had constructed a trestle themselves as they had not sufficient for the length of the bridge.

The Bridge was well made and practical for Infantry, but the chesses for the roadway were too thin and weak for either horses or guns. As the country round is full of creeks which would have to be crossed in the event of operations being necessary, I think this defect should be remedied.

5.—On April 24, the Inspection Parade should have taken place. The weather, however, was so bad that the Polo Ground, the only one available, was under water and the Parade had to be postponed.

In spite of this however, the Corps turned out and marched past me in Column of route on the road, the marching was very good and there was an excellent muster, over 800 being on parade.

6.—On April 26, Mobilisation was ordered at 9.15 p.m. by the Commandant at my request on the telephone, and I started to visit the various posts at 9.40 p.m. The Mobilisation was very quickly and accurately carried out. Proper precautions had been taken at once, patrols sent out, and vulnerable points, such as bridges, gas works were at once guarded. The Scheme I had inspected at Headquarters seemed to be well understood and worked well. I found a complete cordon round the Settlement, the various posts were in touch with H.Q. and each other, Commanders of posts knew for what they were responsible, and sentries were generally well acquainted with their orders. There was a tendency to overdo the number of sentries and some other minor points which I pointed out to the Commandant, and which he promised to correct, but I consider the Scheme a sound one and it worked very satisfactorily, and was well carried out. I satisfied myself by various test questions that the Mobilisation that night had come as a surprise and had not been known beforehand and prepared for.

7.—On the 29th, I saw the Japanese Company on the range in the Barnes' Cup Competition. They took slightly longer than "A" Coy. to cover the distance of the march, their Fire Discipline and Application was rather better, but their shooting not so accurate as that of "A".

At 5.30 p.m. the same day, I inspected the whole corps on parade and they marched past.

The parade movements were excellently carried out, the men were steady on parade, the marching and dressing very good. The Light Horse and Artillery then went past at the trot and gallop; both movements were very well executed. The results attained are the more creditable as the Corps does no Battalion drill owing to the difference in language and drill of the various nationalities.

8.—On May 2, I proceeded to Woosung and saw the Artillery at target practice on the new range recently acquired. The results are shown in (8) attached.

The range is situated on the banks of the Yangtze river and firing is across it. As, however, the river is here some 11 miles wide there is ample room. The question of the river traffic is arranged by having a launch out in the stream to the flank of the target from which signals are sent to the Battery showing when the range is clear or otherwise, and on which is an Observation Officer observing the results of the firing. The range, though only a river one, is quite practical and safe for guns of much larger calibre than anything the Corps is likely to require.

9.—The great handicap to its efficiency under which the Corps suffers is the obsolete nature of its arms and equipment. I understand that a report to this effect was submitted by the Inspecting Officer last year and more modern arms have been promised, but so far none have been received.

Thus the Artillery are armed with obsolete 15 pdrs. firing an obsolete form of shell which they informed me is no longer procurable at all, as none are now manufactured. The guns themselves are old and as will be seen on reference to report are liable to get out of order when fired and require constant attention to keep them in any way efficient. Their only range finder is the old mekometer which is very inaccurate.

The Machine Guns are old-fashioned Nordenfeldts and Maxims cumbersome and heavy, worn or rapidly wearing out, and liable to jams, etc. In this regard, I should like to bring to notice that the Italian Government has recently sent out to their Company 2 Fiat Guns of the latest pattern, admirable little weapons in every way, and very light and handy, and mounted on light carriages adapted for man haulage, and which present a marked contrast to the old-fashioned weapons with which the Machine Gun Co., which is British, is armed.

The rifles which are all British are of various marks of Lee Enfield both long and short, and the same remarks refer to the bayonets, the old short bayonet predominating.

Finally the equipment is the old brown leather for the British Companies, the Americans being provided with webbing somewhat after our own Army pattern.

I strongly recommend that both armament and equipment be brought up to date, and that a proportion of Lewis Guns, say 2 per Company, be issued to each Infantry Company.

The Corps possesses two Ford motor wagons on which a machine gun is mounted. There is, however, no protection for the crew and they are merely makeshifts for an armoured car which would be of very great use for the sort of work which the Corps is likely to be called on to carry out.

I add under confidential cover some further recommendations as to armament which would, I consider, be of great assistance in adding to the efficiency of the Corps.

As the greater majority of the Corps is British, and British interests are largely predominant in Shanghai, I consider it advisable that the armament and equipment of the Corps should also be British.

### Fire Brigade Report for May.

The total number of calls to fires, or supposed fires, during the month was 21, as against 32 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 11,600 (Foreign Tls. nil: Chinese Tls. 11,600), as against Tls. 71,075 (Foreign Tls. 65,025: Chinese Tls. 6,050) during May 1919. The property at risk is estimated at Tls. 213,000 (Foreign Tls. 25,000: Chinese Tls. 188,000), as against Tls. 593,000 (Foreign Tls. 425,000: Chinese Tls. 168,000) for the corresponding period last year.

The calls were received as follows:—Telephones 10, Watch Towers 6, Police 4, and Staff 1. The district call was given on 6 occasions, the remaining 15 being station calls. These calls proved to be 15 small fires, 2 false alarms and 4 fires outside the Settlement.

The main supposed causes of the fires within the Settlement are as follows:—Dropped match or cigarette end 2, Sparks from chimney 2, Sparks, ashes or embers from stove 2, Fusing of electric wires 2, Child playing with matches 1, Lamp in contact with curtain 1, Arson 1, and Unknown 4. The premises affected were:—Foreign buildings—, and Chinese buildings 14. Of these 4 buildings were destroyed by fire, and 10 others were more or less damaged by fire, smoke and water.

The Brigade was occupied 229 hours and 20 minutes at fires, or supposed fires.

There was a case of arson during the month, action was taken in the Mixed Court, two employes received sentences of 5 years each and another employe one year.

On May 23, there was a nasty outbreak at J668 Avenue Edward VII. One Chinese woman was injured in rescuing two of her children. Discovering smoke she rushed upstairs and brought one child down, and again ascended the staircase, which was by this time on fire, discovered the second child and jumped out of the window. She was burnt about the face and neck and slightly injured. Her action can only be considered as one of great bravery.

In an adjoining house to where the fire started an excessive quantity of oil was discovered, action was taken, and a $50 fine imposed.

On May 29 some stables on Haining Road were discovered to be well alight at the back, there were 11 ponies in the premises and the firemen had a lively time in getting them out. All were removed safely and the damage to the building was slight.

On May 5, a serious outbreak of fire occurred at the New Jewish Club off Great Western Road, the club was practically completed and was to have been opened in a few weeks. The east wing was found in flames and in places the roof was already in. There was a large amount of lath and plaster work in the building, and it was only after an extremely hard battle that the fire was extinguished. The damage was confined to the centre north side and east wing, and mostly on the top floor.

## Parks Report for May.

*Jessfield Park.*—The wisdom of those who counselled the acquisition of this area was amply demonstrated during the month by the numbers who frequented it, especially on Saturdays and Sundays—approximately 1,500 on Saturdays and 2,000 on Sundays.

Though a considerable amount of embellishment has still to be accomplished, the general ground work of the area acquired may be considered as nearly completed. In designing and developing this park, the chief object in view was that people of especially European origin would feel on entering the gates that they were in their home land. Landscape authorities perpetually asseverate "that the greatest art is to create a landscape which will appear as though it came into being by a natural sequence of nature's laws, and not by the deliberate action of the designer, compared with which architectural designs of geometrical patterns, as Italian gardens, terraces, etc., are the embodiment of simplicity." That this object has been accomplished to a considerable extent in this park, is evidenced by the fact that non-resident visitors are said to take it for granted that the contours of the land existed from time immemorial.

Of recent additions, the long border, begun in April, is the most showy feature. This border is designed to eventually be stocked with a collection of herbaceous perennials both of decorative and botanical interest. Such a collection may take some years to acquire: in the meantime it is planted with florists' flowers like Sweet Peas and Dahlias.

*Sport.*—The demand for playing space is abnormal and the indications are it will increase yearly. Every available foot of lawn in Hongkew Recreation Ground and Wayside Park is in use daily. The same may be said of the Public Recreation Ground. As tennis gives the greatest amount of recreation to the greatest number, cricket has been abolished from Hongkew Recreation Ground. This congestion of playing space merits careful consideration as it is generally understood that open air recreation is essential to the health of residents here, especially the young people. The Athletic Track in Hongkew Recreation Ground has been much used for training purposes. Two meets were held. The Japanese Athletic Association held one which attracted fully 4,000 spectators and an Inter School Meet was attended by about 500.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

Sanitary Inspection of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

Conditions dangerous to health should be reported to the Health Officer.

Isolation of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

Disinfection of premises after infectious disease will be carried out free of charge on application to the Health Officer.

Vaccination is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

Eat and Drink nothing that has not been recently cooked, boiled or otherwise sterilised.

Do not Consume:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

Kitchen supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

Vegetables and Fruit grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

Flies Carry Disease so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

Vaccination should be done on or before arrival in Shanghai and afterwards every three years, in November.

Vaccination against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

Keep Rats Out of Your House. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

Mosquitoes carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

Refuse should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

Arthur Stanley,
*Health Officer.*

## Rabies or Hydrophobia.

The Disease.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

Symptoms.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and utterly changed. During the time of "running mad" he may have bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep

moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or handed over to the charge of a veterinary surgeon.

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

## MUNICIPAL NOTIFICATION
### No. 2736.

### RICE PROFITEERING.

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

### Case of Illegal Detention.

Correspondence in continuation of that published in the Gazette of May 13, 1920:—

Shanghai, May 14, 1920.

SIR,—I have the honour to acknowledge receipt of your letter dated April 27, 1920 regarding the illegal arrest and detention by the Chinese Authorities of a resident of this Settlement named Ning Ang-ngi.

In reply, I beg to enclose herewith for your consideration and reply a copy of Chinese text and free translation of letter received from the Commissioner for Foreign Affairs in Shanghai referring to the same subject.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul dated May 10, 1920.*

The Commissioner for Foreign Affairs acknowledges receipt of a note from the Senior Consul, informing him that a Chinese resident of the Settlement named Ning Ah-ngi, has been arrested and detained by the local Sung Pan Ting and requesting that representations be made for his release, etc.

The Commissioner has accordingly communicated with the local Sung Pan Ting on the subject and he has now received a reply to the effect that on March 25 of this year, Liu Hang-chen, Sho Chu-hung and Ning Ah-ngi personally appeared before the Court of Sung Pan Ting. The Court then sat and heard their evidence. Liu Hang-chen stated that the defendant, Ning Ah-ngi, lived in a place known as Lieu Ong Lane in the capital of the Shansi province where he (Ning) kept a dispensary known as "Tai I." As he owed some money to the Hsin Nee native bank, Yang Tai-kia, manager of the bank, instituted civil proceedings against him in the Tai Yuen Sung Pan Ting where he was placed in custody. Subsequently Liu Hang-chen and Sho Sih-chun (Sho Chu-hung's father) went security for him and he was released on bail in order to make arrangements outside to settle his accounts with the bank. However, since his release Ning Ah-ngi escaped therefrom, with the result that Sho Sih-chun (one of his guarantors) was summoned to be detained by the Tai Yuen Sung Pan Ting, being ordered to find a

Digitized by Google
Original from CORNELL UNIVERSITY

produce the defendant. Therefore Liu Hang-chen and Sho Chu-hung went out and made endeavours to find this man. When they got to Shanghai they met him and they went with him together to the local Sung Pan Ting and asked that the local Court (Sung Pan Ting) temporarily detain him so that they might be enabled to go back to Shansi to make a report to the Tai Yuen Sung Pan Ting to send some constables here to take the man .to Shansi from the local Court. They also produced certain original copies of the judgments delivered by the High Court of Sung Pan Ting of Shansi and of the Tai Li Yuen (Supreme Court of Peking). The local Court has examined these documents and found them in order.

On hearing the evidence of Ning Ah-ngi, he admitted that he kept the "Tai I" dispensary and was imprisoned by the Tai Yuen Sung Pan Ting on account of his indebtedness to the Hsin Nee native bank, as also his subsequent release upon Liu Hang-chen and Sho Sih-chun going security for him. He then applied to the local Court for permission to go out to find a cash and/or shop guarantee in order to arrange for a settlement of his accounts.

Since Ning Ah-ngi used to reside at Lieu Ong Lane, Tai Yuen, having been sued by the Hsin Nee bank and detained by the Sung Pan Ting in that city, and having subsequently escaped therefrom after release on bail thereby involving the imprisonment of one of his guarantors, and since he has now been found by one of his guarantors the Court has consented to keep the man in temporary custody, in accordance with the usual custom of providing cooperation and assistance, pending the arrival of the representatives of the Tai Yuen Sung Pan Ting to take him back there. As regards the man's application to this court for bail since the case is not one that is heard by it the application cannot be entertained. The above are the circumstances and facts of the recent appearance of the above three men before, and the detention of Ning Ah-ngi by, the local Court.

It is here pointed out that since he appeared before the local Court Ning Ah-ngi has not stated that he is a resident of the Settlement while he stated that he had himself reported to the High Sung Pan Ting of Shansi and the Supreme Court of Peking that he resided in Tai Yuen, during hearings or when judgements were given in the suit. It is quite evident that he is not a resident of the Settlement and under the circumstances the Court is unable to comply with the request that the man be released. As to the statement that the Municipal Council has reported that Ning Ah-ngi was arrested by the City Constabulary and handed over to the local Court, it is not a real fact.

The local Court has to state that Ning Ah-ngi's residence is really at Lieu Ong Lane, Tai Yuen, Shansi, and that he attended and appeared before the Court in person but that he was not arrested by the City Police or summoned by this Court. Copies of the judgments of the Shansi High Sung Pân Ting and Peking Tai Li Yuen are enclosed for reference or as proof as to his residence in Shansi. The Court asks the Commissioner to communicate with the Consular Body accordingly.

The Commissioner writes the above for the information of the Senior Consul in this matter, etc.

---

Council Room,
Shanghai, June 19, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of May 14, enclosing a copy of a letter from the Commissioner for Foreign Affairs, on the subject of the illegal arrest and detention of Ning Ang-nyi, a resident of this Settlement. In reply, I have the honour to inform you that further enquiries made by the Police show that while, he resigned the managership of the Tah I Dispensary about four years ago, and proceeded to Shansi Province between May 1918 and July 1919, he returned to his residence at Nos. 893/4 Chekiang Road in the Settlement from December 1919 to March 24, 1920, the day of his arrest. The Dispensary at 89 Hankow Road was closed on March 12 last. There can therefore be no question but that Ning Ang-nyi was a bona-fide resident of the Settlement on the day of his arrest, and I have the honour to request that you will be so good as to again address the Chinese Authorities and request the immediate release and rendition of this resident to the Settlement, whereafter action if desired can be taken against him in the Mixed Court.

I have the honour to be,
Sir,
Your obedient servant,

**Chinese Sing Song Houses.**

Letters from the Chinese General Chamber of Commerce and Mr. J. E. Lemiere, with reply.—

*Translation of letter from the Chinese General Chamber of Commerce to the Council dated June 8, 1920.*

The Chamber of Commerce is in receipt of a note from Chinese restaurants, foodshops, Yang Shun-yuen (楊順源) and others, stating that the Municipal licensing of brothels without classification seriously affects local trade, and asking the Chamber to consult the Council as to whether the licence conditions for 1st class brothels and singsong girl houses may not be withdrawn and other measures adopted in conformity with public sentiment. The note is enclosed herewith for the Council's information. The writer observes that though brothels affect public morals, still they aid in the prosperity of the port. The note mentions that if the 1st class brothels are closed the number of secret brothels will be greatly increased, to the detriment of the community. What the shopkeepers have said in their note are facts and the Chamber expresses the view that leniency should be shown to 1st class brothels, but the prohibition of opium-smoking, gambling and disorderly conduct should be taken into consideration in dealing with the question of public morals. As to what other measures should be adopted by the Council in re this matter the Chamber leaves to the consideration of the Council.

---

*Translation of letter from the Chinese restaurants, foodshops, etc., to the Chairman and Vice-Chairman of the Chinese General Chamber of Commerce dated June 8, 1920.*

The writers say that the Municipal licence conditions for brothels, as published in the press, are very good. However, they remark that there is no classification of these houses, with the result that managers of 1st class brothels are alarmed. It is pointed out that conditions Nos. 5, 7 and 8 and Clause 5 of the notes will be sufficient to make the brothels close voluntarily before the time for the enforcement of the license conditions. They add that 1st class brothels serve as places of meeting and entertainment of prominent merchants and gentry, these houses are very different from the 2nd and/or low class bawdy houses, and that 1st class brothels have a great deal to do in the matter of promoting the prosperity and development of local commerce. The writers (of the note) being proprietors of restaurants and foodshops are patronised daily by people from these houses. In case they have to close down the writers (of the note) will suffer greatly. Therefore, they ask the Chamber to convene a meeting to discuss this question and to consult with the Municipal Council as to whether the licensing of 1st class brothels may not be cancelled, and some other measures adopted in accordance with public sentiment. The question being an urgent one they venture to request that the Chamber deal wih it promptly, etc.

Shanghai, June 23, 1920.

SIR,—I have been instructed by some representatives of the "singing girls" of the International Settlement to thank the Municipal Council for granting the postponement till the end of the present month of the new regulations concerning the houses of entertainment.

I have also been instructed by the same representatives to approach the Municipal Council in order to establish their real status.

Lately the houses in which they live and where their customers receive and entertain friends have been commonly and wrongfully termed houses of prostitution. The singing girls are really artists; they earn their living by entertaining guests, receiving a regular fee for each attendance. They may be likened to actresses. Till a few years ago, they used to add to their names or to their sign boards the characters "Su Nu" (書寓). They intend to renovate that old custom

Digitized by Google Original from CORNELL UNIVERSITY

in order to avoid any misunderstanding about their profession. Therefore they respectfully inform the Municipal Council that they do not consider that the present regulations apply to them.

As, in my previous letter of June 3, I stated that a great number of singing girls were going to abandon their profession and return to their families, it might be inferred from my statement at that time that these girls considered themselves to rank with prostitutes. Such a deduction would be incorrect. The singing girls are divided in two categories. To one, belong the girls absolutely free; to the other, those dependant on persons who, on paying a certain remuneration to parents and providing for the clothing and the professional education of the girls entrusted to their care, are entitled to receive during a certain number of years the fees earned by the girls. It must be admitted that some of this kind of *impresario* tried and very often succeeded in getting from those girls more than that they were entitled to receive, keeping the girls in a kind of bondage. A few girls of this category took the opportunity of the coming into force of the new regulations to obtain their freedom, but they never considered themselves to be prostitutes and as a matter of fact a great number never departed from the path of morality.

As you are well aware, it is customary for the Chinese of the best classes to meet daily in those houses of entertainment, where they receive their friends and discuss business matters. To oblige the singing girls to register as prostitutes, to oblige a house of entertainment to register as a house of prostitution, will compel both of them either to close their houses in this settlement or emigrate somewhere else, a measure which will not only cause strong disaffection amongst the best Chinese classes, but will also cause a lot of shop-keepers, like tailors, shoe-makers, embroiderers, Jewellers, piece goods retailers, musical instrument merchants, restaurant keepers, etc., to follow those girls where they will decide to fix their new abode, thus causing a very serious loss to the Revenue Department and it appears to me that both loss of revenue and the annoyance caused to the Chinese Ratepayers can be and ought to be avoided.

No one denies the utility of the new regulations which were especially drawn up for the benefit of the moral welfare of this community, but their application should be restricted to those who have compelled the Municipal Authorities to adopt strongest measures without causing injury to others who have nothing in common with them.

I will respectfully ask you to submit this request to the members of the Watch Committee at your earliest convenience.

I beg to remain,
Sir,
Your obedient servant,
J. E. LEMIÈRE.

N. O. LIDDELL, Esq.,
**Secretary, Municipal Council.**

Council Room,
Shanghai, June 26, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of June 23, on the subject of the application of the Brothel Licence Regulations to Sing Song houses, and in reply to forward copy of a letter addressed by the Council to the Chinese Chamber of Commerce, from which you will note that the Regulations in question do not apply to Sing Song houses which are *bonâ fide* conducted as such, but only to so-called Sing Song houses, which are in fact conducted as brothels.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

Monsieur J. E. LEMIÈRE.

Council Room,
Shanghai, June 28, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of June 8, forwarding copy of a letter received by you from the proprietors of certain Chinese restaurants, food shops and others on the subject of the Council's Regulations for the licensing of brothels.

In reply, I am directed to point out that these Regulations were brought into force in conformity with the Report of the Special Vice-Committee, adopted by the Ratepayers at their last Annual Meeting on April 9, and that whilst the Council does not concur with the whole of the recommendations made in such Report, it had, as a consequence of the Ratepayers' Resolution, no option but to adopt them.

The Regulations do not apply to Sing Song houses, which are *bonâ fide* conducted as such, and require no licence, but they do apply to so-called Sing Song houses which are in fact conducted as brothels.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The CHINESE GENERAL CHAMBER OF COMMERCE.

**Road Extensions and Widenings.**

*Hongkong Road.*—Negotiations for the acquisition of Mow 0.036 of land ex Cadastral Lot 17B required in connexion with this road widening have been concluded with Messrs. Algar and Company Ld., compensation being paid at the assessed value of Tls. 30,000 per mow plus 10 per cent., and less one-third for betterment, or a total of Tls. 792 for the required area.

*Kungping Road Extension and East Seward Road Widening.*—Negotiations have been concluded with Messrs. Algar & Co., Ld., for the surrender of a total area of Mow 0.550 of land ex Cadastral Lot 1157, required in connexion with the improvement of these roads, on the following terms:—

As to Mow 0.183 at the Southern end of the lot required in connexion with East Seward Road Widening, at the assessed value of Tls. 5,300 per mow plus 10 per cent., or a total sum of Tls. 1,067 for the required area.

As to Mow 0.367 situate on the Western side of this lot required in connexion with the Kungping Road extension, surrender without compensation.

The Council has consented to the incorporation in Cadastral Lot 1157 of a small portion of surplus roadland at the Northern end of the lot measuring Mow 0.028 and adjoining Tongshan Road.

*Tsepoo and North Shanse Roads.*—Arrangements have been concluded with Messrs. Davies and Brooke for the sale to them of Mow 0.109 of surplus land on the West side of North Shanse Road at the assessed value Tls. 8,000 per mow plus a contribution of one-third only of the road cost on account of the narrowness of the strip of surplus land disposed of and less Mow 0.064 of unregistered land, surrendered by them for the widening of Tsepoo Road at the corner on the West of North Shanse Road. The total price paid for the surplus land by Messrs. Davies and Brooke is thus Tls. 1,852.

**Drainage Work.**

Arising out of the persistent refusal of certain inhabitants of the village situate at the corner of Bubbling Well and Siccawei Roads to carry out necessary drainage work, the work was undertaken by the Council, and proceedings instituted in the Mixed Court against fourteen of the inhabitants for payment of the expense incurred have resulted in its recovery.

**Municipal Staff.**

ARTHUR STANLEY,
*Health Officer.*

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

### Mosquito Notice.

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flower-pot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN OR LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

## MUNICIPAL NOTIFICATION

**No. 2736.**

(*Translation.*)

**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

### Chinese Educational Committee.

The sympathy of the Council and of the Chinese Educational Committee has been extended to Mr. Shen Heo-sung on the death of his father the late Mr. Shen Tun Ho who was for 15 years a member of the Committee.

Council Room,
Shanghai, July 8, 1920.

SIR,—It was with deepest regret that the Council and the Chinese Educational Committee learnt of the demise of your father, Mr. Shen Tun-ho on Monday last. Besides being identified for many years with philanthropic and benevolent work in the Settlement in its many phases your late father found time to take a very deep interest in education. In 1905, he joined the membership of the Committee appointed to advise the Council on matters relating to the conduct of the Public School for Chinese, at that time the only Council school which provided for the education of Chinese boys. He was still a member of this Committee—now known as the Chinese Educational Committee—at the time of his death, and, as some indication of the growth of the educational facilities provided by the Council for the Chinese, it may be stated that your late father lived to see no less than four Council schools conducted on the most modern educational lines catering for the educational needs of the Chinese community, viz., The Public School for Chinese. The Ellis Kadoorie Public School for Chinese, the Nieh Chih Kuei Public School for Chinese and the Polytechnic Public School for Chinese, with a total attendance of approximately 1,100 boys. Your late father took a very keen interest in the work of the Committee and the schools and the loss of his services to the Community will be deeply felt.

In the name of the members of the Council and of the Chinese Educational Committee, I have to tender to you and to your family, an expression of very sincere and deep sympathy in your bereavement.

I am, Sir,
Your obedient servant,

N. O. LIDDELL,
*Secretary.*

SHEN HEO-SUNG, Esq.

## Rice Profiteering.

Letters to the Senior Consul:—

Council Room,
Shanghai, June 24, 1920.

SIR,—As the prevailing enhanced price of rice bears very hardly on a substantial section of the Chinese community, causing a large measure of distress, giving rise to strikes and demands for higher wages, and thus contributing to the elements of unrest, which have unhappily been present in the Settlement for some considerable time past, the Council has recently given its very attentive consideration to the causes which have contributed to this state of affairs, and I have the honour to inform you that, as a result, it has been forced to the conclusion that the abnormal increase in the price of rice, though due to some extent undoubtedly, to profiteering, must be attributed in the main to the fact that the restrictions on the export of this commodity from districts within measurable distance of the Settlement, are not being strictly enforced. It appears that quite considerable quantities of rice have been and are still being shipped to Japan and elsewhere, and it seems to the Council that no immediate improvement in the present situation can therefore be expected, unless and until these restrictions are strictly enforced. I have accordingly the honour to express the Council's earnest hope that it may be possible for the Consular Body to bring this matter to the notice of the Chinese Authorities concerned.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium and Senior Consul.

Council Room,
Shanghai, July 6, 1920.

SIR,—I have the honour to refer to my letter to you of June 24, on the subject of the distress resulting from the much enhanced price of rice, and to inform you that investigation since made has shown that the subsequent further rise in price is due mainly, if not wholly, to profiteering in this commodity by those who are withholding large stocks from sale against higher prices. Under these circumstances, and in view of the fact that the situation was becoming somewhat critical, the Council considered it necessary to post a proclamation in Chinese on June 30 in the form of the translation attached, and I now have the honour to inform you that the price of first quality rice, has since fallen from $15.60 to $14.10 per picul and that the Council looks for a further substantial decline in the course of the next few days.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium and Senior Consul.

ARTHUR STANLEY,
*Health Officer.*

**Report of the Commissioner of Public Works for June.**

It is interesting to note that despite the ever increasing cost of almost all building materials the building trade locally still flourishes, there being at present more blocks of new buildings under construction than at any one time during the past 10 years. The average yearly number of building permits issued during that period being 530, whereas already this year over 400 permits have been issued.

This month there have been 397 blocks of buildings in course of construction in different parts of the Settlement.

Some idea of the increasing amount of Departmental work in connexion with permits may be gathered from the fact that in 1910 the total number of permits of all kinds issued was 8,767 as against 13,983 last year and 9,152 during the first six months of this year.

Although for some years past the number of Foreign and Chinese dwelling houses erected in the Settlement has steadily decreased the number of offices and manufacturing buildings erected shows a marked increase.

Despite the fact that the estimated value of buildings for which permits were issued last year reached the large total of Tls. 5,850,000, there is every reason to believe that this figure will be very considerably increased this year.

*Roads.*—It has been necessary to neglect the mud roads in the Western District to some extent, as the coolies usually employed in raking them have been on strike for several weeks, with the usual demand for more pay on account of the increased price of rice.

A further widening is being effected in Bubbling Well Road, west of Seymour Road.

The ballasting and metalling of Gordon Road has been completed on the east side between Ichang Road and Macao Road.

Asphaltic concrete has been laid in Kiangse Road between Nanking Road and Soochow Road, and also for a short distance north of Canton Road. Work is now proceeding in Museum Road.

The laying of this class of road pavement entails considerable inconvenience to traffic whilst operations are in progress, but night work is not considered advisable at present, as the work calls for very close supervision, and any defective workmanship would lead to complete failure of the pavement.

The stone pitching on the Bund foreshore is practically completed. The widening of the Bund is completed between Peking Road and Nanking Road, and work is well advanced between Nanking Road and Hankow Road. Tongshan Road is being made up between Singkeipang Road and Dent Road over the line of the old Singkeipang.

The following roads have been raised and formed in the Eastern District:—

Linching Road, between Pingliang Road and Yangtszepoo Road.

Kueiyang Road, between Pingliang Road and Yangtszepoo Road.

Holung Road, east of Yangtszepoo Creek.

Kungping Road north of East Yuhang Road.

*Drainage.*—The creek in Yuyuen Road between Kiaochow Road and Hart Road has been culverted.

A 3'-0" diameter culvert is being laid in Avenue Road and in Hart Road between Yuyuen Road and Avenue Road.

*Creeks and Rivers.*—The dredging operations are being continued at the mouth of the Soochow Creek, and to date a total of 4,300 fong of mud has been removed, the channel now approximating to the lines it occupied in 1908.

The wooden decking of the Wayside Wharf has been extensively repaired, and further repairs will be needed next year.

MUNICIPAL PROPERTIES.

*Administration Building.*—The contract for the Garage building has been let, and work will be started shortly.

Good progress is being made with the fitting of the heating installation, the corridor mosaic flooring, and the internal joinery work.

FIRE BRIGADE.

*Yangtszepoo Fire Station.*—The walls are now up to the roof level, and the centering for the concrete roof is being put in. The pouring of the concrete should be started at the end of this month.

The cinder concrete partition walls and gas fitting work are also in hand.

ELECTRICITY DEPARTMENT.

*Administration Building Substation.*—The concrete work of the third storey is nearly complete, and the centering for the roof is in place.

*Tonquin Road Substation.*—The foundations for two synchronous condensers with cable trenches have been constructed on the ground floor.

*Pingchiao Quarry.*—1,938 fong of material was despatched to the Public Works Department during the month.

*Cleansing and Watering.* Total
Road sweepings collected cartloads 4,338
Used for raising land 511
Water used for street watering 7,487,800 gallons.

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 3,088 |
| Artisans | 426 |
| Foremen | 236 |
| Mafoos | 149 |

*Concreteware.*—The following has been produced during the month:—

| | |
|---|---|
| Hand made | 7,362 pieces |
| Machine made | 2,757 ,, |
| Total | 10,119 pieces |

*Work Shelters.*—There were 106 admissions during the month and 271 bundles of wood chopped.

*Survey Work.*

| | |
|---|---|
| Official measurements of new lots | 72 |
| Boundary Stone Certificates issued | 64 |
| Consular lots surveyed | 37 |
| New lots put under taxation | 19 |

*These figures refer to the number of blocks of buildings under construction; the number of houses would be considerably greater.

CHAS. H. GODFREY,
*Commissioner of Public Works.*

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Mosquito Notice.

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flowerpot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN or LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

## MUNICIPAL NOTIFICATION

**No. 2736.**

*(Translation.)*

**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

**TRAFFIC REGULATIONS.**

TO facilitate the control of traffic in the Nanking Road, the following additional regulations will come into force from this date:—

(1) No vehicles will be permitted to rank for extended periods in the section of the Nanking Road between Shantung Road and the Bund.

(2) Temporary standing accommodation will be provided in the above section of the Nanking Road for vehicles of persons visiting business premises.

These temporary standing places will be marked by means of white lines on the kerbstone, and no vehicle will be permitted to stand except where the kerbstone is so marked.

(3) No vehicles will be permitted to stand on the south side of the above section of the Nanking Road between the hours of 11.45 a.m. and 12.30 p.m., except on Sundays.

**Recess.**

The annual recess has been arranged to have effect between August 11 and September 22.

**Volunteer Corps.**

*Staff.*—In consideration of long and valued service in the Corps, and upon the recommendation of the Commandant, retired rank of Captain, with the right to wear the prescribed uniform has been conferred on Captain C. H. Godfrey, Engineer Staff Officer, upon his resignation from the Corps which has been accepted with regret.

**Road Extensions and Widenings.**

*Gordon Road.* — Arrangements have been concluded with Mrs. C. M. McBain for the acquisition from Cadastral Lots 2935 and 2940, of Mow 0.362 required in connexion with this road widening, at the assessed value Tls. 4,500 per mow plus 10 per cent., or a total of Tls. 1,792. Mow 0.278 will be utilized as road land and the balance of Mow 0.084 will remain as surplus land.

*Dent Road Extension.*—After protracted negotiation, arrangements have been concluded with Mr. J. Noble whereunder he will surrender from Cadastral Lot 895 the area required for the Dent Road, measuring Mow 0.373, for the sum of Tls. 93.25, and will purchase from the Council the pieces of surplus land, purchased in the course of acquiring land for road construction, consisting of Cadastral Lots 1400 and 1401 (B.C. Lot 3139) on the East Yalu Road, and measuring Mow 0.799, for Tls. 375, and also Cadastral Lot 892 (B.C. Lot 9774) measuring Mow 0.172, on the Dent Road for Tls. 292.

The total sum paid by Mr. Noble as a result of these transactions is Tls. 573.75.

**Land Assessment.**

The following are the values placed on lots in the Central District, by Messrs. Halse and Sparke, as a basis for taxation. The usual notices to lot-owners are being distributed, allowing for protests within 30 days:—

*Murder.*—Shortly after midnight on June 6 when a Chinese shopkeeper named Woo Siau-pau, No. 115 Chapoo Road, was closing for the night he was attacked and killed by a man armed with a hammer. His death probably resulted from some feud arising over the division of money obtained in a fraudulent manner.

A well-known "sing song" girl named Lien Ying who disappeared from No. 702 Chekiang Road on June 9 was found strangled in a wheat field off Hungjao Road outside the Settlement on June 16. The body was stripped of jewellery valued at $4,000 which the girl was wearing when she disappeared. Evidence goes to show that Lien Ying was done to death near the place where the body was found. The culprit has absconded from Shanghai.

*Peace Negotiations.*—Considerable discussion took place in local political circles and the Chinese press during the month regarding the re-opening of the Peace Conference and the early ending of internal strife was prophesied. Unfortunately these discussions disclosed no evidence of real progress towards peace.

*Price of Rice.*—The continued increase in the price of rice still complicates the local situation and is causing much unrest. Rice which sold for $8.70 per picul at the end of April rose to $10.00 in May. Further increases occurred during June, the unprecedented figure of $15.60 per picul being reached on June 29.

Following meetings of the Chamber of Commerce and Rice Merchants' Guild, arrangements were made on June 29 to reduce the price to $14.00 per picul and the Municipal Council issued a proclamation the following day denouncing profiteering as a serious offence against the law. These measures resulted in an immediate drop in the price but it cannot be stated at present whether the decrease will be continuous or not.

The high market value of rice is to a certain extent attributable to the following causes:—

1.—Deficient yield in Kiangsu Province last harvest, estimated by some at 30 per cent. below normal.

2.—Increased demand and consequent higher prices prevailing in neighbouring countries.

3.—Difficulties of transport arising from internal disorder.

But the attempts of local profiteers to take advantage of these conditions to force up prices are, however, mainly responsible for the 50 to 60 per cent. increase recorded in June.

As might be expected in a population living almost entirely on rice, the abnormal increase in its price resulted in grave unrest among the industrial classes. No less than nine strikes occurred during the month, affecting in all some 40,000 workers. With a few exceptions the average duration was about three days and settlements were affected by increases in wages ranging from 5 to 20 per cent. In other instances demands of workers for increases in wages were partially acceded to and strikes were thus avoided.

A number of persons arrested for intimidating workers who declined to join the strikes were punished by short terms of imprisonment.

*Identification Office.*—During the month 583 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 174 were identified as having a previous conviction or convictions. In addition to the above 145 records were received from the French Police out of which number 74 were identified in the records of this office, making the total for the month:—

## Health Officer's Report for June.

Apart from the number of people bitten by rabid dogs and requiring the Pasteur Treatment the Settlement has been remarkably free from preventable disease.

There have been threats of Cholera from many sides but no case has been substantiated in the Settlement. This year there are two special hospitals prepared to give the transfusion treatment when required.

Although the Settlement has so far been singularly free from Typhoid, Dysentery and choleraic trouble the season when these diseases often become prevalent is imminent. The Public Health Notice is commended for careful study. Copies may be obtained on application to the Health Officer or any of the Health Inspectors, who are always glad to explain how the safety of the household may best be obtained. The more trouble taken to see that the recommendations are carried out the greater will certainly be the immunity from those dangerous intestinal conditions associated with life in the Far East. These troubles nearly always come through the mouth. It is advisable always to wash the hands before eating and to establish a routine among the servants that they wash their hands before serving food. Boiled white cotton gloves for the "boy" during service of food can be recommended if only as a sort of ritual of cleanliness. All food should be cooked or sterilised according to the Notice. Boiled water is safer than filtered water to drink. The measures recommended should be taken against flies. Anyone who has any difficulty in carrying out the recommendations of the Public Health Notice should communicate with the Health Officer, preferably in writing, or should call up their district Health Inspector.

Residents within the Settlement are requested to communicate with the Health Officer if they are troubled by mosquitoes. Not only is it often possible to remove this nuisance but such information is a valuable check on and assistance to the work of the Sanitary Staff.

The Public Swimming Bath has been patronised to its fullest capacity. The water is changed twice weekly, the bath on each occasion being scrubbed down with chlorinated lime. In addition, the water is fully chlorinated every day. Chlorine is now generally recognized as the best water purifier. The addition of chlorinated lime tends, however, to increase the turbidity of the water and might give rise to criticism on this account, but as tested in the Laboratory the water shows a high degree of purity.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

## Mixed Court Report for June.

The undermentioned foreigners who are not recognized by Consulates in Shanghai were before the Court on the undermentioned charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Zesan Zakofsky | Pole | Larceny | 2 months' impt. |
| Maria Pasderska (female) | Pole | Larceny | 6 months' impt. |
| M. Wintele r | Swiss | Insanity | Confined Mental Ward until boat leaves |
| Lewis Breaan | Eurasian | Begging | Dismissed |
| A. Sander | German | Unlicensed dog | Fined $5 |
| W. Schulz | German | Unlicensed dog | Cautioned |

On June 18, 1920, during the hearing of a criminal case, the complainant (a Japanese) asked for a remand for his own Assessor, but the Assessor (Mr. Blackburn) held that this was an insufficient reason, as a foreign complainant should request his Consul to notify the Court that he wishes his Assessor to hear the case, according to the ruling of the Consular Body.

Fifty-five persons were charged with breaches of motorcar regulations and licenses. In two cases where it was proved that injury had been caused to persons knocked down by motorcars, the drivers were sentenced to six months and 14 days respectively without the option of a fine. One driver was sentenced to 18 months for manslaughter.

Of the 14 foreign civil cases before the Court 6 were decided, while 15 are awaiting a first hearing.

During the month 114 Chinese civil petitions, which require a hearing, were filed. This is the largest number since January 1919 and as a result the number of cases awaiting a first hearing has increased to 45.

The Summer Vacation this year will be from July 16 to September 15 (both inclusive). During this period no civil cases will be heard unless, however, the number greatly increases in which case there will be one sitting a week to deal with claims where the amount involved does not exceed $100.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

F. L. WAINWRIGHT,
*Acting Registrar.*

Countersigned,
K. J. McEUEN,
Commissioner of Police.

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.

Food on which flies have settled.

*Milk or cream which has not been boiled or sterilised.

*Water which has not been boiled or filtered through a Brownlow filter.

Aerated water and other drinks unless of best quality.

Alcoholic drinks during the hot weather.

Bread which has not been sterilised by re-heating in an oven.

Ice-cream unless made of boiled materials.

Uncooked oysters.

Digitized by Google Original from CORNELL UNIVERSITY

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Rabies or Hydrophobia.

THE DISEASE.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

SYMPTOMS.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and utterly changed. During the time of "running mad" he may have bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or handed over to the charge of a veterinary surgeon.

WHAT TO DO WHEN BITTEN.—The bite of any animal should be cleaned throughout its depth and cauterized as soon as possible by a doctor.

The person bitten should come to the Health Officer to see if Pasteur Treatment is necessary.

It is absolutely necessary for persons bitten by rabid animals or animals suspected of rabies to have the Pasteur Treatment. This is given at the Municipal Health Office and takes about three weeks. The fee for Pasteur Treatment is Tls. 50 reducible in cases of necessity.

ARTHUR STANLEY,
*Health Officer.*

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 29, 1920.

## MUNICIPAL NOTIFICATION

**No. 2739.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000.**

**Price of Issue £100 per cent.**

NOTICE is hereby given that the subscription list for Debentures in this Loan, particulars of which are contained in Municipal Notification No. 2715, will remain open until August 31, 1920, the Council reserving to itself the right of closing the list on any day prior to that date.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 29, 1920.

## MUNICIPAL NOTIFICATION

**No. 2729.**

THE Council requires a furnished or unfurnished house of at least five rooms in the Western District, or Western District Extension, as a residence for the Commandant of the Volunteer Corps. Particulars of accommodation, rent, length of lease, etc., should be addressed to the undersigned.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, June 18, 1920.

## MUNICIPAL NOTIFICATION

**No. 2740.**

**DANGEROUS DRIVING OF MOTOR CARS.**

TRAFFIC conditions in Shanghai are of an exceedingly complex character. It is therefore the more incumbent on drivers of motor vehicles—the fastest type of vehicle on the streets,—to take particular care in observing the Traffic Regulations and in adjusting their speed at all times so as not to endanger life or limb. The public safety must have first consideration, and those who drive in such a manner as to endanger the public safety will be prosecuted with the utmost rigour of the law.

The Council earnestly requests the co-operation of all motor vehicle owners in seeing that this warning be brought to the particular attention of their chauffeurs so that excessive speed and dangerous driving may cease.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 5, 1920.

### Consular Body.

A letter from Mr. J. A. Schuurman, Consul, in charge of the Netherlands Consulate General, informs the Council that during his temporary absence from Shanghai he has handed over charge of the Consulate-General to Mr. W. A. A. M. Daniels, Vice-Consul, with effect from August 1.

### Stray Children's Home.

The Stray Children's Home in Tongshan Road, which is supported by a grant-in-aid from the Council, will be closed on September 30 next. A number of the children in the Home will be taken over and cared for by the Door of Hope, and any, for whom other suitable arrangements have not been made meanwhile, will be received into the Lunghua Orphanage or the Anti-Kidnapping Society's Home at Kiangwan, together with any other stray children who may be found in the Settlement in future. These institutions which will be subject to periodical inspection by the Council are supervised by a Chinese Committee to which the Council will make an annual grant-in-aid of Tls. 5,000.

### Police Force.

The lease from Mr. H. M. Cumine of No. 2 Temple Lane has been renewed for a further period of one year terminating on August 31, 1921.

### Land Assessment.

The following are the values placed on lots in the Northern District, by Messrs. Halse and Sparke, as a basis for taxation. The usual notices to lot-owners are being distributed, allowing for protests within 30 days:—

## Public Health Notice.

The following measures are recommended for the purpose of preventing those diseases which by means of public sanitation and by individual careful living are preventable, such as Typhoid Fever, Cholera, Dysentery, Diarrhœa and other bowel disorders, Small-pox, Scarlet Fever, Diphtheria, Tuberculosis, Plague and Malaria.

*Public Measures.*

SANITARY INSPECTION of houses will be carried out free of charge on application to the Health Officer. Persons about to rent houses are advised to ask the Health Officer for a sanitary inspection and a certificate of good sanitation before closing with the landlord.

CONDITIONS dangerous to health should be reported to the Health Officer.

ISOLATION of cases of dangerous infectious disease is provided free at the Isolation Hospital, Range Road.

DISINFECTION of premises after infectious disease will be carried out free of charge on application to the Health Officer.

VACCINATION is provided gratuitously at the Branch Health Offices.

*Individual Measures.*

EAT AND DRINK nothing that has not been recently cooked, boiled or otherwise sterilised.

DO NOT CONSUME:—

*Fruit, vegetables, salads, melons, etc., which have not been cooked or sterilised.
Food on which flies have settled.
*Milk or cream which has not been boiled or sterilised.
*Water which has not been boiled or filtered through a Brownlow filter.
Aerated water and other drinks unless of best quality.
Alcoholic drinks during the hot weather.
Bread which has not been sterilised by re-heating in an oven.
Ice-cream unless made of boiled materials.
Uncooked oysters.

*Fruit, tomatoes, melons, etc., can be sterilised without spoiling the flavour, so that they can be safely eaten raw, by dipping for a few seconds into briskly boiling water. Strawberries are better sterilised by dipping into boiling sugar syrup. Milk and cream can be sterilised

by placing the bottles in a pan of cold water and gradually raising to boiling point. The candle of the filter should be lightly scrubbed in running water and boiled once a week.

KITCHEN supervision should be thorough because the preventable diseases specially prevalent in Shanghai are mostly caused by infected food. Every house should have a serving-room adjoining the dining-room and separate from the kitchen. The serving-room should contain the Brownlow filter, ice-chest, table utensils, washing sink, boiled milk, drinks, bread, butter, sterilised fruit and other cooked or prepared foods. Cooking or boiling destroys infection.

VEGETABLES AND FRUIT grown near the ground, being watered as a rule with nightsoil, are specially liable to be soiled with the germs of Typhoid fever, Cholera, Dysentery and other bowel diseases, and should, before cooking, be strictly kept out of the serving-room and from contact with cooked or prepared food.

FLIES CARRY DISEASE so they should be excluded from the serving-room, kitchen and servants' latrine by providing spring slam doors and unopenable windows screened by perforated zinc; and from the food on the table by fly covers.

VACCINATION should be done on or before arrival in Shanghai and afterwards every three years, in November.

VACCINATION against Typhoid fevers should be done on or before arrival in Shanghai and repeated yearly in May.

KEEP RATS OUT OF YOUR HOUSE. Starve the rats by providing no food for them in and around your house. Make your house rat-proof.

MOSQUITOES carry malaria. Where mosquitoes cannot be exterminated by abolishing stagnant water or by the use of kerosine oil, or by reporting their presence to the Health Officer, the mosquito net should be carefully used. A weekly inspection should be made and no standing water permitted.

REFUSE should not be allowed to accumulate, and a properly covered rat and flyproof receptacle should be provided. Nightsoil buckets should be kept securely closed, including those in the servants' latrines. Proper receptacles for these purposes may be obtained at the Health Office. Yards and drains should be kept in a good state of repair and freely flushed with water.

ARTHUR STANLEY,
*Health Officer.*

## Rabies or Hydrophobia.

THE DISEASE.—Rabies or hydrophobia is an acute fatal disease, generally communicated to man through a wound made by the teeth of some infected animal, the saliva being the infective medium. Dogs, cats, goats, cows, horses, and other animals are susceptible to the disease and their bites are very dangerous. Hydrophobia may also be contracted by allowing the saliva (froth) of an infected animal to come in contact with a cut or scratch. This sometimes happens in adjusting muzzles, in trying to remove what seems to be a bone in the throat, or in giving medicines. The saliva may be virulent (poisonous) for one or two days before a dog shows any signs of being sick.

SYMPTOMS.—The disease in the dog appears in two forms. In the furious type, he may suddenly leave home, wandering off for many miles, perhaps, to return in a day or two emaciated, wounded, and utterly changed. During the time of "running mad" he may have bitten many persons and other animals. He seems impelled to bite anything that comes in his way. He cannot be said, as a rule, to fight with other dogs. He bites them and passes on, but does not go out of his way very much to attack them. His main object seems to be to keep moving, as if to escape something. The dumb variety is characterized by progressive paralysis of the lower jaw, change in character of bark, and marked nervousness. The animal may appear very affectionate, but may bite without warning. Death usually results in from three to six days from the onset of sickness.

WHAT TO DO WITH A SUSPECTED ANIMAL.—When an animal is suspected of having this disease it should be captured at once, if possible, and securely confined. A veterinary surgeon should be called to see the dog, or the circumstance should be reported to the nearest Police Station where they will arrange without payment for the transfer of the dog to the Observation Kennel under the care of the Health Officer.

Dogs, suspected of rabies, should, if possible, be captured alive; but they may be killed, if danger of any person being bitten can thereby be avoided. The reason being that if preserved alive it can be ascertained in a day or two whether the animal has rabies, while if killed it usually takes fourteen days to find out.

When other dogs have been bitten by a rabid dog they should either be killed immediately or handed over to the charge of a veterinary surgeon.

WHAT TO DO WHEN BITTEN.—The bite of any animal should be cleaned throughout its depth and cauterized as soon as possible by a doctor.

The person bitten should come to the Health Officer to see if Pasteur Treatment is necessary.

It is absolutely necessary for persons bitten by rabid animals or animals suspected of rabies to have the Pasteur Treatment. This is given at the Municipal Health Office and takes about three weeks. The fee for Pasteur Treatment is Tls. 50 reducible in cases of necessity.

ARTHUR STANLEY,
*Health Officer.*

*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

## MUNICIPAL NOTIFICATION

**No. 2740.**

**DANGEROUS DRIVING OF MOTOR CARS.**

TRAFFIC conditions in Shanghai are of an exceedingly complex character. It is therefore the more incumbent on drivers of motor vehicles—the fastest type of vehicle on the streets,—to take particular care in observing the Traffic Regulations and in adjusting their speed at all times so as not to endanger life or limb. The public safety must have first consideration, and those who drive in such a manner as to endanger the public safety will be prosecuted with the utmost rigour of the law.

The Council earnestly requests the co-operation of all motor vehicle owners in seeing that this warning be brought to the particular attention of their chauffeurs so that excessive speed and dangerous driving may cease.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 5, 1920.

### Water Supply.

Interchange of letters with the Shanghai Waterworks Co., Ld., on the subject of the extension of the water mains in Great Western and Edinburgh Roads to Siccawei Road:—

Shanghai, July 23, 1920.

SIR,—I am directed to inform you that in view of the existing and prospective development of the lands abutting on Great Western Road Extension and Edinburgh Road, it has been decided to extend the main in these roads to Siccawei Road at the Company's expense and to discontinue the charge to the Council under Clause VII of the Agreement of 1905 as from January 1 this year.

I am, Sir,
Your obedient servant,
ARTHUR P. WOOD,
*Secretary & Engineer-in-Chief,*
*Shanghai Waterworks Co., Ld.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, August 3, 1920.

SIR,—I am directed to thank you for your letter of July 23, and in reply to inform you that the Council is pleased to note that in view of the existing and prospective development of the lands abutting on the Great Western Road extension and Edinburgh Road, your Company has decided to extend the mains in these roads to Siccawei Road at its expense, and also to express the Council's appreciation of the discontinuance of the charge made to the Council under Clause VII of the Agreement of 1905, such discontinuance having effect from January 1 of this year.

I am, Sir,

**Fire Brigade Report for June.**

The total number of calls to fires, or supposed fires, during the month was 25, as against 27 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 93,425 (Foreign, Tls. 300; Chinese, Tls. 93,125), as against Tls. 31,825 (Foreign, Tls. 25,000; Chinese, Tls. 6,825 during June 1919. The property at risk is estimated at Tls. 1,271,000 (Foreign, Tls. 802,000; Chinese, Tls. 469,000), as against Tls. 719,000 (Foreign, Tls. 640,000; Chinese, Tls. 79,000) for the corresponding period last year.

The calls were received as follows:—Telephones 18, Watch Towers 4, Police 2 and Messenger 1. The district call was given on 2 occasions, the remaining 23 being station calls. These calls proved to be 15 small fires, 4 chimney fires, 3 false alarms (2 of which were malicious) and 3 fires outside the Settlement.

The principal, supposed causes, of the fires within the Settlement are as follows:—Sparks, ashes or embers from stove, lamp upset, fusing of electric wires, dropped match or cigarette end, ignition of spirits of wine and smoking in bed. The premises affected were 7 Chinese Buildings which were more or less damaged by fire, smoke and water. The Brigade was occupied 357 hours and 55 minutes at fires, or supposed fires.

It is interesting to note that for the half-year ending June 30, 1920, the number of calls to fires, or supposed fires was 172, as against 136 for the corresponding period last year. The estimated damage to property and contents was Tls. 146,000 (Foreign, Tls. 3,825; Chinese, Tls. 143,075), as against Tls. 200,825 (Foreign, Tls 150,350; Chinese, Tls. 50,475) at fires on assessed property within the Settlement limits during the same period last year, whilst the estimated risk was Tls. 2,957,500 (Foreign, Tls. 1,711,500; Chinese, Tls. 1,246,000), as against Tls. 3,099,700 (Foreign, Tls. 2,531,000: Chinese, Tls. 568,700) up to June 30, 1919.

It will be seen from the above that the ratio of loss to that of the property at risk is lower than for the same period last year.

Fires worthy of comment are as follows:—

*Amos Bird Factory, June 13, at 12.01 a.m.*—A rather serious outbreak occurred in the above factory, but was fortunately promptly tackled by the Factory Staff by means of chemical extinguishers and extinguished before arrival of the Brigade.

*Shanghai Feng Chong and Chekiang Railway Co.'s Godown—Nos. 35-7 Soochow Road at 12.11 p.m.*—At this fire the Central and Sinza Divisions had an extremely difficult task. The upper floor, packed with tea, was well alight around the head of the staircase—the only way up to the first floor—the windows being barred and shuttered; the inadequate water supply added to the task of the Brigade. The men had a strenuous time and several were overcome and at times cut off by the falling packages of tea. A large quantity of tallow, oil, silk waste, etc., was stored on the ground floor, and every attention was given in holding the fire from working downwards. In this object the Brigade was completely successful, as the fire was confined to the upper floor. Men were at work through the following night, and the next day at about the same time as the original call, a fire occurred amongst the tea saved, which can only be described as very peculiar, as it occurred well back and was accompanied by a cloud of smoke. Ether vapour was at once detected and was so strong that several of the Brigade, both Foreign and Chinese, were overcome; one or two being rendered unconcious for some time. It is uncertain how the Ether got amongst the tea, but undoubtedly it caused the second outbreak, if not the first.

The second outbreak also gave the Brigade trouble, as regards water, but by general excellent work the whole of the fire damage was confined to the tea on the upper floor. The dangerous cargo on the ground floor and adjoining godowns was saved.

Assistance was rendered at the following Out District Fires:—

*S.S. Juno, Kiangnan Dock, June 2, at 9.15 p.m.*—When the Chief Officer with a party of men rendered assistance and when the new Dennis Pump of the City Fire Brigade was used for the first time.

*Hoong Sing Fong, North Honan Road Extension, June 17, at 7.30 a.m.*—The Chapei Brigade asked for assistance. The new Leyland Pump was also used for the first time.

*Chief Officer.*

**Health Officer's Report for July.**

The mortality rate, which may be regarded as the final inventory of the physical condition of the community, was abnormally low both among foreigners and Chinese. The incidence of Dysentery was remarkably small. Both foreign and Chinese Isolation Hospitals were practically empty during the month.

Preparations were made for meeting an expected outbreak of Choleraic diarrhoea. Nineteen Chinese cases were notified within Settlement limits during the latter half of the month by the two special summer diseases hospitals and the Chinese Isolation Hospital. On July 26 two cases of authentic Asiatic Cholera were notified by

Digitized by Google Original from CORNELL UNIVERSITY

the St. Luke's Hospital as coming from 330 Ferry Road, while a third similar case arose at 90 Yuenfong Road. In these three cases the presence of the cholera vibrio was confirmed by cultural and agglutination tests. None of these latter cases were fatal. In the former cases no Cholera vibrios were found although some specimens were examined in the Laboratory a short time after having been taken from the human source. It was thought that previous want of success might have been due to the Cholera organism being overgrown by other more luxuriant organisms during the time taken for transmission to the Laboratory, which is often considerable. This result confirmed that of former years, namely, that the great majority of these cases, which clinically are Cholera, do not show the Cholera vibrio but usually show an organism of the coli group whose characteristics have not yet been fully worked out. In the laboratory of St. Mary's Hospital, London, it has quite recently been found that there is more than one type of cholera-causing organisms. It seems probable that the organism commonly causing choleraic conditions in China may be an atypical form.

The Tuberculosis Hospital is proving its value, several cases have already been benefited; not only themselves but also by removing a source of virulent infection from crowded households. It is hoped later to build up an effective anti-tuberculosis scheme on the basis of this Hospital.

The record number of 6,273 admissions to the Public Swimming Bath is registered for the month. The water was changed twice weekly and was fully chlorinated each night. Chlorine is now regarded as the water purifier *par excellence*. Though the entire elimination of cause for criticism is a consummation devoutly to be wished, the conditions are such that it is impossible to please everybody. The purity of the water is a matter which has the daily attention of the sanitary staff and is regarded, owing to the chlorination, as fully equal if not better than would be produced by daily complete change of the water. Were the bath emptied, washed down, and filled each day a large number of bathers would be deprived of their swim as the hours of opening would have to be curtailed considerably. There is no evidence that sore ears are more prevalent than in the three other local swimming baths. The main trouble is that the bath is too popular. The remedy for this is more swimming baths; especially open air baths in the public parks, supplied by artesian wells which can be made to yield a very pure and abundant water supply.

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2715.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000**

**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 29, 1920.

## MUNICIPAL NOTIFICATION

**No. 2739.**

**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**

**Amount £750,000.**

**Price of Issue £100 per cent.**

NOTICE is hereby given that the subscription list for Debentures in this Loan, particulars of which are contained in Municipal Notification No. 2715, will remain open until August 31, 1920, the Council reserving to itself the right of closing the list on any day prior to that date.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, July 29, 1920.

## MUNICIPAL NOTIFICATION

**No. 2729.**

THE Council requires a furnished or unfurnished house of at least five rooms in the Western District, or Western District Extension, as a residence for the Commandant of the Volunteer Corps. Particulars of accommodation, rent, length of lease, etc., should be addressed to the under signed.

By order,
N. O. LIDDELL,
*Secretary*

Council Room,
Shanghai, June 18, 1920.

## MUNICIPAL NOTIFICATION

**No. 2740.**

**DANGEROUS DRIVING OF MOTOR CARS.**

TRAFFIC conditions in Shanghai are of an exceedingly complex character. It is therefore the more incumbent on drivers of motor vehicles—the fastest type of vehicle on the streets,—to take particular care in observing the Traffic Regulations and in adjusting their speed at all times so as not to endanger life or limb. The public safety must have first consideration, and those who drive in such a manner as to endanger the public safety will be prosecuted with the utmost rigour of the law.

The Council earnestly requests the co-operation of all motor vehicle owners in seeing that this warning be brought to the particular attention of their chauffeurs so that excessive speed and dangerous driving may cease.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 5, 1920.

## MUNICIPAL NOTIFICATION

**No. 2742.**

NOTICE is hereby given that the sale of hen pheasants and of pheasants denuded of their feathers, will be prohibited for a period of three years, commencing on October 1, 1920. During the close season, February 17 to September 30 inclusive, the sale of pheasants is absolutely prohibited.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 12, 1920.

**Preservation of the Pheasant.**

Correspondence with Mr. A. P. Nazer and others on the subject of the preservation of the pheasant:

Shanghai, July 2, 1920.

SIR,—With a view to giving the pheasant some slight protection against the ever increasing slaughter which is taking place, and which destruction would point to the possible extinction of this game bird within a few years, we, the undersigned, respectfully beg to make the suggestion that the Council frames and enforces a regulation that no hen pheasants be allowed to be sold within the Settlement for a period of three years, commencing from October 1920.

To prevent any possibility of the regulation being evaded by removing the feathers from the birds, all pheasants exposed for sale should have their feathers on.

A similar application is being made to the French Municipal Council, and if the regulation is brought into force, it is hoped, and anticipated, that the various Treaty Ports will adopt it also.

We are, Sir,
Your obedient servants,
A. P. NAZER,
*and others.*

Shanghai, August 10, 1920.

SIR,—I have to acknowledge receipt of your letter of the 9th instant, and on behalf of myself and the several signatories to the petition dated July 2, beg to thank the Council for having adopted the suggestions contained therein in regard to the sale of pheasants.

I am, Sir,
Your obedient servant,
A. P. NAZER.

Council Room,
Shanghai, August 13, 1920.

GENTLEMEN,—With further reference to your letter of July 2 on the subject of the preservation of pheasants, and in furtherance of my letter on this subject of August 9, I am directed to point out that, to obtain the full measure of success desired, the co-operation of the various cold storage exportation companies outside the Settlement seems requisite, and I am to suggest that you should endeavour to obtain this co-operation.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,

**Motor Omnibus Service.**

Interchange of letters with Mr. W. H. Chen, acting on behalf of the Chinese Motor Bus Co., Ld., on the subject of the inauguration of a motor omnibus service:—

Shanghai, March 3, 1920.

DEAR SIR,—I am directed by my clients, The Chinese Motor Bus Company, Limited, to apply to you for permission to run a motor bus service between the Bund and Woosung Road, via Avenue Edward VII, Thibet Road, and Haining Road.

My clients propose to have eight vehicles on the run, each of which will take about one hour to and fro, and that a regular service every fifteen minutes be established and maintained.

The buses to be used are the products of The Kelly Springfield Company, of Springfield, Ohio, U.S.A. Following are the specifications of each one:—

Length 22 feet; Width 6 feet; Horse Power 30; Capable of carrying 25 to 30 persons or a weight of 5,000 lbs.

The working, etc., will be under the direct charge of Mr. Luoie S. Pang, an Automobile Engineer who recently returned from abroad.

Thanking you for your attention and trusting this matter may receive your careful consideration, I am

Yours faithfully,
W. H. CHEN,
*Attorney-at-Law.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, May 10, 1920.

SIR,—I am directed to inform you that your application of March 3, on behalf of "The Chinese Motor Bus Company, Ld." for permission to run a motor bus service between the Bund and Woosung Road, via Avenue Edward VII, Thibet and Haining Roads, has now received the Council's detailed consideration, and that the Council is prepared favourably to consider the issue of the permit requested upon the following terms and conditions and subject to the following observations:—

*Route.*

From the correspondence with the Shanghai Electric Construction Co., Ld. published in the Municipal Gazette of March 30, your clients will have noted that, subject to conditions therein set forth, a railless tram service has been approved along the same route as that proposed for the bus service as far as Cunningham Road. The greater portion of this route consists in wide thoroughfares; the Council has therefore no objection to the double service, but on the contrary believes that it would prove of public advantage rather than otherwise. As regards the Avenue Edward VII, partly the same considerations will apply to the proposed bus service as to the railless tram service along this Avenue, and consequently the consent of the French Municipal Council will have to be obtained. Subject thereto, the Council favourably regards the proposed route from the Bund as far as the Soochow Creek, and from the further side of the Soochow Creek to Woosung Road. It should be noted however that a portion of the roadway of the section of Haining Road between North Thibet Road and Kansuh Road is within the jurisdiction of the Chapei Authorities, whose approval so far as this section is concerned should accordingly be sought. To permit of a bus service across the Soochow Creek, re-construction of the Thibet Road Bridge would of necessity have to be undertaken.

*Re-construction of Thibet Road Bridge.*

The Council is prepared to consider the re-construction of this bridge, provided your clients will contribute 20 per cent. of the total estimated cost of re-construction (Tls. 130,000 to Tls. 140,000), and provided the Shanghai Electric Construction Co., Ld. contribute 33⅓ per cent. as stipulated in the correspondence with that company above referred to.

*Road Re-construction.*

The Council will require a contribution from your clients of Tls. 25,000 per route mile towards the cost of road re-construction, when such re-construction is required to render the roads affected suitable for a bus service, with the proviso that the contribution in regard to such sections of the route as may also be traversed by the railless tram service, shall be borne in equal shares of Tls. 12,500 per route mile, by your clients and the Shanghai Electric Construction Co., Ld.

*Road Maintenance.*

The Council will require a road maintenance contribution from your clients of one tael cent per bus mile payable half-yearly.

*Licence Fee.*

Payment of a licence fee of Tls. 400 per annum will be required in respect of each bus, payable quarterly in advance.

*Period to be allowed for Introduction of Bus Service.*

The Council will allow a period of six months, calculated from the date of your clients' final agreement to the Council's terms, for the introduction of the bus service.

*Period for which Bus Service is to be Permitted.*

The Council's permit would extend to permit of the running of the bus service on the route approved for a period of 20 years, at the end of which time the question of renewal would receive consideration. No monopoly would be conferred by the permit.

*Type of Motor Bus.*

The type of bus of which particulars are given in your application is considered satisfactory, provided that pneumatic cord tires are substituted for solid tires, that suitable safeguards to be approved by the Police be fixed, and that in other respects the bus meets with the general requirements of the licence conditions which apply to motor freight vehicles.

*Number of Buses Authorized.*

The Council's permit will extend to cover a service of 8 buses, but applications for permission to run additional buses will be considered on their merits having regard to traffic requirements and conditions.

*Licensing of Drivers.*

All drivers would be required to undergo a special driving test similar to that applied to drivers of motor lorries.

*Limitation of Fares.*

Fares will be limited to a maximum per passenger of ten Mexican dollar cents per mile, with a maximum fare of thirty Mexican dollar cents for the full distance traversed by the Bus Service.

*Agreement Covering Bus Service.*

On your clients' acceptance of the conditions herein outlined, an agreement will be drafted by the Council's Legal Adviser, and submitted for your consideration, covering the points herein referred to, and such other points as the Council may deem requisite.

In conclusion I am directed to state that the Council will require to be satisfied as to the financial standing of your clients, and as to their ability to carry out the conditions under which the permit is issued.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Shanghai, August 12, 1920.

SIR,—In reply to your letter of recent date, I am directed by my clients, the Chinese Motor Company, to write you in connexion with the above and to state that after careful consideration, they have come to the conclusion that the sums asked for in your letter are too high, therefore they regret that they are unable to meet the same. They are willing, however, to pay the Council a sum similar to that paid in Europe and America, or any similar sum that comes within reason.

Should the Council—as my clients hope—be willing to reconsider the matter, I shall be glad if you will kindly communicate with me.

I should have given the Council an earlier reply but as the directors of the Company are in Hongkong your proposals had to go to Hongkong to be considered there. I trust you will accept my apologies.

Thanking you for the attention you have courteously given to the matter, I have the honour to remain, Sir,

Your obedient servant,
W. H. CHEN.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

*Murder.*—At about 5 a.m. on July 5, owing to a quarrel, a Chinese ex-watchman murdered a Chinese woman with a carpenter's axe at No. 1805 Avenue Road and attempted to murder her daughter aged 16 years and son aged 7. Charged at the Mixed Court he was found guilty and ordered to be handed over to the Chinese Authorities.

*Bomb.*—A bomb, which appeared to have been made by filling a small canister with an explosive powder, exploded about 1.30 a.m. on July 14 in Hardoon's Garden where Wang I-tang, Chief of the Northern Peace Delegation, has been residing for several months. The bomb must have been thrown with a view to moral effect as it was not sufficiently powerful to do any damage.

*Local Political Situation.*—In view of developments in the political situation, it is fortunate that no fighting occurred in the neighbourhood of Shanghai during the month of July. Considerable disturbance to the normal life of the Settlement resulting from the suspension of traffic for three days on the Shanghai-Nanking Railway has, however, to be recorded. The first military preparations in this vicinity, which seemed to forebode fighting, were made by Tuchun Li Shun of Nanking on July 9 when he sent a thousand soldiers of the Soochow Garrison in boats to Quinsan and Henli. After removing a length of rail from the track, the troops mined the Shanghai-Nanking Railway line at a point near the latter place. News of the occurrence reached Shanghai on the evening of July 10 when the train service was immediately suspended, and General Ho, Commander of the local garrison, decided to send troops to Nanziang to offset Li Shun's move. The first detachment of these left Lunghua at 2.30 a.m. on July 12, and further contingents which followed brought the total number sent to about 2,500. The rival forces remained on the respective sides of the boundary line between the Shanghai District and the remainder of Kiangsu at a distance of some sixteen miles apart until July 13 when, following an arrangement between Tuchun Li Shun of Kiangsu, General Lu Yung-ziang of Chekiang and General Ho Fong-ling of Shanghai, their withdrawal began, and traffic was resumed on the railway. Nothing has since happened to disturb the tranquillity of Shanghai. A modified form of Martial Law has been in force in the vicinity of Shanghai since July 11.

*Price of Rice.*—The action taken by the Chinese Chamber of Commerce, the Rice Merchants' Guild and Municipal Council at the end of June for the purpose of reducing the high cost of rice resulted in a downward movement of the price which continued steadily throughout July. Rice of the best quality which sold on the last day of June for $15.50 per picul had decreased to $13.80 at the end of July, and the price of inferior rice fell from $11.40 to $9.70 per picul during the same period. The cheap sale by the Chamber of Commerce of a consignment of 27,500 piculs of Saigon rice, arrangements for which will soon be completed, should cause a further reduction in the price.

*Strikes.*—The unrest in industrial circles, which started in June as a result of the unprecedented high price of rice, continued during July, no less than nine strikes, affecting 6,700 workers, occurring during the month. With the exception of the makers of Chinese buckets and shoes, who were still out at the end of the month, all strikers returned to work, having secured increases in wages varying from 10 to 50 per cent. Some 8,800 employes of four different concerns who were on strike at the end of June were granted increases ranging from 10 to 20 per cent. and returned to work in the early part of the month.

*Identification Office.*—During the month 628 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 168 were identified as having a previous conviction or convictions. In addition to the above 186 records were received from the French Police out of which number 90 were identified in the records of this office, making the total for the month:—

**Parks Report for June and July.**

*Jessfield Park.*—A section on the East side of Jessfield Park has been laid out as a Japanese Garden, and will be planted with suitable plants in October. The floral display was generally considered effective, but owing to heavy rain finished quickly.

*Privet.*—The flowers were cut off all privet shrubs which overhang public roads before the flowers expanded, as usual complaints of persons suffering from "privet cough" were received before the flowers opened.

*Seating Accommodation.*—Owing to the greatly increased numbers who frequent the parks, seating accommodation is inadequate and steps have been taken to obtain an increased number of seats.

*Labour.*—Inquiries for gardeners are numerous, but skilled men are difficult to obtain. This shortage is due to various causes. Within recent years about 250 new gardens have been laid out, each requiring the labour of from 1 to 10 men. The high cost of food makes farming lucrative and this year approximately 1,000 mow formerly uncultivated is now bearing crops. Over 1,000 mow of land is required to supply the market with flowers, so that nearly every kind of imported flowers can be obtained in quantity and cheaply in the markets. 500 additional mow is required to meet the increased demand for vegetables. As all this increased amount of land devoted to gardening has occurred within a few years, the demand for men has increased beyond the number who are trained.

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 29, 1920.

## MUNICIPAL NOTIFICATION
**No. 2740.**
**DANGEROUS DRIVING OF MOTOR CARS.**

TRAFFIC conditions in Shanghai are of an exceedingly complex character. It is therefore the more incumbent on drivers of motor vehicles—the fastest type of vehicle on the streets,—to take particular care in observing the Traffic Regulations and in adjusting their speed at all times so as not to endanger life or limb. The public safety must have first consideration, and those who drive in such a manner as to endanger the public safety will be prosecuted with the utmost rigour of the law.

The Council earnestly requests the co-operation of all motor vehicle owners in seeing that this warning be brought to the particular attention of their chauffeurs so that excessive speed and dangerous driving may cease.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 5, 1920.

## MUNICIPAL NOTIFICATION
**No. 2744.**
**TRAFFIC REGULATION.**

TO facilitate the control of traffic in the Nanking Road, the following additional regulation will come into force from September 1, viz:—

In the section of the Bubbling Well and Nanking Roads between Mohawk Road and the Bund, no motor vehicle shall pass another in motion, proceeding in the same direction.

By order,
N. O. LIDDELL.

### Water Supply.

With reference to the correspondence published in the Gazette of March 30, the following interchange of letters with the Shanghai Waterworks Co., Ld., on the subject of the exceptionally high bacterial content of the water during the month of June is published hereunder for purposes of record:—

Council Room,
Shanghai, July 29, 1920.

SIR,—In my reply of February 25 last to your memorandum that the drought and the consequent condition of the silt in the river had made it impossible to filter the water sufficiently quickly to cope with the demand, and that the pressure had therefore been low for a part of the day, reference was made to the unsatisfactory character of the report and analysis of water made by the Health Officer in January last, I am now directed to call your attention to the report and analysis attached to the Health Officer's report for June published in the Municipal Gazette of July 22, and to request that you may kindly favour the Council with an explanation as to the causes of the exceptionally high bacterial content, since it would appear that the condition of the water supply is such as to constitute a serious danger to public health.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

A. P. WOOD, Esq.,
Engineer-in-Chief & Secretary,
Shanghai Waterworks Co., Ld.

---

Shanghai, August 4, 1920.

SIR,—I have to acknowledge receipt of your letter of the 29th ulto. with regard to the Health Officer's report for June published in the "Municipal Gazette" of July 22.

As explained in my letter of March 12 last, considerable difficulty was experienced in February last in filtration of raw water owing to the unprecedented increase in the silt content of the river water, the difficulty being accentuated by the fineness of the silt and the absence of any warning of the increase.

In view of a possible recurrence of this high silt content at any moment, the Company has, since February, experimented with purification otherwise than by plain sedimentation and slow sand filtration.

In these experiments clarification has been obtained by settlement in conjunction with a coagulant, the time of settlement and quantity of precipitant being varied from time to time in order to ascertain the best results with the constantly varying qualities of raw river water to be dealt with. The clarified water has been sterilised by means of chlorination and the resultant treated water has been analysed periodically.

Digitized by Google Original from CORNELL UNIVERSITY

On the discovery of the abnormal increase in bacterial content (it was discovered by the Company's chemist prior to receipt of the Health Officer's analysis), investigations were at once made to ascertain the cause, the entrance of some extraneous polluting matter being at first suspected, but the increase was eventually found to be due to algae having passed through the experimental system and to the development of algal growths in the filtered water reservoir, these growths contributing towards the multiplication of bacteria.

During the time that investigations were being made—and in consequence of bacteriological analysis of water requiring a considerable time delay is inevitable—the whole of the Company's mains were flushed out and practically the whole of the supply chlorinated.

The reservoir referred to has been emptied and thoroughly cleaned, and the necessary steps taken to prevent any recurrence of algal growths, also more bacteriological work is being undertaken in the Company's laboratory, the filtered water being tested at several points in the Station and in town so as to prevent the possibility of a recurrence.

The exceptionally high bacterial content lasted for only a short period and, I am satisfied, was remedied in the shortest time possible. The Health Officer's analysis of July 27, kindly sent to the Company on the 31st idem., is, as you are doubtless aware, satisfactory in every way.

I am, Sir,
Your obedient servant,
A. P. WOOD,
*Secretary & Engineer-in-Chief,*
*Shanghai Waterworks Co., Ld.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

**Mixed Court Report for July.**

Mr. P. Grant Jones who sat for the first time on April 7, 1913 proceeded on leave on July 11, 1920. His position as Senior British Assessor has been taken by Mr. A. D. Blackburn, while Mr. J. C. Hutchison is sitting as Assistant British Assessor in criminal cases.

The undermentioned foreigners who are not recognized by any Consulates in Shanghai were before the Court on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| A. L. Brenan | British | Vagrancy | Cautioned |
| B. Johnson | British | Larceny | 6 months' impt. |
| Aarm Hokma | Bagdad Jew | Begging | 6 months' impt. and warned that on repetition of similar offence he will be expelled |
| F. Reichman | German | Unlicensed dogs | Fined $3.00 |
| Mrs. C. F. Tinan | German | do. | Fined $3.00 |
| Mrs. A. Z. Sorms | German | do. | Fined $3.00 |

During the month a case was tried where a house coolie was charged with rape on a young foreign girl, the daughter of his employer, and was sentenced to 15 years imprisonment.

A good deal of the Court's time was occupied in the hearing of private criminal prosecutions in connexion with which 27 warrants were issued. These cases are usually somewhat involved as the Bench has to decide whether they are criminal actions or whether they should be transferred to the Civil Court; the dividing line between the two is at times hard to determine without going into the case very closely.

Of the 26 Foreign Civil Cases on the hearing list, 15 have not yet been before the Court. The difference between the number of summonses issued and served is accounted for by the fact that in the 16 Japanese cases filed the plaintiffs have only been able to locate the defendants in two instances.

Since the beginning of the summer vacation on July 16 only one session in Chinese Civil Cases was held so that the number of cases awaiting a first hearing has increased ever last month's return by 13 to the total of 59.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

F. L. WAINWRIGHT,
*Acting Registrar.*

Countersigned,
K. J. McEUEN,
Commissioner of Police.

## Report of the Commissioner of Public Works for July.

The Bund reclamation and widening scheme is now well advanced and the new road on the east side will be opened to vehicular traffic very shortly, between the Customs Examination Shed and the Public Gardens.

In the first place it is intended to confine all handcarts and wheelbarrows to the new road, leaving the present carriageway for the faster traffic. When the new road has been opened the existing footpath under the trees on the east side of the Bund, will be converted into a motor car rank. The rate of progress on this work has been entirely limited by the amount of labour available, and although higher rates have been paid for this particular job it has not been possible to obtain nearly as much labour as could be advantageously employed.

The strike of the coolies employed on the mud roads in the Western District referred to in my report for June has now terminated, the coolies having returned to work without having obtained the increase of wages they sought.

*Roads.*—The widenings of Bubbling Well Road west of Myburgh Road and west of Seymour Road have been completed with the exception of laying the footpath west of Myburgh Road.

A useful widening has been effected in Jessfied Road at the corner of Connaught Road.

The ballasting and metalling of Thibet Road over the line of the old Defence Creek, has been completed between Peking Road and Soochow Road.

The lowering of the various mains and cables at the junction of Thibet Road and Peking Road having been completed, work has been resumed on the lowering of the road at this point.

Asphaltic concrete has been laid in Museum Road, Tientsin Road from Kiangse Road to Honan Road and Hongkong Road from Szechuen Road to Kiangse Road.

*Drainage.*—The laying of the 3-ft. diameter culvert in Avenue Road, has been completed, and the side ditch filled in.

200-ft. of 2-ft. 3-in. by 1-ft. 6-in. sewer has been laid in Yangtszepoo Road at the junction with Linching Road, replacing an old brick culvert.

MUNICIPAL PROPERTIES.

*Administration Building.*—Good progress has been made with the internal joinery work and with the laying of mosaic floor in the corridors, and certain portions of the building are nearly ready for occupation.

*Yangtszepoo Fire Station.*—Tenders are being called for the heating and cold water systems. The internal plaster work is proceeding well, and good progress is being made with the internal joinery work. The Tower is now about 70-ft. high.

*Painting.*—Tenders have been invited for various Schools, Police Stations, and Fire Stations, and the work is in hand.

ELECTRICITY DEPARTMENT.

*Administration Building Substation.*—The mezzanine floor has been completed, and the reinforcement for the roof is in place.

*Tonquin Road Substation.*—Minor alterations and extensions for the accommodation of switch gear are under construction and nearly complete.

*Pingchiao Quarry.*—2,450 fong of material was despatched to the Public Works Department during the month. The average number of coolies employed was 192.

| *Cleansing and Watering.* | | *Total* |

## MUNICIPAL NOTIFICATION
**No. 2702.**
**7 PER CENT. LOAN, 1920.**
**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 29, 1920.

## MUNICIPAL NOTIFICATION
**No. 2745.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000.**
**Price of Issue £100 per cent.**

NOTICE is hereby given that the subscription list for Debentures in this Loan, particulars of which are contained in Municipal Notification No. 2715, will remain open until September 30, 1920, the Council reserving to itself the right of closing the list on any day prior to that date.

The first payment of interest on subscriptions received on or after September 1, 1920, will be made on June 30, 1921.

Council Room,
Shanghai, August 26, 1920.

## MUNICIPAL NOTIFICATION
**No. 2740.**
**DANGEROUS DRIVING OF MOTOR CARS.**

TRAFFIC conditions in Shanghai are of an exceedingly complex character. It is therefore the more incumbent on drivers of motor vehicles—the fastest type of vehicle on the streets,—to take particular care in observing the Traffic Regulations and in adjusting their speed at all times so as not to endanger life or limb. The public safety must have first consideration, and those who drive in such a manner as to endanger the public safety will be prosecuted with the utmost rigour of the law.

The Council earnestly requests the co-operation of all motor vehicle owners in seeing that this warning be brought to the particular attention of their chauffeurs so that excessive speed and dangerous driving may cease.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, August 5, 1920.

## MUNICIPAL NOTIFICATION
**No. 2744.**
**TRAFFIC REGULATION.**

TO facilitate the control of traffic in the Nanking Road, the following additional regulation will come into force from September 1, viz:—

In the section of the Bubbling Well and Nanking Roads between Mohawk Road and the Bund, no motor vehicle shall pass another in motion, proceeding in the same direction.

By order,
N. O LIDDELL,
*Secretary*

Council Room,
Shanghai, August 26, 1920.

A letter from Mr. L. A. Lyall, Commissioner of Customs, informs the Council that he has resumed charge of the Shanghai Customs with effect from August 30.

### Police Force.

*Sikh Branch.*—A letter from H.M. Acting Consul-General, informs the Council that H.M. Legation at Peking has been notified that the title of Sardar Sahib has been conferred on Jemadar Veryam Singh.

*Foreign Branch. Quarters.*—Additional accommodation has been provided by arrangement with the Shanghai Land Investment Co., Ld. for a lease of No. 168A Dixwell Road for a period of three years terminating on September 30, 1923.

### Public Band.

By arrangement with the stewards of the Race Club, performances will be given by the Band in the Race Club Enclosure at 9 p.m. on Mondays September 6 and 13, weather permitting. The Race Club Enclosure will be thrown open to the public on these occasions.

### Hongkong Local Examinations.

The results achieved by pupils from the Council's schools, in the examinations held in July, are as follows:—

*Thomas Hanbury School for Boys:*—

Senior Local Examination:—
Pass: *W. Naughton.
V. Viccajee.
*Distinction in Arithmetic.

*Ellis Kadoorie Public School for Chinese:*—

Matriculation Examination:—
Pass: Sun Bacon (孫培根).

Senior Local Examination:—
Pass: Zung Bih (程弼).
†Nyee Ching-bae (嚴敬培)
†Distinction in Drawing.

### Road Nomenclature.

Interchange of letters with the French Municipal Council on the subject of the renaming of the Great Western and Siccawei Roads:—

*Translation of letter from the French Municipal Council, dated July 21, 1920.*

SIR,—At its last meeting, the Council was called upon to give consideration to the question of new names for certain roads in the French Settlement.

It also considered it a duty of national gratitude to give to a road in the Settlement the name of Marshal Foch.

It seemed to the members that no thoroughfare was more appropriate to receive this great name than Great Western Road, which forms the boundary between our two Settlements.

It was thought as well that it was its duty to associate with the name of the illustrious generalissimo of the Allied Armies, that of Marshal

Digitized by Google Original from CORNELL UNIVERSITY

Haig, the glorious Chief of the British Armies, and for this reason it suggested that Siccawei Road should henceforth bear his name.

The Council is convinced in advance that these suggestions will receive the approval of the Municipal Council.

In the same way for a length of more than six miles, without interruption, the name of the great Sovereign Edward VII and those of the illustrious Marshals of the Great War, will serve to perpetuate, in this far off country, the remembrance of a friendship and of an Anglo-French alliance hereafter unchangeable.

I am, Sir, etc..,
P. LE BRIS,
*Chairman,*
*French Municipal Council.*

A. BROOKE SMITH, Esq.,
Chairman, Shanghai Municipal Council.

Council Room,
Shanghai, August 27, 1920.

SIR,—I have the honour to refer to your letter of July 21, on the subject of the re-naming of the Great Western and Siccawei Roads, and in reply to inform you that my colleagues and myself readily endorse your suggestion that these two roads, so far as they form the boundary between the French Settlement and this Settlement, should hereafter be known as "Avenue Foch" and "Avenue Haig" respectively, thus identifying them with the great French and British Military leaders of these names, as also serving, as you so happily express it, to perpetuate in this far off country, the remembrance of a friendship and alliance hereafter unchangeable.

I have the honour to add that the Council will apply the name "Avenue Haig" to the whole length of the Siccawei Road from its junction with Bubbling Well Road to Siccawei.

I have the honour to be,
Sir,
Your obedient servant,
WM. P. LAMBE,
*Acting Chairman.*

The CHAIRMAN,
French Municipal Council.

**Sewage Disposal.**

The following report by the Commissioner of Public Works on his visit to India and Burmah is published in continuation of the documents published in the Gazettes of July 12, 1918, February 14, August 22 and December 25, 1919:—

Shanghai, July 9, 1920.

The Council's instructions to me were to

1. Examine certain Activated Sludge Installations in the United States.
2. To visit one or other of the cities in India and Burmah mentioned in Professor Fowler's Report, in order to examine ejector systems in operation.

The first portion of these instructions was dealt with in my report of July 30, 1919, published in the "Municipal Gazette" of August 22, 1919. The present report therefore, deals only with the second portion of my instructions.

I left Shanghai on March 4, and visited Singapore, Calcutta, Bombay, Poona, Bangalore, Madras, and Rangoon, at each of which places I was most courteously received by the Engineers to the various Municipalities.

I much regret that I arrived at Bombay some six weeks too late to see Mr. J. D. Watson, who had been called in by the Municipality to advise on the question of sewage disposal, as the views of such an eminent authority on sewage disposal in the situation in Shanghai would have been of the greatest interest.

With the exception of Bangalore, where ample gradients are available, sewage at all the other towns I visited, has to be pumped to its destination by one means or another. The three methods most generally adopted are:—

Plunger force pumps,
Centrifugal pumps,
Pneumatic ejectors.

By means of the "Plunger Pump" the liquid to be pumped is fed into a cylinder, from which it is forced by means of a plunger or solid piston.

A "Centrifugal Pump" is one in which a high velocity is given to the water by the blades of a rapidly rotating fan. This fan is contained in a circular casing, provided with inlets at the centre and a wide outlet at the circumference running in a tangential direction. The water fills the casing and is set in rotation by the blades; centrifugal force drives it outward, and it flows through the discharge pipe in a steady stream, while fresh liquid is continually drawn into the casing through the inlet pipe. A centrifugal pump is not suited for very high lifts, and it only works with its maximum efficiency at the one lift for which it is designed.

A "Pneumatic Ejector" is of a totally different type from either of the foregoing. It may be described as a vessel or container into which the liquid flows, and from which, when it is full, it is ejected or forced out by compressed air. The air may be compressed at one large central station and delivered to the ejectors by air mains, or each ejector may be supplied from a smaller compressor in close proximity to the ejector, thus obviating losses from friction and leaks in long mains.

Comparing the relative merits of the three types of machines, it is evident that the plunger pump is best suited for forcing liquids to a considerable height or for long distances under such conditions as pumping water from the Waterworks at Yangtszepoo to the water towers in Kiangse and Sinza Roads.

The question of one long pressure main for Shanghai is one, however, which may require further consideration, as the tendency in most recent engineering practice is to utilize gravitation as far as possible, and to employ a number of short lifts at relays, rather than one long pressure main. This method would be quite applicable to Shanghai, and there would be the added advantage of being able to connect with other installations en route which it would be impracticable to couple up with a main under pressure.

It will, I think, be readily understood that pumping sewage is made difficult owing to the uncertainty of the rate of flow or the quantity to be pumped. It is absolutely essential that whatever system is adopted it should be automatic in its working, thus a centrifugal pump raising liquid from a tank, would cease working when the liquid in the tank has fallen to a certain low level, or would commence working when the liquid reached a certain high level.

In the case of a Pneumatic Ejector, the compressed air is brought into operation and the sewage ejected as soon as the ejector is full.

For lifting sewage in Shanghai there is, in my opinion, little to choose between the Centrifugal Pump and Pneumatic Ejector.

Now when treating sewage by the Activated Sludge process, it is very important that solids should be removed or broken up as much as possible, and for that reason the sewage is generally passed through fine screens before treatment. When in Singapore I was shown an installation of centrifugal pumps which is designed not only to lift the sewage, but also to disintegrate it to such an extent that screening is unnecessary. On his arrival in England the Deputy Commissioner of Public Works will investigate further the working of this type of pump.

Pneumatic ejectors are in use for a small section of Bombay and practically the whole of Rangoon. From the opinions of those of experience they may be adopted with advantage under certain conditions in Shanghai, but long lengths of compressed air mains are apt to cause trouble, and for this reason I am led to recommend that where pneumatic ejectors are adopted in Shanghai, they should each be operated direct from air compressors driven by electrical power or gas engines. Loss of power from any leakage is thus reduced to a minimum. This contingency has been anticipated when preparing the scheme for the propulsion of sewage from the Eastern portion of the Central District, so that no modifications in that respect are necessary.

As would be gathered from Professor Fowler's Report of June 17, 1918, the Activated Sludge Process consists of forcing air in a state of fine division through the sewage.

The Sheffield experiments are based on the idea that by agitating the sewage by means of paddles, it

Digitized by Google Original from CORNELL UNIVERSITY

may be brought sufficiently into contact with the air to purify it in the same way as if air were forced through it. My latest information from England, dated May 26, 1920, is to the effect that the effluent from both processes was very good, colourless and odourless, so that if an equally good result can be obtained without the use of compressed air and its attendant expense, the agitation system is one which should not be overlooked I am arranging to be kept informed as to the progress of these experiments.

In the matter of water flushed latrines and night soil dumps, there was a good deal to be learned in India, and their adoption in Shanghai should lead to a considerable improvement in sanitary conditions of the Settlement, provided the prejudices of the Chinese can be overcome. These can be introduced as part of any drainage scheme for any district, and without any appreciable increase in cost. The danger from flies in the present non-fly proofed latrines would practically disappear, as would also nuisance from smells. A recommendation as to the construction of one for experimental purposes has already been made to the Council.

At Madras my attention was drawn to the deleterious effects of sewer gas on concrete pipes. It was also noticeable on the covering of a sewage conduit at the outfall works at Madras, where complete sections of the covering had collapsed.

Professor Fowler informs me that this is probably due to the oxidation of sulphuretted hydrogen ($H_2S$ to $H_2SO_4$). I am informed that this action had been experienced at Colombo, and I have written asking for particulars. As far as I am aware no trouble has so far been experienced in concrete sewers in Shanghai, although our sewers do not carry such concentrated sewage as those which will require to be laid. The matter is of great importance, and will require to be gone thoroughly into before any new sewers are laid.

My acknowledgements are due to the following gentlemen for their courtesy in placing information at my disposal:—

## Municipal Staff.

EXTRACTS FROM THE ORDER BOOK FOR THE WEEK ENDING SATURDAY, AUGUST 28.

*Health Department.*—Probationary Inspector W. P. Galvin is permitted to terminate his service on August 31.

*Electricity Department.*—The appointments of the following are confirmed under agreements, terminable at three months' notice, from the dates specified:—

C. A. King, Charge Engineer, from April 13.

F. R. Anderson, Charge Engineer, from April 29.

R. Knox, Charge Engineer, from May 10.

C. J. Curtis, Yard Foreman, from February 2.

L. Kennedy, Meter Inspector, from March 16.

J. Withers, Storekeeper, from January 2.

Mr. C. Underwood, probationary Assistant Foreman Mechanic, was permitted to terminate his service on July 31.

*Educational Department.*—Mr. C. N. de Trafford, Assistant Master in the Thomas Hanbury School for Boys, is permitted to terminate his service on August 31.

## Fire Brigade Report for July.

The total number of calls to fires, or supposed fires, during the month was 14, as against 8 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 5,295 (Foreign Tls. 2,025: Chinese Tls. 3,270), as against Tls. 200 (Foreign Nil: Chinese Tls. 200) during July 1919. The property at risk is estimated at Tls. 520,000 (Foreign Tls. 480,000: Chinese Tls. 40,000), as against Tls. 30,000 (Foreign Nil: Chinese Tls. 30,000) for the corresponding period last year.

The calls were received as follows:—Telephones 11, Watch Towers 2, and Police 1. The district call was given on one occasion, the remaining 13 being station calls. These calls proved to be 9 small fires, 2 chimney fires, 2 false alarms, and 1 fire outside the Settlement.

The principal supposed causes of the fires within the Settlement are as follows:—Arson, fusing of electric wires, dropped match or cigarette end, spontaneous combustion, defective flue, etc.

The premises affected were:—Foreign Buildings 4, Chinese Buildings 6. Of these 2 buildings were more or less damaged by fire, smoke and water.

The Brigade was occupied 81 hours and 50 minutes at fires or supposed fires.

There were two rather nasty outbreaks in the Central District during the month, which were fortunately extinguished with little damage. P 79/81 Nanking Road July 2, 4.07 a.m., when a cashier set fire to the small office at the back of the main chemist's shop to destroy the books to cover his embezzlement, and thus jeopardized the lives of the persons residing above, and the surrounding property. The outbreak was fortunately extinguished by the Police and inmates, and little remained for the Brigade to do.

The cashier was charged at the French Court and sentenced to 5 years imprisonment, and to refund the amount of his shortage $868.

On July 4 at 1.29 p.m. a fire occurred in a paper store on the third floor of the Commercial Press, Honan Road. The Press staff had got a number of private hydrants to work, but the appliances were in such a condition that they were useless, and had it not been for the prompt arrival of the Central Division, who shut off the valves, considerable water damage would have been done. As it was the Department covered up as much as possible, and laid sawdust to prevent the water from getting to the store below. The actual outbreak was confined to the store room where it originated.

This fire clearly illustrated the necessity for the periodical inspection of private fire appliances by this Department.

The water supply during the month continued to be low, and was a source of anxiety. Special precautions were taken by the Department, and it is particularly desirable that no time should be wasted in submitting a call on the slightest evidence of a fire.

During the month the improvised workshop at Soochow Road was vacated, and the new one at Hongkew Station occupied.

Rather an incorrect idea appears to exist in the minds of some of the public with regard to the work of the Brigade, in that they would appear to be under the impression that the extinction of fires constitutes the bulk of the work performed. This is not so. A considerable amount of useful work of an advisory nature, including the carrying out of inspections of property, is now being performed by the Brigade staff and at least seven-eighths of their time is occupied in fire protection and prevention work, which, since the reorganization of the Brigade, has been carried out on similar lines to those of large Fire Departments elsewhere. As a new departure in Shanghai, the value of this important work is not always appreciated and difficulties in its being properly carried out exist. At the same time it is essential that every reasonable precaution should be taken in such a large city as this, to prevent fire and to afford protection to life and property.

Anyone wishing to obtain information, or to have premises inspected, should apply to Brigade Headquarters, and everything possible will be done.

Over 1,000 inspections have been made since May 1, 1920.

Chaotic conditions are found, especially in factories, and it is evident that Regulations framed on the lines of Factory Acts, enforced elsewhere, should be put into effect in Shanghai, for as mentioned from time to time in my Annual Reports, premises are made reasonably safe but such measures are rendered useless in a very short time, by no attention being paid to keep the premises safe.

M. W. Pett,
*Chief Officer.*

## MUNICIPAL NOTIFICATION
**No. 2702.**
**7 PER CENT. LOAN, 1920.**
**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 29, 1920.

## Health Officer's Report for August.

During August there was an increased mortality as compared with the abnormally low mortality of July but scarcely above the normal for August.

The Chinese press reported epidemics from choleraic diarrhœa from many parts of China, with a high mortality; but generally, except in Szechuen province, the mortality was less than last year and this was markedly so in the Shanghai Foreign Settlement where there is a distinct factor of immunity both among foreigners and Chinese attributable to general sanitation and some measure of health education among both foreign and Chinese communities.

The Joint Council on Public Health Education of the Medical Missionary Association and the China National Medical Association are usefully developing for the rest of China the issue of health notices and booklets initiated by the Municipal Health Office. These publications are most valuable means of disseminating knowledge of the way of preventing diseases that are specially prevalent in China.

The Chinese Y.M.C.A. boys conducted a most praiseworthy, useful and much appreciated effort toward reaching the Chinese people in the Settlement the special dangers from flies, rats, refuse and infested food—fundamentals of local sanitation. By means of a procession carrying models they drew special attention to the objects of their movement, and this was followed by lantern demonstrations in the markets and open air lectures and talks, which cannot but have had very good results. Previous to this the same boys had shown what they could do within a given area in getting people to clean up the immediate surroundings of their houses.

Intestinal diseases were very prevalent throughout the month, especially Dysentery of a severe type and Choleraic Diarrhœa, in 16 cases of which, occurring within the Settlement, true Cholera vibrios were found. The Red Cross Cholera Hospital, the newly opened Infectious Diseases Hospital and St. Luke's Hospital did good work, especially by giving saline transfusion treatment in severe cases, practically relieving the Municipal Isolation Hospital of attention to these cases. Special attention was given by the sanitary staff to food inspection and a large number of notices, calling attention to the main dangers and showing how they could be avoided, were posted and explained by talks at the Branch Health Offices and other suitable places.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse and a special summary of Plague Prevention work.

Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500. £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,

### Chapei-Nantao Telephone Connexions.

Correspondence with the Shanghai Mutual Telephone Co., Ld:—

Shanghai, August 4, 1920.

DEAR SIR,—We have just been asked by the Chinese Government Telephone Administration to rent them the use of lines in our cables running across the Settlement between Chapei and Nantao for the purpose of using them for trunk lines between their exchanges in these districts.

Before granting their request I shall be glad to know if the Municipal Council has any remarks or any objection to our doing so.

Yours faithfully,
PHILIP H. COLE,

Council Room,
Shanghai, August 24, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of August 4, on the subject of the proposed use by the Chinese Government Telephone Administration of lines in your cables between Chapei and Nantao, as trunk lines between its exchanges in these districts.

In reply, I am directed to inform you that the Council has no objection to the use of your cables for this purpose, on the condition that you will immediately disconnect the Administration's lines whenever the Council may consider that circumstances require such disconnexion and notify you accordingly.

I shall be obliged, if you will kindly forward an undertaking to this effect.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

*Murder.*—About 10 p.m. on August 18 a Chinese was stabbed to death in a room at No. 894 Chekiang Road. The murdered man was identified by his finger-prints as being known to the Police as a member of a gang of loafers, and from enquiries made it would appear that all the persons implicated are bad characters. Two arrests have been made and warrants issued for the arrest of four others, who are all known to the Police, for being concerned in the murder.

The dead body of an unknown Chinese who had been brutally murdered with an axe or chopper was found lying in a cotton field in the country off Ward Road on August 20. One person has been arrested on suspicion of being concerned in the murder and is at present under remand.

*"Sing Song" Girl Murder.*—Two of the perpetrators of the murder of the "sing song" girl Lien Ying, whose dead body was found in a field off Hungjao Road on June 16, have been brought to justice. The Municipal Police issued over twenty thousand circulars giving a description of the instigator of the murder. He was arrested by the Chinese Authorities at Hsuchoufu and handed over to Municipal detectives who brought him to Shanghai on August 8. A further arrest was effected locally on August 10 and after a trial at the Mixed Court the two men were ordered to be handed over to the Court of the Military Governor on August 26.

A peculiar feature of this case was the employment of chloroform to overcome the resistance of the victim. The culprit affirms that he bought a bottle of chloroform at a certain Chinese dispensary and there is no reason to doubt his word, yet enquiries made at the particular shop show no trace of any such transaction in their books. These shops are thus able to sell the most potent poisons without the slightest restriction, without recording into whose hands the poisons are given or for what purpose they will be used. The importance of licensing all chemist's shops in the Settlement is thus once more emphasized.

*Arrest of man wanted for Murder.*—The alleged principal in the murder of a Chinese at No. 2041 Yangtszepoo Road on July 7, 1919 was tried at the Mixed Court on August 6 and discharged.

*Armed Robbery.*—Only one report of alleged armed highway robbery was received during the month. This occurred in the Louza District and there is strong reason to doubt the truth of the report.

One report of highway robbery in which no arms were used was reported in the Sinza District.

*Armed Highway Robbery and Attempted Murder.*—At about 3 p.m. on August 30 a foreigner entered a curio and jade shop No. 1864 Bubbling Well Road, selected jade jewellery to the value of Tls. 5,000 and requested the proprietor to accompany him to his house for payment, and for this purpose, took public rickshas as far as Great Western Road. Having alighted at Tifeng Road corner they were about to enter the garden of a foreign house when the shop master was shot in the neck by the foreigner who immediately decamped with the jewellery. This case presents many unusual features and fullest inquiries are being made.

*Arson.*—A shopkeeper was charged with setting fire to his premises, a tailor's shop, No. 862 Chekiang Road, on August 11 and was sentenced to two years' imprisonment and expulsion. The fire might have been attended with more serious results as five persons were cut off and injured in effecting their escape.

*Stolen Property.*—274 reports of property stolen were made during the month to the Police. In 96 cases investigations were made with successful results. The return shows a decrease of 28 on the previous month and an increase of 23 on the corresponding month of last year.

*Misappropriation of Motor Cars.*—A peculiar case of the appropriation and improper use of a motor car came to the notice of the Police during the month and makes it important that owners of cars should be in a position to check the movements of their chauffeurs and their cars when not in use by them.

On August 4 three Chinese drove out a private-owned motor car at an early hour in the morning. Their object was to teach others to drive that particular make of car. On return they were arrested by the Police and two of the occupants were found to be licensed chauffeurs. The other was being taught by them in order to obtain a licence. It is probable that more of this is going on in Shanghai than actually comes to notice as the demand for chauffeurs is large and they must of necessity obtain cars to learn the art of driving before passing the necessary examination for a licence. The three men were sentenced to various terms of imprisonment.

***Identification Office.***—During the month 593 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 178 were identified as having a previous conviction or convictions. In addition to the above 147 records were received from the French Police out of which number 48 were identified in the records of this office, making the total for the month:—

## Report of the Commissioner of Public Works for August.

As an indication of the extent to which roads outside the Settlement are utilized, a traffic census was taken on Hungjao Road, just west of Siccawei Road, on Saturday and Sunday, August 7 and 8.

The following is an abstract of the returns:—

| | Saturday, 7th 24 hours | Sunday, 8th 24 hours |
|---|---|---|
| Pedestrians | 1,000 | 926 |
| Motor cars | 300 | 504 |
| Bicycles & Motor cycles | 127 | 122 |
| Ponies | 31 | 57 |
| Wheelbarrows | 74 | 90 |

The maximum number of motor cars in any one hour was 67 on the Saturday, and 66 on the Sunday.

The weather was fine on both days.

A census was also taken of the visitors to the various Parks and Open Spaces on Saturday and Sunday, the 21st and 22nd instants, with the following results:—

| | Saturday, 21st | Sunday, 22nd |
|---|---|---|
| Public Garden | 4,018 | 4,360 |
| Public Recreation Ground | 1,313 | 1,469 |
| Bund Foreshore | 1,788 | 1,502 |
| Jessfield Park | 1,650 | 2,135 |
| Quinsan Square | 2,150 | 2,299 |
| Wayside Park | 237 | 298 |
| Bubbling Well Carriage Turn | 1,048 | 813 |
| Brenan Piece | 424 | 514 |
| Total | 12,628 | 13,390 |

To show the changing nature of Shanghai traffic, the following comparison is interesting:—

Census of traffic passing the corner of Nanking and Kiangse Roads for 12 hours, from 7 a.m. to 7 p.m. in 1909, 1916, and 1920, including traffic going East and West, and North and South.

| | April 7, 1909 | March 23, 1916 | August 27, 1920 |
|---|---|---|---|
| Pedestrians | Not taken | 35,588 | 40,645 |
| Motor cars | 299 | 1,610 | 3,124 |
| Ricshas | 16,460 | 20,441 | 18,189 |
| Carriages | 1,587 | 1,754 | 765 |
| Tramcars | 490 | 640 | 302 |
| Tramcars with trailers | — | — | 495 |
| Wheelbarrows | 513 | 1,785 | 923 |
| Handcarts | 95 | 341 | 448 |
| Bicycles | 859 | Not taken | 1,033 |
| Motor cycles | Not taken | do. | 161 |
| Motor trucks | do. | do. | 102 |

It is estimated that 151,744 persons passed this corner during the 24 hours from 6 a.m. on August 27 to 6 a.m. on August 28, 1920, as pedestrians, ricshamen, wheelbarrow men, drivers and passengers on the various types of vehicles. This figure is based on an actual census, averages, being taken for the passengers on motor-cars, trams, etc.

The number of motor cars passing between 2 and 3 p.m. was 318.

*Roads.*—Consequent upon the rebuilding of the property, an extensive widening has been effected in Avenue Edward VII, between Yunnan Road and Thibet Road, and the series of islands in the centre of Avenue Edward VII is being completed.

The ballasting and metalling of Tongshan Road, between Singkeipang Road and Dent Road has been completed for half the width of the road.

Asphaltic concrete has been laid in Kiangse Road from Nanking Road to Kiukiang Road, and also South of Canton Road, Kiukiang Road from Honan Road to Kiangse Road, and Siking Road.

The surface treatment of roads with asphaltum is practically complete, all the more important roads having been dealt with.

*Drainage.*—The existing sewer in Hankow Road, between Honan and Kiangse Roads has been removed, as it was too small, and was in a defective condition. It has been replaced by a 1′ 6″ × 1′ sewer.

*Bunding.*—A length of 650 feet of concrete bunding is being constructed along the Soochow Creek, East of Tatung Road, the work being carried out departmentally. A length of 100 feet has been completed to date.

MUNICIPAL PROPERTIES.

*Administration Building.*—Satisfactory progress has been made with the internal joinery work, blind fittings, staining and polishing of woodwork, etc. The heating apparatus is also making steady progress. A waterproofing cover of malthoid has been laid over the whole roof.

*Yangtszepoo Fire Station.*—The centering is now being removed from the concrete roof so that internal partition work can be started. This has already been completed on the lower floors, and the plaster work nearly finished. Work has been started on the heating, and cold water systems, and on the iron stairway to tower.

*Louza Police Station Extension.*—A start on this work has been made.

ELECTRICITY DEPARTMENT.

*Administration Building Substation.*—The roof has been completed, and the building is now ready for the installation of the machinery.

*Tonquin Road Substation.*—Fresh alterations for the accommodation of switch gear are under consideration. Cable trenches are being constructed at the south end of the building, and work has been commenced on the new battery house on the east side.

*Pingchiao Quarry.*—1,331 fong of material was despatched to the Public Works Department during the month. The average number of coolies employed was 184.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings collected cartloads | 4,769 |

Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION
**No. 2715.**
**SHANGHAI MUNICIPAL COUNCIL 6 PER CENT. STERLING LOAN, 1920.**
**Amount £750,000.**
**Price of Issue £100 per cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for Bearer Debentures (with coupons attached) in the 6 per cent. Sterling Loan of 1920, which is issued on the following terms:—

(1) Debentures to Bearer, with Sterling interest coupons attached, will be issued at £100 per cent. in denominations of £1,000, £500, £100 and £50.

(2) The Debentures of this issue will bear interest at the rate of 6 per cent. per annum, payable on June 30 and December 31 in each year by sterling demand draft on London at par or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative coupon. The first payment of interest will be made on December 31, 1920.

(3) Applications, accompanied by payment in full, will be received by the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, on and after May 1, up to and including June 30, 1920, the Council reserving to itself the right of closing the subscription lists on any day previous to June 30, 1920, by Notification in the Municipal Gazette and Public Press of Shanghai.

(4) Payment on application will be accepted in Silver (local currency) at the Hongkong & Shanghai Banking Corporation's current selling T.T. rate on London and will bear interest from date of payment, or in Sterling by T.T. or Demand Draft on London. Interest on payments made in Sterling will only accrue from the date on which the relative remittances are received by the Hongkong & Shanghai Banking Corporation, London.

The cost of all telegrams involved through payment by Sterling T.T. shall be paid by the applicant.

Payment will be acknowledged by Banker's Receipt pending issue of the Debentures.

In the event of any applicant not being allotted the full amount applied for, the amount over-applied for will be repaid in full, plus interest at the rate of 6 per cent. per annum from the date payment was received in Shanghai or London to the due date of repayment in Shanghai, as notified to the applicant by special notice from the Council.

(5) The Loan will be redeemed at par on June 30, 1950, but may be redeemed by the Council in whole or in part on June 30, 1930, and/or on any subsequent date or dates on which the half-yearly interest is payable, subject to the Council giving six calendar months' notice in the Municipal Gazette and Public Press of Shanghai. In the event of any partial redemption of the loan the numbers of the Debentures to be redeemed will be decided by drawing. The numbers of such drawn Debentures will be notified in the Municipal Gazette and Public Press of Shanghai not less than three months prior to the date of repayment.

Application forms can be obtained on and after May 1, from the Hongkong & Shanghai Banking Corporation, No. 12 The Bund, or from the Treasurer and Comptroller, Finance Department, No. 24B Kiangse Road, to whom all inquiries should be addressed.

By order,
N. O. LIDDELL,
*Secretary.*

## Mixed Court Report for August.

The undermentioned foreigners, who are not recognized by any Consulate in Shanghai, were before the Court on criminal charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Vienberg | — | Driving motor car without Driver's license. Motor car failing to stop after an accident | Fined $50.00 and to pay for the repairs to the bicycle |
| J. Hansen | German | Unlicensed dog | Fined $4.00 |
| J. Loglaize | French | Unlicensed dog | Fined $2.00 |

In accordance with instructions received from the Senior Consul, the regulations governing Revenue Stamp Duty were put into force, so that all petitions, appeals, applications for rehearings, and motions filed by, or on behalf of, Chinese must have a Revenue Stamp affixed.

The question as to whether or not a lawyer, knowing that a warrant had been issued against his client, has the right to counsel him to evade arrest, pending a favourable opportunity of surrendering direct to Court without the inconvenience of being detained at a station and having his past record, if any, looked up, was referred to the various Magistrates and Assessors, who decided that this practice was undesirable. The result is that only two of these surrenders took place and in both instances the Court refused to go into the case, but ordered the accused to be taken over by the police pending the carrying out of the usual formalities before trial.

Three Assessors took advantage of the recess in Civil Cases to go away on a short holiday; during their absence one criminal Court only sat on several days with the result that the number of cases remanded or set for special hearings has accumulated, but by the end of September the list should be reduced to normal.

On August 12 a man was arrested for attempting to obtain Tls. 50 from a woman by means of a letter purporting to have been written by a clerk in the civil office. Investigations showed that the accused had previously obtained Tls. 75 from the complainant, alleging that the money was to pay the Court and lawyer's fees, but as no such case had ever been filed, the accused was sentenced to one year's imprisonment.

There were only four sessions for the Chinese Civil Cases but twenty-five cases were concluded, leaving ninety-five which have not been heard.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

F. L. WAINWRIGHT,
*Acting Registrar.*

Countersigned,
K. J. MCEUEN,
Commissioner of Police.

### Fire Brigade Report for August.

The total number of calls to fires, or supposed fires, during the month was 21, as against 26 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 15,705 (Foreign, Tls. 610; Chinese, Tls. 15,095), as against Tls. 15,550 (Foreign, Tls. 1,000; Chinese, Tls. 14,550) during August 1919. The property at risk is estimated at Tls. 1,140,000 (Foreign, Tls. 1,041,000; Chinese, Tls. 99,000), as against Tls. 645,000 (Foreign, Tls. 500,000; Chinese, Tls. 145,000) for the corresponding period last year.

The calls were received as follows:—Telephones 16, Watch Towers 3, Staff 1 and Messenger 1. The district call was given on 5

Digitized by Google Original from CORNELL UNIVERSITY

occasions, the remaining 16 being station calls. These calls proved to be 14 small fires, 2 false alarms (1 of which was malicious) and 5 fires outside the Settlement.

The principal supposed causes of the fires within the Settlement are as follows:—Sparks from stove, lamp upset, overheated oil lamp, smoking in bed, overboiling oil.

Eleven buildings were more or less damaged by smoke, fire and water.

During the month 367 visits of inspection were made by members of this Department.

*August 11, 12.17 a.m. I 862 Chekiang Road.*—Two separate and distinct fires were found on the above premises, both of which were extinguished with small damage. Two persons were injured by jumping from the verandah, and four slightly burnt by rushing down the staircase. The showcases and other materials on the ground floor were soaked with kerosene, and a watering can, etc., was found containing kerosene. The occupier of the shop was charged with arson and sentenced to two years' imprisonment with expulsion. The same man had previously had a fire at Nantao.

*August 25, 2.07 a.m. 47 Szechuen Road.*—A remarkably good stop was effected for the second time within a few months at the above building, Messrs. Liddell's godown and office block. The fire had obtained a firm hold on the roof, and on some bales of cocoons on the top floor. The outbreak was quickly extinguished, the damage being confined to a few hundred taels.

The month was rather marked on account of the assistance rendered at outside fires as follows:—

*August 14, 12.17 a.m. No. 13 Godown—Butterfield and Swire, French Bund.*—A section of the Central Division rendered valuable assistance to the French Brigade, and were an essential factor in confining the fire to No. 13 godown (which contained a large quantity of wood oil, China grass, hemp, etc., etc.), and the saving of the main office block, which was surrounded by flowing oil from the godown at the back. The Brigade Float did good work at this fire.

*August 24, 5.57 p.m. Kiangnan Dock.*—A party of men under the Chief Officer assisted to extinguish an outbreak in a portion of the moulding shop which was in flames and was endangering practically all the rest of the important shops. The Brigade Float was in attendance and rendered valuable assistance. The City Brigade were present.

*August 28, 8.57 a.m. off Robison Road.*—A large Contractor's yard between Pao Ching Cotton Mills, Nos. 1 and 2, was in flames, endangering both these premises. The Brigade were in difficulties owing to water; the mill supply being quite inadequate, and it was very difficult to get down to the creek. The nearest Settlement hydrant was on the corner of Kiaochow Road. However the fire was surrounded, but it took some time to finally extinguish, owing to the large stacks of lumber being well alight.

At two fires during the month there was comparatively heavy damage.

*August 22, 7.30 p.m. B 1651-2 Sinza Road.*—The upper portion and ground floor back part of the premises were in flames. Simultaneously with fire extinguishing operations the Brigade removed a large quantity of piece goods from the building on the street and shops opposite. Whilst the Brigade were responding to this call, the Light Motor Tender attached to the Sinza Division came into collision with a handcart on the Myburgh Road, injuring a coolie. It is regretted that the man subsequently died. At the inquest the driver of the Brigade machine was exonerated from all blame.

*August 26, 6.29 p.m. JA 1232-3 off Singkeipang Road.*—An ordinary Chinese dwelling had been converted into a cigarette factory, and the whole place was dangerous from a fire point of view.

M. W. Pett,
*Chief Officer.*

Probationary Constable Riyohachi Furukawa is discharged, invalided, from October 11.

*Health Department.*—Long leave is granted to Mr. W. Palmer, Custodian of the Isolation Hospital from October 14.

*Public Works Department.*—The appointment of Park-keeper C. F. Burdett is confirmed under an agreement from July 1, terminable at three months' notice.

*Electricity Department.*—Mr. H. G. Reed, Clerical Assistant, is permitted to terminate his service on October 16.

*Educational Department.* — In addition to the performance of her duties as temporary Music Mistress in the Thomas Hanbury School for Girls, Madame G. Zalsman will temporarily undertake the duties of Music Mistress in the Public School for Girls, from September 8.

Mr. G. E. Matthews is appointed Assistant Master in the Public School for Boys from October 7.

## Report of the Commissioner of Public Works for September.

The question of motor haulage has received exhaustive investigation, and detailed costs and results have been kept for comparison with pony and manual haulage.

The Department has now thirteen motor trucks in operation, excluding three vacuum tank wagons used for the removal of cesspool contents, and broadly speaking, it can be said that the cost of haulage by motor trucks is about equal to the cost of haulage by ponies or coolies.

The financial aspect, although important, is, however, by no means the main factor. From a traffic point of view the advantage of having a few large fast moving vehicles instead of a large number of unwieldy slow moving units is obvious, and there is no doubt but that a given amount of freight moved by motor trucks inflicts less wear and tear on the surface of the road than would be the case if the same amount of freight were moved by handcarts and wheel-barrows.

Another factor is time, and the fact that handcarts and wheel-barrows cannot always be obtained, and moreover, when obtainable, take much longer than motor trucks to haul the same amount of freight.

With motor trucks, facilities for quick loading and unloading are imperative, and for most of the material hauled by this Department in motor trucks, hydraulic or other similar methods of tipping the body of the truck are essential, as the truck must be kept in motion as much as possible.

For hauls of less than one mile, motor trucks are extravagant, on account of the time taken in loading and unloading.

### Roads.

*Lungmen Road.*—A 12-ft. strip of ballasting and metalling has been laid from the end of the existing metalling through to Chengtu Road.

*Bund.*—The widening scheme has been completed as far as Canton Road, and is open to traffic as far as Foochow Road. The stone pitching along the water front has been completed.

*Peking Road.*—The tram rails have been lowered at the junction of Thibet Road and the lowering of the remainder of the carriageway is in hand.

*Chapoo Road.*—Asphaltic concrete has been laid between Tiendong Road and Range Road.

*N. Soochow Road.*—Asphaltic concrete is being laid between Broadway and N. Szechuen Road.

*Scott Road.*—Another 500-ft. has been raised.

*Tongshan Road.*—Ballasting and metalling has been laid for the full width of the road between Singkeipang Road and Chaoufoong Road, and for half the width between Chaoufoong Road and Dent Road.

*Yangtszepoo Road.*—Asphaltum surfacing has been carried out between Baikal Road and the Tramway terminus.

*Drainage. Siccawei Road.* — A 12-in. diameter sewer is being laid between Bubbling Well Road and Great Western Road.

*Hart Road.*—A 4-ft. 6-in. diameter culvert has been laid from the Yung Zeen Pang to the existing culvert in Bubbling Well Road, and a 3-ft. diameter culvert is being laid between Bubbling Well Road and Yu Yuen Road.

*Range Road.*—500-ft. of 1-ft. 6-in. by 1-ft. sewer has been laid East of North Honan Road.

*Kueiyang Road.* — Three 3-ft. diameter cross culverts have been laid and one 1-ft. 6-in. by 1-ft.

### Municipal Properties.

*Administration Building.*—The section of the Building to be used by the Finance Department is now ready for occupation, and attention is being concentrated on completing the offices for occupation of the Electricity Department by the end of the year.

*Yangtszepoo Fire Station.*—The gas and water services are nearly complete, and the laying of the flooring will be begun in a few days. The joinery work is well in hand.

*Louza Police Station Extension.*—The foundations have been piled ready for laying concrete.

*Rifle Range Shelter.*—A new shelter is in course of construction at the 400 yards firing point.

### Electricity Department.

*Administration Building Substation.*—This building is now completed.

*Tonquin Road Substation.*—The minor alterations for the accommodation of switch gear and the cable trenches at the south end of the building have been completed. The construction of a Battery House on the east side has been commenced and is approaching completion. A partition to divide the transformer room is under construction.

## Mixed Court Report for September.

The undermentioned foreigners who are not recognized by any Consulate in Shanghai were before the Court on various charges:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| J. Schluter | German | Unlicensed dog | Cautioned |
| Leon Henri Rabichofsky | Russian Jew | Returning from expulsion | Re-expelled |
| E. Helmann | German | Motorcycle no number plate | Fined $3.00 |
| George Pappas | Greek | Accessory after the fact | 3 months' impt. |
| J. Brenan | American | Drunk and Disorderly | Cautioned |

In November 1915 one Ong Zien-tshing (洪泉清), charged with stabbing a man to death, was sentenced, after having made a full confession, to be handed over to the Military Governor to be executed according to law, or should this sentence not be carried out, to be returned to this Court. On December 16, 1915, the Military Governor sent a dispatch stating that the accused had been handed over to the Shanghai Shên P'an T'ing where on November 27, 1915, he had been sentenced to 14 years' imprisonment. This man escaped early this year from the City Gaol and was arrested for creating a disturbance in the Hongkew District. His identity was established and the Court (Messrs. Jacobs and Li) ordered him to be sent back to the Arsenal for the original sentence to be carried out or to be returned to this Court.

Out of a total of 4,870 cases dealt with during the month no less than 2,841 were in connexion with breaches of traffic regulations and of these 110 were for infringements of the motor car license conditions. This is the first time that three figures have been recorded, but, if the number continues to increase as it in all probability will as more and more cars arrive in the Settlement, the desirability of holding a special Court once or twice a week to deal with traffic offences may have to be considered.

Thirteen persons were charged under the new Brothel Licensing Conditions: in most cases a fine was imposed.

Five-sixths of the Foreign Civil Cases set for hearing were postponed for various reasons, so causing an increase to sixteen awaiting a first hearing.

There are now only three instead of four Assessors for Chinese Civil Cases, which means that it will be roughly two months before these cases are reduced to their normal number.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

F. L. WAINWRIGHT,
*Acting Registrar.*

Countersigned,
K. J. MCEUEN,
Commissioner of Police.

## Health Officer's Report for September.

The Public Health so far as Shanghai is concerned may perhaps be summed up by saying that we have come through the summer very well. Though Cholera threatened, the incidence of acute diarrhœa of choleraic type has never been more than moderate, and has scarcely caused any abnormal increase in the mortality rate. Latterly there was an increase in Dysentery, of which disease 13 cases and 4 deaths were reported among the resident foreign community.

A fatal foreign case of Anthrax was reported in which the infection appears to have been derived from a shaving brush. The brush in question had no mark indicating its origin; Anthrax was not found on examination, but after using a new brush a few times it is to be expected that anthrax spores may have been washed away. Several such cases have during recent years been reported in Europe as certainly derived from shaving brushes made of horse hair from the Far East. This fatal case will serve as an indication of the danger locally, although the chance of being infected is remote, the present being the first foreign case of Anthrax reported in Shanghai for many years. Shaving brushes should be avoided unless purchased from reputable firms and from good makers. Those of Far Eastern origin should be avoided. It would be advisable, after thorough washing with soap, to immerse any recently purchased shaving brush in 20 per cent. formalin in water for 24 hours.

Preparations are being made to begin a vaccination campaign early in October so as to get the community protected before Smallpox comes. The position as regards Smallpox in Shanghai is that the public generally are well vaccinated, most cases coming in from outside or occurring among recent arrivals both foreign and Chinese.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaugterhouse.

**ORDURE CONTRACTS.**

*(Translation.)*

THE Council is prepared to receive tenders for the removal by boat of ordure from the Settlement from January 1, 1921.

For this purpose the Settlement will be divided into two separate areas:—

1. North of the Soochow Creek.
2. South of the Soochow Creek.

Separate contracts will be made in respect of each of these areas and tenders should state clearly for which area they are tendering and the amount of money they are prepared to pay to the Council and send their tenders with "Tenders for Ordure Contract" marked thereon, to the undersigned not later than noon on November 15, 1920. The Contractors whose tenders are accepted will be required to deposit three months' money with the Council. A contract for one year renewable for a further period of two years will be made provided the contractors perform their duties to the satisfaction of the Council, and in case they wish to continue the work. Assignment of the contracts will not be permitted. Official tender forms and further particulars may be obtained and conditions of contract may be inspected upon application to the Health Office.

### Garbage—Soochow Creek.

Letter from the Senior Consul forwarding a communication from the Commissioner for Foreign Affairs concerning the dumping of garbage in the vicinity of the Soochow Creek, with reply.

Shanghai, August 4, 1920.

SIR,—I enclose herewith for your consideration and reply copies of Chinese text and free translation of letter received from the Commissioner for Foreign Affairs in Shanghai regarding the conservancy of the Woosung River.

I have the honour to be,
Sir,
Your obedient servant,
D. SIFFERT,
*Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated July 31, 1920.*

The Commissioner for Foreign Affairs is in receipt of a note from Chen Un-tse, Deputy of the Woosung River Conservancy Works stating that the Soochow Creek (the end of the Woosung River) serves as an important waterway from the Tai Ho, for the transportation of cereals and other goods to and from Shanghai. The Deputy was, last winter, directed by the Kiangnan Maritime Bureau, under the orders of the Kiangsu Civil Governor, to take immediate steps to conserve the lower part of the Soochow Creek, and, having found that the section of the creek at Siao-Shao Ferry was silted up badly he started dredging work from that point, at the same time he addressed the Foreign Commissioner asking him to communicate with the Senior Consul, asking him to communicate with the Municipal Council in the matter. During these several months he has engaged coolies and has pushed the dredging work along with a view to doing something for the benefit of the community. However, he finds that the blocking up of the section of the creek at this point is primarily due to the dumping of refuse by the Municipal Contractor employed to collect house refuse from the Settlement. It appears that the contractors are in the habit of storing house refuse on ground in the vicinity in question, about ten boat loads each day, and not infrequently the contractor or his men throw the refuse into the creek, also at times the rain and wind carry part of the garbage dumped on the ground into the water, thereby gradually blocking up the creek. Last November there was unusual overcrowding of boats in Sinza, this is evidence of the congestion of boat traffic caused by the creek being blocked up by refuse and filth. The writer therefore, holds the view that if no restrictions are placed upon this kind of dumping of refuse, and no supervision exercised over garbage boats the more dredging there is done the worse the condition in the creek will be, and there can never be a clear passage along this waterway. The cleaning of the streets is an important sanitary measure but the dumping of garbage in a locality which is in close proximity to a commercial port is a source of disease, and is inconsistent with the Council's public health regulations. The Deputy has therefore to ask the Commissioner to make representations to the Senior Consul asking him to request the Council to exercise more supervision over their garbage contractors so as to prevent them from dumping garbage and filth into the Soochow Creek, also to order them to stop dumping garbage on the banks of the creek. The contractor should be instructed to provide steam launches to take the garbage to suitable sites outside the Whangpoo River so that boat traffic conditions in the creek may be improved and the community be benefitted. Besides forwarding reports to the Civil Governor of the province and the Kiangnan Maritime Bureau as to the effect of the Settlement garbage on traffic conditions in this waterway the Deputy submits the above report for consideration and action by the Commissioner for Foreign Affairs.

In compliance with the above the Commissioner asks the Senior Consul kindly to request the Municipal Council to give directions to their contractors not to handle or dump refuse on the banks of the Soochow Creek. This in the interests of the community.

Council Room,
Shanghai, September 14, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of August 4, forwarding a copy and translation of a communication received from the Commissioner of Foreign Affairs, relative to the dumping of garbage in the vicinity of the Soochow Creek.

In reply I have the honour to observe that dredging of the Creek has been in operation for some time within Settlement limits, but that owing very largely to the winding nature of the Creek on the Northern borders of the Western District of the Settlement and to the frequent berthing of boats in connexion with the various mills on the banks, a considerable amount of silting is inevitable. And in this connexion I have the honour further to observe that for some years the only dredging of the Creek has been that undertaken by the Council, and that owing to the absence of dredging beyond Settlement limits by the Chinese authorities, the task of keeping the fairway clear has been rendered increasingly difficult.

In so far as the disposal of garbage is concerned, every effort is made by the Council to prevent its being dumped *en route* to the dumping sites or on the foreshore of such sites but it is impossible to prevent a small quantity finding its way into the Creek from the garbage boats whilst unloading, but the dredging undertaken by the Council prevents any serious silting from this cause.

From the public health point of view it may be stated that the sites selected for dumping garbage are chosen with a view to minimise any possible offence therefrom. Moreover garbage is not of itself a medium for breeding those malignant bacilli which are instrumental in producing so many human disorders, a fact which will be the more readily understood when it is realized that it is in the main composed of vegetable matter, which quickly purifies, and deodorises itself when exposed to the air. Furthermore it often renders an actual service in promoting the health of the Community, as it can be and is used to fill in stagnant ponds, or to raise damp and low lying lands, thereby eliminating mosquito breeding grounds and lending aid to the extermination of this germ carrying pest which is so fruitful a medium for passing on disease from infected to healthy members of the Community.

In conclusion I have the honour to state that the Council will welcome any effort on the part of the Chinese Authorities which would tend to improve the usefulness of the Soochow Creek as a waterway.

I have the honour to be,
Sir,
Your obedient servant,
WM. P. LAMBE,
*Acting Chairman.*

*Robbery.*—During the month one report of an armed robbery from a dwelling house in the Sinza District was received and one case of armed highway robbery and a robbery from a dwelling house, in which no arms were used, were recorded in the Yangtszepoo District.

Two armed robberies and one attempted armed robbery, in which one person was shot and wounded, occurred in Chinese territory on the Western border of the Settlement. Five persons were arrested in connexion with robberies committed at places under Chinese jurisdiction. Four, after a preliminary hearing at the Mixed Court, were handed over to the Chinese authorities concerned and the other committed suicide in the Police Station cells.

One person was arrested on charges of murder, attempted murder and armed robbery which occurred prior to September 1. He was sentenced to imprisonment in the Municipal Gaol.

*Execution.*—On September 23 a Chinese, who was found guilty of having participated in an armed robbery in the Settlement in June 1917 and who was handed over to the Military Governor on July 21, 1919, was executed at Lunghua in the presence of a representative of the Municipal Police.

*Stolen Property.*—324 reports of property stolen were made during the month to the Police. In 114 cases investigations were made with successful results. The return shows an increase of 50 on the previous month and 88 over the corresponding month of last year.

*Panic at Fire in Cinematograph Theatre.*—On the evening of September 27 a fire occurred in the cinematograph theatre situated on the third floor of the Hwo S Ka (花世界), a Chinese pleasure resort in the Foochow Road. The outbreak was trifling and was quickly extinguished by the employes and firemen on duty in the building but unfortunately a panic ensued amongst the audience which resulted in the death of three persons. Twelve others sustained various injuries, two of them being detained in hospital for treatment.

*Disappearance of Foreign Child.*—Whilst the s.s. Woosung was proceeding from Shanghai to Hankow, a three year old child, the daughter of a Russian passenger, disappeared from the boat either at Chinkiang or between that Port and Nanking some time between 12.30 and 6 a.m. on September 27. All efforts to locate the child have so far proved fruitless.

*Price of Rice.*—Fluctuations in the price of rice during the month caused considerable alarm. On September 1 this cereal cost $9.00 to $13.80 per picul and by September 21 the value had risen to $10.00 to $16.30 per picul. Subsequently prices declined to $8.60 to $13.70 per picul according to quality.

*Identification Office.*—During the month 621 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 163 were identified as having a previous conviction or convictions. In addition to the above 170 records were received from the French Police out of which number 74 were identified in the records of this office, making the total for the month:—

### Police Force.

*Foreign Branch, Quarters.*—The lease from the Shanghai Land Investment Co., Ld., of No. 36 Boone Road has been renewed for a further period of three years terminating on November 30, 1923.

### Local Political Situation.

Correspondence with the Senior Consul on the subject of the alleged issue of a proclamation by the late Tuchun of Kiangsu ordering the arrest of General Wang I-tang:—

Council Room,
Shanghai, August 4, 1920.

SIR,—I have the honour to address you on the subject of a proclamation which, it is alleged, was recently issued by the Tuchun of Kiangsu, General Li Shun, wherein charges of conspiracy to foment trouble in Kiangsu and Chekiang are made against the Northern Peace Delegate, General Wang I-tang, who has been resident within this Settlement for several months past.

A translation of this proclamation is contained in the enclosed extract from the "North-China Daily News" of July 24, and in bringing it to your notice, I have the honour to state that the Council considers that the concluding paragraph is couched in such terms as to furnish a direct incitement to the abduction of General Wang from the Settlement, or to his assassination within the Settlement, and further that the charges made against him must necessarily bear the implication that the Council has been harbouring a political malcontent and plotter against the public peace, notwithstanding the statement made publicly by the Chairman of Council at the Annual Meeting of Ratepayers in March 1918, that the Council made every effort possible to deprive political agitators of their opportunities for intrigue within Settlement limits and that though it might happen on occasion that these undesirables did take up their residence within the Settlement and carry on their intrigues, the Chinese Government had only to come forward—and the Council would welcome their action in doing so—with evidence such as would procure a conviction for conspiracy against the Government and the peace of the country, or a conviction on some like charge, when it was reasonable to assume that the Mixed Court would either pass sentence on them or order them to be handed over to the Chinese Authorities.

No complaint as to the conduct of General Wang had reached the Council prior to the publication of General Li's proclamation and from careful police enquiry since made, it would seem that the accusations made in such proclamation are without any justification whatever. Under these circumstances I have the honour to express the Council's earnest hope that it may be possible for the Consular Body to take such steps as may prevent the publication in future of proclamations of a similar character to that referred to, which cannot but tend to excite public feeling and might quite conceivably lead to the disturbance of peace and good order.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

D. SIFFERT, Esq.,
Consul-General for Belgium
and Senior Consul.

---

Shanghai, October 4, 1920.

SIR,—I have the honour to inform you that Mr. Siffert, as Senior Consul, sent a copy of your letter of August 4, protesting against the issue of a proclamation by the Tuchun of Kiangsu for the arrest of General Wang I-tang, to the Commissioner for Foreign Affairs, from whom a reply was subsequently received, copy of which I send you herewith for your consideration.

I have the honour to be,
Sir,
Your obedient servant,
E. D. H. FRASER,
*H.B.M. Consul-General and Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

---

*Translation of letter from the Commissioner for Foreign Affairs to the Senior Consul, dated August 25, 1920.*

I have the honour to acknowledge the receipt of your letter of the 16th instant concerning the proclamation alleged to have been recently issued by H. E. the Tuchun of Kiangsu against Wang I-tang.

This office having received no official communication on the subject from H. E. the Tuchun, it is open to doubt whether the facts are as alleged. I am not aware of the source whence the "North-China Daily News" obtained its information, but I am confident that if such a proclamation was actually issued it was based not on empty suspicion but on solid proofs.

Inasmuch as the proclamation in question refers to a conspiracy to foment trouble in Kiangsu and Chekiang it is clear that no reference to the foreign settlements is intended. The Municipal Council's authority is confined to the Settlement and it has no rights to interfere with the extra-settlement Authorities in the exercise of their duties. Its request that the Consular Body will "take such steps as may prevent the publication in future of proclamations of a similar nature" is, therefore, far too wide in its scope and I regret that I cannot regard it as justifiable.

---

Council Room,
Shanghai, October 28, 1920.

SIR,—I have the honour to acknowledge the receipt of and to thank you for your letter of October 4, forwarding translation of a communication from the Commissioner for Foreign Affairs, in reply to the protest contained in my letter to your predecessor of August 4, against the proclamation, which was stated by the local press to have been issued by the late Tuchun of Kiangsu ordering the arrest of General Wang I-tang.

Digitized by Google Original from CORNELL UNIVERSITY

In reply I have the honour to state that the Council is glad to note that the Commissioner has difficulty in crediting the authenticity of the proclamation but cannot accept his views as to the propriety of its protest which was made in all good faith and in the belief that the proclamation had actually been issued. Indeed it seems to the Council that the Commissioner is somewhat begging the question when he asserts that the "Municipal Council's authority is confined to the Settlement, and it has no rights to interfere with the extra Settlement Authorities in the exercise of their duties." The Council does not presume to claim the right of interference with these authorities but it does claim that considerations of amity and courtesy impose upon them the obligation to cooperate when the interests of the Settlement and the friendly relations existing between the Council and the Chinese authorities are so materially concerned.

The Council conceives that, had there been reasonable ground for the several charges against General Wang I-tang set forth in the alleged proclamation, the Chinese authorities should have notified it through the usual channels that there resided within the limits of its jurisdiction, enjoying the hospitality and asylum of the Settlement, a Government official who was engaged, as the Commissioner states, in "a conspiracy to foment trouble in Kiangsu and Chekiang," and should thus have placed the Council in a position to take the requisite action to have him handed over to be dealt with by the proper authority. Such procedure would, I have the honour to suggest, be more courteous and appropriate than the issue of a proclamation, the concluding paragraph of which is couched in such terms as to furnish a direct incitement to abduction from the Settlement, or to assassination of the official concerned within the Settlement.

For these reasons and bearing in mind that the Council had no reason to doubt the authenticity of the alleged proclamation, my colleagues consider that I was fully justified in expressing on my own and on their behalf the earnest hope that it might be possible for the Consular Body to take such steps as might prevent the publication in future or proclamations of a similar character.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

**Taxation of Unregistered Land.**

Letter from Messrs. Hansons on the subject of the taxation of former German and Austrian Consular Lots, with reply.

Shanghai, September 23, 1920.

DEAR SIR,—Our client Mr. Yu Ya Ching the owner of former Austrian Consular Lots 36 and 37 consults us with reference to the present Municipal Land Tax thereon. He instructs us that the above lots were formerly registered at the Austrian Consulate in the name of Alois Schweiger & Co. who held them in trust for our client; but they were, owing to China's declaration of war, declared to have been forfeited as against Messrs. Alois Schweiger & Co. and the title deeds thereto were cancelled. And it was upon representations made to the Bureau for the Administration of Funds and Property of Enemy Subjects, Shanghai, that the property in these lots was restored to our client, but then only as native property and under native title deeds.

In these circumstances our client, thinks that no Municipal land tax is payable in respect thereof.

Yours faithfully,
HANSONS.

F. A. SAMPSON, Esq.,
Acting Commissioner of Revenue,
Municipal Council.

---

Council Room,
Shanghai, October 19, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of September 23 to the Acting Commissioner of Revenue on the subject of the payment of Land Tax on the former Austrian Consular Lots Nos. 36 and 37, which are now owned by your client Mr. Yu Yah Ching.

In reply I am directed to inform you that all land situate within Settlement limits, whether registered in a Foreign Consulate or not, is liable to Municipal taxation and that although the Council has not up to the present time concerned itself as a general rule with the taxation of land until it has come on to a Foreign Consular Register, it has only done so in continuance of the policy adopted in the early days of the Settlement, when unregistered land was almost wholly agricultural and considered not worth while taxing, as the revenue which it would have produced would probably not have covered the cost of its collection.

Even so the Council has made it an invariable rule that, once land comes on to a Foreign Consular Register, taxation shall be levied thereon, and that removal from the Register shall not entitle it to exemption.

I am further to inform you that the Council contemplates bringing all unregistered land in the Settlement under taxation at an early date, for times have changed and the considerations which actuated its policy in the early days of the Settlement, no longer apply. All or nearly all land within Settlement limits, is of considerable value and this whether it is devoted to agricultural purposes or not, and the Council's policy must therefore now be governed by the consideration that it is only fair and equitable that those who hold land within the Settlement, whether registered or unregistered, should contribute their quota towards the cost of the administration and upkeep of the Settlement.

Under these circumstances. I am directed to inform you that the Council cannot sanction any application which has for object the avoidance of sharing this burden of expenditure which it need hardly be emphasized is incurred for the good of the Community as a whole.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Messrs. HANSONS.

**Bund Foreshore.**

Correspondence with the Union Insurance Society of Canton, Ld., on the subject of the removal of the flagstaff on the Bund Foreshore opposite their premises. Application by the Hongkong and Shanghai Banking Corporation for permission to erect a flagstaff opposite the site of their new premises with Council's reply. Correspondence with the legal advisers to the Hongkong & Shanghai Banking Corporation on the subject of Foreshore rights.

Shanghai, August 4, 1920.

DEAR SIR,—I enclose a plan showing the position of the flagstaff on the Bund foreshore opposite your premises, and its position relative to the new carriageway, now being constructed.

It will be seen from the plan that the flagstaff and stay wires would constitute an obstruction and danger to traffic, and would largely militate against the advantages of the Bund improvement.

I shall be obliged if you will inform me if you will consent to the removal of the flagstaff, at the Council's expense.

I may add that the anchor piles and stay wires would need partial renewal in any case.

Yours faithfully,
C. H. GODFREY,

Shanghai, September 1, 1920.

DEAR SIR,—Referring to your favour of August 4, I have now received a reply from Hongkong on this subject. Provided the Council will sign a form of undertaking, to be drawn up by the Society's solicitors (Messrs. Hanson, McNeill Jones & Wright) at the Council's expense, the Society will grant permission to remove the flagstaff entirely.

If you agree to this suggestion and will kindly advise me to that effect, I will then communicate with our solicitors on the subject.

GENTLEMEN, -I am directed to refer to your letter of September 11, relative to the flagstaff on the Bund foreshore opposite your premises, and to bring to your notice the enclosed copy of correspondence which passed between the Council and Messrs. Dodwell, Carlill & Co. in July 1893, when the flagstaff was erected. In accordance with the undertaking then given and the arrangements recently made with you by the Commissioner of Public Works, I am directed to confirm that the Council will proceed with the removal of the flagstaff without expense to you.

DEAR SIR,—I have the pleasure to acknowledge receipt of your letter of the 20th instant, enclosing copy of the correspondence which passed between the Council and Messrs. Dodwell, Carlill & Co., in July, 1893, when the flagstaff was first erected. When writing you previously, I was not of course aware of what transpired at that time, and am obliged to you for bringing the circumstances to my notice.

When you are ready to proceed with the removal, we shall be glad to know what you intend to do with the flagstaff, as we have been approached by one of the local clubs for permission to take it over.

Shanghai, October 15, 1920.

DEAR SIR,—With reference to Municipal Notification No. 2751 appearing in the Municipal Gazette, we are instructed by the Hongkong & Shanghai Banking Corporation to inform you that while they do not wish to in any way interfere with any proper works which are in course of being effected to the Bund foreshore or which may be in contemplation by the Council, yet they wish it to be clearly understood that, in so far as concerns B.C. Lot No. 11, 11A, 996, 1052 and 1053, the title deeds of which include the Bund foreshore, and any other properties of the Bank having foreshore rights, their assent thereto must not be taken as an assent which will in any way prejudice or affect their legal rights in such foreshore as now existing. They accordingly expressly reserve all such rights and they request us to ask for an assurance by the Council that any such works will only be proceeded with on this clear understanding.

Yours faithfully,

**Overhead Conveyors.**

Correspondence with the American Trading Company on the subject of overhead conveyors to be erected across the Soochow Road.

Shanghai, June 15, 1920.

DEAR SIRS,—We enclose a blueprint showing a proposed concrete bridge over Soochow Road. The purpose of this bridge is to house conveying machinery used for conveying wheat from boats in Soochow Creek to a godown and also for conveying flour from the godown into the boats.

We are submitting this drawing on behalf of our Mr. Crane of our Engineering Department, who, we believe, has already taken up the question regarding this bridge with you. If the proposed bridge as shown meets with your approval we will submit our detail drawings and calculations for further approval.

GENTLEMEN,—With reference to your letter of June 15 to the Commissioner of Public Works and to my reply of June 30, I am directed to inform you that your plans of the proposed concrete bridge over Soochow Road, connecting your godown with the Soochow Creek, have been approved, and that the Council has sanctioned the construction of the bridge on the following conditions:—

(1) That it be constructed maintained and used by you at all times in such manner as not to be or become a nuisance annoyance or danger to any person making use of the Soochow Road or the Soochow Creek, or to cause any damage or injury to the Soochow Road or to the Creek bunding.

(2) That you shall make good any damage loss or injury attributable to any failure to perform and observe Condition No. 1 above.

(3) That in the event of any change of tenancy or ownership or of any alteration in the nature of the business conducted on the premises served by the bridge notice of which shall be given to the Council forthwith in writing or in the event of any breach of any of these conditions, the Council may order the removal of the bridge which shall thereupon be undertaken forthwith at your expense, and in such manner as the Council may require.

(4) That should the Council require the removal of the bridge for any cause other than provided for under Condition No. 3 above, twelve months notice at the least, shall be given of such requirement, and at the expiration thereof the removal of the bridge shall be undertaken forthwith as provided under Condition No. 3 above.

(5) That an annual easement fee of Tls. 50 per annum shall be paid to the Council so long as the bridge is permitted to remain.

I shall be glad if you will kindly notify me of your acceptance of these terms so that the Commissioner of Public Works may be authorized to issue the requisite permit.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 5, addressed to the Commissioner of Public Works relative to the land required ex Lot 4332 for the widening of Gordon Road. In reply thereto I am directed to state that the Council is prepared to pay compensation at the assessed value of the land Tls. 1,400 per mow, plus 10 per cent. for compulsory surrender, or Tls. 86 for Mow 0.056.

I shall be glad to hear that these terms are acceptable.

Shanghai, March 18, 1920.

DEAR SIR,—In reply to your letter of March 12, 1920, we beg to inform you that we are not willing to accept the Council's offer of Tls. 86 for the portion of U. S. Lot 2298, Cadastral Lot 4332 W. required for the widening of Gordon Road, but are willing to settle the matter for Tls. 100, being the amount mentioned in our letter of March 5, 1920.

In connexion with the question of the assessed valuation of land, we beg to refer you to your letter of March 5, 1920 re Cadastral 2697 E., in which the Council agree to sell this lot for Tls. 1,600, whereas the assesed value is only Tls. 985.

Applying the same proportion in the increase of values to the Gordon Road lot would certainly seem to prove that our claim of Tls. 100 is not exorbitant, and we would be pleased to have the matter settled on this basis.

Yours very truly,

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of March 18, relative to the compensation payable in respect of the area of land required ex Cadastral Lot 4332 in connexion with Gordon Road widening, and in reply thereto to state that this case cannot be considered as a parallel with the Council's terms for the sale of Cadastral Lot 2697, inasmuch as you take no account of the fact that in the latter case the Council had to purchase the full width of the road land and thereafter expend a considerable sum on road construction, the purchase price of the surplus strip of land being necessarily enhanced by this expenditure of public money. I am therefore directed to inform you that the Council is unable to recede from the offer contained in my letter of March 12.

DEAR SIR,—In acknowledgement of your letter of March 27, 1920, in regard to the purchase for the Council of a small portion of U. S. Lot 2298, Cad. Lot 4332, w. required for widening of Gordon Road, we beg to inform you that we have again submitted this matter to the beneficial owner, and he claims compensation in an amount of Tls. 100 and will not accept the Council's offer of Tls. 86.

We believe there has been enough correspondence in regard to this Tls. 14 in dispute, and we shall be pleased to have the Council either settle it on the basis of Tls. 100 or submit it to the Land Commission for settlement.

Shanghai, May 12, 1920.

GENTLEMEN,—In reply to your letter of April 9, on the subject of the compensation payable in respect of Lot 4332, Gordon Road, I am directed to observe that the Council is unable to appreciate any good reason for putting forward and insisting upon a claim for the land required for the Gordon Road ex this property, at a lump sum instead of based upon the assessed value.

I am directed, therefore, to reaffirm the terms contained in previous correspondence, the difference between which and the amount of your claim is only Tls. 14. Should you, however, wish to refer this case to the Land Commissioners for settlement, the Council, upon receipt of a definite application to that effect, will transmit it accordingly.

I am, Gentlemen,
Your obedient servant,

Shanghai, May 14, 1920.

DEAR SIR,—In reply to your letter of May 12, 1920, I am directed by the beneficial owner of U. S. Lot 2298, Cad. Lot 4332. w. to point out to you that his claim of Tls. 100 is arrived at by taking the valuation of the land at Tls. 1,800 per mow. The area in question of 0.056 mow at Tls. 1,800 comes to Tls. 100.80. There can be no doubt but that the valuation of Tls. 1,800 per mow is a just and equitable one. The assessed valuation of Tls. 1,400 is taken from an assessment dating back approximately four years. For your information in regard to the value of land in the neighbourhood of this lot, we have recently sold land in this vicinity at Tls. 2,500 per mow. There can be no reason, therefore, why the Council should claim that this land is worth Tls. 1,400 per mow, as the market value to-day is much in excess of this figure.

Digitized by Google Original from CORNELL UNIVERSITY

If after due consideration of the above facts the Council does not feel inclined to pay the price requested by the owner, we shall be pleased to have you submit the matter to the Land Commissioners for settlement.

In conclusion, we regret that we are unable to adjust this matter satisfactorily, but our position is controlled entirely by the wishes of the beneficial owner.

### Forged Bank Notes.

Letter from the Senior Consul with reply:—

Shanghai, October 9, 1920.

SIR,—I am in receipt of a letter dated the 6th instant from the Commissioner for Foreign Affairs, to the effect that, in consequence of the large number of forged Hupei Government notes which were in circulation, the Military Governor of that province had caused inquiries to be made, and as a result of these inquiries had ascertained that these notes were being forged in the foreign settlements in Shanghai, the forgers' headquarters in the International Settlement being in Chengtu Road. The Commissioner for Foreign Affairs therefore requests that the Police may be instructed to make inquiries and take steps to put an end to these practices.

I am under the impression that the gang which was forging these notes has already been broken up by the Police, but would be glad to receive confirmation of this before replying to the Commissioner for Foreign Affairs.

I have the honour to be,
Sir,
Your obedient servant,
E. D. H. FRASER,
*H.B.M. Consul-General and Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

---

Council Room,
Shanghai, November 2, 1920.

SIR,—I have the honour to acknowledge the receipt of your letter of October 9, on the subject of forged Hupeh Government bank notes.

In reply, I have the honour to thank you for this communication, and to inform you that the Commissioner of Police has during recent months been aware of the presence of forgers in the Settlement and has used every effort to bring the malefactors to justice.

In this connexion I have the honour to detail hereunder for your information, recent action in connexion with this matter:

1. On January 12, 1918 a man was charged with being in possession of 48 counterfeit notes and was sentenced to five years imprisonment.

2. On March 7, 1919 four men and two women were charged with being in possession of a large quantity of forged notes and material for making them. They were all handed over to the Hupeh Authorities.

3. On July 9, 1919 a man was charged with being in possession of 100 forged notes and was sentenced to one year's imprisonment and expulsion.

4. On August 21, 1919 two persons were charged with being in possession of 300 forged bank notes and each was sentenced to 6 months' imprisonment.

5. On July 6, 1919 a man was charged with being in possession of 3,000 forged bank notes. This man, who resided in Chapei, was arrested in possession of the notes in Fokien Road and for several days would not give his address. In the meantime the manufacturing plant was removed. As the Police were unable to prove that the notes were manufactured by him, his counsel put forward the plea that he was merely a dupe. He was released on $1,000 security to be of good behaviour for five years.

6. On October 15 four men and one woman were arrested and found in possession of 4,500 forged bank notes on the Hupeh Provincial Bank. A quantity of stamps, plates, ink and other material was also seized and accused are now under remand at the Mixed Court. The principal accused resided at No. 214 Great Western Road, the entrance of which premises is off Chengtu Road.

With respect to the last named case, which appears to be that to which the letter of the Military Governor of Hupeh refers, these arrests were made by the Police independently of the receipt of your letter, but it is noteworthy that the chief prisoner was arrested in these Settlements in October, 1915, charged with having in his possession machinery for the purpose of manufacturing bank notes. He was at that time ordered to be handed over to the Military Governor's Yamên, but it appears he was dealt with in such manner that he was able in a short time to resume his former course of crime.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

SIR E. D. H. FRASER, K.C.M.G.,
H.M. Consul-General and Senior Consul.

### Street Nuisances.

Letter from a resident in the Eastern District on the subject of noises on the Chaoufoong Road, with reply:—

Shanghai, October 22, 1920.

DEAR SIR,—Might I ask that the Council will take some steps to have the noise abated in the Chaoufoong Road which occurs night after night from 11 to 11.30 p.m. caused by employees belonging to the Nanyang Tobacco Co. in the Broadway and the H. A. Manufacturing Factories in the Chaoufoong Road, it is one continual half hour of yelling and shouting from these employees (principally females) which is distracting to the strongest nerved individual and makes rest and sleep impossible which I have experienced lately at my residence No. 4 Chaoufoong Road, especially as I have been lately confined to my bed with fever for some days found it to be most annoying.

Perhaps a letter to the Directors of the said Companies would have the desired effect direct from the Council. Letters of late in the Press on this subject I am of the opinion are of no avail and not likely to be heeded by those concerned—Council action in my opinion is of much more importance and likely to be taken notice of and respected.

Thanking you in anticipation,
Yours faithfully,
THOS. WM. BOWERN.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

Council Room,
Shanghai, November 2, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of October 22, on the subject of noise in the Chaoufoong Road and in reply thereto I am directed to inform you that the Police have given attention to this matter and the firms concerned have promised to assist in abating the nuisance complained of.

You will, however, of course realize that since your residence is in an industrial district, and that fully 3,000 work people use this road every day, in going to and from their work, it is not to be expected that all noise can be eliminated.

I am, Sir,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary.*

T. W. BOWERN, Esq.

**Bund Foreshore.**

Correspondence in continuation of that published in the Municipal Gazette for November 4,, 1920:—

Shanghai, November 5, 1920.

DEAR SIR,—I have the pleasure to acknowledge receipt of your letter of the 30th ultimo and note that our flagstaff is to be taken down on the 7th instant.

Owing to the cost of transport and setting up, the Golf Club at Kiangwan—who first approached us in the matter—state that they will be unable to make use of the flagstaff after all, and consequently, as I know of no other party anxious to take over same, I would ask you kindly to make your own arrangements for its removal.

Yours faithfully,
W. E. SMITH,
*Branch Manager,*
*Union Insurance Society of Canton, Ld.*

The ASSISTANT SECRETARY,
Municipal Council.

Council Room,
Shanghai, November 12,, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of November 5, relative to the flagstaff on the Bund opposite your premises, and in reply thereto to inform you that the flagstaff has been taken down and removed by the Council.

I am, Sir,
Your obedient servant,
S. H. LEWIS,
*Assistant Secretary.*

The MANAGER,
Union Insurance Society of Canton, Ld.

**Flower Show.**

In terms of the following correspondence, the Council has granted permission to the Horticultural Society to hold the Autumn Chrysanthemum Show on the Bund Foreshore.

Shanghai, October 28, 1920.

DEAR SIR,—On behalf of the Committee I beg to ask the Council's permission to hold the Autumn Flower Show in a matshed to be erected on the Bund in the same position as last year on or about November 18 next.

I am, Dear Sir,
Yours faithfully,
SHANGHAI HORTICULTURAL SOCIETY,
COLIN C. STEVENSON,
*Hon. Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, November 9, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of October 28, relative to the Autumn Flower Show of the Shanghai Horticultural Society, and in reply thereto to state that the Council will permit the holding of the Flower Show on November 18 in a matshed to be erected on the Bund, on the following conditions:—

(1) That the shed be erected in an approved position.
(2) That all damage done to turf, etc., be made good at the Society's expense.
(3) That exits be provided in positions which will be indicated.
(4) That Municipal Firemen be in attendance.
(5) That the shed and materials be removed within forty-eight hours after the show.

I am, Sir,
Your obedient servant,
S. H. LEWIS,
*Assistant Secretary.*

C. C. STEVENSON, Esq.,
Honorary Secretary,
Shanghai Horticultural Society.

Shanghai, November 11, 1920.

DEAR SIR,—I beg to acknowledge your letter of the 9th instant, and to agree to all terms and conditions mentioned therein.

I am, Dear Sir,

**Fire Brigade Report for September.**

The total number of calls to fires, or supposed fires, during the month was 16, as against 24 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 20,710 (Foreign Tls. 19,000: Chinese Tls. 1,710) as against Tls. 144,300 (Foreign Tls. 136,050: Chinese Tls. 8,250) during September 1919. The property at risk is estimated at Tls. 1,026,000 (Foreign Tls. 265,000: Chinese Tls. 761,000), as against Tls. 4,370,500 (Foreign Tls. 4,322,000: Chinese Tls. 48,500) for the corresponding period last year.

The calls were received as follows:—Telephones 5, Watch Towers 7, and Police 4. The district call was given on 3 occasions, the remaining 13 being station calls. These calls proved to be 11 small fires, 1 false alarm, 3 fires outside the Settlement and 1 not traced.

The principal, supposed, causes of the fires within the Settlement are as follows:—Sparks, ashes or embers from stove, dropped match or cigarette end, overheated gas stove.

Seven buildings were more or less damaged by smoke, fire and water.

Assistance was rendered to the French Brigade, at the China Merchant S. N. Co.'s No. 18 godown; the Brigade were at work for 7 hours with two pumps, and the Fire Float.

*36 Seymour Road, September 9, at 2.47 a.m.*—An outbreak occurred on the ground floor and obtained a strong hold. The damage, was however confined to the heating chamber, and billiard room.

*2 Ichang Road, September 26, at 11.32 a.m.*—This fire was a typical illustration of the construction of a building without a permit, endangering the safety of the mill proper, the hands, and the building itself. The damage was however confined to the shed.

*"Flower World," 327 Hoopeh Road, September 27 at 7.26 p.m.*—An outbreak of fire took place on the third floor used as shops, lodgings, and for entertainment purposes. While a cinematograph entertainment was in progress a film in the projection box took fire, but was promptly extinguished by one of the firemen on duty, assisted by the Manager. Unfortunately, however, the building contained over 3,000 persons, the time being the Mid-Autumn Festival, and a panic ensued. Although the premises were provided with emergency staircases, the crowd rushed for the main staircase, and formed a solid mass of struggling, and half suffocated people four or five deep. The railings of the staircase then gave way and the wooden banisters were freely used by the crowd in their endeavours to get out, or to rescue their friends. On the arrival of the Brigade the more seriously injured were sent to Shantung Road Hospital. One old man, and a boy were found dead, and a woman succumbed shortly afterwards. About 20 persons were taken to Hospital in various states of collapse.

This disaster is another illustration that emergency staircases, are not to be compared with a number of ordinary staircases as people naturally use the same means of egress as ingress.

*140 Avenue Road, September 30, at 1.59 a.m.*—To this fire the Brigade received an incorrect call, and were delayed in their arrival. The inmates had a very narrow escape, as the main staircase, adjoins that of the servants which was in flames, and the occupants of the top floor had only just got down in time. Two amahs in the back quarters were not fortunate and had to jump from the first floor, but were uninjured.

It is very suprising, that even today, little attention is paid to the safety of the inmates in dwellings, as regards escape from fire, when a building is designed.

It would not be an expensive matter to make the buildings reasonably safe, when originally constructed.

M. W. PETT,
*Chief Officer.*

*Murder.*—The dead body of a Chinese woman, who had been brutally murdered, was found in a room at No. 1034 Sawgin Road on the morning of October 28. One person has been arrested in connexion with the crime and is at present under remand pending further inquiries being made.

*Robbery.*—During the month seven cases of armed robbery, one of which was accompanied by murder and one by attempted murder, occurred in the Settlement. In connexion with these cases six persons have been arrested and sentenced to imprisonment in the Municipal Gaol.

One case of armed highway robbery was reported in the Yangtszepoo District and two cases of highway robbery and one of attempted highway robbery were reported in the Hongkew district. Four persons were arrested, three being sentenced to imprisonment, while the fourth, a youth, was ordered by the Mixed Court to be handed over to his parents.

Three reports were received of robbery by administering drugs in the Louza district. Three persons were arrested and sentenced to imprisonment.

The case against a Japanese, who was arrested in connexion with an attempted robbery in April last, was disposed of by the Japanese Court on October 29 when the accused was sentenced to ten months' imprisonment.

*Stolen Property.*—346 reports of property stolen were made during the month to the Police. In 124 cases investigations were made with successful results. The return shows an increase of 22 on the previous month and of 61 on the figures for the corresponding month of last year.

*Zinc and Opium Seizure.*—On October 19 at 12.30 a.m. a youth named Wong Dah, who stated he was employed as cook at 243 Shanhaikwan Road, was arrested on Shanhaikwan Road in possession of two charcoal baskets containing

44 packets of opium, each weighing approximately 1½-lb. A short time afterwards a Chinese Constable reported the front door of 243 Shanhaikwan Road open, that the occupants were missing and that the house contained, in addition to some furniture, a large quantity of zinc in blocks. A search of the premises was made and 37 packets of opium were discovered similar to that found in possession of the arrested man. On October 20, owing to the large number of blocks of zinc in the house and opium being found there, it was decided to cut two of the blocks. One weighing 110-lb. was cut but nothing found. A smaller block weighing 90-lb., 18½ inches in length, 7 inches broad and 2¾ inches thick, was then cut and a tin of opium of the same quality as that previously found in the house and in possession of the youth on Shanhaikwan Road, was discovered embedded in the middle. In all 96 blocks of zinc containing opium were found and also 75 blocks of zinc which had been remoulded after the opium had been removed. The opium was the Yunnanese brand and had been smuggled into Shanghai from that province.

*Opium Smuggling.*—The number of cases which come up month after month and the quantity of opium seized by the Police and the Customs in this port alone—a very small percentage of what is actually smuggled—show how futile are the efforts made to suppress the evil. China, who first advocated its suppression, has displayed the utmost laxity in the supervision of poppy cultivation and the manufacture of the drug, and recent cases show that large quantities are smuggled into the Settlement by train and steamer, and, if any headway is to be made, point to the necessity for some drastic action in the way of searching trains and boats, and steamers making use of public and private jetties, and strict Customs examination of people coming from these trains and vessels. It is also essential that proper supervision should be maintained in the western provinces of China where the drug has been proved to come from. At present the efforts made to suppress opium are a pure farce. Opium smoking is almost as prevalent now as before prohibition came in, and there appears to be no difficulty in obtaining the drug whenever required.

With the smuggling of opium an increase of crime is noticeable—robbery, extortion, bribery and corruption are rampant, and the so-called evils of the drug are in the opinion of many not comparable with the evils which have arisen through the half-hearted action taken to suppress the cultivation and manufacture of the drug.

*North Szechuen Road Bars.*—It was noticed with satisfaction that the Chinese Authorities during October were paying attention to the manner in which the bar rooms abounding in the North Szechuen Road Extension area have been conducting their business and it is hoped that such surveillance will continue.

Reference to one of the many side issues in regard to these premises is made in a police report, an extract from which reads as follows:—

"Visits to many premises in Chinese territory off North Szechuen Road Extension show the conditions under which foreigners, mostly of a certain nationality, are living to be appalling. In many instances foreign women are living in Chinese houses with low class Chinese. At one place in Jukong Road there were four foreign women living in partitioned rooms where the sanitary conditions were shocking. There are good reasons to believe that many men are living off these women."

*Anniversary of Chinese Republic.*—The celebration of the anniversary of the Chinese Republic, the most important political event of the month, passed off quietly. Meetings organized by various societies which took place in various parts of the Settlement were remarkable for their orderliness and the moderation of the language of the speakers. The occasion was, however, taken advantage of by local pro-Bolsheviks to distribute literature advocating their views. The principal offender in this respect, one Wu Chia-ting (胡嘉亭), a Cantonese teacher in a school at No. 1780 North Szechuen Road, was brought before the Mixed Court and released on security on October 19.

*Identification Office.*—During the month 595 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 184 were identified as having a previous conviction or convictions. In addition to the above 224 records were received from the French Police out of which number 105 were identified in the records of this office, making the total for the month:—

## Health Officer's Report for October.

The condition of the Public Health was good. Dysentery, which showed signs of special virulence in the previous month, subsided. There has been no Small-pox; but the period when it usually becomes prevalent in the East is at hand and vaccination should receive attention, particularly in the case of recent arrivals where the necessary vaccination prior to leaving home has been neglected. A commendable increase among the Chinese coming voluntarily for free vaccination to the Branch Health Offices is recorded. The advantage of being protected before the Small-pox comes is becoming more appreciated. There is a strong tendency to wait until the danger is actually present, which is a less intelligent way.

A Chinese case of Cerebrospinal fever was reported, which is a sign-post to this danger of the winter months.

The Tuberculosis Hospital is fulfilling its important function in admitting an increasing number of cases for cure, and also for the equally important object of preventing others being infected in households where a consumptive cannot have a room to himself. In combination with the work of the District Nurse and the Health Inspectors the foundation of satisfactory work against this greatest of world plagues may be said to have now been laid.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaugterhouse.

## Report of the Commissioner of Public Works for October.

The Bund reclamation and widening scheme has now been completed from Peking Road to Avenue Edward VII, and the question of continuing the road widening northwards from Peking Road to the Garden Bridge remains for future consideration.

The progress on this work has necessarily been slow, on account of the great shortage of labour throughout the year, despite higher rates paid in the Central District.

The original intention was to retain practically all the old trees on the motor rank along the centre of the present Bund, but it was found that many of them were an obstruction to vehicles using the rank and others prevented the free flow of water in the surface channels, therefore it was found necessary to remove most of them, and such as were suitable were transplanted to the new footpath on the east side when the season permitted.

The Bund scheme also necessitated the removal of the flagstaff nearly opposite Canton Road, and the setting back of the stay wires of the P. & O. flagstaff, as well as the re-erection in new positions of the "Parkes" and "Hart" memorials. The improvement in traffic conditions on the Bund consequent upon the completion of the scheme is obvious.

### ROADS.

Asphaltic road construction and treatment has practically ceased consequent upon the cold weather setting in.

*Penang Road.*—The raising and forming between Robison and Kiaochow Roads has been completed.

*Bubbling Well Road.*—The raising of the tram track at the junction with Hart Road has been completed and the road graded to the new level.

*Darroch Road.*—With the completion of a further widening this road is now open for its full width between North Szechuen Road and Kiangwan Road.

*Tongshan Road.*—The ballasting and metalling has been completed for the full width between Chaoufoong Road and Dent Road.

*Kueiyang Road.*—The raising and culverting has been completed between Pingliang Road and Yangtszepoo Road.

### DRAINAGE.

*Siccawei Road.*—The 12-in. diameter sewer between Bubbling Well Road and Great Western Road has been completed.

*Hart Road.*—The 3-ft. diameter culvert has been completed between Bubbling Well Road and Yu Yuen Road, thus completing the whole drainage scheme in this area.

*Landing Accommodation.*—A reinforced concrete jetty has been constructed in Kwanghsin Road.

### MUNICIPAL PROPERTIES.

*Administration Building.* — The section of the building to be used by the Electricity Department is approaching completion.

*Tower.*—During the progress of the works careful levels taken periodically on the site having proved the subsoil below the tower foundations to be unusually yielding, tests were made towards the end of last year with the view to ascertaining the ultimate safe load the subsoil at this point would carry; it was soon discovered that it would be unwise to erect the tower, as further subsidence occurred under the tests imposed.

The foundation raft remains perfectly intact, and covers the whole available area, which, moreover, has been piled, so that the cause of the settlement can only be due to the unusual compressibility of the subsoil at an unknown depth below the surface, probably due to an old creek or pond which was not discovered during excavations for foundations.

After mature deliberation, and in view of the fact that the tower is not considered architecturally essential, it has been decided to abandon the construction thereof.

*Yangtszepoo Fire Station.*—The interior fittings are now being attended to. The floors are laid and the interior plastering is being finished off. The building has been considerably delayed owing to the shortage of labour, but is now nearly ready for occupation.

*Louza Police Station Extension.*—This building is now up to first floor level, and the concrete floor laid.

*Rifle Range Shelter.*—Filling and culverting has been completed, and the woodwork of shelter finished ready for erection.

*Yochow Road (P.W.D. Workshops).*

Excavating and concrete foundations are in hand.

### ELECTRICITY DEPARTMENT.

*Tonquin Road Substation.*—The construction of the Battery House on the east side has been completed, and the partition to divide the transformer room is also complete.

*Pingchiao Quarry.*—872 fong of material was despatched to the Public Works Department during the month. The average number of coolies employed was 184.

**Expeditionary Forces Emergency Unit.**

Correspondence on the subject of the disbandment of this unit recording the Council's appreciation of the services rendered by its members:—

Shanghai, July 20, 1920.

SIR,—I am directed to inform you that the Council has recently devoted its particular attention to the importance of increasing the strength of the Volunteer Corps personnel, and that in this connexion, it has given its close consideration to the future of the Expeditionary Forces Emergency Unit.

Of the public spirit of the members of this unit in undertaking to assist in the protection of the Settlement in times of civil disturbances under the orders of the Commissioner of Police and of the value of these services the Council's very deep appreciation has been recorded on more than one occasion. As a result of its deliberations the Council has, however, taken the view that the services of most of those who have joined the Expeditionary Forces Emergency Unit would be of even greater value if given as members of the Volunteer Corps, in the particular arm in which they were trained and served during the Great War. In reaching this view the Council has been influenced by the fact that the services of those ex-war men who have already joined or rejoined the Corps on their return have proved of the very greatest value to their units in particular and to the Corps as a whole. Moreover the Corps offers facilities for training in the shape of drill instructors, administration, and quartermasters and other branches of the Headquarters of the Corps which cannot be offered by the Expeditionary Forces Emergency Unit, whilst there is the further consideration that the existence of what is really a military unit which is not under the command of the Commandant of the Volunteer Corps is somewhat anomalous and might even prove embarrassing in the event of military operations. For these reasons the Council desires to secure the transfer to the Volunteer Corps of as many members of your Unit as possible, and with this end in view and recognizing the principle that the trained soldier should be granted easier conditions of service and training than the volunteer recruit, who has not seen war service, the Council has endorsed the suggestion of the Commandant that the following conditions of service should be offered in the case of those who have seen war service:—

(I) Men who have served in a combatant unit on any front in the Great War, who are still active men, and who join a unit of the S.V.C. of the same branch of the service as that in which they were trained and fought in the Great War:—

(*a*) to engage to serve in the S.V.C. for *one* year only but to be subject to the usual fine if they are permitted to resign within the one year's term or resign within *three* years of joining, i.e., $21, 14 and 7, if they have not completed 1, 2 and 3 years respectively.

(*b*) to complete the Annual Musketry Course, attend the Annual Inspection (if not on leave), and do annually the same number of drills as laid down at present for an "efficient" volunteer of 3 years' service, viz:—

LIGHT HORSE.

Mounted drills.—Maximum of 16 (actual number settled by unit commander according to efficiency of individuals).

| | |
|---|---|
| Dismounted drills | 2 |
| Corps parades (including Annual Inspection) | 6 |

ARTILLERY.

| | |
|---|---|
| Gun drills | 6 |
| Foot parades | 6 |
| Corps parades (as above) | 6 |

ENGINEERS.

| | |

| Unit parades | 12 |
| Corps parades (as above) | 6 |
| Gun practices | 2 |

INFANTRY.

| | |
|---|---|
| Unit parades | 8 |
| Corps parades (as above) | 6 |

(II) Men who have served in a non-combatant unit in the War, who are still active men, to join an active unit of the S.V.C. under precisely the same terms as a Volunteer does at present, viz:—

(*a*) to engage to serve for three years, subject to a fine of $7 for each uncompleted year of service if their resignation is accepted before the completion of their term.

(*b*) to complete the annual musketry course, attend the Annual Inspection (if not on leave) and attend the following number of parades anually:—

LIGHT HORSE.

Mounted Drills.—16 (Mounted Drills for 2 or more years may be decreased at discretion of Unit Commander)

| | |
|---|---|
| Dismounted Drills | |
| Recruits | 6 |
| 1st Class efficients for year | 4 |
| 1st Class efficients for 2 or more years | 2 |
| Corps Parades (including Annual Inspection) | 6 |

Recruits are required to go through the Riding School and to be dismissed by the Squadron Sergt.-Major before their drills begin to count.

ARTILLERY.

| | |
|---|---|
| Gun drills | 6 |
| Foot parades | 6 |
| Corps parades (as above) | 6 |

ENGINEERS.

| | |

| Unit parades | 18 | 12 |
| Corps parades (as above) | 6 | 6 |
| Gun practices | 2 | 2 |

INFANTRY.

| | | |
|---|---|---|
| Unit parades | 12 | 8 |
| Corps parades (as above) | 6 | 6 |

(III) Men who have served in a combatant unit in the War, who are from any cause unfit for service in active units, to join the Reserves under the same conditions of service as described in (1) (a) above to attend four drills and complete the annual Musketry course.

I am directed to request that you may kindly ascertain from the members of your unit how many of them will be prepared to transfer to the Corps under these conditions, and to state that if the majority are prepared to do so, the Council would then disband the Expeditionary Forces Emergency Unit, in which event it is earnestly hoped that those who may not have felt disposed to transfer to the Volunteer Corps, or who are not perhaps active enough to join an active or reserve unit of the Corps, will place their services at the disposal of the community by joining the Special Police Reserve.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, October 28, 1920.

SIR,—I am directed to refer to my letter to you of July 20 in reference to the future of the Expeditionary Forces Emergency Unit, particularly in its bearing upon the question of recruitment for the Volunteer Corps and to inform you that, after deliberation following upon consideration of this matter at the meeting of the Watch Committee on October 4 at which you kindly attended at its request, the Council has decided upon the disbandment of the Unit with effect from the 6th of next month.

In notifying you of this decision I am again to convey to you the Council's thanks for the public-spirited services of yourself and the members of the E.F.E.U. and to express the Council's hope that as many as possible will join the Volunteer Corps, thus enabling these services to be still available to the Community.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Capt. M. READER HARRIS, M.C.,
Officer Commanding,
The Expeditionary Forces Emergency Unit.

**Chinese Cargo Boat Guild.**

Correspondence in continuation of that published in the Municipal Gazette of May 20, 1920.

Shanghai, October 11, 1920.

SIR,—I have the honour to refer to your letter of May 11 on the subject of the Shanghai-Woosung Cargo Boat Guild.

On receipt of this letter Mr. Siffert communicated its contents to the Commissioner for Foreign Affairs, from whom a reply was subsequently received. I enclose herewith for your consideration translation of this reply together with translation of the first enclosure and a partial translation of the second enclosure. The latter document is somewhat lengthy and does not appear to merit a complete translation, but I will, if you wish, send it to you in original.

I shall be glad if you will favour me with a reply for communication to the Commissioner for Foreign Affairs.

I have the honour to be,
Sir,
Your obedient servant,
E. D. H. FRASER,
*H.B.M. Consul-General and Senior Consul.*

A. BROOKE SMITH, Esq.,
Chairman, Municipal Council.

*Translation of a letter from the Commissioner of Foreign Affairs dated, August 19, 1920.*

I have the honour to acknowledge the receipt of your letter of May 14 on the subject of the Woosung-Shanghai Cargo Boat Guild.

The contents of this letter were duly communicated by my predecessor to the Guild, from whom the following reply has now been received:—

"This Guild was founded in the interests of the cargo transport trade and for the purpose of preventing loss or shortage of cargo by the appointment of inspectors whose duty it is to attend at the different wharves and assist the various foreign and Chinese Authorities in looking after the goods. Cases of loss or shortage of cargo are constantly occurring on the river and the offenders make for the Settlement; and according to our regulations our Inspectors should trace the offenders, call on the Police to arrest them and hand them over to a Police Station. That is to say the Inspectors place themselves in the position of prosecutors. They all have some knowledge of the Police Regulations and they would not take it upon themselves to effect an arrest personally and get themselves into trouble for a breach of the regulations; and besides everybody knows that the power of making arrests is restricted to the Authorities and the Police, and that no other person may usurp this function. The rules applying to the officers of our Guild are very strict and the limits of their powers are clearly defined. The certificates which they carry all bear the seal of the Commissioner of Customs and the signature of the Harbour-Master in token of the mutual assistance given in protecting commercial transport, and we should much like to have the signature of the Commissioner of Police to render them more effective. We also propose sending the Inspectors in our employ once a month to be reviewed, and placing them under the orders of the Commissioner with a view to effective cooperation. If the Consular Body would also ask the Municipal Council to issue a notification that protection was to be afforded to the Guild we would be extremely grateful.

As to becoming a member of the Guild, absolutely no compulsion is exercised, and since the Guild started business not a single person has been forced into becoming a member. But naturally numberless wharf thieves have regarded the formation of the Guild with dismay and have spread all sorts of extravagant stories. It is clear from the Council's letter that the Council has not a proper understanding of the Guild's position and that it is labouring under certain misconceptions; for the boat people have been coming to the Guild in crowds to put down their names for membership, and the benefits to be gained are so obvious that they are anxious to join and eager to pay their subscriptions in order by joint action to promote the Guild's progress.

Finally the constitution of this Guild is in no wise different from that of any other trade guild. In every guild the expenses are defrayed by means of monthly contributions from among those carrying on the particular class of business. It is the same with our Guild; but inasmuch as our Guild has only just been founded, the outgoings considerably exceed the revenues, the difference being made good entirely by the founders of the Guild. In actual fact, in every case where a cargo boat has lost goods, etc., and this Guild has taken the matter up with the proper Authorities all the property has been recovered and returned to the loser. All these cases can be confirmed. The cargo boat people also unanimously declare that they have reaped enormous benefits.

We enclose herewith a Memorandum which we request that you will kindly transmit to the proper Authorities with a request for special protection on the ground that the protection of merchandise and the welfare of the transport trade are matters of public interest."

I venture to submit that the Guild have clearly shown that they are in no way acting contrary to the warnings of the Chairman of the Council, and I have therefore the honour to request you to forward their plea for protection to the Municipal Council.

I enclose a copy of the Memorandum referred to and also copy of a list of cases which have been dealt with by the Guild.

Awaiting the honour of a reply, I have, etc.

(Sd.) HSU YUAN.

*Translation of Memorandum submitted by the Shanghai-Woosung Cargo Boat Guild.*

The Shanghai-Woosung Cargo Boat Guild was formed by the heads of the sixteen leading organizations of Shanghai carrying on the transport trade by cargo boats. Its regulations were last year submitted to the Bureau of Foreign Affairs, the Superintendent of Customs, the Taoyin of Shanghai, and the Superintendent of the Shanghai-Woosung Police, who were requested to place them on record and give the Guild protection. Their requests were duly granted and notifications issued accordingly.

The Guild was formally inaugurated on March 6, 1920 and an office temporarily established at No. 102 Avenue Edward VII, Shanghai.

The object of the Guild is mainly the affording of protection to the trade, to the owners of hongs, ware houses and factories and to merchants thereby mitigating the frequent losses of goods in transit incurred through theft and other causes. Thefts by bad characters on both sides of the rivers are of frequent occurrence and have led to great losses being incurred by the owners, matters having now reached a very critical point.

All the expenses of the Guild are being defrayed by the heads of the sixteen local organizations and there is no compulsion to contribute. Nor are the boat people forced or solicited to become members of the Guild. Not a single person has been forced or induced to enter the Guild since its formation. The Guild only in the interests of the cargo transport trade employs a Chinese staff of inspectors whose duties are to attend the various jetties and wharves to look after the goods in loading and unloading and to assist the authorities in keeping order. To each inspector, the Guild issues a certificate vised by the Commissioner of Customs and the Harbour Master so as to distinguish them from others and we beg that the Commissioner of the Shanghai Municipal Police will in the same way put either his signature or his seal on the certificate for purposes of reference, and endorse a note on the certificate to the effect that in case of a theft or similar offences occurring the inspector shall request the proper authority to take action, and in case of emergency, shall call a policeman to arrest the offender, but that he shall not arrest the offender himself. This we believe will in no way violate the Municipal Regulations. If this cannot be done, the Guild are ready to pay a special subscription to the Police and request that additional police may be enrolled for the protection of the transport trade, passengers and cargo.

Because the Guild has not yet the opportunity of making public the objects to the Authorities of the Settlement, offenders frequently seek shelter by escaping into the Settlement and cases of theft, etc., are constantly occurring on the

Digitized by Google Original from CORNELL UNIVERSITY

wharves which never come to the notice of the Settlement Authorities.

The junks registered in our Guild are distinguished from others by special metal badges numbered and nailed on the junks. When goods are being transported it constantly happens that junks have to pass the night moored in the river, and thieves and robbers constantly hang about the jetties with the intention to commit thefts and robberies and extort squeezes. This has become a regular practice, but is difficult of detection by any one not familiar with cargo boat affairs. Sometimes thieves cut open the packages with sharp instruments and steal the contents and use force to resist any action to prevent them. They even demand small sums by way of squeeze from empty boats moored at the jetties and if this is refused they forcibly remove tarpaulins, poles or other bits of gear and hold them to ransom. These instances as above referred to and related can be verified by enquiries made in the leading transportation companies who will testify to their truth.

So we deem it a necessity for inspectors to keep rigid watch.

Since the establishment of this Guild, many cases have been brought to light and the culprits punished in the Chinese and Foreign Courts of law. Letters are being constantly received from leading merchant hongs highly commending our work.

We therefore beg that you will bring this to the notice of the Consular Authorities of the International Settlement and the French Settlement so that instructions may be given to the Police for special protection to be afforded in the interests of trade in general and the transport business in particular.

*Cases that have been discovered by the Guild.*

On March 7, registered boatman Chuang Ah-mu reported that while conveying goods and passengers to Hung Sheng Wharf, Pootung, some wharf thieves forcibly levied a toll of twenty cents from each boat. Therefore the Guild grote to the Sungkiang-Shanghai Police Station No. 3, so that such unlawful charge has now been abolished.

On March 14, registered boatman Kao Ah-ho reported that one package of flour had been stolen from his boat. The Guild reported the matter to the Sungkiang-Shanghai Water Police and in consequence the goods were recovered and the offender handed over to the French Court to be dealt with.

On March 26, registered boatman Chang Ah-lan reported that five bundles of paper had been stolen from his boat at Hung Sheng Wharf. The Guild wrote to the Sungkiang-Shanghai Police Station No. 3, and in consequence two bundles were recovered and the thief sentenced to one month's imprisonment.

On April 8, registered boat man Chen Chang-sheng reported that one piece of oil cloth was stolen while his boat was moored at Hongkew, and that one of the boat men reported to the Water Police, in consequence of which two thieves were arrested. The Guild wrote requesting that they be handed over to the Shanghai District Chien Cha Ting for trial and imprisonment.

Council Room,
Shanghai, November 9, 1920.

SIR,—I have the honour to refer to your letter of October 11, on the subject of the Shanghai-Woosung Cargo Boat Guild. In reply thereto I am directed to allude to the Council's letter of May 11, in which assurance is given that the members of this Guild will receive the ordinary Police protection to which all residents and persons conducting business in the Settlement are entitled, so long as they are law abiding. It is, however, contrary to the Council's practice to give any undertaking for special Police protection, or to extend any form of official patronage to organizations engaged in the furtherance of their own particular interests. In the Settlement all persons are at liberty to join such law—abiding associations or not as they please, but the Council is quite unwilling that the Guild should be granted any official or semi-official status in prosecuting the objects which it seeks to obtain.

I may add that enquiry at the Shipping Guild and steam launch companies has failed to elicit any confirmation of the allegation that jetty thieves are accustomed to seek refuge in the Settlement or that larcenies from wharves, which are never reported to the Police, are of frequent occurrence. No case of this nature has come to the notice of the Police or wharf watchmen, the parties to whom people victimized would be most likely to appeal.

I have the honour to be,
Sir,
Your obedient servant,
WM. P. LAMBE,
*Vice-Chairman.*

SIR E. D. H. FRASER, K.C.M.G.,
H.M. Consul-General and Senior Consul.

**Chauffeur's School.**

Upon the recommendation of the Commissioner of Police the Council has sanctioned the institution of a School for chauffeurs at the Gordon Road Police Station commencing in March, 1921.

A competent foreign Instructor will be in charge with a trained chauffeur or fitter-driver as assistant and the local garages have promised to assist with the gift or loan of motor machine parts and accessories for instructional purposes.

The Course will last for a period of 26 working days with a class of 12 pupils the fee being $25 for the course.

The aim of the School will be to turn our competent drivers fitted in all respects to enter private service. Instructional classes for owner-drivers will also be given if sufficient applications for enrollment in such classes are forthcoming.

The syllabus of the Course will include:—

(1) Sufficient elementary theory in the class room to render subsequent proceedings intelligible; together with

(2) Practical instruction on the bench—that is, an explanation and demonstration of all the chief mechanical and other features of a car, such as engine, gearbox, clutch, back axle, steering gear, magneto, battery, carburetter, etc.

(3) Practical instruction in driving
  (a) a Ford car
  (b) a car with the standard type of gearbox,
  and sufficient actual road work to ensure competency.

(4) Practical instruction in maintenance—i.e., cleaning, washing and lubrication; the replenishment of fuel, water and oil; the care, removal and minor repair of tyres; battery attention; the correct use of the tools ordinarily supplied with a car and such minor "running repairs" as a Chinese chauffeur in Shanghai may properly be expected to carry out.

(5) Thorough class room instruction in the Traffic Regulations; together with

(6) Practical demonstration as to how these Regulations apply.

**Road Nomenclature.**

Interchange of letters with the French Municipal Council, in continuation of the correspondence published in the Municipal Gazette of September 2.

*Translation of letter from the French Municipal Council, dated October 18, 1920.*

SIR,—Referring to your letter dated August 27 1920, relative to the renaming of Great Western and Siccawei Roads, I am directed to suggest that this decision should be effected from January 1, 1921.

This delay would seem to be desirable in order to permit of advising the various Public Departments of the change of name and to proceed with the work of making the new road name plates.

These plates, of the ordinary type, black letters on a white background, will bear the words "Avenue Foch" for Great Western Road and "Avenue Haig" for Siccawei Road.

The Departments concerned of both Municipalities will occupy themselves for the part under their jurisdiction, with the making and affixing of the said plates.

A notice should also be published in the local press to remind residents that the new denomination of these roads will come into effect from January 1, 1921.

I shall be obliged if you will kindly let me know your views on these various proposals.

I am, Sir, etc.,
P. LEGENDRE,
*Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, November 12, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of October 18, relative to the renaming of Great Western and Siccawei Roads, and in reply thereto to state that the Council is in agreement with your suggestion that this renaming should be effected as from January 1, 1921, and that notice accordingly should be published in the daily press.

It is suggested that the Chinese characters (福煦路) Foch, and (海格路) Haig, which are the characters used by the Chinese Press in referring to the two Marshals, should be adopted.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Monsieur P. LEGENDRE,
Secretary, French Municipal Council.

## Mixed Court Report for October.

Mr. G. Ros having been transferred as Italian Consul to Hankow, Captain R. Ferrajolo has assumed the duties of Italian Assessor at the Mixed Court, and also sat as Assessor in Police Cases on Saturdays.

Mr. Willem Daniels was appointed to sit as Mixed Court Assessor for the Netherlands.

Seven of the eleven deaths on which inquests were held were due to traffic accidents, three to murder and one to suicide.

In order to expedite the hearing of the cases now pending, the Court found it necessary to inform all counsel practising in the Court that in future no remands would be granted on application made at the last moment on the ground that counsel concerned were engaged on other Courts. This had recently become a common practice entailing considerable delay in the disposal of cases and causing much inconvenience and annoyance to the other parties concerned.

One of the most ingenious devices for the concealment of opium ever exposed to the Court was brought to light during the hearing of a case on October 28, before Messrs. Jacobs and Tsang, when the Police produced a number of ingots of zinc in which the opium had been secreted during the casting; the whole paraphernalia was ordered to be confiscated and the Court placed on record its commendation of the Police officers concerned.

The criminal calendar was one of the heaviest on record, 5,124 cases having been disposed of during the month, necessitating very late sessions in both the Police Courts and also in the Courts set aside for special hearing of important cases wherein a number of lawyers were engaged.

The two undermentioned foreigners who are not recognized by any Consulate in Shanghai were before the Court on the charges stated.

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| J. Brennan | American | Vagrancy | 3 weeks' impt. |
| E. H. Lohk | Esthonian | Breach of Motor Bicycle Licence | Fined $3.00 |

There were 189 Chinese Civil Cases heard during the month as against 64 heard in September, while 119 cases are listed which await a first hearing, an increase of 14 over the figures for the previous month.

47 Foreign Civil Cases were filed, 20 of which were small debt claims in which Sikhs were plaintiffs, but the remaining 27 aggregated nearly three-quarters of a million taels, about a quarter of a million of this amount being actions brought against Chinese firms by foreigners for breach of piece-goods contracts.

Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.

J. E. Wheeler,
*For Acting Registrar.*

Countersigned,
K. J. McEuen,
Commissioner of Police.

ARTHUR STANLEY,
*Health Officer.*

**Fire Brigade Report for October.**

The total number of calls to fires, or supposed fires, during the month was 21, as against 45 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 800 (Foreign Tls. 800: Chinese Nil) as against Tls. 23,500 (Foreign Tls. 5,200: Chinese Tls. 18,300) during October 1919. The property at risk is estimated at Tls. 112,000 (Foreign Tls. 90,000 Chinese Tls. 22,000), as against Tls. 3,172,500 (Foreign Tls. 2,850,000: Chinese Tls. 322,500) for the corresponding period last year.

The calls were received as follows:—Telephones 13, Watch Towers 4, Police 2, and Staff 2. The district call was given on 1 occasion, the remaining 20 being station calls. These calls proved to be 13 small fires, 2 chimney fires, and 6 outside the Settlement.

The principal supposed causes of the fires within the Settlement were as follows:—Fusing of electric wires, child playing with matches, dropped match or cigarette end, joss paper, etc. One building was damaged by smoke, fire and water.

The loss in Chinese buildings was practically nil, the losses in each instance being so trivial as to be hardly worthy of consideration. It will be seen by the record that there were only 14 actual fires in the Settlement, thus constituting a record.

A difficult outbreak occurred on October 20, at a Japanese Dispensary, No. L539 Canton Road, where a quantity of ether was on fire. Smoke helmets and respirators had to be used, and the fire chemically extinguished. Slight damage only was caused.

Assistance was rendered, in Chapei, as follows:—

*Da Fung Silk Filature, October 2, at 9.43 p.m.*—The Hongkew Division laid on from Dixwell Road and were the principal factors in saving the main filature.

*Opposite Hong Yue Cotton Mill, October 4 at 12.30 a.m.*—This was large conflagration practically extinguished by the Brigade, in which a fairly extensive tallow and oil refinery was saved, although some of the matshed was alight along its walls.

*October 28, at 12.32 a.m.*—In this case a number of shops and dwellings, off North Soochow Road Extension, were in flames, burning embers being blown across the Creek. The Sinza Division laid on from the Creek, and in about half-an hour had the fire completely held.

Serious difficulty has been experienced, for many years, in getting licensees of entertainment buildings to realize their responsibility and see that the licence conditions are conformed to. Recently, licences in respect of some of the Cinema Halls have been suspended owing to flagrant breaches of the regulations. Even then numerous visits have been necessary by the Inspection Staff of this Department to get the requirements fulfilled.

Inspections to the number of 350 were made during the month nearly all of which were of licensed premises.

M. W. PETT,
*Chief Officer.*

### Visit of the Eastern Commission of the National Council for Combating Venereal Diseases.

The Council has received a telegram from Japan stating that the Eastern Commission of the National Council for Combating Venereal Diseases, as to whose projected visit preliminary announcement was made in the Municipal Gazette of November 25, will arrive in Shanghai on December 12 or 13.

The Commission has been sent out by the National Council, under the auspices of the British Government, to discuss with members of the local medical faculty, with local educationalists and with the administrative authorities, those practical measures which would be most likely to result in a reduction of venereal diseases, the prevalence and ravages of which were recently the subject of exhaustive investigation by a Royal Commission appointed in Great Britain, the members of which subsequently became the Executive Committee of the National Council, which is recognized by the British Ministry of Health as its agent in undertaking educational propaganda throughout Great Britain.

The Commission's opening conference to be held on Wednesday, December 15, at 5 p.m., in the Assembly Hall of the Ellis Kadoorie School at the corner of Shanhai-kwan and Carter Roads, will be presided over by the Chairman of Council. Invitations to attend this conference are being issued and in due course the programme of further conferences, lectures and public meetings, drawn up by the Advisory Committee appointed by the Council as announced in the Municipal Gazette of November 25, will be published in the local daily press.

## Health Officer's Report for November.

A very successful month of free vaccination against Smallpox may be recorded at the Branch Health Offices among the infants of the Chinese community, which is all the more remarkable in the complete absence of cases of Smallpox to serve as a spur.

There was a moderate prevalence of Typhoid fever. Every case is due to the transference of particulate infection from the bowel discharges of one person to the mouth of another. As all such particulate infection can be destroyed by subjection to the temperature of boiling water, prevention is possible. It is here that the simple precautions given in the Public Health Notice as regards the sterilization of food are of most value. In addition there are fortunately specific vaccines for the Typhoid fevers producing a degree of immunity which is valuable not only in resisting infection but in reducing the severity of the disease. As a result the Typhoid fevers are on the way to extinction in places where Public Health measures can be properly organized and enforced. That a person who has had typhoid vaccination subsequently acquires the disease, is not sufficient to condemn vaccination. Even in vaccination against Smallpox the vaccinated in a small number of cases get Smallpox. It is, like the Einstein theory, a question of relativity. One may take all reasonable precautions against fire, yet fires may occur. Precaution reduces the chances. The same applies to vaccination. Typhoid vaccination may be looked upon as a form of life insurance with a very small premium to pay. The best plan would be to have such vaccination free for all and easy facilities provided for its application.

Some Diphtheria of a mild type was also present. The important fact to remember about Diphtheria is that it is never due to bad drains, but invariably derived from the nose or throat of a previous case or carrier.

There was no further threat of Cerebrospinal fever.

The question of the disposal of house refuse is one which is likely to be more difficult in the future. Shanghai is rather fortunate in having a daily removal from all houses within the Settlement, a circumstance which vastly reduces the number of flies and rats and consequently the diseases carried by these parasitic animals. An important point to note is that there is no such thing as the destruction of refuse. A refuse destructor which burns refuse still has some 30 per cent. of ash to dispose of. The best way is to utilize refuse by returning it to the soil for agriculture. Shanghai is fortunate in having a demand from the farmers for about 40 per cent. of the refuse it produces. The problem now is how best to dispose of the remaining 60 per cent.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse and a special summary of Plague Prevention.

*Murder.*—On November 29 the dead body of male Chinese with the throat cut was found lying on a grave mound off the Tsitsihar Road to which place the body had undoubtedly been carried after death. Two men have been arrested in connexion with the case and are at present under remand pending further investigation.

*Manslaughter.* — An American citizen named Jack Leo Welch, who had spent the night of November 6 with a Chinese prostitute in licensed brothel No. 207 Fearon Road, shot the girl dead the following morning with a pistol which he produced from beneath his pillow. Welch was tried at the U. S. Court for China, convicted of manslaughter and sentenced to two years' imprisonment and a fine of $500.00 on November 12.

*Robbery.*—During the month two cases of armed robbery occurred in the Settlement, one being reported in Sinza and the other in Gordon Road District. A case of attempted armed robbery was also reported in the Yangtszepoo District. In connexion with these reports two persons were arrested. One was sentenced to be handed over to the Military Governor while the other is at present detained in hospital as the result of a bullet wound inflicted by the detective in making the arrest.

Three persons have been arrested for participating in an armed robbery outside the Settlement limits, two of whom are still under remand while the case against the third has been dismissed.

Three cases of armed highway robbery were reported, one being in Sinza, one in Bubbling Well and the other in Yangtszepoo District. Five persons have been apprehended in connexion with these cases and are still under remand awaiting trial.

In the Bubbling Well case a public licensed motor car was used in the commission of the robbery which occurred during the tiffin hour on November 20 when three armed men intercepted a coolie conveying over $8,000 in specie on the Connaught Road. The robbers after threatening the coolie took from his wheelbarrow a box containing $4,200 which they placed in their waiting motor car and decamped. Four arrests have been made but the principals and property have still to be located.

Two reports of highway robbery were also received, one from West Hongkew and the other from Gordon Road District.

*Stolen Property.*—397 reports of property stolen were made to the Police during the month. In 154 cases investigations were made with successful results. The return shows an increase of 51 on the previous month and of 107 on the figures for the corresponding month of last year.

*Burglary: Warning to Householders.*—With the advent of the cold weather and the possibility of the increase of burglaries in foreign houses the following warning,

Digitized by Google Original from CORNELL UNIVERSITY

which was previously published in the press, is reissued for general information:

"Entry into houses is usually effected through a verandah window. One method is to open the outer shutters by removing a slat so that an arm can be inserted and the bolts pulled, and then to cut a whole pane of glass out of the window. Another method, when the shutters cannot be opened because the space between them and the window is too small for the arm to be inserted, is to remove a shutter slat, cut out a piece of window glass, insert the arm, turn the knob and so open the window.

"In cases where entry has been effected in one of these ways it is almost always found by the police that one of the bolts, either on the window or the door, has been left unfastened when the house was shut up for the night. This is due to the carelessness of the servant who has not shot the bolt into its socket, or of the householder who has not had the fastenings kept in proper repair.

"It is difficult to render the ordinary verandah window proof against a determined burglar, but the following measures, if adopted, will make entry more difficult:—

"1.—Window and shutter fastenings to be in good order. Bolts to be kept oiled and sockets well screwed in. Warped shutters, which prevent the bolts being shot home, to be repaired. Servants to be impressed with the importance of properly securing all fastenings at night.

"2.—Shutter slats to be closed and properly hooked up or wedged so as to render them immovable from the outside. This makes cutting them out much more difficult and noisy.

"3.—A screwed bolt-fastening between window and shutter makes it impossible to open either until the bolt is removed. The latter passes through a hole in the window frame and screws into a socket in the shutters. Its position should be such that a hand inserted from the outside to turn the window handle as described above, cannot reach the bolt head to unscrew it.

"4.—An additional bolt, top and bottom, on the window frame would usually frustrate an entry by the second of the two methods mentioned above."

*Gang of Thieves.*—An organized gang of nine Cantonese thieves were arrested during the month against whom no less than 48 charges of larceny and one of burglary were proved. In 45 of these cases the property was stolen from foreign occupied residences in consequence of doors and windows having been left open. They were each sentenced to one year's imprisonment and expulsion. Most of the property was recovered.

*Crimes reported outside Settlement limits.*—Twenty cases of robbery and piracy, two of which were accompanied by murder, have been reported in the press during the month as having occurred outside limits in the neighbourhood of Shanghai. The most serious case was that which occurred at Fungyi near Sungkiang on November 7 when about 70 pirates made a sudden attack on the Water Police and after overpowering them proceeded to rob a pawnshop from which they stole $1,000 in cash and a quantity of jewellery.

Two cases of murder were also reported, in one of which the body of an unknown Chinese male bearing knife wounds was found in Chapei. In the other the occupant of a house in the Chinese City was attacked and killed by three or four unknown persons when answering their knock at the door.

*Executions.*—Two Chinese who were arrested in connexion with the murder of the 'sing song' girl Lien Ying and who were handed over to the Military Governor for trial, were executed at Lunghua in the presence of a representative of the Municipal Police on November 23.

*Attempts to restore peace.*—Despite the Presidential Decree issued on October 30 announcing that the North and South had been united, nothing tangible appears to have been effected in this direction. Following the defeat of General Lu Yung-ting's party, which was finally effected on September 27 when General Chen Chiun-ming entered Canton, Drs. Wu Ting-fang, Sun Yat-sen, Mr. Tang Shao-yi and other Southern leaders, who sought Shanghai's hospitality when differences with their military colleagues compelled them to leave Canton, have returned to the South, while it is now the turn of Messrs. Tsen Chun-hsuan and Wen Tsung-yao, two of the most prominent of their Southern political adversaries, to seek refuge here.

*National Citizens' Convention.*—The local society for the promotion of a national citizens' convention continues to hold frequent meetings, and, in accordance with a project started during the month to extend its influence, has sent two of its members on a lecturing tour to outports and the interior.

*Strikes and Unemployment.*—There were three strikes affecting about 450 workers during the month, while some 9,060 workers are out of employment as a result of the closing down of 13 silk filatures. These factories closed in accordance with a decision reached at a meeting of silk filature proprietors on November 15 to suspend business in order to limit the production of silk until the market for this commodity is stabilized by assistance from the Government or a revival of business.

*Anti-Japanese Boycott.*—Several meetings with the object of reviving the anti-Japanese boycott were held during the month under the auspices of the Boycott 'Bad' Goods Society which has made the presence of Japanese soldiers at Hungchun a pretext for renewing this agitation.

*Disbanding of Soldiers.*—1,383 disbanded soldiers, en route from Tsongchow, Chihli, to their homes in Yunnan and Kwangtung, passed through Shanghai during the month. These soldiers formed part of the Chung Woo Army raised by General Lung Chi-kwang, a former Tuchun of Kwangtung, for the purpose of reconquering that province for the North. Some of them deserted while in Shanghai.

*Price of Rice.*—The price of rice increased slightly during November. At the beginning of the month it cost from $7.90 to $8.60 per picul, and at the end of the month the price ranged from $8.60 to $9.40 per picul.

*Identification Office.*—During the month 686 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 148 were identified as having a previous conviction or convictions. In addition to the above 133 records were received from the French Police out of which number 57 were identified in the records of this office, making the total for the month:—

## Report of the Commissioner of Public Works for November.

In view of the gradual change in the nature of the street traffic, due mainly to the advent of the motor truck, the condition of many of the wooden bridges calls for consideration. Most of these bridges are very old, and they are extensively patched nearly every year.

When most of them were designed present traffic conditions could hardly have been anticipated, and in any case it would not then have been economical to design the bridges for problematical heavy traffic.

Under existing regulations motor freight vehicles are permitted up to a gross weight of 24,000 lbs., nearly 11 tons, and although the existing bridges may carry these loads it is only with a very considerably reduced factor of safety, and the vibration due to heavy loads constantly passing will gradually bring about a dangerous condition.

Regulations prohibiting vehicles over certain weights crossing wooden bridges are under consideration, the result of which will be that all heavy motor trucks will have to cease using the wooden bridges, and cross by the steel and concrete bridges instead.

ROADS.

*Thibet Road.*—The lowering of the carriageway and footpaths at the junction with Sinza and Peking Roads has been completed, and the road ballasted and metalled to Soochow Road, thus completing the Thibet Road along the line of the old Defence Creek, from Avenue Edward VII, to the Soochow Creek.

Temporary refuge islands have been erected at the road junction experimentally.

*N. Szechuen Road.*—Asphaltic concrete has been laid between Tiendong Road and Woochang Road. The section south of Tiendong Road has not been done, in view of the approaching reconstruction of Szechuen Road bridge and approaches.

*Holung Road.*—Raising and grading completed from Yangtszepoo Creek to Meichow Road.

*Meichow Road.*—Raising, grading, and culverting completed from Hochien Road to Holung Road.

*Linching Road.*—Raising, grading, and culverting completed from Ward Road to Pingliang Road.

DRAINAGE.

*Weihaiwei Road.*—A 3-ft. diameter culvert is being laid between Yates Road and Seymour Road, and the side ditch filled in.

*Range Road.*—A 1-ft. 6-in. by 1-ft. sewer has been laid between North Honan Road and Haskell Road. The old sewer has been left in to carry the drainage from the south side of the road.

CREEKS AND RIVERS.

*Soochow Creek.*—The concrete bunding west of Tatung Road is about half completed. The work is proceeding in short lengths to allow of the cofferdam timber being used several times over. This necessarily renders progress slow.

In connexion with this work two overhead bridges are being constructed to enable cargo to be transported direct from the adjoining flour mill to the boats in the creek without the usual obstruction occasioned by a string of coolies crossing the road with their loads.

A wooden jetty has been constructed west of N. Thibet Road.

MUNICIPAL PROPERTIES.

*Yangtszepoo Fire Station.*—The electric light fittings and other internal fixtures have been put in position, and the Departmental work dependent thereon proceeded with. The concrete look-out at the top of the tower is in hand.

*Louza Police Station Extension.*—The concrete to second floor has now been put in.

*Hongkew Police Station Extension.*—Excavations for foundations are in progress.

*Isolation Hospital Observation Suite.*—Concrete foundations are in hand.

*Gordon Road Police Station Gymnasium.*—First floor level has been reached.

*Pingchiao Quarry.*—1,089 fong of material was despatched to the Public Works Department during the month. The average number of coolies and artisans employed was 206.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings—collected cartloads | 4,106 |
| Ashes cartloads | 1,179 |

*Labour.*—The average number of labourers employed daily was as follows:—

| | |
|---|---|
| Coolies | 2,867 |
| Artisans | 559 |
| Foremen | 234 |
| Mafoos | 153 |

## MUNICIPAL NOTIFICATION

### No. 2785.

### TRAFFIC REGULATIONS.

THE following Regulations for the governance, control, direction and facilitation of traffic within the limits of the Foreign Settlement and on Municipal roads or alleyways outside such limits, have been authorized by the Council under the powers conferred by Bye-law XXXVI, annexed to the Land Regulations for the said Foreign Settlement. The said Regulations will have effect from January 1, 1921, on which date the existing Regulations will cease to be effective:—

1.—Certain Terms and Expressions used in these Regulations shall be defined as under:—

*Traffic.*—Vehicles and pedestrians making use of a highway.

*Highway.*—Any space intended for vehicular or pedestrian traffic.

Synonymous terms: Road, Street, Thoroughfare.

*Roadway.*—That portion of a highway intended for the use of vehicles.

*Footpath.*—That portion of a highway intended for the use of pedestrians.

*Kerb (Curb).*—The edge of a roadway, whether marked or understood.

*Safety Zone.*—Any portion of a roadway from which vehicles are excluded.

*Street Island.*—A raised portion of a roadway forming a safety zone. The term includes:—

(*a*) Traffic Island—a refuge for the use of pedestrians or a turning or division point for vehicular traffic.

(*b*) Tramway Island or Loading Platform—a refuge at a tramway stopping place for the use of passengers entering or leaving tram cars.

*Vehicle.*—Any conveyance (but not including a horse). Provided (1) that skaters, children's perambulators and invalids' chairs shall be considered as vehicles only when on a roadway but as pedestrians when on a footpath; (2) that in these Regulations the term 'vehicle,' expressed or implied, shall apply to tramcars only in so far as their being confined to rails will allow.

*Horse.*—Any animal used as a conveyance or for draught purposes.

*Driver.*—Any person who for the time being is in charge of a vehicle on a highway.

*Pedestrian.*—Any person on foot on a highway. Provided that skaters, children's perambulators and invalids' chairs shall be considered as pedestrians when on a footpath but as vehicles when on a roadway.

*Passenger.*—Any occupant of a vehicle other than the driver or a servant of the owner of the vehicle actually in the performance of his duty.

*Tramcar.*—Any vehicle which is confined to rails on a roadway.

*Railless Car.*—Any vehicle, other than a tramcar, which is propelled by electricity and is dependent on an overhead cable for its power supply.

*Motor Vehicle.*—Any vehicle which is propelled by an internal combustion engine or by electricity; provided that tramcars and railless cars are not considered as motor vehicles.

*To Rank.*—To stand a vehicle parallel with the kerb.

*To Park.*—To stand a vehicle at an angle with the kerb.

*Vehicle Stand.*—A portion of a roadway or other space specially set apart for the ranking or parking of vehicles.

2.—Every person using a highway, whether as a driver, pedestrian or passenger, shall thereby incur an obligation to facilitate the movement of traffic and promote public safety.

3.—No person shall walk on a highway in a dangerous, reckless, negligent or otherwise improper manner.

4.—No person shall walk on a highway in such a manner as to cause unnecessary obstruction to other traffic.

5.—No person shall drive a vehicle on a highway in a dangerous, reckless, negligent or otherwise improper manner.

6.—No person shall drive a vehicle on a highway, or cause a vehicle to occupy any portion of a highway, in such a manner as to cause unnecessary obstruction to other traffic.

7.—No person shall enter or leave a vehicle on a highway in such a manner as to cause unnecessary obstruction to other traffic, or unless such vehicle is drawn in close to the kerb.

8.—No person shall load or unload cargo or goods on a highway in such a manner as to cause unnecessary obstruction to traffic.

9.—No person shall carry or place a load or any other article on a highway in such a manner as to cause unnecessary obstruction to traffic.

10.—Every driver or pedestrian on a highway shall promptly obey the instructions or signals of police on duty.

11.—No driver shall exceed a safe, reasonable and considerate speed, having due regard to the rights of other users of the highway, to existing traffic conditions, to the state of the road surface and to the presence of dangerous points, whether indicated or otherwise.

12.—A driver shall keep to the left hand side of the roadway—the slower his speed the nearer the kerb.

13.—A driver when turning a corner to the left shall keep as near the left hand kerb as possible

14.—A driver when turning a corner to the right shall make a wide sweep and shall enter the new roadway (if possible) to the left of its centre line.

15.—A driver when passing a street island situated in the centre of a highway, or to the right of its centre line facing the direction of travel, shall do so to the left.

16.—A driver when passing another vehicle going in the opposite direction shall do so to the left.

17.—A driver when passing another vehicle going in the same direction (except a tramcar) shall do so to the right.

18.—A driver when passing a tramcar whether moving or stationary going in the same direction shall, if practicable, do so to the left.

19.—A driver when passing a tramcar going in the same direction, which has stopped to take up or set down passengers, shall do so at a slow speed and in a considerate manner; or, if necessary, he shall stop until the roadway is clear.

20.—No driver shall attempt to pass another vehicle going in the same direction unless a clear view ahead can be obtained.

21.—A driver shall slow down when passing over a bridge or street crossing or when turning a corner or rounding a bend where a clear view ahead cannot be obtained.

22.—A driver of a motor vehicle approaching a horse on a highway shall slow down or stop if necessary, or if requested to do so.

23.—A driver shall, in the event of an accident on a highway in which his vehicle is in any way concerned, immediately stop his vehicle in order to ascertain the extent of any damage or injury and to render any necessary assistance. He shall remain until notified by the police that his presence is no longer required; or, in the event of no police officer being available, he shall report the occurrence to a police station without undue loss of time.

24.—No driver shall cause a vehicle continuously to overlap or travel abreast of another vehicle on a highway when by so doing an obstruction to other traffic is caused.

25.—No driver shall cause a vehicle to remain at the entrance to any premises in such a manner as to obstruct access thereto, longer than is necessary for the expeditious taking up or setting down of passengers, or the loading or unloading of freight or goods.

26.—No driver shall back his vehicle or turn it round in a roadway if by so doing he obstructs or endangers other traffic.

27.—A driver when stopping his vehicle in a roadway for the purpose of taking up or setting down passengers or for any other reason (except in obedience to police signals), shall do so as close to the kerb as possible.

28.—No driver shall cause a vehicle to stop to take up or set down passengers, or otherwise to remain stationary (except in obedience to police signals), between a street island and the nearer kerb; or, in the case of a centrally situated island, between the island and either kerb.

29.—A driver setting down or taking up passengers at any of the undermentioned places shall observe the following rules:—

*Shanghai Club.—Set down* facing South and draw off in the same direction.

*Park* on south end of Bund Vehicle Stand.

*Masonic Club.—Set down* facing North and draw off in the same direction.

*Rank* on north end of Bund Vehicle Stand.

*Take up* facing North and leave in the same direction.

*Race Club Meetings.—Set down* facing West and draw off in the same direction.

*Rank* in Myburgh and Mohawk Roads.

*Take up* facing West and leave in the same direction.

*Town Hall.—Set down* facing West and draw off in the same direction.

*Rank* in Kwangse and Kweichow Roads.

*Take up* facing West and leave in the same direction.

*Lyceum Theatre.—Set down* facing North and draw off in the same direction.

*Rank* in Soochow Road facing Museum Road.

*Take up* facing South and leave in the same direction.

*Victoria Theatre.—Set down* facing East and draw off in the same direction.

*Rank* in Haining Road.

*Take up* facing West and leave in the same direction.

*Apollo Theatre.—Set down* facing North and draw off in the same direction.

*Rank* in Haining Road, moving to east side of North Szechuen Road north of theatre entrance, facing South, after 11.30 p.m.

*Take up* facing South and leave in the same direction.

*Olympic Theatre.—Set down* facing East and draw off in the same direction.

*Rank* in Burkill Road east of Carter Road, facing West.

*Take up* facing East and leave in the same direction.

30.—No driver shall use a horn, bell, or other form of warning signal unnecessarily, or in such a manner as to cause public annoyance.

31.—The following signals are authorized and shall be used by drivers, as required, for the information of other drivers and of police on duty:—

(1) *"I am stopping."*—Extend the right arm vertically upward; or horizontally to the right and move it up and down.

(2) *"I am turning to the right."*—Extend the right arm horizontally to the right.

(3) *"I am turning to the left."*—Extend the right arm horizontally to the right, and wave it towards the left across the body.

(4) *"I am going straight on."*—Extend the arm horizontally forward.

(5) *"Come on," or "Go past."* Extend the right arm horizontally to the right and wave the hand in a forward direction.

(In the case of a motor vehicle having a left hand drive, the corresponding signal must be made with the left arm.)

32.—No person shall stand or sit on or otherwise occupy the footboard of a vehicle in motion on a highway.

33.—No person who is not a passenger in the said vehicle shall hold on to any part of a vehicle in motion on a highway.

34.—No person shall drive a motor vehicle on a highway who is not in possession of a licence from the Council or the French Council to do so. Such licences are issued by the Police of the respective Councils, after examination, to competent persons over the age of seventeen years.

35.—No person shall drive a vehicle on a highway when under the influence of liquor, or when for any reason he is physically or otherwise incompetent to do so.

36.—No vehicle shall be driven on a highway when such vehicle is so constructed, equipped, loaded or enclosed as to be dangerous, to obstruct traffic, to scatter its contents, to unduly damage the road surface, to create undue noise in transit or to prevent the driver from having a sufficient view for safety; or when by reason of inefficient brakes or other mechanical defect it is not under complete and immediate control.

37.—No vehicle, in respect of which an identification number plate (plates) or card is issued by the Council or the French Council, shall be driven on a highway unless such plate (plates) or card of the regulation pattern is affixed thereto as prescribed in the licence conditions.

38.—No vehicle, except skaters, children's perambulators and invalids' chairs shall make use of a footpath, or shall enter or cross a safety zone.

39.—A vehicle driven on or occupying any portion of a highway between the hours of sunset and sunrise shall carry one or more lighted lamps as prescribed in the licence conditions. Provided that no light carried shall cause serious inconvenience or danger to any other user of the highway; that in the case of motor vehicles which carry head lamps only in front a suitable means be provided for reducing the power of the light; that when meeting other motor or horse drawn vehicles, or when using any highway within the area East of Carter Road and West of Muirhead Road, the full power of headlights be suitably reduced; and that all lamps carried be subject to approval by the Council.

40.—A motor vehicle shall carry an instrument capable of giving audible and sufficient warning of its approach, and such instrument shall be subject to the Council's approval. The use of gongs, sirens, whistles or bells on motor vehicles other than those belonging to the Fire Brigade is prohibited.

41.—A vehicle in the service of the Fire Brigade, when proceeding to or from a fire (i.e., with the carillon bell continuously rung) shall always have the right of way. On its approach all other traffic shall immediately draw in to the side of the roadway where it shall stop, clear of crossings and street islands, until the Fire Brigade vehicle has passed.

42.—A vehicle in the service of a municipal department or a repair vehicle of a public service company or an ambulance shall, in an emergency, have the right of way over all other traffic.

43.—No vehicle shall tow more than one other vehicle; and no tow connexion shall exceed a clear length of sixteen feet.

44.—No motor vehicle shall pass another motor vehicle in motion, proceeding in the same direction, in the section of Bubbling Well and Nanking Roads between Mohawk Road and the Bund.

45.—No empty passenger vehicle, or one which is occupied only by a paid driver, shall (except for purposes of crossing) be driven on Nanking Road, east of Thibet Road, between the hours of 8 a.m. and 10 a.m., noon and 2 p.m., and 4 p.m. and 6 p.m.; or on the main Bund Road south of Peking Road.

46.—No motor truck, wagon, hand-cart, wheelbarrow or other freight vehicle, or coolie carrying a load, shall (except for purposes of crossing) use any portion of Bubbling

Well Road, Nanking Road, or the main Bund road south of Peking Road, unless the immediate destination of such vehicle or coolie can be reached in no other way.

47.—Except on a duly authorized Vehicle Stand, the ranking or parking of vehicles on a highway shall as a rule be permitted to a limited extent and/or for a limited time only; and shall be dependent on the exigencies of traffic.

The Vehicle Stands authorized for rickshas only are indicated by signboards. Those authorized for the ranking or parking of motor or horse drawn vehicles are specified hereunder :—

(1) Bund (Centre) between Avenue Edward VII and Peking Road.
(2) Avenue Edward VII (Centre) between the Bund and Kiangse Road.
(3) Hankow Road (Centre) between Honan Road and Kiangse Road.
(4) Soochow Road (North side) between the Garden Bridge and Chapoo Road Bridge.
(5) Whangpoo Road (South side) East of Astor Road.
(6) Avenue Edward VII (North side) between Yunnan Road and Thibet Road.
(7) Thibet Road (East side) between Nanking Road and Burkill Road.
(8) Thibet Road (East side) between Nanking Road and Kiukiang Road.
(9) Bubbling Well Road (South side) between the main Race Club gate and a point opposite Myburgh Road.

48.—No vehicle shall be ranked or parked for an extended period in Nanking Road between Shantung Road and the Bund. Temporary ranking and parking accommodation in this section is provided for the vehicles of persons visiting business premises, such places are marked by means of white lines on the kerb and no vehicle shall be ranked or parked except where the kerb is so marked. No vehicle shall be ranked or parked on the south side of the above section of Nanking Road between the hours of 11.45 a.m. and 12.30 p.m., Sundays excepted.

49.—No vehicle shall be ranked or parked in Whangpoo Road between Astor Road and the Garden Bridge.

50.—No person shall walk, or drive or cause a vehicle to remain on a highway or section of a highway in contravention of an order made by the Commissioner of Police restricting or prohibiting the use of such highway or section of a highway by pedestrians or vehicles.

For the better regulation of traffic the Commissioner of Police is authorized, in his discretion and as circumstances may require, to restrict or prohibit the passage of pedestrians or vehicles upon any specified highway or section of a highway, either generally, or in a stated direction, or within certain hours; and any such restriction or prohibition shall have the effect of a Traffic Regulation authorized by the Council.

51.—No person shall cause a vehicle to be ranked or parked at any place on a highway after the receipt of notice from a police officer that such ranking or parking is prohibited.

52.—No vehicle when ranked at the side of a roadway shall have its inner wheel or wheels more than 4 inches from the kerb.

53.—The excessive discharge of smoke from the exhaust of a motor vehicle on a highway is prohibited.

54.—The use of an open exhaust or "cut-out" on a motor vehicle on a highway is prohibited.

55.—No person shall drive a horse-drawn wagon or similar heavy vehicle on a highway at a faster pace than a common walk.

56.—No horse, whether attached to a vehicle or not, shall be left on a highway unattended or in such a condition that it is not under complete and immediate control.

57.—A led horse on a highway shall be led by the near rein against the traffic on the right hand side of the roadway facing the direction of travel.

58.—A person leading a horse on a highway between the hours of sunset and sunrise shall carry a lighted lamp.

59.—A person riding a horse or a coolie carrying a load on a highway shall conform generally to traffic regulations regarding vehicles and their drivers.

60.—No horse shall be harnessed or unharnessed on a highway in such a manner as to cause unnecessary obstruction to traffic.

61.—Traffic at the jetties and pontoons on the River and Soochow Creek is under the control of the Police, who have instructions to prevent overcrowding the jetties and overloading the pontoons and otherwise to maintain public access thereto. The landing stage immediately to the north of the Customs pontoon is open exclusively for passenger traffic, while the use of the remainder of the jetties and pontoons between the Soochow Creek and Avenue Edward VII is confined to the landing and shipping of cargo.

**PUBLIC ENTERTAINMENTS.**

THE Council's attention has been drawn to the fact that certain public entertainments have recently been held without a licence: the attention of the Public is therefore directed to Bye-law XXXIV attached to the Land Regulations which prohibits the holding of any entertainment, to which the public are admitted, without a licence first obtained from the Council.

This regulation includes theatrical performances, concerts, exhibitions, dances, etc.; and the Police have directions to prevent the holding of any such entertainment unless licensed.

To obviate inconvenience application should be made at least five clear days before the entertainment is to be held, upon a form to be obtained on application from the Revenue Office.

By order,

N. O. LIDDELL,

*Secretary.*

Council Room,

Shanghai, December 16, 1920.

## MUNICIPAL NOTIFICATION

**No. 2783.**

**CHINESE WATCHMEN.**

EMPLOYERS of Chinese Watchmen under Police Supervision are notified that, in order to strengthen control and simplify administration, the wages of such watchmen will be paid direct by the Council, who will make a charge of $2 per mensem in respect of each man to cover the cost of the additional supervision. The monthly cost of a watchman will accordingly be $17 for 12 hours, or $14 for 8 hours, duty per diem, for which employers will receive a debit note in due course from the Revenue Office. These modifications of the existing arrangements will take effect from January 1, 1921.

Uniform, if required, is supplied at rates which can be obtained on application to the Assistant Commissioner of Police (Chinese), Gordon Road Police Station (Telephone No. West 882) to whom all enquiries regarding Chinese Watchmen should be addressed.

## Fire Brigade Report for November.

The total number of calls to fires, or supposed fires, during the month was 42, as against 21 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 20,875 (Foreign Tls. 4,400: Chinese Tls. 16,475), as against Tls. 16,150 (Foreign Tls. 12,000: Chinese Tls. 4,150) during November 1919. The property at risk is estimated at Tls. 918,500 (Foreign Tls. 252,500: Chinese Tls. 666,000) as against Tls. 506,700 (Foreign Tls. 146,700: Chinese Tls. 360,000) for the corresponding period last year.

The calls were received as follows:—Telephones 26, Watch Towers 15, Messenger 1. The District call was given on 8 occasions, the remaining 34 being Station calls. These calls proved to be 30 small fires, 2 chimney fires, 3 false alarms, and 7 fires outside the Settlement.

The principal supposed cau fires within the Settlement a follows:—Dropped match or rette end, lamp upset, overh machinery, fire crackers, spar embers from stoves, fusin electric wires.

Of these 3 buildings were troyed, and 21 others were mo less damaged by fire, smoke water.

There was an exceptional nu of calls during the month, b is pleasing to be able to report the losses were very low. one or two instances there grave suspicion as to the cau the fire. The worst loss durin month was:—

*November 15, 4.14 a.m., H. 2 Hoopeh Road.*—A Disper was in flames, as were upper floors of Nos: H 290/1. entral Division, however, con the damage to these two build but only after a difficult task about 20 minutes.

*November 16, 2.44 a.m. LH off Baikal Road.*—When the H kew Division arrived a dwel house used for the storage of ton was found to be in fla The upper floors were already much overloaded, and alth water was sparingly used, walls collapsed without warn burying nine men of the Divi The men were extricated great difficulty with the assist of the Police on duty and a spectators, whose kindly aid much appreciated by the Dep ment. Three men were so severel jured and burnt, that they detained in Hospital, Fire Jackson being the most b burnt. All are progressing fav ably, except Chinese Fireman 41, whose right leg had to amputated. The other six were taken to Hospital and there treated, but not detained.

*November 25, 2.26 p.m., S. 219 Fearon Road.*—A ginning mill in flames, and the fire had through to an egg factory. greatest care had to be exercise this fire, as the premises, conve Chinese dwellings, were so o loaded that they were in a stat collapse. Exceptional measu were taken, firemen being tailed to shore up the floors, an large quantity of the heavier n chandize being removed to ground floor, whilst the fire wa progress.

The last two fires again illust the absolute necessity of prev ing buildings, constructed dwellings, being converted i industrial buildings, especially congested blocks.

As usual, valuable assistance rendered to the Chapei Brigade several occasions.

# The Municipal Gazette

Vol. XIV. SHANGHAI, SATURDAY, JANUARY 8, 1921. No. 726

## MUNICIPAL NOTIFICATION

**No. 2702.**

**7 PER CENT. LOAN, 1920.**

**Price of Issue Until Further Notice 92½ Per Cent.**

UNDER the authority of Resolution VII passed at the Annual Meeting of Ratepayers on April 7, 1920, the Council hereby invites applications for debentures in the 7 per cent. Loan of 1920.

The debentures in this issue will bear interest from the date of purchase at the rate of 7 per cent. per annum payable on June 30 and December 31 in each year.

They will be issued at 92½ per cent. until further notice and will be redeemed on December 31, 1930.

The scrip will be issued in denominations of Tls. 1,000, Tls. 500 and Tls. 100 to suit the convenience of applicants, but no allotment for a less amount than Tls. 500 nominal will be made except to depositors in the Municipal Investment Bank.

Application forms can be obtained from the Treasurer and Comptroller, Finance Department, 24B Kiangse Road, to whom all inquiries should be addressed.

By order,

N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, April 13, 1920.

## MUNICIPAL NOTIFICATION

**No. 2784.**

**SHANGHAI MUNICIPAL COUNCIL**

**Six per cent. Sterling Loan, 1920.**

**Issue of Debentures to Bearer (with Interest Coupons attached)**

NOTICE is hereby given that on and after Tuesday, December 28, 1920, Bankers' Receipts Nos. 1-123, 125-196, 198-219, 221-236, 238-258, 260-299, 301-320, 323-350, 352-356 (being in respect of subscriptions received prior to September 1, 1920) may be exchanged for Debentures to Bearer, with Interest Coupons attached, at the office of the Treasurer and Comptroller, Finance Department, Administration Building, Hankow Road. For their own protection, holders of Bankers' Receipts are advised to attend personally at the above address, or to give a written authority to any person acting as their proxy in the matter.

Interest Coupon No. 1, payable on December 31, 1920, must be lodged with the Hongkong & Shanghai Banking Corporation, No. 56 Szechuen Road, two clear days before the date of payment. Payment will be made (at the option of the Debenture Holder to be declared in writing at the time of lodgement with the Bank) either by sterling demand draft on London at par, or in silver (local currency) at the Hongkong & Shanghai Banking Corporation's Shanghai current demand buying rate on London on date of presentation of the relative Interest Coupon.

A further notification will be issued in due course as to the exchange of Bankers' Receipts not specified above, and relative to subscriptions received subsequent to August 31, 1920, in respect of which interest does not become payable until June 30, 1921.

By order,

### Electricity Committee.

The resignation of Mr. C. G. S. Mackie of his seat on the above Committee has been accepted with regret.

### Police Force.

*Foreign Branch Quarters.*—The leases from Messrs. Lester, Johnson and Morriss of Nos. 7 and 12 Avenue Road have been renewed for a further period of three years terminating on January 14, 1924 and December 31, 1923, respectively.

### Educational Department.

Mr. H. O. White's Bursary for the year ending December 31, 1920, has been awarded to Victor F. Viccajee, as being the best all-round pupil in the Thomas Hanbury School for Boys.

### Ricsha Shelters.

*Bubbling Well Carriage Turn.*—After consideration of reports by the Commissioner of Police and the Commissioner of Public Works it has been decided to erect two ricsha shelters, one in Bubbling Well Road immediately south of St. George's Farm and one in Yuyuen Road immediately north of St. George's Farm.

### Advertising Kiosks.

Letter from Messrs. Atkinson & Dallas, Ld. on the above subject, with Council's reply:—

Shanghai, December 7, 1920.

DEAR SIR,—On behalf of a client we beg to apply to the Council for permission to erect 120 advertising kiosks at certain points in the principal streets of the Settlement, as shown on the enclosed plan, which would of course be modified to suit the Council's views and in no case would any Kiosks be erected in front of doorways or entrances. The Kiosks would be built of reinforced concrete in two sizes, 2-ft. 6-in. and 3-ft. 6-in. across the base, and 11 feet high above the footpath. They will be made hollow and erected in one or two pieces, all work to be done at night so as not to interfere with the traffic.

As you are no doubt aware these kiosks are very popular on the Continent and have not been found to be any obstruction to traffic.

An annual fee would be paid for the privilege of erecting these kiosks on the side walk and after a period of ten years the kiosks to become the property of the Council, who might then lease them for advertising or utilize them for some other purpose.

During the first ten years the Council to have the sole right to use the interior of the kiosks for any purpose they thought fit and no doubt arrangements might be made with the Chinese Post Office to use many of them for letter boxes.

The structures would be designed to have a pleasing appearance, the plan of course being subject to the Council's approval.

During the first ten years, the income the Council will derive from the kiosks may not seem large, but it should be recollected that after ten years, when the kiosks belong to the Council, a substantial amount would be derived by the Council leasing them out.

Although these kiosks may be considered an innovation in the Settlement, and prejudice may be aroused thereby, we trust the matter may be considered impartially, as a step to bring Shanghai in line with Western cities.

Yours faithfully,

ATKINSON & DALLAS, LD.

CHAS. H. GODFREY, Esq.,
Commissioner of Public Works.

Council Room,
Shanghai, December 29, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of December 7, containing certain proposals that a number of Kiosks be erected in the streets for advertising purposes.

In reply thereto, I am directed to inform you that after having given this matter careful consideration the Council is averse thereto.

I am, Gentlemen,
Your obedient servant,

E. S. B. ROWE,
*Assistant Secretary.*

MESSRS. ATKINSON & DALLAS, LD.

## MUNICIPAL NOTIFICATION

**No. 2792.**

(*Translation*)

**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, January 13, 1921.

**Road Extensions and Widenings.**

*Bubbling Well Road.*—With reference to the correspondence published in the Municipal Gazette of September 12, 1918, the negotiations relative to the acquisition of Mow 0.768 ex Cadastral Lot No. 242, required for improving the line of this road, have been concluded in terms of the following correspondence:—

Council Room,
Shanghai, August 10, 1920.

SIR,—You will recall that in 1918 you entered a protest at the widening of the Bubbling Well Road to its full scheduled width as affecting your property Lot 242 and that the Council of that year replied that it had no intention of requiring surrender of the scheduled area until the lot was put to some other use than at that time, or until rebuilding should take place.

Conditions have changed greatly during the past two years and the Council of to-day recognizes that this widening is now urgently required in the public interest and I am directed, therefore, to request that you will be so good as to favour me with your claim for compensation in respect thereto. The land required ex your lot for widening the road measures in depth 25 ft. at the western end and 21 ft. 6 at the eastern end, the total area required being Mow 0.768.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

S. A. HARDOON, Esq.

---

Messrs. Platt & Co. at this stage took up the matter on behalf of Mr. Hardoon and a letter was addressed to them repeating the request for submission of Mr. Hardoon's claim at an early date. The following reply was received:

Shanghai, October 13, 1920.

SIR,—We have to acknowledge receipt of your letter dated October 1, and in reply we are instructed to inform you that Mr. Hardoon assesses his claim for compensation at Tls. 20,000.

In estimating this figure Mr. Hardoon has in mind not only the present value of the property and the way in which it will be affected by the proposed surrender, but also the fact that the diminution in area of the property will very adversely affect future building development.

We are, Sir,
Your obedient servants,
PLATT & CO.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, October 25, 1920.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of October 13 relative to the area required ex Cadastral Lot 242 in connexion with the widening of Bubbling Well Road, and in reply thereto to request that you will be so good as to forward me a detailed statement as to computations on which the claim for compensation at Tls. 20,000 is based.

I am, Gentlemen,
Your obedient servant,
S. H. LEWIS,

Shanghai, November 24, 1920.

SIR,—With reference to the correspondence which has already passed between us and to the conversation which Mr. Gregson had with you yesterday, we are instructed to state that in view of all the circumstances, Mr. Hardoon has decided to confine his claim for compensation to the assessed value of Cadastral Lot 242W (Tls. 12,000 per mow) plus 10 per cent. plus reinstatement: this last to be carried out by the Council and to include, where necessary, the removal and replanting of trees and shrubs.

Mr. Hardoon requests that the Council should notify him and his tenants occupying Nos. 106 and 108 Bubbling Well Road when it is intended to proceed with the work.

We are, Sir,
Your obedient servants,
PLATT & CO.

**Road Maintenance.**

Correspondence with the French Municipal Council on the subject of the re-division of responsibility for the maintenance of Avenue Edward VII, Avenue Foch and Avenue Haig:—

Council Room,
Shanghai, October 26, 1920.

SIR,—I am directed to refer to the arrangements which at present exist between the French Council and the Council, in the matter of the maintenance of Avenue Edward

VII, Great Western Road (Avenue Foch) and Siccawei Road (Avenue Haig), and to request that you will be so good as to request the French Council to consider an alteration of the present division of the responsibility for the maintenance of these roads to the simpler system suggested in tabular form hereunder.

The Council is of the opinion that the suggested redivision is approximately proportionate to the amount of traffic from the two Settlements using these roads, and that it would at the same time simplify the present somewhat complicated arrangement.

Whilst suggesting a redivision of the responsibility on the question of road maintenance, it is not proposed that the existing lighting arrangements should be altered for the present.

*Translation of letter from the French Municipal Council dated November 13, 1920.*

SIR,—I have the honour to acknowledge the receipt of your letter of October 26 last, concerning the maintenance of the roads bordering the two Settlements.

The French Council, who considered this matter at its meeting on November 3, 1920, has accepted in principle the division by portions of the upkeep of the roads in question.

But to render equal the obligation of the two Municipalities, it suggests that the length of these portions be fixed in such manner that the surfaces for upkeep be equal for the macadamised roadway as well as for the riding tracks.

I am, Sir, etc.,
P. LEGENDRE,
*Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, December 20, 1920.

SIR,—I am directed to acknowledge the receipt of your letter of November 13, relative to the maintenance of Avenue Edward VII, Avenue Foch and Avenue Haig, and in reply to make the following alternative proposal as to the apportionment of the cost of such maintenance:—

*To be maintained by F.M.C.*

I attach hereto a plan illustrating the present suggestion, for your convenience in considering the matter.

ARTHUR STANLEY,
*Health Officer.*

## Health Officer's Report for December, 1920.

A feature of the Public Health of the month under review has been the marked prevalence of Diphtheria. Thirty cases among foreigners were notified none of which ended fatally. The cases were mostly mild in form though remaining long infective, the diphtheria bacillus tending to remain long in the throat and nose, requiring unusually long isolation. Chinese cases presented the same characteristics.

Diphtheria is a disease of which the cause and mode of transmission are well known, while a specific preventive and curative agent is available. It is, however, a disease which is not materially prevented. At the time of writing there are some 8,000 cases of this disease and Scarlet fever being treated in the isolation hospitals of London and a similar incidence is frequently reported in other parts of the world. Like the common cold it may be said that Diphtheria and Scarlet fever are found generally prevalent, little real progress having been made in reducing incidence though marked changes in virulence occur. This may be accounted for by infection coming from the nose and throat and being conveyed by the breath in coughing, speaking and sneezing to those in close proximity to cases or carriers. As a rule the conditions which lead to a prevalence of Diphtheria give rise to a prevalence of Scarlet fever also. So far, however, the incidence of Scarlet fever has happily been very small. Convalescents should not be released from isolation until two cultures taken from the nose and throat show freedom from the diphtheria bacillus on examination in the Municipal Laboratory. The earlier antitoxic serum is used the better the result, which gives an indication to the public of great value, namely, children with sore throats should see the doctor as early as possible. Were all cases of Diphtheria to have antitoxin on the first day of the disease there would be no fatal cases whatever.

A second important feature of the Public Health during the month was the discovery of a plague-infected rat on December 20 in a house refuse receptacle outside Lg 674 Dalny Road in the Eastern District in close proximity with the South Manchurian Railway Co.'s Wharf. Another plague-infected rat was found on December 31 in a refuse receptacle outside J 1275 Seward Road not far from the Wayside Wharf. Since December 1908, when plague-infected rats were first discovered in the Settlement, a daily examination of rats found dead has been made in the Municipal Laboratory. Had it not been for this, these rats would not have been discovered and plague might have developed on a large scale. As it is, the available plague prevention staff has been concentrated on these two foci and there is hope that infection may be

limited. The partial rat proofing of new buildings required by the Building Rules as well as the very extensive rat-proofing operations carried out in old houses by the Health Office since 1909 should greatly help in securing immunity. More is wanted, however, before the Building Rules can be considered adequate in securing rat-proof buildings, not only in the rules themselves but also in the way they are carried out. The Settlement has been entirely free from plague-infected rats for four years until the present discovery was made.

The finding of these plague-infected rats in proximity to wharves where ships come alongside from ports where plague is known to exist is a precise repetition of December 1908, when the first plague-infected rat was found in Yuenfong Road near the Hongkew Wharves, and is positive proof of their being brought by ships to Shanghai. It again shows, should further demonstration be necessary, the importance of taking adequate steps in freeing ships from rats, especially those which call at ports where plague infection is known to exist.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

**HISTORY OF SHANGHAI.**

THE first volume of this work, to be completed in three volumes, will shortly be published by Messrs. Kelly and Walsh Ld. at $7.50.

The Council is anxious to secure a few good photographs or prints of Shanghai prior to the year 1858, for reproduction and inclusion in this volume, more particularly is it desired to secure a good print of the Signing of the Treaty of Nanking on board H.M.S. Cornwallis, on August 29, 1842.

The greatest care will be taken of any photographs or prints forwarded to the undersigned in response to this Notification.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, January 20, 1921.

## MUNICIPAL NOTIFICATION
**No. 2792.**
*(Translation)*
**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

THE following amended licence conditions will be enforced from this date:—

23. That no opium smoking be permitted on the premises, and that the licensee shall notify the Police of the presence of any lodger or customer found to be smoking opium.
24. That lodgers or customers carrying firearms or other dangerous weapons be immediately reported to the Police.

The existing conditions Nos. 23 and 24 are accordingly renumbered 25 and 26.

20. The following is substituted for the existing licence condition of this number:—That no thieves, disreputable persons, revolutionists, anarchists, plotters against the Government of China, political offenders or men wanted by the Chinese Government shall knowingly be permitted to lodge, visit or assemble in the premises, or deposit any goods therein, and that immediate information be given to the Police if any persons herein named are found lodging on the premises.

**Unburied Coffins.**

Letter to the Senior Consul on the subject of the continued dumping of unburied Chinese coffins in a field just beyond the Settlement Boundary :—

Shanghai, January 13, 1921.

SIR,—I have the honour to refer to the correspondence with your predecessor in March last year on the subject of the nuisance caused by the dumping of unburied coffins close to the Settlement boundary off Kiaochow Road, as set forth in the issue of the Municipal Gazette herewith enclosed.

The Council is informed that since the time of removal of this nuisance last year, there has been a further gradual accumulation of coffins which now number 378. The Health Officer has been unable to induce the local Tipao to remove these coffins or to prevent their deposition, and I have the honour therefore to request that you will be so good as to arrange with the Chinese Authorities for their removal and burial as heretofore.

I have the honour to be,
Sir,
Your obedient servant,
A. BROOKE SMITH,
*Chairman.*

Sir EVERARD FRASER, K.C.M.G.,
H.M. Consul-General and Senior Consul.

**Door of Hope.**

Letter from the Hon. Treasurer of the above Institution with Council's reply :—

Shanghai, January 2, 1921.

DEAR SIR,—On behalf of the Committee of the Door of Hope I beg to thank the Council for the grants received during 1920, particularly for the "Special Grant" temporarily given. Exchange has certainly improved since this time last year, though it is not yet what it was before the war. Do you think that the Council would consider making this temporary grant a permanent one, which would make a total of Tls. 4,000 per year?

Submitting this question with thanks for help given.

Yours faithfully,
Mrs. (A. G.) C. M. PARROTT,
*Hon. Treasurer,*
*Door of Hope*

The SECRETARY, Municipal Council.

---

Council Room,
Shanghai, January 13, 1921.

MADAM,—I am directed to acknowledge receipt of your letter of January 2, on the subject of the public grant to the Door of Hope.

In reply thereto, I am directed to state that the Council will make provision in the Budget for renewal during the current municipal year of the grant of Tls. 2,500, also, having regard to the continuance of abnormal financial conditions, of a special grant of Tls. 1,500 additional.

I am to express regret that the Council cannot see its way to comply with your request that the temporary extra grant be made permanent.

I am, Madam,
Your obedient servant,
E. S. B. ROWE,
*Assistant Secretary*

Mrs. C. M. PARROTT,
Hon. Treasurer, Door of Hope.

**Waifs and Strays Home.**

Letter from the Hon. Secretary of the above Institution with Council's reply :—

Shanghai, November 25, 1920.

DEAR SIR,—I am directed by my Committee to ask you to place before the Council, a request that the grant hitherto made to the Waifs and Strays Home, which has now been absorbed by the Children's Refuge Brenan Road, be continued to the latter institution. We have recently taken in the remaining eleven children of the Waifs and Strays Home and owing to the considerable increase in the cost of maintenance generally, we find it necessary to submit the matter to the consideration of the Council.

After carefully reviewing the financial position of the institution my Committee hope that the Council will see their way to making them an additional annual grant of a thousand taels to enable them to carry on the Children's Refuge on its present lines.

Yours faithfully,
Miss IRVINE,
*Hon. Secretary,*
*Children's Refuge.*

The SECRETARY, Municipal Council.

---

Council Room,
Shanghai, January 13, 1921.

MADAM,—I am directed to refer to your letter of November 25, submitting a request that the grant hitherto made to the Waifs and Strays Home be continued to the Slave Children's Refuge. In reply I am directed to state that you are incorrect in your statement that the Waifs and Strays Home—by which it is presumed you mean the late Slave Children's Home in Tongshan Road—has been absorbed by the Children's Refuge, as the Home has in fact been absorbed by the Anti-Kidnapping Society's establishment at Kiangwan. In view, however, of the valuable work performed by the Refuge in the interests of the community, I am to state that the Council has directed provision in the Budget for this year for an increase in the grant-in-aid from Tls. 2,000 to Tls. 3,000.

I am, Madam,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Miss IRVINE,
Hon. Secretary, The Slave Children's Refuge.

**Public Library.**

Interchange of letters with Mr. R. N. Macleod on the subject of the "Wilson" Memorial Donation :—

Shanghai, January 7, 1921.

DEAR SIR,—At a Meeting held on December 30 of the Library Committee, I was asked to prepare and

submit a form of inscription to be placed in the books presented by the brother and sister of the late Mr. A. S. Wilson. I enclose a draft for submission to the Committee.

The books which will be presented are the following:—

Encyclopaedia Britannica.
Murray. Dictionary of the English Language.
Large World Atlas.
Giles. Chinese-English Dictionary.
Couling. Encyclopaedia Sinica.
Giles. Biographical Dictionary.
De Groot. Religions of China.
Atlas & Gazetteer of China.
Skeat. Etymological Dictionary.
Chambers. Biographical Dictionary.

All these books have arrived and are in my possession except volumes 6 and 10 of Murray's Dictionary and the Encyclopaedia Britannica. The latter was sent me in an edition of India paper, and I returned the same as being unsuitable for any Library. I do not know why the two volumes of Murray's Dictionary have not arrived, but the others came in instalments and I suppose these will arrive before long.

It has taken some time to get these books, and I do not yet know what the full cost may be, when I do know that there may be some further volumes to be selected.

Yours faithfully,
R. N. MACLEOD.

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

(*Draft Inscription*).

This volume is one of which have been presented to the Shanghai Library by Ethel Sidney Moysey and Gerald Sidney Wilson in memory of their brother Alfred Sidney Wilson who died on September 14, 1917 and with the object of making the nucleus of a Reference Library.

Council Room,
Shanghai, January 14, 1921.

SIR,—I am directed to acknowledge receipt of, and to thank you for, your letter of January 7, enclosing a draft form of inscription for insertion in the books presented to the Public Library by the relatives of the late Mr. A. S. Wilson, and containing a list of the works purchased, for the information of the members of Council and of the Library Committee.

In reply, I am directed to convey to you an expression of the members' appreciation of the work you have performed in connexion with the selection and purchase of these books, and to inform you that the draft inscription meets with the members' approval.

I am, Sir,
Your obedient servant,

**Wharfage Dues.**

In conformity with the correspondence published hereunder, in continuation of that published in the Municipal Gazette of April 1, 1920, the Council will move a resolution authorizing the suggested amendment of Land Regulation No. IX, at a Special Meeting of Ratepayers to be called for the same date as that to be fixed for the next Annual Meeting of Ratepayers:—

*Translation of letter from the Secretary to the French Council, dated, April 14, 1920.*

SIR,—I have the honour to acknowledge the receipt of your letter of March 30, on the subject of Wharfage Dues.

The French Council to whom your letter, as well as the correspondence enclosed therewith, was submitted at its meeting on April 12, directs me to inform you that it agrees in advance to any proposals that the Municipal Council thinks fit to make to the Chinese Customs Authorities, with a view to bringing to a satisfactory conclusion the question of Wharfage Dues.

I am, etc.,
P. LEGENDRE,
*Secretary.*

The SECRETARY, Municipal Council.

Council Room,
Shanghai, August 4, 1920.

SIR,—I am directed to refer to the correspondence on the subject of Wharfage Dues, published in the enclosed copy of the Municipal Gazette of April 1, 1920, and to inform you that, with a view to the avoidance of the complications to which the Commissioner of Customs refers in his letter of March 5 last, and bearing in mind the necessity of increasing the revenue of the Settlement from Wharfage Dues the Council proposes, at the next meeting of Ratepayers, to move the amendment of Land Regulation IX so as to provide that Wharfage Dues shall in no case exceed "3 per cent. of the Customs duty on the goods so passed, landed, shipped or transhipped" instead of "the amount of one-tenth of one per cent. on the value of the goods so passed, landed, shipped or transhipped." If this amendment is passed and thereafter duly approved by the Consular and Diplomatic Bodies, Wharfage Dues will then cease to be collected on goods which are duty free.

For your information I am directed to state that had the proposal above outlined been in operation in 1919, the Council's receipts from Wharfage Dues for that year would have been Sh. Tls. 297,334 compared with Sh. Tls. 268,835, the actual receipts, under the arrangements at present in operation.

In conclusion I am directed to state that should your Chamber desire to express any views on the sub-

ject the Council will welcome and give every consideration to such views.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The SECRETARY,
Shanghai General Chamber of Commerce.

---

Shanghai, August 9, 1920.

DEAR SIR,—I beg to acknowledge receipt of your letter of 4th instant on the subject of Wharfage Dues.

I am directed to inform you that this question will come up for discussion at the next Meeting of the Committee of this Chamber.

I am, Dear Sir,
Yours faithfully,
M. G. BECK,
*Secretary.*

The SECRETARY, Municipal Council.

---

Shanghai, October 13, 1920.

DEAR SIR,—With reference to your letter of August 4 and my reply thereto of 9th idem. I now beg to enclose herewith copies of replies I have received from the Shanghai Foreign Exchange Bankers' Association, the Foreign Silk Association, and the China Tea Association, from which you will see that they raise no objection to the proposed amendment which the Council intend to bring before the next Meeting of Ratepayers in the above connexion.

I would draw your attention, however, to the remarks contained in the letter from the Foreign Silk Association on this question.

I am, Dear Sir,
Yours faithfully,
M. G. BECK,
*Secretary.*

The SECRETARY, Municipal Council.

---

(*Enclosure No. 1.*)

Shanghai, September 31, 1920.

DEAR SIR,—I have been instructed by my Committee to inform you, in reply to your letter of 16th instant, that the proposed increase amounting now to only about one-third of former wharfage dues, no further objection is raised against same.

Yet, as a matter of principle, my Committee wish to emphasize that, in their opinion, increase of dues of any kind on the export of raw silk is strongly to be deprecated as same act unfairly on China silks placing these in a less advantageous position than Japan silks which have not to bear any export dues at all.

My Committee wish to avail themselves of this occasion to call the Municipal Council's attention to the strenuous efforts now being made, especially by the International Committee for the Improvement of Sericulture in China, to improve the quality and increase the production of China silks. This is having the official and financial support of the Peking Government and it appears to my Committee that it is hardly in keeping with this movement for the Municipal Council to institute increase of dues which even in a small degree militate against the export of raw silk from this port.

I beg to remain, Dear Sir,
Yours faithfully,
(Signature illegible).
*Hon. Secretary,*
*Foreign Silk Association of Shanghai.*

The CHAIRMAN,
Shanghai General Chamber of Commerce.

---

(*Enclosure No. 2.*)

Shanghai, October 10, 1920.

SIR,—With regard to your communication of the 16th ultimo and enclosure bearing upon the matter of Wharfage Dues, I am instructed to say that, as tea is duty free, this Association has no objection to the proposed amendment.

I am to express the Chairman's regret at the delay in replying, this having been occasioned by his absence from this city.

Yours faithfully,
(Signature illegible).
*Hon. Secretary,*
*China Tea Association.*

The SECRETARY,
Shanghai General Chamber of Commerce.

---

(*Enclosure No. 3.*)

Shanghai, September 20, 1920.

DEAR SIR,—In reply to your letter of 16th instant on the subject of Wharfage Dues, I have put the matter before the Associated Exchange Banks and have now to advise that they have no objection to the proposed amendment.

I am, Dear Sir,
Yours faithfully,
(Signature illegible).
*For Chairman,*
*Shanghai Foreign Exchange Bankers' Association.*

The SECRETARY,
Shanghai General Chamber of Commerce.

---

Council Room,
Shanghai, October 22, 1920.

SIR,—I am directed to refer to the correspondence on the subject of Wharfage Dues, published in the enclosed copy of the Municipal Gazette of April 1, 1920, and to forward herewith copy of further correspondence on this subject which has passed between the Council, the French Council and the General Chamber of Commerce, from which you will note that with a view to the avoidance of the complications to which your predecessor Mr. Lyall referred in his letter of March 5, and having regard to the necessity of increasing the revenue of the Settlement from Wharfage Dues, the Council proposes at the next meeting of Ratepayers to move the amendment of Land Regulation IX, so as to provide that Wharfage Dues shall in no case exceed "3 per cent. of the Customs' duty on the goods so passed, landed, shipped or transshipped" instead of "the amount of one-tenth of 1 per cent. of the value of the goods so passed, landed, shipped or transhipped."

In submitting this correspondence to you I am directed to express the hope that in view of the simplification that will result in the collection of Wharfage Dues, the Council may rely on your support of the proposed amendment, which, if passed by the Ratepayers and approved by the Consular and Diplomatic Bodies, will in effect provide that Wharfage Dues shall be collected only on goods which are liable to the payment of the Customs duty.

I am Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

E. G. LOWDER, Esq.,
Commissioner of Customs.

---

Council Room,
Shanghai, October 25, 1920.

SIR,—I am directed to refer to your letter of April 14, on the subject of Wharfage Dues, and to send you herein enclosed for the information of the French Council, copy of the correspondence which has since passed between the Council and the Shanghai General Chamber of Commerce, together with copy of a letter addressed to the Commissioner of Customs on October 22, requesting his support of the proposed amendment to Land Regulation IX.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The SECRETARY,
French Municipal Council.

---

Shanghai, October 28, 1920.

SIR,—I have to acknowledge receipt of your letter of the 22nd instant, in which, with reference to previous correspondence on the subject of Wharfage Dues, you notify me that the Council proposes, at the next meeting of ratepayers, to move the amendment of Land Regulation IX so as to provide that Wharfage Dues shall in no case exceed 3 per cent. of the Customs duty on goods passed, landed, shipped or transhipped, instead of the amount of one-tenth of 1 per cent. of the value of goods so passed, landed, shipped or transhipped, and ask for my support to the proposed amendment.

While in general in agreement with this proposal, I shall be glad to know whether it is understood that both treasure and tea (which are duty free) are to be exempt from the levy of Wharfage Dues; and I do not quite understand why the word "transhipped" is used, seeing that transhipment cargo is, and has always hitherto been, exempt from duty and therefore from Wharfage Dues.

I am, Sir,
Your obedient servant,
E. GORDON LOWDER,
*Commissioner of Customs.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, November 1, 1920.

SIR,—I am directed to thank you for your letter of October 28, expressing your general agreement with the Council's proposed amendment of Land Regulation IX, in so far as it bears upon the question of Wharfage Dues, and in reply to inform you that, in deciding upon the amendment in question, the Council had in mind that all goods that are from time to time duty free, would likewise be exempt from the levy of Wharfage Dues, and that although the word "transhipped" in the present regulation is retained, the Council has not under consideration any change in its attitude towards transhipment cargo as set forth in the correspondence published in the Municipal Gazette of June 10 last.

*Translation of letter from the French Municipal Council, dated November 12, 1920.*

SIR,—I have the honour to acknowledge the receipt of your letter dated October 25 last, on the subject of Wharfage Dues, and of the correspondence enclosed therein.

The Council, who considered this matter at its meeting of November 3, 1920, directs me to inform you that it wishes to subscribe in advance to such proposals as the Municipal Council may think fit to make with a view to the modification of Art. IX of the Land Regulations relating to the method of calculating Wharfage Dues.

I am, Sir,
Your obedient servant,
P. LEGENDRE,

*Attempted Murder.*—Shortly before 6 p.m. on December 29 three armed Chinese entered No. 211 Weihaiwei Road the residence of General Li Kung-yuen (李根源), ex-Defence Commissioner of Kwangtung under the Southern Military Government. The men forced their way past Lieu Wei-sien (呂渭仙) who had opened the front door to them in response to their knock and having enquired whether the General resided there, fired some four or five shots from .32 automatic pistols and decamped towards the French Concession. One of the shots struck Lieu in the top part of the chest, the bullet coming out at the back of the neck. He was taken to a nearby hospital where he lies in a serious condition. There is every reason to believe that the affair has political significance and fullest investigations are at present being made.

*Robbery.*—During the month four cases of armed robbery from dwelling houses occurred in the Settlement, one in Hongkew, one in Louza, one in Gordon Road and the other in Harbin Road District. In connexion with these cases two persons were arrested and are at present under remand awaiting trial.

One case of armed highway robbery from the person was reported in Louza, and three of robbery from dwelling houses in which no arms were used, two being in Yangtszepoo and one in Sinza. Three persons were arrested in connexion with these cases and sentenced to imprisonment at the Municipal Gaol.

A highway robbery in which no arms were used was committed in the Hongkew District.

One person was arrested during the month for armed robbery outside Settlement limits and ordered to be handed over to the Military Governor. A Chinese who was detained in the Police Hospital under arrest for armed robbery in November has died as the result of his injuries. Two persons under remand from last month for armed robbery outside Settlement limits have been handed over to the Chinese Authorities. Five others, under remand from last month for armed highway robbery, have now been dealt with, two being handed over to the Military Governor, one to imprisonment at the Municipal Gaol while the case against the other two was dismissed.

*Extortion.*—The arrest and conviction of five men in the Hongkew District on December 7 brought to light a particularly impudent form of extortion which had but a few days previously been organized by a gang of loafers upon boatmen coming into the Hongkew Creek. In order to lend force to their scheme this gang used a partitioned space of a coolie's room which they termed an office where they issued numbered licence plates at a cost of $1 each. Possession of one of these licence plates was alleged to render the boatman and his goods free from molestation and theft. The furniture in the so-called office was the property of the coolie's employer who was not aware that his premises had been sub-let.

*Stolen Property.*—During the month 379 reports of property stolen were made at the different Stations. These include 35 of burglary, 8 of which took place in Sinza, 5 in Louza, 5 in Bubbling Well, 5 in Hongkew, 3 in Yangtszepoo, 2 in North Szechuen Road, 2 in Central, 2 in West Hongkew, 1 in Gordon Road, 1 in Wayside and 1 in Harbin Road District.

During the same period 20 cases of house-breaking were reported, 4 of godown-breaking, 4 of office-breaking and 2 of shop-breaking. In 3 of the cases of office-breaking finger print evidence was obtained against the culprit, who is well known and is at present being sought for.

Of the 379 reports received, 130 were investigated with successful results. The return shows a decrease of 18 compared with the figures of the previous month and the same figures as the corresponding month of last year.

*Executions.*—12 persons who were found guilty of armed robbery in the Settlement during 1920 and who were handed over to the Military Governor were executed at Lunghua during the month in the presence of a representative of the Municipal Police.

*Agitation against Famine Surtax and Stamp Duty.*—Following a series of meetings held during the month under the auspices of the Nantao and Settlement Chambers of Commerce to enable local merchants and traders to voice their opposition to the famine surtax and Stamp Duty, a telegram signed by representatives of 46 different guilds protesting against the new levies was sent to the Central Government and other Administrative bodies on December 27.

*Arrival of Refugees from North.*—Twenty new arrivals during the month brought the total of famine refugees in Shanghai up to 400. Food and lodging is now provided for these by the local merchants and gentry at the Chapei Benevolent Institution, and all refugees found on the streets are directed to that place.

Batches of disbanded soldiers from Lung Chi-kwang's army *en route* from Tsongchow, Chihli, to their homes in the South continue to pass through Shanghai. About 670 of these arrived during the month. The vast majority have already resumed their journey, but there is reason to fear that some have remained in Shanghai. The repatriation of these stragglers is very desirable, but not easy to effect, for, having discarded their uniform, they cannot be distinguished from civilians.

*Closing of Silk Filatures.*—Nothing has been done to alleviate distress among the workers who were thrown out of employment as a result of the closing of the silk filatures in November. One establishment employing 400 hands has reopened, but other concerns which provided work for about 8,660 people are still shut.

Digitized by Google Original from CORNELL UNIVERSITY

*Bars* (Outside Settlement Limits).—Further drunken brawls occurred in the district off North Szechuen Road Extension known as "The Trenches" during December. The most serious of these occurred on December 13 when an American named R. F. Hazelton was fatally shot whilst in the "Eldorado" Bar, No. 3 Jukong Road. His alleged assailant, also an American citizen named Henry B. Furbush, was immediately arrested, and after a preliminary hearing in the United States Court on December 28, was committed for trial. The local Military Authorities, in consequence of this incident, have made representations to the Chapei Constabulary regarding the desirability of closing all these bars within a month. They have instead issued a notice to the keepers of these establishments to the effect that any bars found open or doing business after midnight will be summarily sealed up and their licences revoked.

*Local Koreans.*—During the month, local Koreans held a number of meetings at which the political situation in their native country was discussed, and the "Dognip," a newspaper in Korean which favours the independent movement, resumed publication. Two Koreans named Toshurko and Leeken, who were prosecuted by the police on November 26 for being drunk and disorderly, were repatriated on December 1 by the Japanese Authorities.

*Russian Affairs.*—Since December 13 Russians have been treated as unrepresented foreigners.

*Price of Rice.*—The price of rice on the last day of December as compared with the first shows an increase from $8.40—$9.50 to $9.40—$9.80.

***Identification Office.*—During the month 517 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 148 were identified as having a previous conviction or convictions. In addition to the above 132 records were received from the French Police out of which number 56 were identified in the records of this office, making the total for the month:—**

**Report of the Commissioner of Public Works for December, 1920.**

Outside work, except such as was being carried on by contract, practically ceased during the month owing to the financial appropriation for the year being exhausted.

The General Plan of the Sewerage System for the portion of the Central District east of Honan Road has been completed, and it is anticipated that a commencement will be made in the near future on the actual work of construction. Plans of the Disposal Works are, as yet, in abeyance, as several essential points still require investigation before they can be carried out.

A commencement has been made on the erection of the permanent laboratory and offices that will be required on the site of the works. Some small experimental tanks, to be erected, generally speaking, on the same lines as for the ultimate works, being also constructed immediately adjoining.

**RICE PROFITEERING.**

FROM investigations made by the Council into the causes contributing to the present abnormally high price of rice, it appears that, in their greed for personal gain and unmindful of the hardships and suffering caused to poor people, certain persons have accumulated stocks of rice, which they are withholding from the market, creating a temporary shortage of supplies, and forcing up the price to an unwarranted figure.

Rice is the staple food of the Chinese people, and profiteering or speculating in the food of the people is an offence against the law, and severely punishable.

Notice is accordingly given that any persons profiteering in rice, whether by the withholding of stocks or by any other means, are liable to prosecution with severe penalties on conviction, and with confiscation of their stocks.

The public is earnestly requested to report any cases of rice profiteering that may come to its knowledge. Such reports should be in writing, addressed to the Commissioner of Police, Central Police Station, Foochow Road, and should give as full particulars as possible, so as to facilitate prosecution against the concerned.

### Charity Organization Committee.

Report and Statement of Accounts for 1920 and Budget for 1921:—

Shanghai, January 20, 1921.

SIR,—The Committee of the Charity Organization beg to hand you herewith a report on their work for the year ending December 31, 1920, together with a statement of their accounts.

Yours truly,
ADA WHEEN,
*Secretary,*
*Charity Organization Committee of The King's Daughters' Society.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

*Report of the Working of the Charity Organization Committee for the year ending December 31, 1920.*

Seven members were appointed to serve on the Committee at the beginning of the year:—

Mrs. Macdonald in the Chair.
,, Chambers.
,, Chatley.
,, Garner.
,, Grant.
,, Henman.
,, Porter.

Owing to the departure of the Chairman for England early in March Mrs. Chambers was invited to the Chair, whilst Mrs. Hodges was asked to fill the vacancy thus caused on the Committee. Mrs. Chatley and Mrs. Hodges joined the Visiting Committee in place of Mrs. Macdonald resigned and Mrs. Garner who left on furlough. The remaining vacancy caused by the absence of Mrs. Porter was filled by Miss Ware. Mrs. Henman very kindly took over the duties of Hon. Treasurer during the absence of Mrs. Garner.

The meetings have been held every Saturday, the total number being 21, and the average attendance 5.

The number of visitors to the room during the past year is approximately, 3,231. The Secretary has made about 405 visits. Whilst the Visiting Committee has done good work in keeping in touch with most of the families who have made application for relief in any way.

It is no doubt, needless to say, that a great deal of extra work has been put on the shoulders of the Committee during the past year owing to the increased and continued arrival of refugees of all nationalities from Siberia. They present difficulties possibly unknown in any other port of the world, and for many of them little or nothing can be done beyond grants of clothing.

During the early part of the year the Committee were glad to be able to render assistance, with the co-operation of The King's Daughters' Society, to the Refugee Relief Committee. Passages and portions of passages were provided, and/or the wherewithal for landing, for many destitute but deserving families. Some were sent to America, India, Port Said, Sumatra, Australia and Canada. For example:—

A Russian who had lost his wife in America thought to take his two small children back to his parents in Russia, found himself stranded in Shanghai. They were given meals at the Relief Committee's rooms on the Bund and were supplied with tram tickets by The King's Daughters as they were living out at the Russian Church. On the closing of the Committee's rooms they were given milk and groceries, and later on, when a passage was available, monetary assistance was given through Madame Grosse, and they returned to America where the father had friends, and was sure of getting work at his old trade in a glass factory.

For a woman who was a widow and crippled, her passage and all expenses were paid through Messrs. Thos. Cook and Sons, to Lahore where she had previously lived, no money being handed to her direct.

Another was the case of a position being found for a man in Manila, passages were paid for his wife and child to enable them to go with him.

These are only three of the many, where, unless it was absolutely unavoidable, no actual money has been given, but rather demand drafts or orders which could only be cashed on arrival. This has been done in order to frustrate any attempts to squander or gamble the money away, either on the journey or before starting.

There still continue a number of old cases formerly on the books of The King's Daughters' Society and the original Charity Organization Committee. These have received help for many years, and in all probability will continue to need it until the end of their days.

The total number of new cases dealt with amounts to 340 and is made up of the following nationalities:—

| | |
|---|---|
| Russian | 120 |
| British | 56 |
| Poles | 26 |

Positions have been found for 43, the number who have been assisted to get away is 28, whilst 64 persons have been rendered help in other ways, and 928 persons and/or families have been supplied with clothing.

As last year, so again this year the question of promiscuous giving arises, and the Committee wish to tender their thanks to the different ladies and gentlemen, who in response to their appeal, have sent applicants to the rooms instead of giving them money in the streets, at their doors or at offices. Telephone North 2516 will find the Secretary who is always willing to give information regarding these mendicants, or investigate their cases.

In most instances those who have been sent have proved to be persons who have already received assistance, or are absolutely undeserving of any consideration, as, generally speaking, deserving cases do not appeal in this manner.

At the latter part of last year and early in this, the public were pestered by beggars from the Urals. At the present time there is a gang of gypsies going around calling themselves Rumanians, about 26 in number, and residing off the Seward Road. On investigation it was found that they were "professional" beggars and comparatively speaking, wealthy. One of the gang visited a gentleman here and pulling out a bag of money containing many gold coins stated that they had enough money for their passages, but wanted assistance to get their pass-ports *viséd* for Canada. A husband who is bedridden with rheumatism, according to a type-written chit carried by the wife, will be found outside any of the offices or houses waiting to take charge of the spoils donated by the kind-hearted inmates. Still one more example from the same gang, a strong healthy man was watched one morning stripping off coat, waistcoat, etc., which clothing he handed to a small girl, until he got down to a very ragged jersey evidently worn for the purpose. After this performance he walked into the office with a woman carrying a small baby, asking for clothes, on the plea that he had none.

TENEMENT HOUSE.

The four flats have been fully occupied throughout 1920, many deserving cases having to be refused admittance. During the early part of the year efforts were made to secure other premises, but without success. Later on the Committee decided not to incur any extra expense for the time being. In February and April two subscriptions were discontinued as the contributors were leaving Shanghai, and in December the remaining two were withdrawn for the same reason. Thus the maintenance of the Tenement House now wholly devolves upon the funds of The King's Daughters' Society. The long continued support from the gentlemen who made the venture possible is greatly appreciated and sincere thanks are tendered to them.

In the near future there is a possibility of the vacation of the Tenement House now under the management of the Charity League, that Society having commenced building. Finances permitting, The King's Daughters would like to secure these quarters as they are eminently suitable for housing families living separately.

Of the four new cases helped this year details of two here follow:—

(*a*) A Frenchwoman and her little son, refugees from Russia, arriving here destitute. The mother wishing to give French lessons The King's Daughters allowed her the use of a room at 5A North Soochow Road as Dixwell Road was too far away for the convenience of her pupils. Being a good teacher a permanent position in a school was obtained, whereupon other lodgings were taken.

(*b*) A Russian photographer, his wife and little boy, also refugees, who had the use of one small room at the Russian Church, the only place available for his work being under the stairs. They were given a "flat."

An opportunity offering of renting a portion of a shop in North Soochow Road for a studio, the Russian Benevolent Society guaranteed some expenses, applying to The King's Daughters to pay the rent for a month or two. This request was granted. Unfortunately the studio was situated in a rather out-of-the-way part, and in addition was opened just as the summer began, so that little patronage was received. The studio had to be closed at the expiration of the two months. But for the generosity of friends who for some time provided meals, the family would have starved as they would not apply to The King's Daughters, considering that enough assistance had been given. It was only upon close questioning that their plight was discovered.

MENTAL DEFICIENTS.

The Committee are happy to state that the case of the Mental Deficient referred to in their last Annual Report, who had been on the books since the commencement of the Organization, has now been sent by H.B.M's Consul-General to a suitable institution in England. In view of the fact that the mental deficients are still with us, and that the unsatisfactory conditions under which they live, cry out for remedy, the Committee still hope that it may early be possible to supply certain legislation, that these people may be cared for, and when possible, taught to do some light and easy work. It is hoped that the need for a home for these people will not be lost sight of.

CONVALESCENT HOME.

Another great need has become apparent to the Committee in their work, and that is a Convalescent Home for children with accommodation for women when necessary. To the children the principal evils of poverty are material ones, lack of nourishing food, suitable clothing and healthy home surroundings. For the destitute sick outside the hospital, the District Nurse does good work, but with all that she can do for them in their homes, there is still need of provision for convalescents who are sent from the hospital too weak for school or work, and are still needing rest, good food and pure air to effect a complete cure. It would also be a home where children could be placed, who through misfortune or otherwise, had been deprived of their natural home.

Thanks to the liberality of the Race Club, The King's Daughters have been able to set aside $1,000 for this purpose, to which various sums have been added by subscriptions and a small sale. They have now about $1,600 in hand, and are also in receipt of $25 monthly for one year. The difficulty at present is to find a suitable spot in the country not too far away for the parents and friends to visit.

One or two cases might here be quoted when the home would have proved of immense value:—

(*a*) A European family was visited, the mother found to be dying of sprue, with no one to look after her and a baby of four months (weighing only 7 lbs.) but three small children. The eldest a girl of nine looked after the mother, the next girl of eight was feeding the baby and a little boy of six was cooking their tiffin over three sticks at the bottom of the grate, the tiffin consisting of cornflour and water. The mother and the baby were looked after by the District Nurse, who removed them to the hospital. A meal of bread, butter and cocoa was given to the children, who were later brought to the rooms and given a hot bath and clean clothing. As the whereabouts of the father and the eldest lad, a boy of eleven was unknown a home had to be provided for the children. They were placed with a good-hearted Portuguese lady who had a large family of her own. The King's Daughters' Society paid for their board. The mother died two days after admittance into the hospital and the baby was later on adopted by a family in one of the outports. The other children two boys and two girls are being supported by various agencies. The fath-

er was assisted to leave for Canada and has apparently made a good start. He has written stating that he hopes soon to send for his family.

(b) A little boy who has epileptic fits, who seems to spend his time in and out of the hospital. The Committee had great expectations of getting him away to a suitable institution in America, but up to the present the difficulties appear insurmountable. Nothing can be done beyond supplying him with milk. The mother who has younger children is incapable of giving him the proper care.

(c) Is a little girl who suffers with her chest, but is reported as not tubercular. Her mother has to go out to work, and the child needs plenty of care as well as fresh air and good nourishing food.

In addition to these the District Nurse has brought to the notice of the Committee innumerable instances of children who would reap untold benefits by two or three months of fresh air treatment and good food during a trying summer such as we experienced this past year.

In conclusion, the Committee wish to tender their thanks to the Consuls, numerous Benevolent Societies and individuals for their co-operation and assistance so willingly given when required, and to Mr. Hawkings for kindly auditing the accounts.

## Educational Grants in Aid.

*St. Francis Xavier's College.*—Report and working account for 1920 of the Orphanage attached to this Institution :—

Shanghai, January 20, 1921.

DEAR SIR,—I beg to forward you, herewith, the Financial Statement of the Orphanage, attached to the College, for the year 1920.

During the year 218 pupils attended, viz. :—

Boarders :—
- 24 at an average pension of $8 per month=$1,920
- 44 entirely free
- 5 half-boarders at $4 per month=$200

} Rec. $1,765

Day Scholars :—
- 67 at $2 per month =$1,140
- 14 at $1 per month =$140.00
- 74 entirely free

} Rec. $1,112

As regards the expenses, you will notice that they are higher than those of 1919. This was due to the enhanced cost of food, etc.

I am afraid that the cost maintenance will be still greater in the coming year, for we have been lately notified of further increases in the prices of food-stuffs, etc.

Will you kindly convey to the Members of the Municipal Council our sincerest thanks for the great help they give us in the education and support of the poor children of Shanghai.

I have the honour to be,
Sir,
Your obedient servant,

**Municipal Investment Bank.**

The object of the Bank is to encourage and facilitate monthly saving for periodical investment in Municipal Debentures.

The Rules of the Bank are printed below, and are self-explanatory.

The scheme should appeal to all those who are in receipt of a fixed monthly salary (whether large or small) as it provides an ideal method of saving and investing money at one and the same time, with the minimum amount of inconvenience to the individual.

There is only one way in which capital can be accumulated, and that is by steady saving. It is astonishing what the habit of saving can accomplish.

RULES.

1. Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2. Deposits will be received at the Finance Department of the Council, Administration Building, from the first to the fifth day inclusive of each month.

3. Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4. Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5. On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6. The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made and the balance remaining at his credit refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

OFFICE HOURS: 10 a.m. to 3 p.m.

AN ANALYSIS OF THE SCHEME INTEREST.

During the period January 9 to September 5, 1919, the Council is offering the exceptionally favourable rate of seven per cent. per annum. At the conclusion of this period the rate of interest that will then be offered will naturally depend upon the conditions of the local money market. It will be safe to assume, however, that the rate will be appreciably higher than could be earned by deposits which are subject to withdrawal on demand.

ALLOTMENT OF DEBENTURES.

The debentures to be allotted on September 5, 1921, will be those of the Loan of 1921 the terms of which will be announced after the next Ratepayers' meeting.

GENERAL.

The Scheme, on analysis, will be found to be simply an easy method of purchasing debentures by instalments, with the added advantage that the depositor obtains 7 per cent. interest during the period his instalments are accumulating. Every half year he, in effect, withdraws his money in the shape of debenture certificates which he can sell on the market if he so desires. It is probable that the depositor, when once he has realized that he has become a holder of Municipal Debentures, without incurring any particular hardship in the process, will hesitate before selling his securities, and will re-double his efforts to increase his holding. It is further to be noted that the Bank offers exceptional facilities for the re-investment of the half-yearly interest on Debentures.

E. F. GOODALE,
*Treasurer and Comptroller.*

## Mixed Court Report for December, 1920.

On December 10, instructions were received from the Senior Consul that, owing to the President of the Chinese Republic having issued a mandate withdrawing recognition of Russian Consular Officials, the Mixed Court should, pending further instructions, treat Russian nationals as unpresented foreigners and on December 21, he appointed Mr. A. N. Ivanow as the Senior Consul's Assessor to try these cases. In this connexion the need for bringing the Provisional Criminal Code of China up to date becomes more imperative than ever. There are some offences which are not even mentioned and in some cases the penalty provided is wholly inadequate. Fortunately, however, the Court has on more than one occasion expressed its determination that, while it is willing to take the Code as a guide for the framing of charges, etc., it does not consider itself bound by the Code when the question of the punishment to be inflicted is under discussion.

The following unrepresented foreigners were before the Court during the month:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| Ewold Intal | Esthonian | Drunk and disorderly | Fined $5 or 5 days |
| Mrs. K. Raksh | Lettish | Assault | Dismissed |
| Mrs. T. A. Brun | Roumanian | Drunk and Assault | Fined $3 |
| Basil Kehaglar | Russian | Unlawful possession of passenger tickets | 2 months' impt. |
| S. Dvintrivitch | Servian | Larceny | 2 months |
| J. Nickolass | Roumanian | " | Dismissed |
| S. Vinichuck | Russian | " | 1 month |
| A. C. Telushkin | " | Threatening with a pistol | Fined $25 |
| O. Schultz | German | Larceny | 4 months |
| T. Georgakopontos | Greek | Assault | Fined $3 |
| M. Miller | Pole | Drunk and disorderly | Fined $50 and to pay all damages |

At the end of the month, there were 149 Chinese Civil Cases awaiting a first hearing, being an increase of 33 on the previous month; this increase is accounted for by (*a*) there were only three Assessors in Chinese Civil Cases, and one of these was sick (from the beginning of 1921 there will again be four Assessors), and (*b*) out of 74 persons summoned, only 24 answered the first service.

As the British Assessor was unable to sit, only one British Civil Case of great urgency was heard, thus increasing the number of Foreign Civil Cases awaiting a first hearing to 33 and as in no case was any decision given, it will be some time before this number can again be reduced to normal.

The emergency fire escape, the installation of which in the House of Detention was undertaken upon the recommendation of the Chief Officer of the Fire Brigade, was completed during the month.

**Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.**

*Acting Registrar.*

# CONDITIONS GOVERNING THE PURCHASE OF LAND.

The following are the terms approved by the Council in 1904 governing the purchase of land for public purposes:—

1. Land to be acquired by the Council shall be surveyed by the Public Works Department and the area shall be computed at the rate of 7,260 square feet to the mow. Only such land as is capable of being utilized shall be included in such area.

2. Payment shall not be made for land occupied by public creeks or roads, although it may be included in the title deeds. Payment shall not be made on areas given in title deeds or fangtans, but on the actual area as ascertained by survey.

3. Except when expressly stipulated the payment shall be considered to include all compensation for graves, crops, fences or buildings which may be on the land at the time when the contract of sale is made.

4. If the title deed or fangtan area is less than the actual area ascertained by survey the vendor shall be required to obtain and convey to the Council a title to the balance, or shall authorize the Council to obtain it and deduct any expenses connected therewith from the first payment on account of the purchase.

5. The vendor shall guarantee that there are no footpaths or rights of way over the land or any portion of it, unless they are expressly marked on the survey.

6. On receipt of Chinese documents the Council will forward them to the British Consulate for examination by the Joint Measurement Office. On receipt of a certificate from the Consulate that the papers appear to be in order a sum equivalent to 90 per cent. of the purchase price shall be paid to the vendor and the balance of 10 per cent. on the issue of the title deed.

7. The Council shall take possession of the land immediately the first payment on account of the purchase has been made.

8. The vendor shall pay all fees to Chinese including those of middlemen, Tipaos, Joint Measurement Office, etc.: the Council shall pay the fees for examination of the Chinese documents by that office and for registration at the Consulate.

9. If the land or any part of it is covered by a title deed registered in a foreign Consulate the Council shall pay the fees for the transfer, and provided there is no notable discrepancy between the area given in the title deed and that ascertained by survey as aforesaid the whole of the purchase money shall be paid on the transfer being effected at the Consulate where the deed is registered.

10. The vendor shall guarantee that the registered owner of a foreign title deed will sign the transfer at the Consulate where the deed is registered.

11. The Council pays no commissions whatever except to brokers or agents in its employ.

### Waterworks Company, Limited.

Correspondence with the Shanghai Waterworks Co., Ld. on the subject of the further issue of shares and the desirability of the Council being represented on the local board of Directors :—

Council Room,
Shanghai, October 29, 1920.

SIR,—I am directed to acknowledge the receipt of your circular letter of October 5, giving notice that certain of the Company's shareholders in England have protested that the refund mentioned in your circular letter of September 10, is *ultra vires*, and requesting that, under the circumstances, the sight draft covering the refund to the Council be not negotiated pending further developments.

In reply I am directed to inform you that the Council notes and will act upon your request and that decision as to whether or not it shall subscribe for the 1,605½ additional shares to which it is entitled will remain in abeyance pending notice from you as to the outcome of the action taken by the British shareholders in regard to the refund.

In this connexion and in view of its very substantial interest in your Company the Council has recently had under consideration the desirability of its being represented on the Local Board by two of its nominees—not necessarily members of Council—whose presence on the Board would, it is felt, tend to secure closer touch between the interests of shareholders as such and the interests of the community.

I am directed to enquire how your Directors would regard this proposal?

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Shanghai, November 30, 1920.

SIR,—I am directed to reply to your letter of October 29.

The question of the representation of the Council on the Board of this Company by two of its nominees has received the very careful consideration of my Directors that is due to any proposal made with the object of securing closer touch between the interests of the community and the interests of the shareholders as such, but they are of opinion that the suggestion put forward by the Council would not succeed in furthering that object.

As the Council is aware, it has occurred on more than one occasion that a member of the Council has been simultaneously a director of this Company; my Directors are therefore not expressing this opinion without actual experience. However amicable relations may be, differences of opinion are bound to occur, and at such times it need scarcely be pointed out that a Director nominated by the Council must necessarily occupy a somewhat anomalous position. The Council is certainly at the present time the largest individual shareholder of the Company, but other shareholders possess holdings nearly as large and on this score might likewise claim representation. Finally it may be pointed out that although the Company is registered in England, the control is in the hands of the Board in Shanghai, and the Directors are members of the community and as such have its interests at heart; this, they venture to think, is evinced by the record of the Company.

As you will have learnt from the circular letter to shareholders dated November 3, 1920, the Directors have been compelled to withdraw the proposal in regard to the refund of premium on the last issue of shares: I shall therefore be glad to have the draft covering such refund returned to me at your convenience.

My Directors express the hope that the withdrawal of this proposal will not prevent the Council from applying for the additional shares to which it is entitled.

I am, Sir,
Your obedient servant,
A. P. WOOD,
*Secretary and Engineer-in-Chief,*
*Shanghai Waterworks Co., Ld.*

## Municipal Investment Bank.

The object of the Bank is to encourage and facilitate monthly saving for periodical investment in Municipal Debentures.

The Rules of the Bank are printed below, and are self-explanatory.

The scheme should appeal to all those who are in receipt of a fixed monthly salary (whether large or small) as it provides an ideal method of saving and investing money at one and the same time, with the minimum amount of inconvenience to the individual.

There is only one way in which capital can be accumulated, and that is by steady saving. It is astonishing what the habit of saving can accomplish.

### RULES.

1. Deposits may be for any amount in Taels or Dollars local currency. Dollar deposits will be converted into Taels at the rate of the day on which they are received.

2. Deposits will be received at the Finance Department of the Council, Administration Building, from the first to the fifth day inclusive of each month.

3. Each depositor will be supplied with a Pass Book in which will be entered details of the amounts deposited. The Pass Book must accompany each deposit.

4. Interest at a rate to be advertised from time to time will be credited the accounts of depositors half-yearly, on March 5 and September 5, and will be calculated on the amounts at credit of depositors' accounts on the fifth day of each month.

5. On March 5 and September 5 debentures in the current Municipal Silver Loan (in denominations of Tls. 100 or multiples of Tls. 100) will be allotted depositors to the maximum amount permitted by each depositor's account. Accounts will be debited with the allotments calculated at the price at which the Council is issuing debentures at the date of the allotment. Any balances remaining at credit of accounts will be carried forward.

6. The deposits will not be subject to withdrawal, except in the following cases:—

(*a*) On the death of a depositor the amount at credit of the account, with interest, will be paid on application by the legal personal representative.

(*b*) Should the Council at any time decline to receive further deposits, any balances remaining at the credit of accounts, after the allotment of debentures provided for under Rule 5 has been made, will be repaid to depositors forthwith.

(*c*) Subject to giving 3 clear days' notice of his intention a depositor may close his account at any time, whereupon an allotment of debentures as provided for under Rule 5 will be made and the balance remaining at his credit refunded. No interest will be allowed on such accounts except such as may have been already credited under Rule 4.

OFFICE HOURS: 10 a.m. to 3 p.m.

### AN ANALYSIS OF THE SCHEME.

#### INTEREST.

During the period January 9 to September 5, 1921, the Council is offering the exceptionally favourable rate of seven per cent. per annum. At the conclusion of this period the rate of interest that will then be offered will naturally depend upon the conditions of the local money market. It will be safe to assume, however, that the rate will be appreciably higher than could be earned by deposits which are subject to withdrawal on demand.

#### ALLOTMENT OF DEBENTURES.

The debentures to be allotted on September 5, 1921, will be those of the Loan of 1921 the terms of which will be announced after the next Ratepayers' meeting.

#### GENERAL.

The Scheme, on analysis, will be found to be simply an easy method of purchasing debentures by instalments, with the added advantage that the depositor obtains 7 per cent. interest during the period his instalments are accumulating. Every half year he, in effect, withdraws his money in the shape of debenture certificates which he can sell on the market if he so desires. It is probable that the depositor, when once he has realized that he has become a holder of Municipal Debentures, without incurring any particular hardship in the process, will hesitate before selling his securities, and will re-double his efforts to increase his holding. It is further to be noted that the Bank offers exceptional facilities for the re-investment of the half-yearly interest on Debentures.

E. F. GOODALE,
*Treasurer and Comptroller.*

**Fire Brigade Report for December 1920.**

The total number of calls to fires, or supposed fires, during the month was 29, as against 35 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 47,100 (Foreign Tls. 36,500: Chinese Tls. 10,600), as against Tls. 80,700 (Foreign Tls. 34,200: Chinese Tls. 46,500) during December 1919. The property at risk is estimated at Tls. 1,588,500 (Foreign Tls. 1,271,000: Chinese Tls. 317,500), as against Tls. 2,680,500 (Foreign Tls. 2,465,500: Chinese Tls. 215,000) for the corresponding period last year.

The calls were received as follows:—Telephones 15, Watch Towers 7, Police 5, Staff 1, and Messenger 1. The district call was given on 8 occasions, the remaining 21 being station calls. These calls proved to be 22 small fires, 1 chimney fire, 3 false alarms, and 3 fires outside the Settlement.

The principal supposed causes of the fires within the Settlement are as follows:—Dropped match or cigarette end, fusing of electric wires, sparks from stove, stove upset, overboiling oil, spontaneous combustion, overheated bearing, etc.

Of these 3 buildings were destroyed by fire, and 15 others were more or less damaged by fire, smoke and water.

The fire loss during the month was mainly caused by three cotton fires, but, under the circumstances, was quite low.

The fires of note during the month were:—

*December 7, at 2.12 p.m. Laou Kung Mow Mill—Yangtszepoo Road.*—No. 9 godown, at the extreme rear of the above mill, was found to be in flames. The fire had obtained a good hold before the alarm was given. The Hongkew Division protected the New Engineering premises adjoining, and concentrated as much water as possible on the burning cotton, a fair amount of which was salved.

On December 10, at 4.58 a.m., as a result of an overheated bearing, a fire occurred in the mixing room, on the first floor of the main mill. Fortunately an automatic sprinkler installation confined the outbreak to the east side of the room, but the fire had worked into the cotton in places, and the firemen had to work with respirators before the outbreak was finally extinguished.

*December 14, at 1.03 p.m. Phoo Yih Cotton Mill, 37 West Soochow Road.*—The outbreak was found to be in the waste cotton mill on the ground floor of "B" godown. There was a poor supply of water, but the Sinza Division confined the outbreak to the half section of the room.

*December 15, at 8.51 a.m. Naigai Wata Kaisha, 19 West Soochow Road.*—Some waste cotton, in a galvanized iron shed, was alight. No difficulty was experienced at this fire.

*December 15, at 11.18 a.m. J 1300-1 East Seward Road.*—A cigarette and exchange shop containing a quantity of inflammable material and fireworks was in flames, and doomed. The adjoining property was saved.

*December 16, at 2.28 a.m. I 2.. Chekiang Road.*—The drying stages at the back of four shops were in flames. Central Division confined the fire to where they found it, and saved the shops proper. This outbreak was awkwardly situated, and might have proved serious.

*December 21, at 2.27 a.m. B 1854-5 Sinza Road.*—A cloth shop was found well alight and beyond saving. The fire was confined to this shop and prevented from spreading.

*Number of fires and loss during the year.*—Although there was an increase in the number of fires and the majority of them were of a more difficult nature, it is gratifying to be able to report that the total loss was under two and half lakhs and there was a decrease of over two lakhs on the previous year; as will be seen from the following figures:—

*Fires.*—The number of calls to fires, or supposed fires, during the year was 315, an increase of 20 on the previous year.

Of the above calls 219 were genuine fires on assessed property within the Settlement, or buildings on Municipal roads, whilst 37 were false alarms, 5 malicious, or fires not traced by the Brigade. 7 calls were received through the street fire alarms, 6 of which were false alarms.

The Brigade also attended 59 fires outside the Settlement, 39 of which it practically extinguished.

*Loss.*—The total loss during the year on buildings and contents, within the Settlement, is estimated at Tls. 245,385 (Foreign Tls. 67,160: Chinese Tls. 178,225) being a decrease of Tls. 235,840 on that of last year.

*Dong Che (Paulun) Hospital.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

MEDICAL REPORT.

During the year 1920, 17,020 patients have been treated at the hospital's policlinic, of whom 1,220 were admitted to the hospital. The corresponding numbers for the preceding four years were:—

| | | | |
|---|---|---|---|
| 1916— | 9,568 | and | 1,039 |
| 1917— | 10,075 | and | 892 |
| 1918— | 10,468 | and | 1,199 |
| 1919— | 11,304 | and | 1,380 |

Regarding frequency, the cases are ranging as follows:—

| | |
|---|---|
| Diseases of the eye | 3,399 |
| Venereal diseases and skin diseases | 4,152 |
| Surgical cases | 4,864 |
| Internal diseases and gynecological cases | 4,073 |
| Diseases of the ear, nose and throat | 532 |

60 patients being indigents had free treatment during 1,852 days.

There were 739 operations, 138 of which were major ones. In 18 cases major gynecological operations were performed.

To meet the high prices of drugs and dressings, the patients of the 1st and 2nd classes had to pay a certain percentage of such hospital expenses.

There were 102 cases of death, 30 of which were delivered in a dying state.

**Sewage Disposal.**

The following further report by the Commissioner of Public Works is published in continuation of the documents set forth in the Gazettes of September 2, 1920 *et alia.* The Council has considered in detail the recommendations therein contained and provision for carrying them out will be included in the Budget for this year.

Shanghai, December 14, 1920.

SEWAGE DISPOSAL CENTRAL DISTRICT SEWERAGE SCHEME.

Referring to my Report dated November 22, 1919, in which a scheme was outlined for dealing with the sewage of the Central District east of Honan Road, the problems involved have now been considered in more detail, and I forward herewith a plan showing how it is proposed to carry out the works.

To explain the scheme in some detail, the works for this purpose may be divided into three main headings, viz:—

I. Subsidiary Sewers
II. Main Sewer
III. Pumps

I. *Subsidiary Sewers.*—These are the sewers shown traversing the roads in the district affected and which discharge their contents, borne under the influence of gravity, into the main sewer. In all cases, provision has been made so that these can be laid at a gradient that will ensure a self-cleansing velocity.

Generally speaking, the sewers south of Hankow Road will gravitate to the pump provided at the junction of Foochow Road and the Bund, and those north of Hankow Road to the pump at the junction of Peking Road and the Bund. The sewer in Foochow Road has been shown as extending west of Honan Road in order to connect up with the Shantung Road Hospital.

II. *Main Sewer.*—This will proceed via the Bund, Whangpoo Road, Nanzing Road and Dixwell Road to the Disposal Works.

The gradients allowed for in the various lengths will ensure a self-cleansing velocity.

The main sewer would be available for receiving any incoming sewers en route, except where it will be necessary to provide pumping mains (which would of course be under pressure). This would only be in the lengths from Peking Road to north of the Garden Bridge, and from Hanbury Road to north of the Sawginkiang. In each of these cases it is necessary to pump the sewage over the bridges. In the latter case, the pumping main has been continued along Dixwell Road so as to obviate the necessity of an additional pump at the Sawginkiang Bridge. It may be possible to construct this main in concrete of a special manufacture, but I hope to be able to report further on this in the course of a few weeks.

III. *Pumps.*—The scheme provides for pumps at six places and includes two 4-in. and fourteen 6-in. At each pumping station an additional pump has been allowed for, over and above the actual requirements, to provide for the case of possible breakdowns.

I recommend that the Stereophagus type of pump be used, the total price of these for the scheme, reckoning on the latest quotation, being £2,600 f.o.b.

I would ask for authority to purchase these pumps, the actual work of construction of the sewers and pump-chambers to proceed accordingly. Provision of Tls. 150,000 has been made in the Preliminary Estimates for 1921, being the part cost of carrying out this work, and as the urgency of dealing with the problem becomes more and more apparent, I would urge the desirability of proceeding with the carrying out of the work without delay.

CHAS. H. GODFREY,
*Commissioner of Public Works.*

## Health Officer's Report for January.

The excessive prevalence of mild Diphtheria of the previous month continued on a diminishing scale.

No further development occurred in connexion with the two plague-infected rats discovered in December in the neighbourhood of the wharves. Considerable numbers of rats were sent by the Port Health Authority from ships coming from ports known to have Plague cases and examined in the Municipal Laboratory with negative result. Precautions, however, are not being relaxed. Plague in Manchuria is reported to be more active.

A second motor ambulance has been added to the Motor Ambulance Service; a third will be added shortly so as to have a motor ambulance available for use in connexion with the Isolation Hospital.

Smallpox continues practically absent, though there has been an occasional imported case, one being brought down by a refugee from the famine area. Vaccination has been done by the Municipal Health Office among the refugees in camp locally.

The low tides and the comparatively small quantity of water in the Soochow Creek, with a resultant blockage of the creek by boats, interfered somewhat with the due disposal of house refuse. Adequate dredging of this important waterway will be a great advantage.

Digitized by Google Original from CORNELL UNIVERSITY

A Chinese case of Cerebrospinal fever was reported.

Cattle plague broke out in some of the Chinese dairies early in the month.

Notices stencilled in white above the large cement refuse bins, requesting that the refuse should be placed within the bins and the door kept closed, are now general throughout the Settlement.

The sanitary idea is continually kept before the Chinese community by means of talks at the Branch Health Offices and at schools. It will probably become recognized that it is to the schools that we must look for the best permanent results.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

## MUNICIPAL NOTIFICATION

**No. 2808.**

**TRAFFIC REGULATION RANKING OR PARKING OF MOTOR VEHICLES.**

THE attention of the public is directed to the terms of the subjoined Police Notice, which has been served on motor vehicle owners with a view to relieving congestion in the Central District:—

NOTICE.

The Commissioner of Police presents his compliments to the registered owner of motor car No. and informs him that in future the ranking or parking of motor vehicles for an extended period (except on the authorized Vehicle Stands) in the following roads is prohibited:—

Peking Road
Jinkee Road
Nanking Road
Kiukiang Road
Hankow Road
Foochow Road
Canton Road
Bund
Yuen-ming-yuen Road
Museum Road
Szechuen Road
Kiangse Road
Honan Road

The authorized Vehicle Stands available for motor cars in the neighbourhood of the abovementioned roads are specified in Traffic Regulation No. 47 (see overleaf), and it is requested that one of them be used accordingly.

Motor cars can be ordered as required through Police Telephone Boxes which are situated on the Vehicle Stands as under:—

| *Bund:* | *Tel. No. C.* |
|---|---|
| Opposite Jinkee Road | 2541 |
| ,, Kiukiang Road | 2549 |
| ,, Foochow Road | 2548 |
| ,, Canton Road | 2547 |

*Hankow Road.*—At Kiangse Road crossing: Tel. No C. 2544

47.—Except on a duly authorized Vehicle Stand, the ranking or parking of vehicles on a highway shall as a rule be permitted to a limited extent and/or for a limited time only; and shall be dependent on the exigencies of traffic.

The Vehicle Stands authorized for ricshas only are indicated by signboards. Those authorized for the ranking or parking of motor or horse drawn vehicles are specified hereunder:—

(1) Bund (Centre) between Avenue Edward VII and Peking Road.

(2) Avenue Edward VII (Centre) between the Bund and Kiangse Road.

(3) Hankow Road (Centre) between Honan Road and Kiangse Road.

(4) Soochow Road (North side) between the Garden Bridge and Chapoo Road Bridge.

(5) Whangpoo Road (South side) East of Astor Road.

(6) Avenue Edward VII (North side) between Yunnan Road and Thibet Road.

*Translation of letter from the Chinese General Chamber of Commerce, dated May 30, 1920.*

The writer acknowledges receipt of the Council's latter of April 17 on the subject of the nomination of suitable candidates for the membership of the Chinese Advisory Committee. At that time, as the street unions had held meetings on this subject and advertised their proceedings in the press, the Chamber put off immediate action to wait and see whom they would elect and so has not answered your letter earlier, for which the writer expresses sincere regret. Having subsequently learnt that the discussions of the street unions were without any result, the Chamber convened an ordinary meeting on May 29 when it was decided to address and notify the contents of your letter for the information and consideration of the different trade unions which are members of the Chamber, with the request that they nominate suitable candidates for appointment to the membership of the Chinese Advisory Committee, to be sent to the Chamber for transmission to the Council in due course. It is, however, remarked that as the Chamber is the union of the different trades it could only act in the interests of the commercial community and therefore could not communicate with or give any notice to other associations outside its province. As soon as the nomination papers have been received from the different trade unions the writer will acquaint the Council with their contents and in the meantime he asks the Council to take note of the above and with compliments, etc.

*Translation of letter from the Chinese General Chamber of Commerce, dated June 13, 1920.*

With reference to the question of the Chinese Advisory Committee the Chamber wrote (to the Council?) on the 30th ultimo giving its views and they have received the Council's note of June 3 in reply thereto. While the Chamber was awaiting the nominations by the different trade unions for transmission for the Council's consideration, they received communications from the Canton Guild and the Ningpo Residents Association expressing the view that as this matter affects the rights of the whole Chinese community the members of the Committee should be elected by the whole body of (Chinese?) ratepayers of the Settlement, the arrangements for the election should be settled accordingly. The Chamber laid this proposal before its 12th ordinary meeting on June 12 when those present concurred in the above-mentioned two unions' opinions as being reasonable, but as the Chamber is a commercial body they decided to abide by the decision reached at their 11th ordinary meeting held on May 29, namely to act within its province as a commercial body. Therefore the Chamber cannot call a general meeting (of Chinese ratepayers). The above is written for the Council's consideration.

*Translation of letter from the Chinese General Chamber of Commerce, dated November 24, 1920.*

The Chamber is in receipt of a communication from Wang Chen-ting (C. T. Wang 王正廷), Chairman, and Chen Tse-ming (陳則民), Vice-Chairman of the Chinese Ratepayers' Association in the matter of Chinese representation on the Municipal Council, stating that the Association had received notice from the Council that the resolution offered for the appointment of a Chinese Advisory Committee to the Council had been passed at the last Annual Meeting of Ratepayers in the spring of this year. Subsequently, as there was a general desire for a public election, the various unions held a meeting in the Y.M.C.A. on June 22, when a Committee of Preparation was appointed for making the necessary preliminary arrangements. At the same time they proceeded to obtain information from all parties, wrote to the different Unions, and advertised in the press, also they solicited advice on more than one occasion, so as to avoid omitting any one. An inaugural meeting (of the Chinese Ratepayers' Association) was held in the Y.M.C.A. Building on October 14, and an election took place at the same place on October 21, resulting in the election of Mr. Wang Chen-ting and 26 others, together with 15 others who are to form the Directorate. This was inaugurated on November 1, and on November 9, Messrs. Sung Hang-chang (宋漢章), Hsia Yung-sung (謝永森), Moh Er-cho (穆藕初), Yui Shih-chang (余日章) and Chen Kuan-foo (陳光甫), were duly elected to the membership of the Chinese Advisory Committee to the Council and the Chamber is accordingly requested to notify the Council.

*Translation of letter from the Chinese General Chamber of Commerce, dated December 3, 1920.*

The writer acknowledges receipt of the Council's letter on the subject of the constitution of the Chinese Ratepayers' Association and, in reply, encloses a copy of the Association's Regulations recently obtained, for the Council's information.

*Regulations of the Chinese Ratepayers' Association.*

1. *Designation.*—The Association is formed by the Chinese ratepayers of the International Settlement of Shanghai, hence the designation "Chinese Ratepayers' Association of the International Settlement of Shanghai."

2. *Object.*—The Association aims at the development of self-government, in the interests of the general public.

3. *Membership.*—Chinese ratepayers in the Settlement possessing any one of the following qualifications, are eligible for membership in the Association:—

(*a*) Holding real estate to the value of Tls. 500 and upwards.

(*b*) Paying an annual land tax of Tls. 10 and upwards.

(*c*) Paying G. M. R. on an annual house assessment of Tls. 500 and upwards.

4. *Constitution and Term of Office.*—The membership of the Association will consist of 27 directors to be elected at the General Meeting, and the members so elected shall hold office for three years one-third of whom are to be eligible for re-election each year. Those elected for the first term will be divided into three classes (*a*), (*b*) and (*c*) to be decided by lot-drawing; (*a*) class to hold office for one year, class (*b*) to hold office for two years, and class (*c*) to hold office for three years, with a Chairman and Vice-Chairman, to be chosen by the directors from among their members. Also the election of five representatives to be nominated by the directorate and the five representatives so chosen shall hold office for one year, but may continue for a second term, if elected. In case of a vacancy arising in the directorate it may be filled by the one polling the next highest vote at the previous election. Other officers (staff?) to be appointed by the directorate.

5. *Qualifications of a Director.*—Any member of the Association who has been a resident of the Settlement for five years and upwards and who possesses any one of the following qualifications, will be eligible for membership on the Directorate, such election to be held at the General Meeting of the Directorate:—

(*a*) Paying an annual land tax and house rate of fifty or more taels.

(*b*) Paying annual G. M. R. on house assessment of twelve hundred or more taels.

6. *Responsibilities and Duties of a Director.*—All matters vitally affecting the interests of Chinese residents in the Settlement, also any proposals or applications required to be made in connexion with the local administration, shall first be dealt with by the Directorate.

7. *Meetings.*—A General Meeting shall be convened in November of each year to be called the "Chinese Ratepayers' Annual Meeting," such meeting to be convened by the Directorate, or on the application of one-tenth or more of the membership of the Association. Special meetings may be convened, and the dates for convening such special meetings shall be fixed by the Directorate.

8. *Funds.*—The expenses of the Association shall be borne by the Chinese ratepayers within the Settlement.

9. *Addendum.*—The Regulations of the Association shall come into force on the day of the inauguration of the Association. The rules of the Association may be amended at a regular meeting of the Association by a two-thirds vote of those present and voting at such General Meeting, but notice of an amendment or change of the rules (of the

Association) must be submitted in writing (to the Directorate) one month before the convening of such special meeting (of the Association).

*Translation of letter from the Chinese General Chamber of Commerce, dated December 6, 1920.*

The writer states that he has recently forwarded a copy of the Regulations of the Chinese Ratepayers' Association of the International Settlement; this document has no doubt reached your office. He is now in receipt of a note from the Association, enquiring as to the date upon which the Chinese Advisory Committee may begin to function, in order that the necessary arrangements may be made. He shall be glad to hear from the Council on this subject, so that he may reply to the Association.

Council Room,
Shanghai, December 15, 1920.

GENTLEMEN,—I am directed to thank you for your letter of December 3, forwarding copy of the Regulations of the Chinese Ratepayers' Association, for the Council's information, and in reply to your letter of December 6, to state that the nominations made to the Advisory Committee are now under the Council's consideration, and that a further communication will be addressed to you in due course.

I am, Gentlemen,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The CHINESE GENERAL CHAMBER OF COMMERCE.

Council Room,
Shanghai, January 13, 1921.

SIR,—I am directed to refer to my letter of December 15, acknowledging the receipt of a copy of the Regulations of the Chinese Ratepayers' Association, and in reply to your letter of November 24, to state that the Council has now completed its consideration of the nomination for membership of the Chinese Advisory Committee to the Council therein submitted on behalf of the Association named, and that, for the reasons hereinafter set forth, it is regretted that it cannot accept such nominations for transmission to the Consular Body for approval.

Whilst the Council is given to understand that one or more of the five gentlemen nominated have not the qualifications stipulated in the Council's letter to the Senior Consul of October 24, 1919, upon the basis of which the creation of the Advisory Committee was approved by the Ratepayers at their last Annual Meeting, I am to state that it has, for the present, confined itself to a consideration of the Regulations of the Chinese Ratepayers' Association by which the five gentlemen so nominated are bound.

Regulation 4 provides for a Directorate of 27, from whose number five are elected for nomination to the Advisory Committee. Regulation 6 provides that all matters vitally affecting the interests of Chinese residents in the Settlement as also any proposals or applications required to be made in connexion with the local administration shall first be dealt with by the Directorate. In effect therefore all persons nominated for membership of the Advisory Committee by the Association are placed under an obligation to refer to the Directorate every matter of importance that might be referred to them by the Council were their nominations accepted, whilst any representations made by them to the Council would have to be approved in the first instance by the Directorate exercising rights in the administration of the affairs of the Foreign Settlement which could not be permitted.

You will therefore readily appreciate that the Council can only consent to transmit to the Consular Body for nomination to the Advisory Committee the names of such Chinese gentlemen as are not in any way fettered as to their advice or representations by any other controlling or supervisory body whether it be the Directorate of the Chinese Ratepayers' Association, the Association itself or any guild or body representative of any faction or factions of the Chinese community.

In conclusion, I am to state that there are already outstanding one or two matters upon which the Council desires the advice of the Advisory Committee, so that it is desirable that the names of five duly qualified nominees who are not bound by the Regulations above referred to, should be submitted for the Council's consideration as early as possible.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The CHAIRMAN,
Chinese General Chamber of Commerce.

*Translation of letter from the Chinese General Chamber of Commerce, dated January 25, 1921.*

The writer acknowledges receipt of the Council's letter stating that the Council cannot transmit the names of the five members of the Chinese Advisory Committee as nominated by the Chinese Ratepayers' Association for the approval of the Consular Body, and asking that five duly qualified men who are not bound by the regulations of the said Association may be elected and forwarded for consideration, etc. Accordingly the Chamber has written to the Chinese Ratepayers' Association on the subject and the Association has now replied to the effect that the question contained in the Council's letter as to the five nominees of the Chinese Advisory Committee are the result of wrong information or wrong interpretation (of the regulation) and explaining the points raised, for transmission to the Council. The writer therefore encloses herein a copy of the Association's note to the Chamber, both in Chinese and English, for the Council's consideration, etc.

(*Enclosure*).

Shanghai, January 24, 1921.

DEAR SIR,—We thank you for your letter of the 17th instant containing the reply of the Council to your letter of November 24, 1920. The reply raised certain questions on the election of the five gentlemen to the Chinese Advisory Committee. We are of the opinion that such questions were brought forth by the inaccurate information that the Council had received and by the wrong interpretation of the regulations. We believe that those questions can be easily answered and shall deem it a great favour if you will communicate such answer to the Council as follows:—

After careful examination, we are perfectly satisfied that the five gentlemen elected are duly qualified.

Regulation 4 as well as the other regulations were passed by the Chinese ratepayers' general meeting duly held in the building of the Chinese Young Men's Christian Association on October 20, 1920, and it expresses their desire as to the manner in which the Advisory Committee, who are to represent them, should be elected. The Council will appreciate that when it is established that the Chinese ratepayers are entitled to have five persons to represent them in matters concerning local administration they may be taken to know best the method whereby their representatives are to be elected.

As to Regulation 6, it would seem that the Council had laboured under its inaccurate translation or wrong construction. We therefore propose to render a true translation thereof as follows:—

*Regulation 6. The Duties of the* (職責) *Business Committee* (理事之).

When any (凡) Chinese in the Settlement (界內華人) bring forward a proposal (有所建議) or a petition (或請願), etc. (等事) concerning (關於) matters (之事) of vital interest (切身利害) and in respect of the local administration (及對於自治行政) of the Settlement (界內之) the same shall all (皆須) be dealt with by the Bureau of Business Committee (經理事部審定) and then (後) alloted (分別) for consideration (辦理之) [by the Advisory Committee].

It is clear that there is not the slightest suggestion in the regulation that any representations made by the Advisory Committee to the Council would have to be approved in the first instance by the business Committee and still less that any reference of whatever nature by the Council to them should place them under an obligation to refer to the business Committee for approval. We fully appreciate the opinion of

Digitized by Google Original from CORNELL UNIVERSITY

the Council that the Advisory Committee should not in any way be fettered as to their advice or representations by any controlling or supervising body. As Regulation 6 does not create such a body, or any obligation on the part of the Advisory Committee to any body of any description, their actions are in no way fettered by the provisions of that regulation.

We shall be obliged if you will communicate the contents of this letter to the Council at your earliest convenience.

Yours faithfully,
C. T. WANG.
*Chairman,*
*Chinese Ratepayers' Association.*

The CHAIRMAN,
Chinese General Chamber of Commerce.

**Council Room,**
Shanghai, February 17, 1921.

SIR,—I am directed to acknowledge the receipt of your letter of January 25, forwarding copy of a letter dated January 24, signed by Dr. C. T. Wang, on behalf of the Chinese Ratepayers' Association, commenting on the Council's letter to you of January 13, in reference to the nominations for membership of the Chinese Advisory Committee to the Council, which were submitted in your letter of November 24, 1920.

In reply you may assure Dr. Wang that there has been no mistranslation or misconstruction by the Council of Regulation 6 of the Chinese Ratepayers' Association as he suggests; that the Council is not prepared under any circumstances to recede from the stand taken in my letter to you of January 13, which in effect is that the Body, created to provide the necessary machinery for selecting candidates for nomination to the Advisory Committee, must confine itself to this function; and that therefore unless and until the names of five nominees who are not bound by those regulations to which objection has been taken, are submitted on behalf of the Chinese community, the Council cannot, it is regretted, proceed with the appointment of such committee.

It may perhaps assist you to appreciate the position still more clearly if you ask yourself how the Council can be expected to accept or repose any trust or confidence in five nominees whoever they may be, when those who put forward their names for nomination are not prepared on their part to trust them, but must needs seek to place them under a controlling or supervisory body of no less than twenty-two other persons? The Council does not seek an Advisory Committee of twenty-seven, but an Advisory Committee of five.

In conclusion I am directed to emphasize that there is no desire on the Council's part to obstruct the appointment of the Committee, as appears to have gained impression amongst certain sections of the Chinese Community. On the contrary the sooner the Committee takes office and is able to assist with its advice on matters affecting the Chinese Community, the better will it please the Council, which must, however, insist that the Committee be appointed in conformity with the conditions laid down by the Council and approved by the Ratepayers.

I am, Sir,
**Your obedient servant,**
N. O. LIDDELL,
*Secretary.*

The CHAIRMAN,
Chinese General Chamber of Commerce.

Shanghai, February 22, 1921.

SIR,—We have the honour to enclose a copy of the letter sent us by the Chinese Ratepayers' Association in reply to your letter of the 17th instant in connexion with the election of the Chinese Advisory Committee to your Council.

We have the honour to be,
Sir,
Your obedient servants,
CHINESE GENERAL CHAMBER OF COMMERCE,
Y. H. YANG,
*General Secretary.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

(*Enclosure.*)

Shanghai, February 19, 1921.

DEAR SIR,—We have to thank you for your kindness in sending us a copy of Mr. Liddell's letter to you of the 17th instant in connexion with the election of the Chinese Advisory Committee to the Municipal Council. We shall be glad if you will convey to the Council our appreciation of its assurance that there is no desire on its part to obstruct the Committee, though the belief in the existence of such desire is entertained by large sections of the Chinese Community.

With reference to paragraphs 2 and 3 of Mr. Liddell's letter we are of the opinion that the Council is still labouring under the mistranslation or misconstruction of a document in Chinese, a language unknown to most and foreign to all of the members of the Council. We are, however, aware that further continuance of the disagreement in the translation or construction is incompatible with the interest of the Chinese community nor with that of the Council, as such continuance would only leave the former in their existing grievance of total non-representation in the Municipal administration and expose the latter to the widely entertained impression of its desire to obstruct the Committee. We have therefore decided to call a Chinese Ratepayers' General Meeting for an expression of their own intention when the Regulation 6 was passed. It would be unreasonable to maintain that we are infallible interpreters of their intention and more so that the Councillors are such interpreters. The proper course to take would therefore be to call upon the makers of the regulation to interpret it themselves and if their interpretation is at one with the Council, to amend it.

It is, however, important to note that the Council in its letter of January 13, vaguely hinted at one or more other objections of a nature totally undisclosed but mainly, and in its letter of the 17th instant solely, confined itself to Regulation 6, if the Council does not intend to waive such one or more other objections, we shall be glad to have all its objections at one time so that we may submit, if necessary, all of them to the General Meeting for the consideration of the Chinese Ratepayers. The Council will appreciate that if all its objections were not to be communicated to us altogether and in definite terms it might involve the necessity of calling more than one general meeting and would certainly tend to convince the belief that there is a desire on the part of the Council to obstruct the Committee. You may assure the Council that the sooner such belief is dispelled, the better it will please the Chinese community.

We trust that we shall have the pleasure of having an early reply from the Council.

Yours faithfully,
CHENGTING T. WANG,
*Chairman,*
*Chinese Ratepayers' Association.*

The CHAIRMAN,
The Chinese General Chamber of Commerce, Shanghai.

**Peace Memorial Scholarships.**

In terms of the appended Trust Deed, the Chairman and Secretary of the Council have accepted the trusts attaching to the very generous gift by a resident of the Settlement who desires to remain anonymous of £13,500 in the 6 per cent. Municipal Sterling Loan 1920, to found and maintain two scholarships to be designated "The Peace Memorial Scholarships," one to be awarded for Electrical Engineering and/or Synthetic Chemistry, and the other for Practical Farming and/or Horticulture:—

THIS INDENTURE is made the eleventh day of February, 1921.

BETWEEN A. B. C. of Shanghai Merchant of the one part and THE CHAIRMAN and THE SECRETARY of the SHANGHAI MUNICIPAL COUNCIL (hereinafter with their successors in office called "the Trustees") of the other part.

WHEREAS the said A. B. C. has delivered to the Trustees scrip for £13,500 bearer Debentures of the 6 per cent. 1920 Sterling Loan of the Shanghai Municipal Council to the intent that the same shall be dedicated in perpetuity for the purpose of founding and maintaining two scholarships to be competed for by British boys of pure white descent resident at the time of their candidature in China or Hongkong and whose parents or one of them shall have resided in China or Hongkong for a period of at least

three years, the object of such scholarships being to encourage British boys to turn to the laboratory the workshop or the land in preference to the routine of the counting house and the office.

NOW THIS INDENTURE WITNESSETH that it is hereby agreed and declared as follows:—

1.—The Trustees' shall hold the said scrip for £13,500 Municipal Loan (hereinafter called "the Trust Fund") upon the trusts and with and subject to the powers and provisions hereinafter appearing.

2.—The Trustees may at any time and from time to time vary the said investment for others of a like nature and shall stand possessed of the Trust Fund and the investments from time to time representing the same upon trust to apply the income thereof in perpetuity in manner hereinafter appearing.

3.—The Trustees shall out of the income of the Trust Fund in the first place pay all costs and expenses (if any) of or incidental to the management of the Trust Fund and the income thereof or the execution of any of the trusts or powers of these presents and in the second place shall apply the balance of such income in establishing and maintaining two scholarships to be called the PEACE MEMORIAL SCHOLARSHIPS (hereinafter referred to as "THE PEACE MEMORIAL SCHOLARSHIPS") of the annual value of not more than £405 each to be from time to time awarded in manner hereinafter mentioned to two British boys of pure white descent resident at the time of their candidature in China or Hongkong and whose parents or one of them shall have resided in China or Hongkong for a period of at least three years and if any question shall hereafter arise as to the meaning of the words "pure white descent" "residence" or "nationality" the decision of the Trustees as to the eligibility of any candidate for scholarship or scholarships shall be final.

4.—The said Peace Memorial Scholarships shall be awarded one for electrical engineering and/or synthetic chemistry and the other for practical farming and/or horticulture (at the option of each prizeman) at such intervals and as the result of such examination and in such manner and shall be held and enjoyed for such period and upon and subject to such terms and conditions as are contained in the regulations set out in the Schedule hereunder written and the Trustees may at any time revoke or alter any such regulations and make new or additional regulations in place thereof and again revoke or alter the same.

5.—The Trustees may at any time and from time to time set apart as a sinking fund the whole or any part of the surplus income produced by the Trust Fund in any years not required to meet the said costs and expenses or to keep down the current payments of the Peace Memorial Scholarships and may invest any sums so set apart and also (if and when thought fit) the resulting income thereof in the names of the Trustees in manner aforesaid with power at any time to vary any such investments.

6.—The Trustees may at any time sell any investment representing the capital or income of the sinking fund and apply the proceeds thereof and may at any time apply any moneys forming part of the capital or income of the sinking fund as though the same were income produced by the Trust Fund during the then current year.

7.—The Trustees may at any time or times and from time to time delegate to any person or persons the execution of all or any of the trusts and powers of these presents including discretionary powers and may by powers of attorney or otherwise authorize such person or persons to execute make or do or concur in executing making and doing any deed instrument payment receipt act and thing relating to any of such trusts and powers without the Trustees being accountable or responsible for any loss occasioned thereby and may pay such commission and salary to such person or persons for his or their services as the Trustees may think fit and no person or persons dealing with any person or persons purporting to act under such delegation or authority as aforesaid shall be bound or concerned to see or enquire as to the propriety regularity or sufficiency of such delegation or authority or whether such delegation or authority is at the time of such dealing valid and subsisting.

IN WITNESS WHEREOF the parties hereto have set their hands and seals the day and year first above written.

THE SCHEDULE ABOVE REFERRED TO REGULATIONS.

1.—As it is impossible to foresee the future development of science no restraint is placed on prizemen as to the countries in which they may desire to prosecute their studies but at least one year must be devoted to practical work in the laboratory the workshop or the field.

2.—All candidates for scholarships shall be required before November 1 in the year of such examination as they propose to attend to fill in sign and send to the examiners a form giving the following particulars:—

(*a*) Name in full.
(*b*) Names in full of parents.
(*c*) Nationality of candidate.
(*d*) Date of birth.
(*e*) Present address of candidate.
(*f*) Present address of parents.
(*g*) Length of residence in China or Hongkong of parents and in what place or places.
(*h*) Business or profession of father.
(*i*) Business or profession of candidate.
(*j*) Education of candidate.
(*k*) Which of the three courses candidate desires to take.
(*l*) Names of parties to whom candidate is known and to whom the examiners can apply for references.

3.—There shall be two scholarships each of the total triennial value of not more than £1,215 out of which shall be paid (*a*) a first class passage from China to the country in which the prizeman elects to commence his studies: (*b*) the sum of not more than £300 per annum in quarterly instalments from the date of landing in such country (*c*) any balance on the completion of the three years (subject to progress satisfactory to the Trustees being shown) to the prizeman.

4.—The test examination for these scholarships shall be the matriculation examination of the University of Hongkong and to the Council of which all applications by candidates must be made. In deciding between the equal claims of eligible candidates who have passed the matriculation examination the Trustees may take into consideration special circumstances such as a candidate's proved knowledge of or interest in a subject which he desires to study or any special proved qualifications and also character or physique.

5.—The first two scholarships shall be awarded on the result of the matriculation examination of December 1921. And two further scholarships shall be similarly awarded on the result of the matriculation examination of December 1924 and so on at the end of every third year calculated from December 1921.

6.—If at any examination no candidate qualifies no scholarship shall be awarded. Should no award or only one award be made then the scholarship or scholarships remaining open shall be competed for at the next or any succeeding examination until all such postponed scholarships shall have been awarded.

7.—No candidate shall be eligible for a scholarship if he has attained the age of 20 on the first of July in the year in which the examination is held and the Trustees reserve the right to cancel the award of a scholarship in any case in which they are satisfied that a misapprehension has existed or a misrepresentation has been made regarding the candidate's eligibility respecting his various qualifications contained in these regulations.

8.—The names of the Universities Colleges or other places at which a scholar proposes to prosecute or may from time to time propose to prosecute his studies shall be submitted to the Trustees for approval and arrangements shall be made as far as possible

*Bomb Explosion.*—Early in the morning of January 9 a bomb exploded in the premises of the *Sin Wan Pao* Newspaper Office, No. 19 Hankow Road, resulting in several windows and the footboard of a private ricsha being broken. The bomb had apparently been placed on the ground under the footboard of the ricsha by a Chinese who had called and enquired for a back number of the paper a few minutes before the explosion took place.

*Robbery.*—During the month eleven cases of armed robbery from dwelling houses occurred in the Settlement and one case of attempted armed robbery. The following reports were also received:—One of armed highway robbery from the person, one attempted highway robbery from the person and one attempted robbery in which no arms were used, from a dwelling house.

In connexion with the above two persons were arrested and are at present under remand awaiting trial. Two persons referred to in last month's report as being under remand at the end of December on charges of armed robbery have been sentenced to imprisonment at the Municipal Gaol.

Three persons were arrested during the month in connexion with armed robberies committed prior to January 1, 1921. Two were ordered to be handed over to the Military Governor while the case against the other was dismissed.

*Stolen Property.*—456 reports of property stolen were made at the various Stations. These include 56 of burglary, 15 of which took place in Sinza District, 14 in West Hongkew, 6 in Hongkew, 6 in Bubbling Well, 5 in Louza, 3 in Wayside, 2 in Yangtszepoo, 2 in North Szechuen Road, 2 in Gordon Road and one in Harbin Road. During the same period 16 cases of housebreaking were recorded. One case of office-breaking, three of shop-breaking and two of godown-breaking were reported in the Central District.

In 156 cases investigation was made with successful results. The return shows an increase of 77 on the figures of the previous month and of 42 on the corresponding month of last year.

*Crime outside Settlement Limits.*—During the month 11 cases of robbery and piracy were reported as having occurred in the region around Shanghai. In four instances the members of crews on boats which were plundered were roughly handled and injured when endeavouring to raise an alarm. On January 25 a Chinese who was convicted of a robbery at a village in Pootung, was executed at the place where he committed the offence.

*Rice Smuggling.*—For over a year the Chinese press has continually published accounts of rice smuggling which, it is alleged, is carried on. During the past two months, acting on information received, the Municipal Police searched three godowns where it was alleged rice was being stored for export. In each case it was found that the quantity of rice was not in excess of that usually stored and enquiries showed that the rice was the property of several small rice hongs who were doing a legitimate business locally. In other cases, however, the godowns were outside the Settlement and the information was conveyed to the Chinese authorities concerned.

There has only been one prosecution in the Chinese City for smuggling rice during recent years and that was in May 1920 when the Koong Yih Transportation Company, Chinkiang, were prosecuted for attempting to smuggle 224 bags of rice over the Shanghai-Hangchow Railway. The rice was confiscated by the Chinese City Police.

There is reason to believe that a good deal of the rice which disappears from this province is shipped from Pukow and its vicinity either by train or in small coasting boats, and in this connexion the Shanghai City Magistrate has deemed it necessary to communicate with the Civil Governor of the province.

The agitation against dear rice continues and has been strengthened by the formation of a society called "The Shanghai-Woosung Rice Stability Association." The price at the end of the month ranged from $8.80 to $9.30 per picul as compared with $9.40 to $9.80 per picul on the last day of December, 1920.

*Campaign for a National Citizens' Convention.*—Delegates from various provinces belonging to a Society called "The National Citizens' Convention Organization" held a series of meetings in Shanghai during the month. Plans to forward the aims of the organization were discussed at these gatherings, and it was decided to continue propaganda throughout the country. At the final meeting the visiting delegates were requested to urge each of the provincial councils of the organization to remit $300 for the upkeep of the Shanghai Headquarters. It will be remembered that the National Citizens' Convention Organization was formed after the defeat of the Anfu Party to press a demand put forward at that time for the summoning of a National Congress which would make arrangements regarding the future government of the country. A certain measure of support was at first accorded to the project which now seems to have lost its popularity.

*Strikes.*—There was only one strike affecting three hundred workers during the month. This was at a silk filature on Wuchow Road where the female workers on January 10 struck for higher wages. They resumed work unconditionally on January 24.

The Oriental Cotton Spinning and Weaving Company, Yangtszepoo Road, was temporarily closed on January 17 for repairs, and 2,500 of its employes are consequently idle.

***Identification Office.***—During the month 570 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 171 were identified as having a previous conviction or convictions. In addition to the above 168 records were received from the French Police out of which number 79 were identified in the records of this office, making the total for the month:—

## Mixed Court Report for January.

The Italian and Japanese Assessors have been appointed to try criminal cases on Saturday mornings throughout the present year.

Referring to my report for last December, announcing the appointment of a Special Assessor to take cases of unrepresented foreigners, further instructions have been received stating that in future such cases will be brought before the Assessor of the day and he will at his own discretion either hear the case himself or remand it for an Assessor to be appointed *ad hoc* by the Senior Consul. In civil cases in which the defendant is a Russian, if both parties are willing to submit to the jurisdiction of the Russian temporary Court sitting in the former Russian Consulate General, the case may be tried by that Court otherwise the case will be heard in this Court by a Chinese Magistrate sitting with a Russian Assessor to be appointed in each case by the Senior Consul.

One case of alleged rice profiteering was dismissed: the Court held that there is at present no law covering this offence.

The following unrecognized foreigners were before the Court during the month:—

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| S. Segaovitch | Russian | Drunk and attempting to stab the Police | Fined $20 or 3 weeks' impt. |
| S. Ytzkow | ,, | Breach of Restaurant License | Fined $5 |
| H. J. Brennan | American | Vagrancy | 2 months' impt. |
| J. Bachman | Russian | Drunk, Assault and damaging property | Fined $30 |
| Abram Brozki | ,, | Larceny | 2 months' impt. and expelled |
| S. T. Dzorakorskaya | Polish (Female) | Larceny | 2 months' impt. and expelled |
| L. Schsetter | German | Obstruction with motor-car | Fined $5 |
| John Pihlag | Lettish | Drunk and disorderly | Fined $10 or 10 days |
| Stephans Korduk | Russian | Drunk and disorderly | 4 weeks' impt. |
| Sophia Pisteman | Russian (female) | Assault | Dismissed |
| Simea Vinnchuck | Russian | Larceny | 2 months and expelled. |

The following have been appointed to sit in Chinese Civil Cases during 1921:—

Senior American Assessor.
,, British Assessor.
Junior American Assessor.
Portuguese Assessor.

The last named, after sitting for a month, has unfortunately had to resign owing to ill-health and the pressure of work at his own Consulate General.

Owing to the approach of the Chinese New Year the month of January was the busiest on record. It is, however, satisfactory to note that in spite of the Courts being inundated at each sitting with applications of every description and also 149 new petitions being filed, 189 Chinese Civil Cases were heard thus reducing the number awaiting a first hearing to 138. Unless another Assessor is appointed soon, there is little chance of this number regaining normal conditions.

The number of Foreign Civil Cases awaiting a first hearing also shows an increase to 31.

**Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.**

F. L. WAINWRIGHT,
*Acting Registrar.*

Countersigned,
K. J. McEUEN,
Commissioner of Police.

## Report of the Commissioner of Public Works for January.

A heavy fall of snow occurred on the 2nd instant, and lighter falls on the 4th and 5th.

It may be of interest to note that a fall of snow that is sufficiently heavy to necessitate the mustering of all the Department's gear and resources costs a matter of Tls. 1,100 for one day's work.

In order to ensure that the labour will turn out, extra pay has to be issued to all concerned. The following are employed on an average —3,000 coolies, 130 carts and 12 motor trucks, over 4,000 loads of snow being collected. All other work is, of course, at a standstill.

Chapoo Road Bridge has been closed to traffic most of the month whilst undergoing extensive repairs in preparation for the additional traffic it will have to carry whilst Szechuen Road Bridge is being reconstructed. This latter work will be commenced as soon as the steel sheet piling for the cofferdams comes, which should be in about one month's time. Extensive repairs are being carried out at the Wayside Wharf, it having been found that the Oregon pine decking which carried the hard wood decking, had rotted very badly.

A commencement has been made with the construction of a large water-flushed latrine at this place, the contents of which will be dealt with by a small activated sludge installation adjoining.

The foundations for the laboratory on the site of the Disposal Works have been completed. The construction of the power house, in connexion with the experimental tank, is well in hand, and the excavations for the aerating tanks are in progress.

A commencement will be made early in February on the construction of the main sewer, the work to proceed from the disposal works site via the Dixwell Road towards the Central District.

Three ricksha shelters have been erected on the Bund, at the request of the Rickshamens' Mission.

A further widening has been effected in Bubbling Well Road east of Medhurst Road, and negotiations are in hand for continuing the widening eastwards.

It is anticipated that the widening of Bubbling Well Road, on the north side between Love Lane and Myburgh Road, will be completed within the next couple of months, throughout the full length.

A 1-ft. 6-in. by 1-ft. diameter sewer has been laid in Mokanshan Road for a length of 600 feet.

### Chinese Advisory Committee.

Letter to the Chairman, Chinese General Chamber of Commerce, in continuation of the correspondence published in the Municipal Gazette of February 24:—

Council Room,
Shanghai, February 24, 1921.

SIR,—I am directed to acknowledge the receipt of your letter of February 22, forwarding a copy of a letter dated February 19, from Dr. C. T. Wang, Chairman of the Chinese Ratepayers' Association, in further reference to the nominations for membership of the Chinese Advisory Committee.

In reply I am directed to request that you may kindly impress upon Dr. Wang that whatever may be the interpretation intended to be placed upon Regulation 6 of the Association, the Council can only have regard to what that Regulation does actually mean. It is not a question of intention, but of fact, and therefore no declaration by any meeting of the Chinese Ratepayers' Association can in any way modify the Council's objection to the Regulation in question. When the Regulation has been cancelled, and only then, will the Council consent to transmit to the Consular Body the five nominations which were submitted in your letter of November 24, 1920.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

The CHAIRMAN,
Chinese General Chamber of Commerce.

### Charity Organization Committee.

Letter from the Secretary of the above Committee requesting the Council's support of the establishment of a convalescent home, with Council's reply:—

Shanghai, January 22, 1921.

DEAR SIR,—May we again bring to your notice the matter of a Convalescent Home, about which Mrs. Grant and I called to see you on October 27, of last year?

We have mentioned the need of such a home in our Annual Report to the Council as follows:—

"Another great need has become apparent to the Committee in their work, and that is a Convalescent Home for children with accommodation for women when necessary. To the children the principal evils of poverty are material ones, lack of nourishing food, suitable clothing, and healthy home surroundings. For the destitute sick outside the hospital the District Nurse does good work, but with all she can do for them in their homes there is still need of provision for convalescents who are sent from hospital too weak for school or work, and are still needing rest, good food, and pure air to effect a complete cure. It would also be a home where children could be placed, who through misfortune or otherwise had been deprived of their natural home."

Digitized by Google Original from CORNELL UNIVERSITY

Three cases are then quoted where the home would have proved of great value during the past year.

In your letter to us dated December 30, 1918, referring to the Livesey case, and regarding a "Cottage Home" you say :

"Were you to rent a house and "have a caretaker it would seem "possible that funds might in "some way be made available."

Will you assist us by pointing out this need to the Council and if possible getting their financial help in the way of an annual grant.

The King's Daughters' have at present about $1,900 in hand and are also in receipt of monthly subscriptions for the current year amounting to $30.

Thanking you for your interest and all future help.

I am,
Yours faithfully
ADA WHEEN,
*Secretary,*
*Charity Organization Committee.*

Dr. A. STANLEY,
Health Officer,
Municipal Council.

---

Council Room,
Shanghai, February 23, 1921.

MADAM,—I am directed to inform you that your letter of January 22, addressed to the Health Officer on the subject of the establishment of a small convalescent home for children and mothers in distressed conditions, has recently been considered by the Council, which much regrets that it is unable to assist by any contribution towards this project, since to do so would involve a departure from the principle laid down in the report of the Special Committee appointed in accordance with the amendment to Resolution V. passed at the Ratepayers' Meeting in March, 1916, and referred to in my letter to you of March 5, 1918, in reply to the inquiry then made as to whether the Council would assume responsibility for the rent of one or two charity homes in Dixwell Road.

In the Council's opinion there should be no difficulty in securing all required support to the establishment of a convalescent home by appealing for voluntary subscriptions.

I am, Madam,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

Mrs. ADA WHEEN,
Secretary,
Charity Organization
Committee.

**Electric Trucks-Licence Fee.**

Letter from Messrs. Mackenzie & Co., Ld. with Council's reply:—

Shanghai, January 5, 1921.

SIR,—We have the honour to bring to your attention the question of motor tax on a type of electric truck and trailer new to Shanghai, use of which would greatly reduce number of wheelbarrows and handcarts.

Length of truck is 11 ft. 6 in. and width 4 ft. while trailers are only 6 ft. by 3 ft. wide as against the over all length allowed in Municipal Notification No. 2685 of 24 ft. for trucks and 20 ft. for trailers.

Trailers steer on all four wheels, and truck and trailer, while they can be run into a godown and loaded on the spot and can also be readily manœuvred in narrow spaces, cannot compete with the big petrol or motor trucks on hauls of any length, as top speed is only six miles per hour, and radius of action is comparatively small. It is specially designed to take the place of the handcraft, wheelbarrow or bamboo coolie in carrying cargo to and from the various godowns to the river side and competes with coolie labour where the latter works to its best advantage.

Earnings are therefore necessarily low and if charged according to present tariff, the taxes per quarter amounting to Tls. 20 on tractor and Tls. 10 on trailer come to a very large proportion of the total cost of operation.

We find out on actual test that the truck and trailer we now have going from our godowns to the Canton Road Jetty, take at one load as much as 24 bamboo coolies, cutting down the volume of traffic from our premises to and over the Bund tremendously.

The general use of trucks of this description for short distance hauls would diminish volume of traffic in the same proportion and would largely relieve the congested state of roads near the Bund, and we submit it is not for the public interest to penalize introduction by taxing unduly. As already pointed out, these trucks are no way a competitor with the heavy high speed petrol or electric truck which has now established a firm place for itself in Shanghai. Owing to the slow speed and short hauls, wear and tear on the roads is far less and we suggest for your consideration a tax of Tls. 10 per quarter on tractor and Tls. 5 on trailer would be a fair proportion in comparison with revenue derived from heavier trucks.

We enclose an illustration of the truck in question, which we will be pleased to demonstrate to your representative at any time, and trust the Council may see its way to favourably consider our suggestion.

Awaiting the favour of your reply,

We are, Sir,
Your obedient servants,
MACKENZIE & Co., LD.,
F. R. SCOTT,
*Acting General Manager.*

The SECRETARY, Municipal Council.

---

Council Room,
Shanghai, February 18, 1921.

GENTLEMEN,—I am directed to acknowledge the receipt of your letter of January 5 on the subject of the licence fee payable for motor freight trucks and requesting a reduction of the fee in respect of the electric truck which you are using at present and others which you propose to import.

In reply, I am directed to inform you that the Council regards with satisfaction the introduction of any form of suitable transport which will tend to lessen the number of handcarts and wheelbarrows now in use and has, accordingly, authorized a tentative licence fee of Tls. 10 per quarter for trucks and Tls. 5 per quarter for trailers, not more than one trailer to be attached to each motor-truck.

I am, Gentlemen,
Your obedient servant,

**Wharfage Dues.**

Correspondence with the Commissioner of Customs and the French Municipal Council on the subject of the proposed remission of Wharfage Dues on rice imported for Famine Relief:—

Shanghai, January 28, 1921.

SIR,—I am directed by the Inspector-General of Customs to ascertain whether it will be possible to obtain exemption from Wharfage Dues for rice imported for the purpose of Famine Relief and I shall therefore be obliged if you will be good enough to let me know at your early convenience if your Council will be disposed to consider this question favourably, in which event I shall communicate with the Chinese Authorities interested. You are doubtless aware that imported rice is not liable to Customs duty.

I am, Sir,
Your obedient servant,
E. GORDON LOWDER,
*Commissioner of Customs.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

---

*Translation of letter from the French Municipal Council, dated February 5, 1921.*

SIR,—I am directed to send you, herewith enclosed, copy of a letter from the Chinese Customs asking that rice destined for famine relief should be exempt from Wharfage Dues.

Digitized by Google Original from CORNELL UNIVERSITY

I shall be obliged if you will kindly let me know the opinion of the Municipal Council on this subject, to which the French Council agrees in advance.

I am, etc.,
P. LEGENDRE,
*Secretary.*

The SECRETARY, Municipal Council.

---

Council Room,
Shanghai, February 15, 1921.

SIR,—I am directed to acknowledge the receipt of your letter of January 28, enquiring whether the Council would favourably entertain the exemption from Wharfage Dues of rice imported for the purposes of famine relief.

In reply I am directed to state that should the Council's proposals for amendment of Land Regulation IX, be approved at the forthcoming meeting of Ratepayers and receive the sanction of the Authorities concerned, Wharfage Dues will thereupon cease to be levied on rice and all other articles which are from time to time exempt from Customs Duty. The Council has every reason to believe that such proposals, which were communicated to you in my letter of October 22 last, will in fact be passed by the Ratepayers and receive the sanction of the Authorities referred to, but it cannot in the meantime, it is regretted, favourably entertain any suggestion for the remission of Dues, the levy of which was expressly approved and directed at the last Annual Meeting of Ratepayers.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

E. GORDON LOWDER, Esq.,
Commissioner of Customs.

---

Council Room,
Shanghai, February 16, 1921.

SIR,—I am directed to thank you for your letter of February 5, in reference to the Commissioner of Customs' letter of January 28, requesting exemption from Wharfage Dues on rice imported for the purposes of famine relief, and to send you herein enclosed, copy of the Council's letter to the Commissioner. Perhaps it would be as well if you would kindly address the Commissioner stating that your Council agrees with the views expressed by this Council.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

**Fire Brigade Report for January.**

The total number of calls to fires, or supposed fires, during the month was 34, as against 53 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 10,000 (Foreign Tls. 75; Chinese Tls. 9,925), as against Tls. 20,500 (Foreign Tls. 2,450; Chinese Tls. 18,050) during January 1920. The property at risk is estimated at Tls. 943,500 (Foreign Tls. 35,500; Chinese Tls. 908,000), as against Tls. 643,000 (Foreign Tls. 380,000; Chinese Tls. 263,000) for the corresponding period last year.

The calls were received as follows:—Telephones 17, Watch Towers 11, Police 4, and Staff 2. The district call was given on 5 occasions, the remaining 29 being station calls. These calls proved to be 18 small fires, 2 chimney fires, 6 false alarms, 1 not traced, and 7 outside the Settlement.

The principal supposed causes of the fires within the Settlement are as follows:—Sparks or embers from stove, clothes in contact with stove, firecrackers, dropped match or cigarette end, overheated bearing, lamp or stove upset, joss paper, match in cotton.

22 buildings were more or less damaged by fire, smoke and water.

One life was lost during the month.

There was a marked reduction in the number of calls and fires with that of the corresponding month last year. The loss was also particularly low for this time of the year. Nearly all the fires were the result of natural causes, only in two instances was there any suspicion.

The fires for comment during the month were as follows:—

*January 3, Hong Yue Cotton Mill — 57 Markham Road 7.34 p.m. Telephone Call.*—Six bins in the mixing room on the first floor were well alight. They took some time to extinguish, but the fire was well held. A man lying on the cotton at the back of one of the bins, apparently started the fire by smoking. He was pluckily rescued by Chinese Fireman No. 181 who himself was overcome by smoke and heat. The man was terribly burnt, rendered first aid by the Department and sent to Hospital and is now recovering.

*January 8, Pp 779 off Tong Dong Ka Loong 12.31 p.m. Telephone Call.*—A dwelling in a very congested area was in flames. A girl on a visit from the country could not get down the staircase and was burnt to death.

*January 11, B 2061 Sinza Road 12.59 a.m. Telephone Call.*—The back portion of the printing press was well alight. The Brigade succeeded in preventing the fire from enveloping the main premises.

*January 21, G. 162 Fokien Road 3.10 a.m. Watch Tower Call.*—A piece goods hong was well alight around the staircase and back portion of the first floor. The premises were difficult of access and blocked by a matshed wall at the rear. Area very congested. A good stop was effected. About one-third of the premises and contents were damaged. Adjoining hongs were hardly damaged, one of which held contents to the value of Tls. 20,000.

Assistance was rendered at the following fires outside Settlement Limits:—

*January 14, Corner of Stone Bridge Road and North Soochow Road Extension 4 a.m. Watch Tower Call.* — The north-west corner block was in flames. The fire was mainly extinguished by this Brigade. Eleven shops and houses being gutted.

Digitized by Google Original from CORNELL UNIVERSITY

*January 18, Lee Nee Du Ka 2.39 a.m. Telephone Call.*—Assistance was asked for at a large conflagration in the village at the back of the Hoong Shing and Butterfield & Swire's Wharves, Pootung. A section of the Central Division and Fire Float arrived just in time to save the premises of the former wharf company. The Brigade was at work until 4 p.m. Over 100 shops and/or dwellings were gutted and a large number damaged. This made the third conflagration that has occurred in this vicinity in the last two years. The local firemen were powerless. Had it not been for the work of the Brigade, the fire would have reached the water front.

*January 23, Pootung 12.08 a.m. Police Call.*—A matshed used as a workshop near the Asiatic Petroleum Co.'s upper wharf was alight at the south end. A section of the Eastern Division crossed the river and rendered assistance.

On this date there were three calls to fires in Chapei, and at the last one at 4.08 p.m., assistance was rendered to the Chapei Brigade.

The New Yangtszepoo Fire Station was partly occupied, providing a nucleus for the Eastern Division and two machines on January 16.

Thus this important district now has a Fire Station for its protection. The new Station when fully completed will be the training depot of the Department, there being more room, yard space and other facilities than at Hongkew, where the recruits are instructed at present.

The new Premier First Aid Light Tender was placed in full commission at the Central Station on January 1. It is an improved model on No. 19. The water supply to the pump being automatic either from a 40 gallon tank or the hydrant connection. The design and construction of the body with the pump and first aid equipment being carried out at the Brigade workshops.

The total cost of this machine being approximately the same as No. 19, i.e., less than Tls. 1,000.

SIR,—I have the honour to enclose for your information copies of correspondence which has passed between the Consular Body and General Ho Feng-lin on the subject of the "Trenches."

I have the honour to be,
Sir,

(*Enclosure No. 1.*)

*Copy of letter from Senior Consul to General Ho Feng-lin, Defence Commisioner, dated January 14, 1921.*

YOUR EXCELLENCY,—I am desired by the Consular Body to approach you with a view to securing the closing of the bar rooms in the North Szechuen Road and Jukong Road District outside Settlement Limits. As Your Excellency is well aware these bars, though ostensibly only for the sale of liquor, are the haunt of the lowest class of foreign prostitutes who attract the more disorderly elements of the population of the Settlement as well as the sailors from the foreign steamers in the harbour. These dens thrive on the profits from the sale of evil liquors, prostitution and gambling, and they have been the direct cause of many shooting affrays resulting in death, as well as of cases of assault and disorderly conduct without number. Their existence brings disgrace not only on the Foreign Settlement at whose doors they lie, but also on the Chinese Authority within whose jurisdiction they are situated, and within whose power it is to suppress them.

The Consular Body have noted with approval Your Excellency's efforts to control these bars, but they desire to press on Your Excellency that partial measures of control are easily evaded and therefore useless, and that the only effective course is to close them absolutely and finally and to prevent them from reopening either in the same or other similar locality. The Consular Body would at the same time be grateful if they could be supplied with the names of the bars which claim foreign protection, together with the names and nationalities of the proprietors in order that such other action may be taken as may be feasible.

In conclusion I am to urge Your Excellency to take the most vigorous measures for the suppression of a business which has long been a menace to the peace and good order of the Settlement and the neighbouring Chinese territory, and to assure Your Excellency that such measures will receive the hearty support and co-operation of the Consular Body who deeply regret that the good name of the foreign community should be brought into disrepute by the actions of a few unscrupulous persons.

I have, etc.,
(Sgd.) E. D. H. FRASER,
*Senior-Consul.*

(*Enclosure No. 2.*)

*Copy of letter from General Ho Feng-lin, Defence Commissioner, to Senior Consul, dated January 25, 1921.*

SIR,—I have the honour to acknowledge the receipt of your despatch of January 14 on the subject of the bars in the North Szechuen Road and Jukong Road district.

As these bars are not only a moral danger to the community but constantly give rise to most regrettable shooting affrays and disturbances both in the Chinese and foreign territories, this Office had even before receipt of your despatch instructed the Police Office to draw up regulations for their control. At first the proprietors proved recalcitrant and the Police Office was strictly enjoined to compel the bars to close within a definite time, while the Tax Office was directed to suspend the issue of licences to businesses of this nature, any of which remaining open after the expiration of the time limit were to be sealed up forthwith.

I am very grateful for the Consular Body's promise of hearty co-operation, and I enclose herewith a list prepared by the Police Office of the bars in question, together with the names and nationalities of their proprietors for such action as may be deemed expedient.

I have, etc.,
(Sgd.) HO FENG-LIN.

(*Enclosure No. 3.*)

*Copy of letter from Senior Consul to General Ho Feng-lin, Defence Commissioner, dated February 5, 1921.*

YOUR EXCELLENCY,—I have the honour on behalf of the Consular Body to thank you for your courteous letter of January 25.

To my colleagues and myself it seems that one great safeguard against such undesirable haunts as the Trenches would be for the Chinese Authorities concerned to decline to issue to foreigners licences for places of entertainment of any kind beyond Settlement limits unless the applicant in each case produce a certificate of approval under the seal of his Consul.

If Your Excellency concurs we hope you will issue instructions accordingly.

I am, etc.,
(Sgd.) E. D. H. FRASER,
*H. B. M. Consul-General and Senior Consul.*

(*Enclosure No. 4.*)

*Copy of letter from General Ho Feng-lin, Defence Commissioner, to Senior Consul, dated February 11, 1921.*

SIR,—I have the honour to acknowledge the receipt of your letter of February 5 on the subject of the Trenches.

These bars being in very truth as you describe them "undesirable haunts," I have repeatedly directed the Police Office to put an end to them within a definite time, and I am fully determined to see that this is done.

I have also directed the Chapei Tax Office that no licences whatever are to be issued to future applicants in respect of this class of business, which step should lead to its complete suppression.

I have, etc.,
(Sgd.) HO FENG-LIN.

Council Room,
Shanghai, February 28, 1921.

SIR,—I have the honour to thank you for your letter of February 16, kindly forwarding copy of correspondence which has passed between the Consular Body and General Ho Feng Lin on the subject of "The Trenches," and, in reply, to inform you that the Council greatly appreciates the representations therein made by the Consular Body as also the action taken and promised by General Ho Feng-lin with a view to the suppression of those bars and dance halls which have for long been a menace to peace and good order and have brought the good name of the foreign community into disrepute.

I have the honour to be,
Sir,
Your obedient servant,

**Thomas Hanbury School for Boys.**

PHYSICAL REPORT.

In connexion with the health and welfare of the children attending this school I venture to submit the following report for the information of the Committee.

An examination of children attending the Thomas Hanbury School for Boys for general health, cleanliness and suitability of clothing is carried out on parade every morning by the master on duty for the day.

Boys whose appearance in any way suggests their inability to undertake the day's work are referred back for more detailed inspection and if their condition appears to demand it, they are then examined by the Council's Medical Officers for further report. Once each month each child in attendance is weighed, is measured for height and chest and the results are recorded in the daily register.

Once each term eyesight tests are conducted by class teachers. Boys whose eyesight is defective are directed to seek examination by an oculist.

Twice each year the teeth of all the boarders are inspected by a dentist, who remedies any defects that are then revealed.

In addition to the work outlined there is a periodical examination by the Director of Physical Education whose report for the year 1920 is as follows:—

REPORT OF DIRECTOR OF PHYSICAL EDUCATION.

The Physical Examination of 247 Thomas Hanbury School Boys showed that 82 of these (33 per cent.) were suffering from various physical defects. These figures include all boys examined during the calendar year 1920, and are exclusive of all cases of impaired hearing and postural defect. In cases of deafness, boys are seated near the front of the room and on the side on which they can hear best. Individual exercises are prescribed for all postural defects.

The figures are as follows:—

Total number boys examined 247

Number boys having physical defects 82

Number of cases (some boys have more than one defect) 104

Number of boys still to be treated 26

Number of boys treated or left school 56

The different ailments are as follows:—

| Ailment | No. cases | No. cases treated | To be treated | Left School | Afraid | Dr. says no need | Remarks |
|---|---|---|---|---|---|---|---|
| Eyes | 28 | 11 | 7 | 9 | 0 | 1 | Only those needing glasses are reported |
| Adenoids | 8 | 3 | 3 | 2 | 0 | 0 | |
| Tonsils | 15 | 3 | 7 | 4 | 1 | 0 | Only cases of enlarged Tonsils where the child has a history of colds, sore throat, tonsilitis, etc., are reported. |
| Teeth | 52 | 23 | 15 | 14 | 0 | 0 | |
| Scoliosis | 1 | 0 | 0 | 1 | 0 | 0 | |
| Totals | 104 | 40 | 32 | 30 | 1 | 1 | |

Of the 26 boys still to be treated quite a large proportion have no funds with which to get medical or dental attention. In many cases the parents object either through fear or because they do not realize the importance of treatment. Other parents seem to care little for their children's health and send in word that they have no time to take the necessary steps in connexion with treatment.

Steps should be taken to bring pressure to bear upon careless parents and to furnish free medical, dental and optical treatment to those who cannot afford it.

A comparison of the Hanbury School and Public School figures is of interest.

| | No. Examined | No. having defects | No. cases | Percentage of defects |
|---|---|---|---|---|
| Public School | 247 | 104 | 147 | 42% |
| Hanbury School | 247 | 82 | 104 | 33% |

## Health Officer's Report for February.

The general mortality rate remains low. Diphtheria of mild type continued prevalent. The incidence of Scarlet fever has been remarkably slight considering its usual association with Diphtheria as to prevalence. There were a few cases of Smallpox, mostly imported during the incubation period. In view of this, vaccination at the Branch Health Offices was resumed shortly after the Chinese New Year holiday.

There was no further development of the plague position after finding two infected rats in the neighbourhood of the wharves last December. A large number of rats have been examined in the Laboratory from ships gassed by the Port Health Authority, but none were found plague-infected.

Plague in the most deadly Pneumonic form has again shown itself as a menace from the North carried by railways and roads by the big human traffic. The vast sandy wastes beyond the northern border of China may be considered for practical purposes a potential endemic plague-infected area, where plague infection is ever present somewhere or other among certain rodents, leading to a danger of human infection. Previously stress was laid on the tropical home of Plague, mainly Bubonic; but the menace from the North is more sinister, threatening and elusive. Pneumonic Plague is the most deadly of all diseases and when once introduced infects in mass like Influenza, but every case of Pneumonic Plague is fatal. On the evidence at our disposal, a serious outbreak of Pneumonic Plague in Shanghai is unlikely, but were cases to come down early in the winter there is more than a possibility of great danger. Up to now, by the time cases get as far South as Shantung the advent of warmer weather discounts the danger.

The refugee camps located in the neighbourhood have been visited, but so far as could be ascertained no serious sickness has arisen during the month.

The attention of the Chinese authorities having again been called to a reprehensible coffin dump off Kiaochow Road, some 400 coffins, which represent an accumulation since last summer, were removed.

Here follow tables of Vital Statistics, Infectious Diseases and Outdoor Sanitary Work, including a special summary of Plague Prevention work, work done in the Municipal Laboratory, Municipal Hospitals and Slaughterhouse.

ARTHUR STANLEY,
*Health Officer.*

*Robbery.*—During the month 13 cases of armed robbery from dwelling houses, one of which was accompanied by the murder of one of the inmates, occurred in the Settlement. In connexion with these reports ten persons were arrested, five of whom were remitted to the Court of the Military Governor, one to imprisonment at the Municipal Gaol and the case against one was dismissed. Two are still under remand awaiting trial and one committed suicide in the Station cells.

An attempted armed robbery from a dwelling house was reported in the Louza District.

Eight members of a gang of robbers were arrested during the month, two being sentenced to imprisonment, four expelled from the Settlement and two are still under remand. One person was apprehended in connexion with an armed robbery committed outside the Settlement limits and was handed over to the Chinese Authorities.

Two persons referred to in last month's report as being under remand on a charge of attempted highway robbery, have been sentenced to imprisonment.

*Property Stolen.*—376 reports made at the different stations include 50 cases of burglary, 8 of housebreaking, 6 of godownbreaking and 1 of office breaking.

In 122 cases investigation was made with successful results. The return shows a decrease of 80 compared with the figures of the previous month and an increase of 61 on the corresponding month of last year.

*Crimes Reported Outside Settlement Limits.*—During the month 10 cases of robbery and piracy have been reported as having occurred in the region around Shanghai. The most serious case took place in the Pootung district on February 16 when over ten armed men entered a house, tied up one of the inmates and tortured him with burning candles until he revealed the whereabouts of his jewellery and money.

*Anonymous Letters.*—The people who spend their days in writing anonymous letters of a malicious and calumnious character, ostensibly to render a public service but in reality to pay off old scores and get even with a rival, have grown so much in number outside the Settlement as well as inside it that various Chinese authorities have found themselves under the necessity of issuing a notification to the effect that, in future, no attention whatever would be paid to anonymous communications which contained accusations against persons, and that any one desirous of making a complaint should write a formal petition and present it in person when it would be investigated. Whether such a notification produces any results or not remains to be seen, but it is to be welcomed even if it causes half the people who are given to doing this dastardly work to desist from wasting their time. Ninety-nine per cent. of these documents are pure fabrications, written in concocting schemes for utilizing Government and other forces in the destruction of their enemies with no other object than that of surreptitiously doing an injury to a person whom the writer has not the courage to face in the open. There are a good many persons not altogether of Oriental nationality who might profit from the injunction which the authorities are laying upon the Chinese.

*Throwing of Firecrackers.*—The report of an accident which occurred at Hongkong on Chinese New Year's Day, when part of an exploding firecracker entered the eye of a chauffeur causing him to lose control of his motor car and allowing it to run into a crowd killing three persons and injuring others, affords an opportunity of calling attention to the very dangerous practice which is growing, and which was very evident on the evening of last New Year Festival days when the frequenters of Foochow and adjoining roads gathered in crowds and pelted the female and other occupants of passing ricshas, carriages and motor cars with firecrackers, any one of which striking the face of a chauffeur might possibly have brought about an accident similar to that which marked the opening day of the ChineseYear at Hongkong. Fortunately nothing did happen in Shanghai in the district referred to beyond a temporary obstruction of traffic and the loss of several articles of personal adornment annexed by thieves who were not slow to take advantage of the confusion which reigned when a vehicle was held up. That there was nothing worse was not the fault of those who were participating in this dangerous form of amusement.

***Identification Office.*** **—During the month 555 prisoners' records passed through this office for identification prior to the prisoners going to Court for trial, out of which number 134 were identified as having a previous conviction or convictions. In addition to the above 98 records were received from the French Police out of which number 46 were identified in the records of this office, making the total for the month:—**

## Report of Commissioner of Public Works for February.

The traffic question continues to occupy public attention, but there is little doubt that much as efficient regulation may ameliorate congestion, the only satisfactory and permanent solution is the provision of more and wider roads. The cost, of course, will be immense, but if Shanghai continues to develop as it promises to do, more and wider arterial roads become a practical necessity.

The immediate acquisition of the necessary land and house property for these roads is practically out of the question but if they are scheduled now the cost would be spread over a number of years as the widenings would only be effected when the various properties are rebuilt, and in the case of undeveloped land all new buildings would be kept clear of the scheduled road line. The whole question of course simply resolves itself into one of Finance and although the extensions and widenings proposed for this year's plans are drastic the longer the problem is deferred the greater will be the cost.

Shanghai suffers from modern traffic operating in an area where the population is far more dense than in towns of the same size in Europe and America, and where, particularly in the Central and Northern Districts the proportion of road area to built up area is low, and it naturally follows that the smaller the proportion of road area to building area, the greater will be the congestion of pedestrian traffic.

An additional ricsha shelter has been erected near St. George's Farm, and the tramway shelter is about to be moved to a position adjacent to this, a further ricsha shelter being erected on Bubbling Well Road at the junction with Avenue Haig.

Ashes are being laid in Brenan and Warren Roads in preparation for the ballasting and metalling of Hungjao Road between Avenue Haig and Warren Road, when it will be necessary to close the road to through vehicular traffic.

Chapoo Road Bridge has been completely overhauled, and repairs to Thibet Road Bridge are in hand.

A commencement has been made with the laying of the footpath around the Administration Building.

12-in. diameter sewers have been laid in Tongting Road, South of Yangtszepoo Road, and Yangchow Road, West of Whashing Road.

MUNICIPAL PROPERTIES.

*Administration Building.*—The ground floor concrete is being laid and the interior carpentry and joinery and fittings are proceeding.

Work in this, as in all other building work, has, of course, been rather held up on account of the Chinese New Year Holidays.

FIRE BRIGADE.

*Yangtszepoo Fire Station.*—The paving to compound and erection of boundary walls is proceeding.

POLICE FORCE.

*Louza Police Station Extension.*—This building is now roofed in, and internal plastering to walls and ceilings is proceeding.

*Hongkew Station Extension—Indians' Quarters.*—The walls are up to second floor level, and the falsework for this floor is in course of erection.

*Gordon Road Station—Gymnasium.*—This building is practically completed.

*Yangtszepoo Station—Dog Kennels.*—The falsework for the concrete kennels is being erected. The interior plastering is completed.

HEALTH DEPARTMENT.

*Isolation Hospital—Observation Suites.*—This building is practically completed, and most of the light and water fittings, etc., have been installed.

PUBLIC WORKS DEPARTMENT.

*Yochow Road Workshops.*—The walls of the godown are up to 2nd floor level, and the beams for this floor have been poured.

*Pingchiao Quarry.*—1,518 fong of material was despatched to the Public Works Department during the month.

The average number of coolies and artisans employed was 180.

| *Cleansing and Watering.* | *Total* |
|---|---|
| Road sweepings—collected cart-loads | 4,501 |
| Snow | 4,820 |

### Mixed Court Report for February.

The Japanese Assessor has been appointed to sit in Chinese Civil Cases for the remainder of the year in the place of the Portuguese Assessor who resigned.

The Consular Body has appointed Mr. N. A. Ivanow to sit in all Civil Cases in which the defendant is a Russian subject or protégé.

Of the ten unrepresented foreigners charged criminally (particulars are given below) four were brought up for begging; three of them were lightly dealt with as they undertook to leave the Settlement. These people are only encouraged by receiving alms from the general public and it is only by doing away with this practice and by recommending the beggar to go to one of the various charitable organizations that this class of offence can be decreased.

| Name | Nationality claimed | Offence | Decision |
|---|---|---|---|
| E. Wahlstram | Finn | Vagrancy | 1 month impt. |
| W. L. Dissmeyer | Dane | Gambling | Fined $3 |
| S. G. Pinighin | Russian | Drunk and Disorderly | Fined $5 |
| C. Y. Sauritz | Russian | Larceny | Dismissed. On $300 for good behaviour for 1 year |
| Mrs. T. Grimpel | Russian | Assault | Dismissed |
| D. Lukhamanoff | Russian | Libel | Fined $500 and to publish letter of apology |
| Sinia Dmitriesky | Servian | Begging | 4 days impt. (suspended). To leave S'hai in 24 hours |
| Endoxie Ogly | Persian | Begging | 4 days impt. (suspended). To leave S'hai in 24 hours |
| George High | British | Larceny | 1 month impt. |
| V. Leomardo | Russian | Begging | To leave Shanghai within one week |

Ninety-nine persons were charged under the law governing the sale and smoking of opium, while two persons were charged with retailing morphia. In one of these cases an old woman of filthy appearance was charged with selling and injecting this drug, which, together with the syringes, she stated she obtained in the French Concession. She charged six cents for each injection which was given with a syringe which was of the crudest of makes and left a scar on the person of the devotee of nearly a quarter of an inch. She was sentenced to three months' imprisonment.

The Consular Body has appointed Messrs. Seth, Mancell & McLure as the sole Court Accountants. This appointment was the result of the tremendous increase in the number of bankruptcies, etc., that has arisen lately owing to business depression and the fall in the value of silver.

The Chinese New Year caused a cessation of a week's work on Civil cases but during the month, the number of Chinese Civil cases awaiting a first hearing was reduced by two, while the Foreign Civil List was increased by the same number.

**Here follow returns of offences, Summonses and Warrants dealt with; Sentences and Decisions, Prisoners in custody, Foreign Civil Cases, Civil Defendants under detention, and Chinese Civil Cases.**

## MUNICIPAL NOTIFICATION

**No. 2826.**

**HONGKEW RECREATION GROUND.**

OWING to the public demand for the use of the space available for the playing of games, it has been decided, in lieu of the "First come first served" practice, to call for applications by those desiring playing space, whereafter allocation will be made and notification will be issued as to what arrangements are feasible.

All persons desiring such playing space should form themselves into groups or associations of whom one person shall be considered to be the representative.

Each application should provide the following information in the order given:—

1.—Name of group, club or association.
2.—Name of Chairman or President.
3.—Name and address of Secretary.
4.—Number of members.
5.—Space applied for.
6.—Number of months and days per month and approximately the hours during which it is desired to make use of the space applied for.
7.—Whether in case applications outrun the number of playing spaces, the club is willing to share a space with another club playing on alternate days.

Applications in writing should be made to Mr. D. Drake, c/o Shanghai Public School, on or before Thursday, April 21, 1921, after which date playing spaces will be allotted for the current season.

By order,
N. O. LIDDELL,
*Secretary.*

Council Room,
Shanghai, March 24, 1921.

## MUNICIPAL NOTIFICATION

### Fire Brigade Report for February.

The total number of calls to fires, or supposed fires, during the month was 41, as against 29 for the corresponding month last year. The damage on assessed property within the Settlement is estimated at Tls. 7,510 (Foreign Tls. 150; Chinese Tls. 7,360), as against Tls. 10,025 (Foreign Tls. 125; Chinese Tls. 9,900) during February 1920. The property at risk is estimated at Tls. 421,500 (Foreign Tls. 150,000; Chinese Tls. 271,500), as against Tls. 612,500 (Foreign Tls. 437,500; Chinese Tls. 175,000) for the corresponding period last year.

The calls were received as follows:—Telephones 23, Watch Towers 12, Police 5, and Staff 1. The district call was given on 6 occasions, the remaining 35 being station calls. These calls proved to be 32 small fires, 1 chimney fire, 3 false alarms and 5 fires outside the Settlement.

The principal supposed causes of the fires within the Settlement are as follows:—Dropped match or cigarette end, lamp upset, fire-crackers, joss paper, children playing with matches, electric motor overheated, etc.

Of these 30 buildings were more or less damaged by fire, smoke and water.

The month was not marked by any fire of particular note.

Unfortunately there were two fatalities during the month.

*February 1, 6.23 a.m. Hongkew Tower. W63 Tsungming Road.*—The above house was in flames on arrival. When the fire was practically extinguished the body of a man was found on the first floor joists. Presumably he got to the window, and was there overcome.

*February 8, 5.15 a.m. Telephone call. R494 Yunnan Road.*—A candle set fire to a mosquito curtain on a bed, where one woman and two children were asleep. The fire was extinguished with trivial damage. Both persons were burned about the face. One child was despatched to Hospital, where it died on the following day.

**Mosquito Notice.**

NO STAGNANT WATER—NO MOSQUITOES.

Mosquitoes carry MALARIA and other diseases.

Mosquitoes cannot multiply except in STAGNANT WATER. Where stagnant water cannot be ABOLISHED kerosine sprinkled on the surface to form a film will kill mosquito 'wrigglers,' as it prevents breathing when they come to the surface.

Old tins and bottles, broken crockery and unconsidered ARTICLES OF THIS KIND CAPABLE OF HOLDING RAIN WATER should be carefully COLLECTED from the garden and backyard and placed with the refuse for removal.

Tubs, kongs, water plants, flower-pot saucers or other VESSELS OF WATER, which cannot be dispensed with should be EMPTIED OR SPRINKLED WITH KEROSINE ONCE A WEEK.

GARDENERS' KONGS, DUG-OUTS, WELLS AND WATER BARRELS should be done away with, water for the garden, etc., being derived directly from the tap or, if that be impossible, the kongs, etc., should be oiled once a week or kept securely covered so that mosquitoes cannot get to the water to lay their eggs.

Have the water from kennels, chicken coops, etc., regularly emptied out.

Keep drains and rain-water roof channels clean and clear and in good repair. GULLY TRAPS that are not frequently flushed should be oiled weekly.

Shallow RAIN WATER POOLS AND SLUSHY PLACES can generally be obliterated by a SCRATCH DRAIN or LEVELLED with house ashes, PONDS AND DITCHES by FILLING-IN and drainage.

ORNAMENTAL PONDS may be kept free from mosquitoes by FISH but, if mosquito 'wrigglers' be found, the water should be OILED WEEKLY preparatory to FILLING-IN.

A WEEKLY INSPECTION of house and surroundings should be made. It may be remembered that a small unheeded pot of water will suffice to breed enough mosquitoes to irritate a whole neighbourhood.

C. NOEL DAVIS,
*Acting Health Officer.*

### Wharfage Dues.

Further correspondence with the Commissioner of Customs and the French Council on the subject of the remission of Wharfage Dues on rice imported for Famine Relief, in continuation of that published in the Municipal Gazette of March 3:—

Shanghai, March 4, 1921.

SIR,—Having reference to my letter to you of January 28 last, asking whether it would be possible to obtain exemption from wharfage dues for rice imported for the purposes of famine relief, and to your reply thereto of February 15, stating that the Council regretted it could not favourably entertain any suggestion for the remission of dues, levy of which was expressly approved at the last annual meeting of the ratepayers, unless its proposals for the amendment of Land Regulation 9 be approved at the forthcoming meeting of ratepayers. I am directed by the Inspector General of Customs to say that he is most reluctant to convey to the Government a refusal from the Council in such terms and to approach you again with the request that the Council will reconsider this matter in the light of the following facts: That the Chinese Government is exempting all grain for famine relief purposes from dues of all kinds; that efforts are being made on all sides to cope with the famine raging in five provinces in which millions of lives are at stake; that a Chinese Government organ is collecting wharfage dues on behalf of the Council; and that the Chinese Government itself makes this request.

I am to add that exemption, if granted, would not of course prejudice in any way the proposals under consideration, or be regarded as any other than a special case to meet a special emergency.

I am, Sir,
Your obedient servant,
E. GORDON LOWDER,
*Commissioner of Customs.*

N. O. LIDDELL, Esq.,
Secretary, Municipal Council.

Council Room,
Shanghai, March 22, 1921.

SIR,—I am directed to send you herein enclosed copy of further letter from the Commissioner of Customs, on the subject of the exemption of famine relief rice from wharfage dues. This letter was considered at a recent meeting of Council, when in view of the small amount of revenue that would be involved, the Council decided, subject to the concurrence of your Council, to reply to the Commissioner, stating that on reconsideration of the matter the Council had decided in deference to the views of the Inspector General of Customs to grant the exemption requested.

I am directed to request that you may kindly let me know whether your Council is prepared to agree to this reply.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,
*Secretary.*

*Translation of letter from the French Municipal Council, dated March 24, 1921.*

SIR,—I have the honour to acknowledge the receipt of your letter of March 22, 1921, relating to the exemption of rice from wharfage dues imported for the Famine in the North.

In reply, I am directed to inform you that the French Council agrees with the recent dicision adopted by the Municipal Council to exempt rice destined for the Committee of the Famine Relief, from wharfage dues.

I am, etc.,
P. LEGENDRE.

The SECRETARY, Municipal Council.

Council Room,
Shanghai, March 30, 1921.

SIR,—I am directed to acknowledge the receipt of your letter of March 4, further on the subject of the enquiry made in your letter of January 28, as to whether the Council would favourably entertain the exemption of Wharfage Dues on rice imported for the purposes of Famine Relief.

In reply, I am directed to state that upon further consideration, and in deference to the request made by you and by the Inspector General of Customs, the Council has approved exemption as requested, an approval with which the French Council has expressed concurrence.

I am, Sir,
Your obedient servant,
N. O. LIDDELL,

I shall be greatly obliged by an early reply to this letter so that the plans already prepared for the new buildings may be re-drawn to suit the reduced area.

I am, Dear Sir,
Yours faithfully,
P. D. RAEBURN.

CHAS. H. GODFREY, Esq.,
Commissioner of Public Works.

---

Council Room,
Shanghai, February 21, 1921.

SIR,—I am directed to acknowledge the receipt of your letter of February 3, addressed to the Commissioner of Public Works, relative to the area required ex-B.C. Lot 6829, Cadastral Lot 1031 in connexion with the proposed widening of Boone Road, and to state that it is the Council's intention greatly to improve this road, between Miller Road and Broadway, by making it of the uniform width of 40 ft. It is considered that this road widening will tend to make Boone Road a thoroughfare of increasing importance, with the necessary result of enhancing in value the properties abutting thereon. In carrying out such improvements which are undoubtedly of far reaching importance, the Council must of necessity look to the lot holders concerned for co-operation in an undertaking which, not only makes for Settlement improvement, but also increases in value the properties affected.

I am therefore directed to state that, in the Council's opinion, the terms of surrender, whilst based on the assessed value of the land, plus an allowance of 10 per cent. for compulsory surrender, should in all equity include a deduction of 1/3rd for betterment.

I shall be obliged if you will kindly inform me at your early convenience whether you will agree to this deduction.

I am, Sir,
Your obedient servant,
S. H. LEWIS,
*Assistant Secretary.*

P. D. RAEBURN, Esq.

Shanghai, February 24, 1921.

SIR,—In reply to your letter re-surrender of a portion of Cadastral Lot No. 1031, Boone Road, I beg to accept the terms offered by the Council, i.e.:—

Value of land surrendered according to new assessment plus 10 per cent. for compulsory surrender less 1/3rd for betterment:

and I shall be greatly obliged if the Council will confirm this as soon as possible so that the plans for the new buildings proposed to be erected on the lot may be re-drawn to suit the reduced area.

I am, Sir,
Your obedient servant,
P. D. RAEBURN.

The SECRETARY, Municipal Council.

**Road Improvements.**

*Warren Piece.*—On the recommendation of the Commissioner of Public Works the Council has decided to improve the junction of Brenan and Warren Roads by constructing a road roughly through the middle of this open space, the portion on the North West side to remain an open space, and the balance on the South East, bordering the Fahwa Creek, to be used as a Public Works Department Depôt.

There will thus be provided a direct line of access between these two roads.
